Learning is ULM 's main focus. Faculty and staff are committed to offering a complete educational experience. ULM 's goal is to produce graduates who will be successful in their chosen fields by promoting excellence in education and stressing social responsibility and individual accountability.

The University serves its students and the community by sponsoring quality research programs and creative activities that promote learning and improve the quality of life. This research includes, but is not limited to, public and scholarly presentations and publications on every level. Such activities give the University a competitive advantage, and each academic department is challenged to be actively engaged in research. Extramural funding and grant writing are valuable kinds of scholarly activity, and ULM supports faculty efforts in securing such research funds.

ULM also serves the community by sharing its expertise and facilities with the public. The region's quality of life is improved through University partnerships and internships with other academic institutions and with both public and private entities. Through its physical and academic resources, ULM serves as a cultural center to promote the area's unique arts, archaeology, history, folk life, and natural sciences.
