ULM School of Pharmacy
Faculty Development Committee
2014-2015 Annual Report

Committee charges as outlined in ULM School of Pharmacy Bylaws:
1. Identify faculty development needs within the School.
2. Assist with the development and delivery of a faculty orientation program.
3. Establish a “Faculty Academy” with a series of monthly workshops designed to enhance faculty development.
4. Coordinate SOP faculty development with ULM Teaching and Learning Resource Center (TLRC) opportunities.

Fall 2014/Spring 2015 Faculty Development Activities
August 11 – 15, 2014: University Week sessions, sponsored by the ULM Office of Extended Learning and Quality Enhancement

August 11, 2014: New faculty orientation (Liz Lafitte and Stephen Hill)

January 5 – 9, 2015: University Week sessions, sponsored by the ULM Office of Extended Learning and Quality Enhancement

January 2015: After faculty retreat, section was added on ULM pharmacy web page for faculty development resources. Need to update with link or info from Moodle Faculty Development Toolbox where older resources are located.

May 12, 2015: Magna Commons Online Free Program: Using Technology in Today’s Classroom

Ongoing: Magna Commons online webinars/podcasts available (access provided via university, but individuals create account and sign up for various presentations)

Suggestions for future activities or planned activities that were postponed or not completed this year:
• For future: Promotion and tenure portfolio preparation tips (Fall)
• For future: Michelle Zagar--expansion/more detail following her presentation on teaching different generations of students at faculty retreat
• For future: Gina Biglane--discussion of evaluation process and gathering required info
• January 2015: After faculty retreat, section was added on ULM pharmacy web page for faculty development resources. Need to update with link or info from Moodle Faculty Development Toolbox where older resources are located.
• Suggested topic for future: Evaluating student attitudes (how to be more objective instead of subjective)
• In process: new software training –DecisionSim (Jill Comeau sent info to set up with company)
