Disclaimer: No information source can replace clinical judgment applied to a specific case. Some of the drug therapy we write about will be outside the labeled indications for specific products. References will be provided when possible. Consult these references in the context of clinical care.

The operation objectives of the DIC are centered around the three core components of the mission of the College of Pharmacy (COP) Bienville Building of the University of Louisiana at Monroe (ULM). The DIC serves as a resource for healthcare professionals regarding the following areas:

- Drug Dosage and Scheduling
- Pharmacoeconomics
- Toxicology
- Drug Regulations/Laws
- Drug Approvals
- Pregnancy and Lactation
- Drug Interactions
- Drug Therapeutics
- Disease Management
- Current Flu Activity
