The Provisional Entry Program is ULM’s unique program for academically superior high school students interested in a pharmacy career. It eliminates the worry of acceptance into ULM’s School of Pharmacy, as long as the required criteria are met throughout the ULM pre-pharmacy period.

**PEP Advantages**

Students can avoid the competitive selection process for admissions into the professional pharmacy program.

Provides students the opportunity to engage in personal and professional relationships with School of Pharmacy faculty and upperclassmen immediately upon entering ULM as a freshman.

PEP students can join professional student pharmacist organizations and participate in leadership development programs, while in pre-pharmacy.

PEP students are invited to attend School of Pharmacy events such as Boo-n-Bop, Pharmal, Rx Rally, etc.

**Eligibility Requirements:**

- Must be a high school senior at an accredited U.S. high school;
- Must have a 3.8 cumulative high school GPA (4.0 scale);
- Have a minimum composite score of 27 on the ACT;
- Must attend ULM for the pre-pharmacy curriculum

More detailed information on this program and the application can be viewed at: http://ulm.edu/pharmacy/prospective/pep.html.

Applications open September 2. Application deadline is July 1.
