## Agenda topics

30 Updates on Assessment Lesa Lawrence

### Discussion:

An employer survey was conducted during career fair this morning. The mid-term evaluations for team-Taught courses is being implemented. Plans are to move this to on-line in the future. Student Comments have been favorable. Potential questions for the P1-P3 focus groups were discussed. The Software for student portfolios is in process of being purchased.

Action items: None		

120 Review of Data Reporting Formats Committee

### Discussion:

All current assessment data was reviewed for formatting and appropriateness. Suggestions for Improved formatting were made.

### Conclusions:

All results approved for posting.

Action items:	Person responsible:	Deadline:
Dr. Biglane to revise and submit for posting.	Gina Biglane	12/31/07

## Discussion:

Dr. Evans has requested input from our committee regarding the assessment usefulness of the

Pharmacotherapy forum. It is felt that the new curriculum will allow ample opportunity to build in

Assessment opportunities; therefore, scaling the course back to meet University requirements would

be acceptable to the committee. It was noted, however, that the students have found this course

to be very beneficial. The committee would like additional information from Dr. Evans before making

a final recommendation.

## Action items:

## Person responsible:

## Deadline:

Additional information (in-class survey) requested from

Dr. Biglane

11/5/07

Evans.
