Re: Changes in Academic Standards

Beginning in the Fall 2008 semester, the College of Pharmacy will be re-implementing the "C" progression part of the academic standards. At this time, students who have not earned a grade of "C" or better in a course will not be allowed to register or progress for any course for which it is a prerequisite. The new academic standards will read:

"Failure of a student to earn a minimum grade of "C" in a professional pharmacy course precludes progression to courses for which it is a prerequisite."
