

University of Louisiana Monroe

ONLINE TOUR: Going Places

TOUR STOP ONE:

Courtney Short
Pineville, LA
Physical Therapy '08
Email me: virtualtour@ulm.edu

FIND YOUR FUTURE

ULM is big enough to offer broad options (<http://www.ulm.edu/academics/>) and excellent academics – and small enough for the personal touch, the hometown feel. Bayou DeSiard gives the beautiful campus a distinctive sense of place. Our students are better than ever, as measured by their average ACT scores. And 100% of our graduates pass their professional licensing exams.

Courtney's print quote

Everyone smiles here and says 'hi.' Teachers care if you need help – and they'll help you as much as they can.

Courtney's audio

I came to ULM because I got a great scholarship – and because there are tons of options here. They encourage you to explore! The student success center tests what you'll be good at.. you can discover all kinds of new things about yourself.

TOUR STOP TWO

Bernadette Patin
New Orleans, LA
Biology '08
Email me: virtualtour@ulm.edu

HEALTH SCIENCES

Some of our most popular majors are in the health sciences fields. ULM is home of the only state-supported pharmacy (<http://rxweb.ulm.edu/pharmacy/>) school in Louisiana and it ranks second statewide in bachelors degrees awarded in health fields. A new major in health studies (<http://www.ulm.edu/healthsciences/>) prepares students for a wide range of health-related business careers.

Bernadette's print quote

I'm close enough to drive home and far enough away to grow and blossom as a person. And my sorority made me feel like I had another family up here.

Bernadette's audio

I'm shadowing a cardiologist in West Monroe, and I really enjoy that. I spend two or three hours there in the afternoon, four days a week. She lets me listen to irregular heartbeats, take blood pressures and EKGs -- and learn as much as I can.

TOUR STOP THREE

Winston Mahler
Los Angeles, CA
Biology '10
Email me: virtualltour@ulm.edu

VISUAL AND PERFORMING ARTS

From a student sculpture garden to a popular graphic design major, from Louisiana's only professional summer stock (<http://www.ulm.edu/lyricopera/>) theatre company to the Sound of Today Marching Band, the arts scene at ULM is flourishing. Whether you're a performer, an arts major or an enthusiastic audience member, the creativity adds energy to the campus.

Winston's print quote

ULM teachers are approachable. You're not a number. I've had lots of one-on-one conversations with my professors.

Winston's audio

"It took me a year to get my hands in every single organization on campus – Greek, emergency response, campus activities board, the Howard Hughes scholarship program. I'm also a manager at Raising Cane's restaurant. I like to be busy.

TOUR STOP FOUR

Brandon Jackson
Shreveport, LA
Physical Therapy 09
Email me: virtualltour@ulm.edu

LIVING ON CAMPUS

New apartment-style residence halls. A renovated student union building, with a food court, meeting rooms, and a lounge for commuter students. A Starbucks, a convenience store, a bank. ULM has invested millions of dollars in the last five years to renovate and renew its campus (<http://www.ulm.edu/reclaim/>) – and it shows.

Brandon's print quote

"I live in the apartments on campus. They're furnished, they have internet connections,

washers and dryers. They're the best. ”

Brandon's audio

ULM has people from many different cultures. It's friendly and warm here. We go to class together, we live together, we play together, we work out together, sometimes we just hang out together. And we learn a lot from each other.

TOUR STOP FIVE

Jenny Kuan

El Dorado, AR

Biology '08

Email me: virtualtour@ulm.edu

A SENSE OF PLACE

A bayou runs through ULM's beautiful 238-acre campus (<http://www.ulm.edu/tour/>), with the graceful drape of cypress trees all around. And its size means it's easy to get around – you won't have to run to make your next class. Bayou DeSiard is a source of relaxation and recreation – and a “home field” for the water ski team

(<http://www.ulm.edu/universityrelations/news/gallery/skiteam/index.html>), with 19 national championships.

Jenny's print quote

It's nice to wake up, eat breakfast, walk across the bayou and go to class. And you always run into people you know.

Jenny's audio

I love this place. ULM is like a big treasure that most people don't know about. Tuition is inexpensive, and there are great scholarships. And this is where you'll find a group of friends, an activity, a passion for something – and your future!

TOUR STOP SIX

Seth Hall

West Monroe, LA

Kinesiology '10

Email me: virtualtour@ulm.edu

GO, WARHAWKS

Baseball. Football, complete with tailgating in the grove outside Malone Stadium. Men's and women's basketball. Cross-country track. Tennis. Cheer on Warhawk teams in these and other arenas as they compete in Sun Belt Conference intercollegiate athletics

(<http://www.ulmathletics.com/>). Or join a team yourself – there's lots of opportunity in club sports, intramurals and pick-up games.

Seth's print quote

“I like ULM a whole lot. I know how the campus used to look – it's changed so much. I

know I'm at a school that's headed in the right direction. ”

Seth's audio

“I like ULM a whole lot. I know how the campus used to look – it's changed so much. I know I'm at a school that's headed in the right direction.”

TOUR STOP SEVEN

Anna Sampson
Jackson, MS
Mass Communication '08
Email me: virtualtour@ulm.edu

BUSY, BUSY

ULM offers a friendly, active environment. There are dozens of student groups to join – and lead - including religious organizations, clubs based in your major, sororities and fraternities. Keep up with the latest by listening to our radio station (<http://www.kxul.com/>) or check out the 24-hours-a-day-views from our campus-cam (http://www.kxul.com/campus_cam.html).

Anna's print quote

If you get involved, you always have a lot to do on the campus. I'm in Chamber Choir, Baptist Campus Ministry, and concert choir.

Anna's audio

I'm a leader in parent orientation, and parents talk a lot about the friendliness here. Everyone they walk up and speak to impresses them. Students won't feel out of the loop - It's just like a freshman got a new family. ULM offers a safe environment where students are taken care of.

TOUR STOP EIGHT

Katie Robinson
West Monroe, LA
Business/Accounting '09
Email me: virtualtour@ulm.edu

SEE FOR YOURSELF

There are lots of things we haven't told you here – about extensive internships, or the learning communities that ensure small classes and promote strong friendships. Or about the Freshman Year Experience, which imparts essential skills and knowledge in a fun environment. You just have to come see for yourself. **Visit ULM** (<http://www.securedata-trans8.com/ap/theuniversityoflouisianamonroe/index.php?page=10>)!

Katie's print quote

ULM made it where money wasn't a factor. There are scholarships all over the place. And the people here come to you with open arms - they reach out.

Katie's audio

Teachers understand that we have complicated schedules, and they are willing to work with us. The College of Business rewards its students – and that acknowledgement reinforces stamina. When you get a pat on the back and you're not looking for it, it sure does help.

AT-A-GLANCE: Go Figures

80% - Percentage of freshmen who receive financial aid (<http://www.ulm.edu/financialaid/>)

- 7,650 undergrads
- 850 grad students
- 24: average class size
- 18:1 student-faculty ratio
- \$21.8 million: research grants to faculty, 2006

Affordable

ULM offers one of the best college values around.

- **Tuition:** Fall semester, 2007
 - **Louisiana residents:** \$1803.45 (12 hours or more)
 - **Non-resident:** \$4779.45 (12 hours or more)
- Total cost estimate for a semester (Louisiana resident) including books, residence hall, meal plan and tuition: \$5,500
 - We help you find the right combination of scholarships, TOPS funding, grants, loans and work-study opportunities to make a ULM education an affordable reality.

Majors – ULM has 96 degree programs (undergrad and graduate)
