Dear Mr. Thompson,

We have received your memorandum dated June 21, 2005, concerning the annual loss prevention audit for our University. In accordance with the instructions provided, we have conducted a self-audit using the audit forms available from ORM. The results of our self-audit indicated that we are in compliance with all areas of the state loss prevention program.

We appreciate your help and assistance with our loss prevention program. Should you have any questions or require additional information please contact Lindsay McNair, the University's Environmental Health & Safety Officer. You can reach Ms. McNair at (318) 342-5177 or by e-mail at mcnair@ulm.edu.
