

SPECIAL-NEEDS PARKING PROCEDURES

Students with special needs are to obtain an ***Application for Special Needs Parking*** at the University Police Department or on-line at www.ulm.edu/~police/parkreg.html. Once the application is completed and signed by a physician, bring the application to the University Police Department. The parking pass-type and tag period will be determined by the University Police Department. Students who have been granted a ***Special Needs Parking*** tag will return the parking tag to the University Police Department upon expiration. Students with permanent disabilities will need to apply only once during their academic career for a ***Special Needs Parking Pass***. For more information concerning this procedure contact the ULM Police Department at (318) 342-5350.
