

Student Research Symposium

Power Point Poster Presentation

Poster Construction

Information

If posters are going to be used for either a Platform Presentation or a Poster Presentation at the Student Research Symposium, specific requirements apply. They are as follows:

- All posters must be made in PowerPoint and printed in good to excellent form
- All posters must be error free and attractive to the eye
- Acceptable dimensions for posters are either 44" wide by 36" tall or 56" wide by 44" tall. *If a dimension other than either of these is desired, please contact your college Student Research Symposium Faculty Representative and discuss your dimensions with him/her. There are to be no posters with dimensions smaller than 44" wide by 36" tall.* In the event that smaller posters are presented, they will not be allowed to be used.
