Population Growth % 2006-2011

-2.85 to 2.01	4.32 to 6.31
2.01 to 3.09	6.31 to 16.67
3.09 to 4.32	

This information is based upon the sum of unduplicated enrollment between AY2000-2001 and AY 2007-2008. Louisiana has been excluded from the map below in order to enhance the differences between the remaining states. Alaska and Hawaii are included in the chart to the right. For the purpose of the map, the state capitol has been used as the location indicator.
