

CHEMISTRY 301

UNDERGRADUATE SEMINAR

Spring Term, 1996

Date/Time: TBA

Rm. CNSB 211

Instructor: Dr. Gary L. Findley
Office: CNSB 202
Office Hours: 9 - 11 am (MWF), 3 - 5 pm (TuTh)
Telephone: 342-1835

Course Content: Seminar is an opportunity for students to develop skills in the oral and written presentation of technical material. Each student will present one seminar on a topic of his/her choice (to be approved by the instructor). One week prior to the seminar, an abstract must be distributed. A written report on the topic of the seminar is due one week following the oral presentation. (One rewrite of this report will be permitted.) The point distribution is as follows:

abstract	10 pts
seminar	50
written report	<u>40</u>
	100 pts

Grading:

A	90 - 100 pts
B	80 - 89
C	70 - 79
D	60 - 69
F	< 60

Attendance: Attendance by each student at each seminar is mandatory. Excused absences must be arranged with the instructor. Unexcused absences will result in course failure.
