Welcome to the University of Louisiana at Monroe!

Our campus is located about halfway between Shreveport and Vicksburg, alongside picturesque Bayou DeSiard. Founded in 1931, ULM is a vibrant university that serves as a major education and cultural resource for the region. More importantly for you, ULM offers a variety of disciplines that will help you meet your academic and career goals. I hope you find it a welcoming home as you strive to achieve these goals.

Talented faculty, outstanding facilities and exceptional students make ULM a great place to pursue your degree. Internationally recognized faculty who place a premium on mentoring our students and state-of-the-art laboratories where cutting-edge research is performed are the pride of our campus. An outstanding university library and attractive residence halls provide a comfortable setting for your studies, while also giving you proximity to our classrooms.

As you would expect from any comprehensive university of quality, accounting, English, and teacher education are among the excellent programs at ULM. You will also find some programs that are unique to our university. For example, ULM offers the only undergraduate program of Toxicology in the southeastern United States, while ULM's Atmospheric Sciences Program is the only degree program of its kind in Louisiana. The College of Pharmacy and the College of Health Sciences are two premier programs, recognized across the nation for their excellence. ULM's Biology program provides our state's only freshman research program that participates in the National Genomics Research Initiative.

Whatever your area of interest, we are committed to you and appreciate your demonstrated ability and persistence. Earning a university degree will require that you apply those abilities in a persistent manner, but I also encourage you to enjoy a few quiet moments relaxing by the bayou or exploring points of historical interest. Sample our fabulous food and soak in that southern hospitality we are known for—the kind that keeps many people coming back to the region, year after year.

Best wishes for a successful education at ULM, and please don't hesitate to connect with me on Facebook or send me an email at bruno@ulm.edu.

Most sincerely,

Nick J. Bruno
ULM President

PURPOSE/MISSION OF THE UNIVERSITY

The University of Louisiana at Monroe (ULM) is committed to serving as a gateway to diverse academic studies for citizens living in the urban and rural regions of the Lower Mississippi Delta. The University offers a broad array of academic and professional programs from the associate level through the doctoral degree, including the state’s only public Pharm.D. program. Complemented by research and service, these programs address the postsecondary educational needs of the area’s citizens, businesses, and industries.

The University ensures student learning by promoting a comprehensive context for the intellectual, scientific, cultural, technological, and economic development of a diverse student and faculty population. ULM values the continued development of mutually beneficial partnerships involving schools, government, businesses, and a variety of community-based agencies.

ULM is categorized as an SREB Four-Year 3 institution, as a Carnegie Master’s College and University I, and as a COC/SACS Level VI institution. It will offer a wide range of baccalaureate programs and will be committed to graduate education through the master’s degree, offering graduate programs to meet regional or state needs. The University will limit associate degree offerings to 2+2 programs, conduct research appropriate to academic programs offered and necessary for program accreditation, and implement, at a minimum, Selective III admissions criteria. ULM is located in Region VIII.

HISTORICAL SKETCH OF THE UNIVERSITY

The University of Louisiana at Monroe has followed a course of vigorous growth in its transition from a junior college to an institution offering a comprehensive range of undergraduate and graduate degree programs. In September 1931, the University opened for its first
session as Ouachita Parish Junior College, which was operated as part of the Ouachita Parish School System. In 1934, Louisiana State University received authority from the State Legislature to operate the facilities of the University as Northeast Center of Louisiana State University. The name of the institution was changed to Northeast Junior College of Louisiana State University in 1939. The following year, the State Legislature authorized the transfer of all lands connected with Northeast Junior College to Louisiana State University.

The 1950 Legislature approved the expansion of Northeast Junior College to a senior college granting academic degrees. The name of the institution was changed to Northeast Louisiana State College, and its control was transferred from the Louisiana State University Board of Supervisors to the State Board of Education. The School of Pharmacy was established in 1956.

The academic year 1969-70 was a milestone for ULM; in addition to awarding the first doctoral degrees, the name was changed to Northeast Louisiana University by the 1970 Legislature. The constitution, adopted by the people of Louisiana in 1974, provided that the administration of state colleges and universities be changed from the Louisiana State Board of Education to the Board of Trustees for State Colleges and Universities effective May, 1975. This Board's name was again changed on June 8, 1995 to the University of Louisiana Board of Trustees and in 1998 to the University of Louisiana System Board of Supervisors.

The Graduate School was established in 1961 to offer master's degrees. In the Fall of 1967 the Education Specialist degree was first offered and in 1983 the Specialist in School Psychology degree was added. The Doctor of Philosophy degree in Pharmacy was established by the Graduate School in December of 1967. In 1993 the Office of Research and Projects and the Graduate School were merged forming the Office of Graduate Studies and Research. This reorganization was implemented to more effectively support scholarly activities of faculty and students. In 1994, Northeast Louisiana University, in cooperation with Louisiana Tech University and Grambling State University, formed the Louisiana Education Consortium, a uniquely and timely effort to offer the Doctor of Education degree at each campus. In the Fall of 1996, the Doctor of Philosophy in Marriage and Family Therapy admitted the first class of students. On August 27, 1999, the University officially changed its name to the University of Louisiana at Monroe. At the University of Louisiana System Board of Supervisors on March 7, 2008, the University of Louisiana at Monroe received approval to reorganize its Office of Graduate Studies and Research. ULM separated the existing Office of Graduate Studies and Research into the Graduate School and the Office of Sponsored Programs and Research.

The Graduate School, which changed its administrative leadership position to a Dean rather than a director, redirected its focus on increasing graduate enrollment. The Office of Sponsored Programs and Research bolsters the research, instructional, creative and community service goals already prevalent at ULM.

ULM has students enrolled from every parish in Louisiana, along with many from other states and foreign countries.

LOCATION

The University of Louisiana at Monroe's campus, one of the State's most attractive, is located in the eastern part of Monroe, a city whose metropolitan area population exceeds 100,000. Beautiful Bayou DeSiard flows through the 238-acre, tree-shaded site.

The city of Monroe is midway between Shreveport and Vicksburg, Mississippi. It is readily accessible from all sections of Louisiana and neighboring states. The University is on U.S. Highway 80, within four blocks of U.S. Highway 165 and two miles of Interstate 20. Monroe Regional Airport, three miles east of the University, is served by American Eagle, ASA Airlines, Continental Express, and Northwest Air Link Airline. Monroe city bus lines serve the University area.

Monroe’s Civic Center, Strauss Playhouse, Masur Museum, West Monroe’s Convention Center, and local parks offer cultural and popular programs, including sports events of all kinds. The beautiful Ouachita River, Bayou DeSiard, and many nearby lakes offer opportunities for fishing, boating, skiing, swimming, and picnicking.

ACCREDITATION AND PROFESSIONAL AFFILIATION

The University of Louisiana at Monroe is accredited by the Commission on Colleges of the Southern Association of Colleges and Schools to award associate, bachelor's, master's, educational specialist, and doctoral degrees. Contact the Commission on Colleges at 1866 Southern Lane, Decatur, Georgia 30033-4097 or call 404-679-4500 for questions about the accreditation of the University.

The University is committed to the development of student learning assessment plans and the analysis and use of results.

Many of the departments and schools which make up the university are also accredited by specialized or professional accrediting agencies. The University is a member in good standing of the National Association of Schools of Music. The College of Business Administration is accredited by AACSB-International the Association to Advance Collegiate Schools of Business at the bachelor’s and master’s levels. The Accounting program also has separate accreditation by AACSB-International, the Association to Advance Collegiate Schools of Business. The teacher-preparation programs at the bachelor’s, master’s, and specialist degree level are accredited by the National Council for Accreditation of Teacher Education. The School Counseling, Community Counseling, and Substance Abuse Counseling Programs
are accredited by the Council for Accreditation of Counseling and Related Educational Programs. The Marriage and Family Therapy Program is accredited by the Commission on Accreditation for Marriage and Family Therapy Education and the Council for Accreditation of Counseling and related Educational Programs. The School of Nursing is accredited by the Commission on Collegiate Nursing Education, One Dupont Circle, N.W., Suite 530, Washington, D.C., 20036-1120. The Family and Consumer Sciences Department is accredited by the Council for Accreditation of the American Association of Family and Consumer Sciences and is also approved as a Vocational Teacher Training department. The Department of Chemistry is accredited by the American Chemical Society. The graduate program in Speech-Language Pathology is accredited by The Council on Academic Accreditation of the American Speech-Language-Hearing Association. The Occupational Therapy curriculum is accredited by the Accreditation Council for Occupational Therapy Education. The Dental Hygiene curriculum is accredited by the Commission on Dental Education of the American Dental Association. The Aviation Program in the College of Business Administration is accredited by Aviation Accreditation Board International (AABI). The Computer Science program in the College of Business Administration is accredited by the Computer Accreditation Commission of the Computing Sciences Accrediting Board for Engineering and Technology (ABET). The Social Work curriculum is accredited by the Council on Social Work Education. The Department of Communications is accredited by the Accrediting Council for Education in Journalism and Mass Communication. The School of Construction is accredited by the American Council for Construction Education. The Radiologic Technology curriculum is accredited by the Joint Review Committee on Education in Radiologic Technology. The Medical Laboratory Science program is accredited by the National Accrediting Agency for Clinical Laboratory Sciences. The Doctor of Pharmacy program in the College of Pharmacy is accredited by the Accreditation Council for Pharmacy Education. The College of Pharmacy is a member of the American Association of Colleges of Pharmacy, an organization whose mission is to promote pharmaceutical education and research. The University also holds membership in the following professional but non-accrediting agencies: American Association of Colleges for Teacher Education, American Association of Colleges of Pharmacy, American Association of Colleges of Nursing, American Association of State Colleges and Universities, American Council on Education, The Conference of Southern Graduate Schools and the American Council for Construction Education, and the Council on Collegiate Education for Nursing. Additionally, it is an Academic Affiliate of the University Corporation for Atmospheric Research. The American Association of University Women, of which the University is a corporate member, admits women graduates of the University of Louisiana at Monroe to national membership.

ROLE OF STUDENTS IN UNIVERSITY GOVERNANCE

The University of Louisiana at Monroe promotes student growth by developing and/or presenting programs and participatory experiences which reflect varied co-curricular, developmental, social and recreational experiences. Student involvement in institutional governance is encouraged and enabled as student representatives serve on university panels, boards, and committees. ULM encourages students to serve as active participants in the everyday decision-making processes that shape and guide the university by providing E-mail, Web site, and print information on a regular basis in addition to granting full and equal press access to student reports.

NON-DISCRIMINATION POLICY

The University of Louisiana at Monroe recognizes that members of the University community represent different groups according to sex, color, creed, national origin, and physical or mental disability. The University further recognizes that, in a pluralistic society such as ours, these differences must be recognized and respected by all who intend to be a part of the University community.

It is not the intent of the University to dictate feelings or to mandate how individuals should personally interact with others. It is, however, the intent of the University that awareness of individual and group rights according to sex, race, color, creed, national origin, and physical or mental disability be regarded as important to the education of its students. Our ability to work in a pluralistic society demands no less.

It is with this in mind that the University does not permit any actions, including verbal or written statements, that discriminate against an individual or group on the basis of sex, race, color, creed, national origin, or physical or mental disability. Any action is a violation of the Student Code of Conduct. Complaints of discrimination should be made orally and in writing to the appropriate University Administrator.

UNIVERSITY LIBRARY

The University Library’s mission is to support the mission of the University of Louisiana at Monroe in its teaching, research and learning endeavors for students, faculty and staff through the development of strong collections, integration of information and technology, creation of collaborative learning spaces and facilitation of e-literacy. The Library’s special collections and archives are rich in the history of the University and areas of northeast Louisiana. In addition, the Library supports individuals and entities in the community through service and outreach.

The Library is a member of AMIGOS Library Services network, which enables processing, verification and interlibrary loan via computers connected to the Internet. The Library’s electronic catalog is part of the LOUIS
network, the state-wide academic library consortium. As a member of LOUIS, the Library also has access to EBSCO host which provides over 40,000 full-text electronic journals and EBSCO. All are welcome to use the resources of the University Library. The Library’s website address is http://www.ulm.edu/library. To borrow library materials, one must have a valid ULM ID card, be enrolled in an approved cooperative program; become a member of Friends of the ULM Library; or have a ULM Alumni Association Membership Card.

STUBBS HALL, constructed in 1956, houses the Departments of Criminal Justice; Social Work; and Gerontology, Sociology and Political Science, Art studios; Department of Communication, Department of Communication radio and television studios; and film, audio, and journalism laboratories, along with offices and general classrooms are also housed in the building.

SUGAR HALL, constructed in 1971 houses the College of Health Sciences and the Kitty Degree Speech and Hearing Clinic. The facility includes administration areas, areas for student activities, study classrooms, and instructional laboratories for the College of Health Sciences.

UNIVERSITY LIBRARY AND CONFERENCE CENTER —Ground-breaking ceremonies were held April 25, 1996 for the new library construction project. The construction was completed in Spring 1999. The entire space of the new library is more than 200,000 square feet, with approximately 170,000 square feet comprising the library. University administrative offices are housed on the sixth floor and a conference center is located on the seventh floor.

 AUXILIARY BUILDINGS

ACTIVITY CENTER. The Activity Center serves as one of the finest recreational/fitness facilities in the south. The $5 million student-funded facility opened
March 1, 1993. The 88,000 square foot complex houses the Recreational, Intramural, and Wellness programs. The facility includes: 5 multi-purpose courts (basketball, volleyball, and badminton), 6 glass wall racquetball/wallyball courts, a 2300 square foot group exercise room; a 4200 square foot weight room with machines and free weights; a cardiovascular/fitness area with stationary bikes, stairmasters, elliptical trainers, rowing machines, treadmills and stretching area; an elevated cushioned jogging track (6.5 laps/mile) with pace clocks; men's and women's locker rooms each equipped with sauna and steam room; a lounge area with big screen TV and refreshment center; a service center for equipment check-out, towel rental, and locker rental.

AGRICULTURAL MECHANIZATION SHOP, an agricultural laboratory facility, is located on the ULM Johnson Farm about four miles east of the main campus on U.S. Highway 80. Laboratories in animal science and agronomy are held in this facility. This building is also utilized for special events such as judging contests and Block and Bridle Club activities.

ANNA GRAY NOE ALUMNI CENTER is located on the east bank of Bayou DeSiard. It was the first building on the campus to be built with private gifts. The Center houses all alumni operations including offices, meeting rooms, and a social room. The building was occupied in July, 1974.

BROWN STADIUM, constructed in 1967, contains athletic coaches offices, military science facilities, and Graphic Services.

CLARKE M. WILLIAMS STUDENT SUCCESS CENTER houses a computer lab, rooms for group study and tutoring, and multi-media rooms. A full-time advising staff provides academic support services, including assisting students with planning course loads and exploring career options.

HEARD STADIUM, the tennis facility, was constructed in 1976 and has a seating capacity of 515. It contains dressing rooms and offices for women's tennis.

JIM SHIPP MEMORIAL PAVILION, the therapeutic equestrian science facility, is located on the ULM Layton Farm about three miles east of the main campus on U.S. Highway 80.

LA CAPITOL FEDERAL CREDIT UNION is located on Northeast Drive in University Commons II. La Capitol Federal handles the fee payment and deposit functions for the University, in addition to being a full service Credit Union.

LAYTON RIDING ARENA, the equestrian science facility, is located about three miles east of the main campus on U.S. Highway 80. The arena is utilized by classes as well as by members of the Block and Bridle Club for practice and is available for special events such as horse shows, judging contests, playdays, and the Annual ULM Rodeo.

MALONE STADIUM, one of the most modern football complexes in the nation, seats 30,427 people. The seating is located on two levels and provides an excellent view from any seat in the stadium. Malone Stadium also features a double level press box which seats over 200 people. Additional seating for booster groups is located beneath the press box facility. The field is natural turf and features a modern sprinkler system and an excellent drainage system. Two scoreboards with electronic message boards are located at both ends of the field. Concession and rest room areas are located on the second, third, and press box levels. Permanent concession and rest room facilities are also available on the east stands.

Malone Stadium contains an athletic field house which houses all athletic offices and provides facilities for football training and other services. It features the Director of Athletics' office, all football coaches' offices, the Sports Information offices, training rooms, dressing rooms, equipment rooms, weight rooms and an indoor work-out area.

STUDENT HEALTH AND COUNSELING CENTER is located on the corner of LaSalle and University Avenue. It was completed in 2005 and houses Student Health Services and the Counseling Center. The STUDENT UNION BUILDING and the STUDENT CENTER was constructed in 1938 and renovated with a large addition in 1962. The SUB, as it is called, is considered the gathering place for students, faculty and staff members, alumni, and friends of the University. The SUB and the Student Center had major renovations during 2006 with funding raised by self-assessed fees from the students of ULM. The renovated facilities include a ballroom, meeting rooms, SGA and Campus Activities Board offices, computer lab, social areas, and the University Food Court, which includes: Subway, Chick-fil-A, Einsteins, Grille Works, Bene, Sushic, and the new Coca-Cola Freestyle.

THE ULM BOOKSTORE, located next to Recruitment and Admissions in Sandel Hall, is your one-stop resource for textbooks, study guides, school supplies, computers and accessories, and a variety of resources to help you excel in the classroom. New and used textbooks may be rented or purchased, and the ULM Bookstore buys back textbooks year-round. It also offers a large variety of emblematic gifts and apparel including: t-shirts, shorts, hats, and sweats in sizes from infants to XXXL. Other products and services available include academic software, graduation regalia, balloons, gift wrap, fax and copy services. You can order online 24 hours a day at www.ulmbookstore.com.

UNIVERSITY POLICE is located in Filhiol Hall. Police and information services are provided 24 hours every day of the year. Parking management and vehicle registration are both a function of University Police and both located in police building.

THE UNIVERSITY POST OFFICE, located on the 1st floor of the Student Union Building, provides facilities for the purchase of stamps, envelopes, postal cards, and other postal services. A post office box is furnished to each resident student for incoming mail and official ULM correspondence. Each student living on campus is required to register for a box as part of the University registration procedure. Off-campus students may rent a post office at a rate of $6.00 per semester. ULM
registered student organizations may rent a post office box for $30.00 calendar year effective each January 1st. All post office boxes are subject to availability and must be paid in advance. Fees are subject to change.

YMCA LAKE C. OXFORD NATATORIUM is located on the corner of Bon Aire and Stadium Drive. It was completed in 1979 and renovated in 1996 and 2006. There are two heated pools; a 10-lane Olympic 50-meter by 25-yard swimming pool and a 121/2 by 25-yard diving well. There are two one-meter diving boards and two three-meter diving boards. The Natatorium features everything from swimming and diving to water fitness, lifeguard training, and water safety classes. It offers a relaxed atmosphere where students can study, picnic, or recreate on the sundeck or on one of the numerous tables inside the facility. Students can go boating down the bayou by checking out a canoe or paddleboat with their I.D. With its sundeck overlooking the east bank of the beautiful Bayou DeSiard, the Natatorium offers another dimension for the educational, as well as, social environment of the student.

RESIDENTIAL BUILDINGS

“Bayou Village” Apartments: The apartments are one-bedroom/one bath, two-bedroom/two bath and four bedroom/two bath apartments. Each apartment is fully furnished including all kitchen appliances and a washer/dryer combination. Each apartment has its ownHV/AC unit. Residents may choose an academic year contract (Fall and Spring semesters) or an academic plus summer contract (August move-in to the end of Summer II in August). The apartments do not close during the winter break.

Bayou Suites & University Commons II: These are inside corridor buildings with two private bedrooms and a shared bath. Bayou Suites is a Scholars Hall with a required 3.3 cumulative GPA for returning students and a 3.5 cumulative GPA for first time freshmen. Each bedroom has a ceiling fan, and each suite has an HV/AC unit that is controlled by the residents in the suite.

University Commons I: This building has double occupancy rooms with a shared bathroom. Each room has a ceiling fan, and individual HV/AC units. Each resident has their own closet with mirrored doors. There are laundry facilities throughout the building, a computer lab, and vending machines as well as community rooms for programming.

Madison (male only) and Ouachita (female only): These residence halls have double occupancy suite style rooms with a shared bathroom. Each room has digital cable TV with HBO, local phone service, high speed Internet and individual HV/AC units. A laundry facility, computer lab, and vending machines are centrally located for residents’ use.

Masur Hall: This residence hall is an all-female, exterior corridor building with double occupancy and private room suites and a shared bathroom. The HV/AC system is a building wide system that is either heat or A/C. Also on site is a community building that features a large screen TV, study areas, a computer lab, laundry facility, and vending machines.

Building Access: Bayou Suites, University Commons I and II, Ouachita Hall, and Bayou Village Apartments are interior corridor, controlled access buildings. Students assigned to these buildings will use their ID cards to access the buildings and are issued keys to their individual rooms. Madison Hall and Masur Hall are exterior corridor buildings with key access to their rooms.

SPECIAL FACILITIES AND PROGRAMS

AGRICULTURAL FARM LABORATORIES

The 500 acre Morris and Ella Johnson Farm laboratory, located about four miles from the campus, began operation during 1986. Row crops include corn, wheat, soybeans, grain, sorghum, and cotton. Field crop research includes variety and pesticide trials including economic and agronomic evaluations of results. The farm houses a herd of purebred Angus cattle and a herd of commercial crossbred cattle, and a small goat herd. These animals are used for teaching and research purposes. The Layton Farm is an equine facility utilized for classes, demonstrations, judging contests, seminars and research.

CENTER FOR BUSINESS AND ECONOMIC RESEARCH

The Center for Business and Economic Research functions to stimulate research activities of the faculty and to serve the business and industrial populace of Northeast Louisiana in solving business and economic problems of the area. The Center gathers, analyzes, interprets and disseminates statistical information resulting from investigations of potential economic significance to the Northeast Louisiana area.

CHILD DEVELOPMENT LABORATORY

The ULM Child Development Center is a laboratory setting providing quality care and education for young children. It is operated by the College of Education and Human Development Department of Curriculum and Instruction. This laboratory is an on-site child care facility with children ranging in age from 6 weeks - four years. Children of ULM faculty, staff, alumni and community members are enrolled at the ULM Child Development Center. The center provides experiences for children that focus on physical, cognitive, language, social and emotional development of each child. The centers primary goal is to provide practical experiences in best practices for university students to prepare them for a variety of professions in which they will work with young children.

COMPUTING CENTER

The ULM Computing Center provides a wide variety of computing and network services for faculty, students, and administration. Centralized computing resources include a combination of Dell and Sun servers which
support all campus network resources - email, Moodle, registration, myULM, labs, etc. The campus network is extended to about 60 buildings of which 48 are connected via fiber. This network extends IP based Internet and research networks to departmental networks as well as stand alone personal computers. Services include: network support (wired and wireless throughout campus), training and orientation, configuration design and hardware specifications, site license software distribution, test grading, assistance with instructional media, and web and database development. Computing resources have also been provisioned over the past few years for a more secure campus which includes electronic access controls and camera surveillance. For further information, see the ULM Web page at "http://www.ulm.edu/computingcenter".

HONORS PROGRAM

The University Honors Program provides a unique learning opportunity for students with exceptional academic abilities. Non-traditional classes, special sections of traditional classes, and opportunities for increased interaction with faculty members and other students of similar abilities provide an individualized atmosphere for learning that is both stimulating and personal. Students who are accepted into the Honors Program will receive a well-rounded education in combination with their major.

The Program is open to students in all majors. The student will take 22 hours of the Honors Core that fulfills the University Core. In order to complete the Honors Core, Honors students must take English 1010, Arts 1010, six (6) hours of Honors Social Sciences, Honors University Seminar, with prior Honors Council approval one (1) mathematics course that fulfills the University Core using the Honors Option, and at least two (2) of the following courses, one from each discipline, English 2007, English 2019, History 1010, History 2009 and History 2019.

Upon completion of the Honors Core, the student will have three choices:

- Honors in the Major
- Honors in the College
- Honors in the University

To complete Honors in the Major the student must take nine to twelve (9-12) of Honors hours in the major*, six (6) hours of the same Foreign Language (12 hours for students in the College of Arts and Sciences), and one (1) of Honors Colloquium. To complete Honors in the College the student must take nine to twelve (9-12) of Honors hours in the major*, six (6) hours of the same Foreign Language (12 hours for student in the College of Arts and Sciences), two (2) hours of Honors Colloquium, three (3) hours of Honors Speech and three (3) hours of Honors Seminar outside the major.

To complete Honors in the University the student must take nine to twelve (9-12) of Honors hours in the major*, twelve (12) hours of the same Foreign Language, two (2) of Honors Colloquium, three (3) of Honors Speech, three (3) of Honors Seminar and a completion of the Honors Project to be completed during the junior and senior year.

* All Honors hours in the major must be completed using the Honors Option and approved by the Honors Council.

Successful completion of all requirements and a cumulative grade point average of at least 3.5 by the time of graduation (3.3 by freshman year, 3.4 by sophomore year and 3.5 by junior year) will qualify the student to obtain a certificate and graduate from the Honors Program.

The Program is administered by the University Honors Council which includes the President of the Student Honors Board.

LOUISIANA DRUG AND POISON INFORMATION CENTER

The Louisiana Drug and Poison Information Center was established at The University of Louisiana at Monroe by an act of the Louisiana Legislature in 1991. The Center is currently a collaborative project between the ULM College of Pharmacy and the LSU Health Sciences Center in Shreveport. This 24-hours-per-day state-wide Center is Louisiana’s only publicly supported Poison Information Center and provides a vital emergency resource in the acute management of poisoning and other toxic exposures throughout the State.

LOUISIANA INSTITUTE OF TOXICOLOGY

The Louisiana Institute of Toxicology conducts interdisciplinary research on fundamental issues involving toxic chemicals, environmental pollution, and public health. The Institute provides a focus for scholarly activities directed towards the development of new technologies and procedures for toxic substance control and management and serves as a resource for consultation in service to the State of Louisiana in toxicological and environmental matters which may affect public health.

STUDENT SUCCESS CENTER

MISSION STATEMENT

In accord with the mission of the University of Louisiana at Monroe, the Student Success Center strives to increase the quality of education and services offered to our students. The SSC encourages and assists students in the exploration of their interests, the pursuit of their goals, and the development of their intellectual knowledge and skills as they strive to reach their full potential. The goals of the SSC are achieved through the delivery of:

- Professional Academic Advising
- University Seminar
- Comprehensive Academic Enhancement Programs
- Technological Support
- Effective Referral System

PURPOSE

The Student Success Center office, located in the Clarke M. Williams Student Success Center, is staffed by academic advisors who work with undeclared students, pre-pharmacy majors, health science majors, general studies majors, and other identified students to provide individualized academic advising and career planning.
The Student Success Center also administers the Supplemental Instruction programs for Biology and Chemistry. Academic enhancement workshops, mentoring, Probation Assessment and Student Success (PASS), Learning Communities, the Summer Reading Program, and Emerging Scholars are also part of the Center’s programs.

The SSC also offers services to all ULM students. These services include tutoring in Biology, Chemistry, Math, and Physics, the ADAM biology program, DISCOVER Career Exploration, “What Can I Do With a Major in....” Internet access and word processing computer terminals.

The SSC develops, implements, and manages University Seminar (UNIV 1001), a one credit hour, University required course for first semester students. College specific as well as special sections for adult learners are offered.

THE ARMY RESERVE OFFICERS TRAINING CORPS (ROTC)

The Department of Military Science emphasizes developing leadership and management skills required in both military and civilian employment. Classes include training in confidence building exercises such as rappelling, water survival training and land navigation, as well as dynamic classes in military history, military skills, tactics and organizational skills. Training is divided into a two-year Basic Course and a two-year Advanced Course.

The Basic Course is open to any ULM student. It is usually taken during the student’s freshman and sophomore year. Courses can be taken in any order—none have prerequisites—and the 1000 and 2000 courses can be taken simultaneously. The Basic Course has “NO” military obligation. One hundred level students meet for one hour of classroom instruction each week, along with one hour of leadership lab each week. Two hundred level students meet for two hours of classroom instruction each week, along with two hours of leadership lab each week. Credit for all or part of the Basic Course may be granted to students who have attended Basic Training. The Basic Course can be substituted by attending the ROTC Leadership Training Course (LTC), a 34-day paid leadership camp at Fort Knox, Kentucky. Students who attend may qualify for a two-year scholarship.

Admission to the Advanced Course is on a selective basis, open to full-time undergraduate and graduate students who have completed the ROTC Basic Course, ROTC Basic Camp, or any military basic training, and who are in good academic standing (minimum cumulative GPA of 2.0) with the University. Students must demonstrate leadership potential, pass an aptitude test and a medical exam. Upon contracting into the Advanced Course, cadets receive a tax-free subsistence allowance of $350-$500 per month (up to $2,500 each year), in addition to earning other financial assistance through numerous programs. Cadets attend three hours of classroom instruction and two hours of practical application training each week, as well as participate in a physical fitness program. Students also participate in at least one weekend field training exercise each semester. After completing the first year of the Advanced Course, students attend a five-week Advanced Camp at Fort Lewis, Washington. Training includes participating in practical leadership and management exercises, weapons qualification, and execution of infantry tactics. Students are paid approximately $1,200 for the training, plus full travel allowance, as well as room and board. Additional training such as Airborne, Air Assault, Mountain Warfare School, or Northern Warfare School are also available. Cadets must also fulfill the professional development program required for lieutenants prior to commissioning.

After completing all program requirements, cadets are commissioned into either the U.S. Army, Army Reserve, or National Guard to fulfill a service obligation. This assignment and branch of utilization will depend upon the desires of the individual, the student’s performance and qualifications, as well as the needs of the Army.

Numerous financial and educational programs are available through the Military Science Department. Army ROTC Scholarships are awarded to students in good academic standing who have displayed leadership in campus activities. These scholarships pay tuition, books and fees, and also provide $350-$500 per month subsistence.

A number of extracurricular activities are offered. Students may participate in the Ranger Challenge Military Skills Team or the Ranger Company. The ULM Military Science Department sponsors a Ranger Challenge Team that competes with 21 universities in Mississippi, Alabama, and Louisiana. The Ranger Challenge Team competes in eight military events: The Army Physical Fitness Test, One-Rope Bridge, Grenade Throw, M16 Rifle Marksmanship, Weapons Assembly, 10K Road March, Land Navigation, and Patrolling.

A minor in Military Science is offered and may be selected by students with the approval of their academic dean and the Professor of Military Science. A minimum of nineteen credit hours must be earned in Military Science for it to be considered an academic minor.

As an integral part of their undergraduate education, in addition to other requirements, prospective officers are required to complete successfully at least one course in Military History prior to commissioning.

UNIVERSITY POLICE

The University of Louisiana at Monroe Police Department will provide a safe, welcome and orderly campus environment for the University of Louisiana at Monroe students, faculty, staff and visitors; and will provide an ethical, people-oriented work environment where members of the University of Louisiana at Monroe Police Department may enjoy their jobs, use their talents, respect one another, and grow as individuals. The University of Louisiana at Monroe Police Department, through programs and services, meets the needs of the University student, faculty, staff, and visitors.
UNIVERSITY AFFILIATES AND EXTERNAL AFFAIRS

PUBLIC INFORMATION

The Office of Public Information edits and disseminates all news releases concerning University activities, works as a liaison between administration/faculty/staff and the media, coordinates University publications, oversees the office of photographic services, coordinates the University’s marketing initiatives, and works on many University and Community special projects.

ULM ALUMNI ASSOCIATION

Organized in 1952, the ULM Alumni Association’s mission is to support the fulfillment of the University’s mission through the meaningful engagement of its alumni. The Alumni Association has 30 alumni chapters and 5 academic chapters, and draws its membership from over 55,000 graduates worldwide. Throughout the year, the Alumni Association hosts events that bring alumni, friends, faculty and staff, and future students together to share the ULM experience.

The Association’s objective is to add value to the University’s efforts in fund raising, student recruitment and political support, and to develop additional capacity to add value in these and other areas of university endeavors.

To support the ULM Alumni Association, to update your alumni record, or for more information on membership benefits, check our website at: www.ulm.edu/alumni or call us at (866)-WARHAWK.

ULM ATHLETIC FOUNDATION

The Athletic Foundation is ULM’s athletic pillar, comprised of individuals and businesses that have a common interest in the overall athletic program. The Athletic Foundation strives to secure the necessary means to improve a student athlete academically and to enhance the University’s image through athletic excellence. Founded in 1956, the Athletic Foundation helps finance travel, purchase supplies and equipment, fund scholarships, and support upgrades and maintenance of athletic facilities.

For more information on methods of giving and membership levels and benefits, check our website at: http://gowarhawks.net/

ULM FOUNDATION

The ULM Foundation was established in 1961 as a private, non-profit organization dedicated to the growth, development and enhancement of the University of Louisiana at Monroe.

The mission of the Foundation is to function as a service organization to the academic and student development communities by broadening the University’s base of financial support through the coordination and centralization of major fundraising and gift solicitation activities.

The Foundation has grown steadily in assets and in the level and range of support provided to ULM’s academic and student development programs. To date, enrichment activities provided through the Foundation’s development program have touched many areas of university life, including student recruitment, student scholarships, faculty and staff development, and financial aid.

A 35-member Board of Trustees, comprised of business and professional leaders, provide policy and budgetary leadership for the Foundation.

UNIVERSITY CONFERENCE CENTER

The University Conference Center, located on the seventh floor of the University Library, provides support to the educational and public service missions of ULM. Preference is given for allocation of space in the Center to on-campus groups and to functions that are consistent with the mission of the University. Off campus groups may lease the Center, but political, sectarian, fraternal, and non-university related fundraisers are prohibited. For more information call (318) 342-3624.

WAYS OF GIVING

The ULM Annual Fund is the core development program that generates private support for the University of Louisiana at Monroe. Its mission is to raise annual gifts which support the recruitment and retention of outstanding students and the strategic prioritized initiatives of the University.

Other ways of giving to ULM include:

- Cash Gifts
- Estate Gifts
- Memorials and Honoraria
- Major Gifts
- Programs and Securities Gifts
- Real Estate Gifts
- Will Bequests
- Gift Annuities
- Naming Opportunities
- Charitable Trusts

To learn more about ULM’s needs, reasons to give, and levels of giving, check our website at: www.ulm.edu/supportulm.

## Privilege to Continue Enrollment in Terminated Programs

Periodically, programs/curricula are terminated either by Board mandate or University request. In those cases, students are allowed to continue in the programs ONLY IF they maintain continuous enrollment in the program (fall and spring; summer term excluded) AND make progress toward the degree program by earning credit toward the degree. Therefore, any failure to register and earn credit toward the degree in a regular semester will result in a mandatory change of curriculum to an active program.

CHOICE OF MAJOR

Most medical and dental schools have recognized the importance of a broad education with a strong foundation in the natural sciences, well-developed communication skills and a good background in the social sciences and humanities. Any academic major is appropriate provided it is flexible enough to include basic premedical requirements. Recent admissions data published by the Association of American Medical Colleges indicated that about 47% of all applicants majored in biological sciences, 19% in physical sciences and 34% in liberal arts and other areas. The University of Louisiana at Monroe offers a diversity of suitable and interesting undergraduate programs, and excellent pre-professional advising and preparation for students wishing to enter the medical and dental professional schools.

REQUIRED COURSES FOR PREMEDICAL STUDENTS

The minimal course requirements for admission to most medical schools are given below. These courses also prepare a student for the Medical College Admission Test (MCAT). All courses listed must be taken for a grade.

Biology:
(one year with laboratory experience)

- Biology 1020, 1021 (Principles of Biology lecture and lab)
- Biology 2014, 2015 (Introductory Microbiology lecture and lab)

Other courses such as Comparative Anatomy lecture and lab (Biology 3016), Human Physiology lecture and lab (Biology 3010, 3013), Genetics lecture and lab (Biology 3005, 3006) and Histology lecture and lab (Biology 4022) are recommended.

Chemistry:
(two years in chemistry major course sequence: one year inorganic chemistry, one year organic chemistry)

- Chemistry 1007, 1009, 1008, 1010 (General Chemistry lecture and lab)
- Chemistry 2030, 2031, 2032, 2033 (Organic Chemistry lecture and lab)

Biochemistry (Chemistry 3050, 3051, 3052) is strongly recommended.

Physics:
(one year covering mechanics, electricity, magnetism, heat, light and sound)

- Physics 2003, 2004, 2009, 2010 (General Physics, lecture and lab)

English:
(one year of composition)

- English 1001, 1002 (Composition)

Advanced Composition (English 3026) is highly recommended.

OTHER COURSE INFORMATION

CLEP credits, Advanced Placement (AP) credit and correspondence courses will not substitute for required premedical courses. Students with AP credit must take courses beyond introductory courses waived by AP credit. All courses taken (including repeated courses) are counted towards the GPA on medical college applications. See the premedical advisor before repeating a class. Additional information on individual medical college requirements is available in the book, Medical School Admissions Requirements, published by the AAMC. The MCAT Student Manual provides information on the MCAT. It is a good idea to visit the admissions page on the website of the professional school of your choice, at your earliest opportunity.

EXTRACURRICULAR ACTIVITIES

Activities outside of the classroom can enhance an applicant’s chances for admission. Involvement in extracurricular activities may showcase an individual’s leadership skills, organization skills and communication abilities. Community service and experience with some aspect of the medical profession are also desirable. The University of Louisiana at Monroe has a chapter of the premed honor society, Alpha Epsilon Delta (AED), which meets regularly and offers additional opportunities for involvement and insight into the medical profession.

ADVISING

The faculty at the University of Louisiana at Monroe have a strong commitment to student advising. This is particularly critical for students working towards admission to professional programs because of specific requirements that may differ from school to school or change over time. Students are advised each semester before registering to ensure that class schedules are appropriate to their graduation goals. Advisors can also inform premedical students of news and events of interest and can assist them with the medical school application process.

OTHER HEALTH PROFESSIONS

Students interested in attending other related health care fields such as dental school, optometry school, physical therapy school, podiatry school and physician assistant programs are advised as well. Students should consult with the premedical advisor for specific guidance for these programs.
RECRUITMENT AND ADMISSIONS

The Office of Recruitment is committed to assisting prospective students in the decision-making process of choosing the right university for their higher education studies. Our Enrollment Counselors encourage prospective students to attend ULM by providing information about the academic advantages and opportunities our University offers. Our counselors promote campus tours, inform students of the available school services, provide informational brochures and application packets, conduct college information/career day programs, and coordinate and sponsor special recruiting events. They also assist high school counselors, community colleges and businesses in their effort to encourage prospective students to attend ULM.

The Office of Recruitment is also responsible for Student Orientation. Orientation serves as an opportunity to become familiar with all aspects of the University. New freshmen who have been accepted for the fall semester are required to attend one of the five scheduled sessions during the summer. Students will meet with advisors, schedule their fall classes, meet new friends, and become knowledgeable about our campus. Orientation sessions are also offered to parents which will help their son or daughter make the transition from high school much easier. Students and parents will receive information about how to register for the summer orientation program.

The Office of Admissions is responsible for the processing of all applications for admission without regard to race, creed, color, religion, gender, national origin, age, physical or mental handicap, marital status, or veteran's status. The Admissions Office accepts and certifies the validity of transcripts and ACT/SAT test scores for high school and college transfer students.

The Office of Admissions serves as the point of contact for students who need assistance with establishing Louisiana residency for tuition purposes in accordance with State Board regulations and establishes eligibility for and processes the out-of-state fee waiver.

All students are encouraged to apply for admission. ULM offers students who do not meet eligibility requirements the right to appeal for admission to the University. The Appeals Committee’s decision will be affected by the student’s potential for success and the need to enhance the University’s demographically diverse student population, as well as age, ethnic background, experience, and talent.

The Office of Recruitment/Admissions is located in Sandel Hall. For more information concerning admission to ULM, please call (318) 342-5430 or toll free (800) 372-5127 or e-mail admit@ulm.edu. To schedule a campus tour or to receive additional information about our University, please call (318) 342-3806 or toll free (800) 372-5127 or e-mail hawkseekers@ulm.edu.

ADMISSION TO THE UNIVERSITY

GENERAL ADMISSION POLICY

For admission as a regular undergraduate student, an applicant must be a graduate of an accredited high school. A graduate of a non-accredited high school, however, may apply for admission, acceptance of which will be determined by the Recruitment/Admissions Office. Students who have received a high school equivalency diploma from a high school on the basis of completing the General Education Development (GED) tests may apply for admission to the freshman class. Students’ registration at the University may be canceled at any point during the semester if they are determined not to have a high school diploma or GED.

Every degree-seeking beginning freshman and every undergraduate transfer student (full-time or part-time) who has earned fewer than 18 semester hours (exception: adult learners) must complete a University entrance exam, either the ACT or SAT and have official scores sent electronically to ULM. Since certain courses (English/mathematics) have ACT/SAT prerequisites, all students are required to have official ACT or SAT scores sent electronically prior to their enrollment.

All applicants entering through any type of application for admission or readmission must submit the non-refundable application fee. Only general admission to the University is offered to applicants by the Admissions Office. For admission requirements to degree and professional programs, see the appropriate sections of the catalog by college.

The University reserves the right to deny admission in instances which would be detrimental to the student or which would interfere with the capacity of other students to benefit from the ULM educational experience.

Please refer to the Admissions Enrollment Eligibility Policy section for additional information.

ADMISSION BY UNDERGRADUATE APPLICATION

BEGINNING FRESHMEN (under age 25):

1. APPLICATION: Complete and submit an undergraduate application and pay the appropriate admission fee online at www.ulm.edu/apply (a paper application may also be downloaded and completed).

2. TRANSCRIPT: For in-state applicants, the Admissions Office will request high school transcripts electronically at the point of application and upon graduation. Home-schooled and out-of-state students must provide an official high school transcript upon application and after graduation. The final transcript must include final grades and date of graduation. Transcripts should be mailed
to the University of Louisiana at Monroe, Office of Recruitment/Admissions, 700 University Ave., Monroe, LA 71209-1160. Students who have earned a GED (high school equivalency diploma) should submit official GED results to the same address.

3. ACT/SAT SCORE: Official scores from either the ACT or SAT should be submitted electronically to ULM and must be received prior to enrollment. ACT Test (ULM Code-015980) information is available at www.actstudent.org. Tests are given at designated centers in September, October, December, February, April, and June. Internationally, tests are administered at designated centers in October, December, February, April, and June. Register online or call (319) 337-1270. SAT (ULM Code-6482) information is available at www.sat.collegeboard.org. It is administered at designated centers in September, October, December, February, April, and June. Tests are administered internationally as well. Register online or by mail. Detailed information on both tests is also available from high school principals or counselors.

**MINIMUM ADMISSION STANDARDS**

**First-Time Freshmen**

To be eligible for immediate admission, a first-time freshman student must:

1. Complete the Regents Core: 19 units (from Core Curriculum). Those courses in the English, Math, Science, Social Studies, Foreign Language, and Art categories as defined in the Core 4 Curriculum listed in the Department of Education Bulletins 741. http://www.doe.state.la.us/bese/policies.html (Louisiana Handbook for School Administrators, Section 2318; Louisiana Handbook for Non-public School Administrators, Section 2109), and
2. Earn a 2.35 minimum overall high school GPA, and
3. Require no more than one developmental course: Minimum ACT subscore:
   - English ≥ 18 (SAT Verbal ≥ 450)
   - Mathematics ≥ 19 (SAT Math ≥ 460)
4. And meet one of the following requirements:
   - 2.00 minimum Core GPA, or
   - 21 minimum ACT composite score

For admissions purposes, a First-Time Freshman is a student under the age of 25 who has never attended any college or other post-secondary institution. This includes students enrolled in the fall term who attended college for the first time in the prior summer term and those who entered with college credit earned before graduation from high school.

Students who are 25 years or older must refer to Adult Learner admissions standards. All students are encouraged to apply for admission even if they do not meet the above criteria. Such applications will be reviewed on an individual basis and evaluated to determine likelihood of success at ULM.

International students should refer to ULM Admission Standards for International Students.

Students who are not admitted to ULM should consider a 2 + 2 Community College.

**TRANSFER STUDENTS (under age 25)**

1. APPLICATION: Complete and submit an undergraduate application and pay the appropriate admission fee online at www.ulm.edu/apply (a paper application may also be downloaded and completed).
2. TRANSCRIPTS: Request the Registrar of each college or university forward a complete and official transcript of work. An official transcript is one mailed directly from one institution to another and bears the institution’s seal, Registrar’s signature, and date of issuance. Transcripts should be mailed to the University of Louisiana at Monroe, Office of Recruitment/Admissions, 700 University Ave., Monroe, LA 71209-1160.
3. IF FEWER THAN 18 COLLEGE-LEVEL ACADEMIC HOURS EARNED: A transfer applicant who has earned fewer than 18 college-level academic hours will be considered a First-Time Freshman for admissions purposes. See previous section for selective admissions criteria and application information
4. ACT/SAT SCORES: ULM reserves the right to require ACT/SAT scores for transfer students whose grades earned do not reflect satisfactory college-level performance.

**MINIMUM ADMISSION STANDARDS**

**Transfer Students**

To be eligible for immediate admission, a transfer student must have earned:

- a transferable associate degree (AA or AS), or
- 1) 18 college-level academic hours, with a
- 2) 2.00 minimum GPA, and
- 3) have completed a college-level English AND a college-level mathematics course designed to fulfill general educational requirements.

- A Transfer Student is a new applicant to ULM who has previously attended another US postsecondary institution. The DOES NOT include students enrolled for the first time in the summer.
- Students transferring from non-US postsecondary institutions must meet minimum standards. Admissions decisions will be made after receipt of academic transcript evaluation from an accredited evaluation service (WES is preferred - www.wes.org)
• International students for whom English is a second language and whose language of instruction is English are required to successfully complete a ULM English proficiency test. They must have completed a college-level Mathematics and be eligible to enroll in a college-level English course.

• A student desiring to transfer who has earned fewer than 18 college-level hours must have a 2.0 minimum GPA on college-level academic courses and must meet admission standards for First-Time Freshmen.

The requirements listed above are for general admission to the University only. Admission to specific/ professional degree programs will be determined at the college level.

All students are encouraged to apply for admission. Students not meeting the above criteria will be considered for admission based on an individualized evaluation of their likelihood of success at ULM.

Applicants with previous college or university work from regionally accredited institutions may apply for admission only if eligible to return to the college or university from which they are transferring. The Recruitment/Admissions Office will make an admissions evaluation upon receipt of the application and official transcripts from each college and university previously attended. Transcripts of students who enroll are retained by the University for its official files.

Students will be admitted on probation according to current probation policy.

Transfer students will be placed on Provisional Academic Probation until all official transcripts have been received and their academic status has been determined. Those students placed on Provisional Academic Probation will be suspended from the University should they fail to earn at least a C average (2.0) on all hours pursued.

Students on Provisional Academic Probation will not be allowed to enroll at ULM for subsequent enrollment periods, nor will an official ULM transcript be released, until all official transcripts or other required missing credentials have been received.

Students from any other institution of higher learning will not be permitted to enroll while under suspension unless appeals criteria are met. Previous academic suspensions will be counted.

Transfer students under academic suspension for indefinite periods of time (length not specified) will not be considered for admission until such intervals of time would have elapsed had the suspension been incurred at ULM.

Evaluations concerning probation, suspension, grades, grade point average, and hours pursued and earned are based on prevailing ULM standards, regardless of previous determinations at other institutions the student has attended.

Please refer to the Admissions Enrollment Eligibility Policy section for additional information.

MINIMUM ADMISSION STANDARDS
Non-Traditional Students (Adult Learner)

Adults aged 25 and over as of the end of the calendar year of application who are defined as entering freshmen must meet the following minimum admissions requirements:

Student must:

• be a high school graduate or
• have a earned a General Educational Development equivalency (GED) diploma, and

Require no more than one developmental course (minimum ACT English 18/SAT Verbal 450 or ACT Math 19/SAT 460.) Students who have not taken the ACT/SAT are required to successfully complete either the English or mathematics tests at the ULM Testing Center. A small fee is charged for testing. Contact the ULM Testing Center for information on placement testing: (318) 342-5336 or www.ulm.edu/testingcenter.

Adults aged 25 and over as of the end of the calendar year of application who are defined as transfer students must meet ULM Minimum Admissions Standards for Transfer Students.

To apply for admission, submit the following:

1. APPLICATION: Complete and submit an undergraduate application and pay the appropriate admission fee online at www.ulm.edu/apply (a paper application may also be downloaded and completed).

2. TRANSCRIPT: For in-state applicants who graduated before 2002, the Admissions Office will request high school transcripts electronically. Home-schooled and out-of-state students must provide an official high school transcript. The final transcript must include final grades and date of graduation. Transcripts should be mailed to the University of Louisiana at Monroe, Office of Recruitment/Admissions, 700 University Ave., Monroe, LA 71209-1160. Students who have earned a GED (high school equivalency diploma) should submit official GED results to the same address.

3. ACT/SAT SCORE: If the ACT/SAT was taken, official scores from either the ACT or SAT should be submitted electronically to ULM and must be received prior to enrollment. ACT Test (ULM Code-1598) information is available at www.actstudent.org. SAT (ULM Code-6482) information is available at www.sat.collegeboard.org.

The requirements listed above are for general admission to the University only. Admission to specific/ professional degree programs will be determined at the college level.
TRANSFER CREDITS POLICY

1. Students wishing to transfer credits from another institution to the University of Louisiana at Monroe (ULM) must file an official transcript from that institution with ULM’s Office of Recruitment and Admissions.

2. The extent to which credit earned in other colleges and universities is accepted toward fulfilling degree requirements at ULM is determined by the dean of the student’s college. Only work that applies toward the curriculum the student selects at ULM and that demonstrates satisfactory final grades will be applied to the student’s degree plan.

3. No credit will be granted or recognized for work done by a student while under suspension from any educational institution unless the student meets ULM admissions and appeal requirements for that enrollment period.

4. The Statewide Student Transfer Guide and Articulation System Matrices (Board of Regents’ E-matrix) indicate transfer equivalences of courses among Louisiana’s public colleges and universities and may be accessed through the Board of Regents’ Web page at www.regents.state.la.us. The matrices are not all-inclusive; there are additional courses that articulate between campuses. Students are advised to contact their dean’s office or the Office of Recruitment and Admissions if they are unclear about whether academic credit at other institutions is transferable.

5. Freshman English courses taken from colleges and universities where English is not the native language will not transfer to satisfy ULM’s requirements for English 1001 and 1002. A student with such credit must take ULM’s English 1001 and 1002 or pass the appropriate CLEP tests for credit in freshman English. This policy applies to all international, resident alien, and U.S. and naturalized citizen students.

6. After students enrolled at ULM have earned 60 semester hours of non-developmental credits, they may not transfer credits earned in a two-year college to fulfill degree requirements, unless authorized to do so by their academic dean. Earned hours/credits refer to those associated with a course in which the student’s final grade is A, B, C, D, or CR.

7. If the college does not approve a transfer course for general education credit, the student may petition the Office of Academic Affairs for a decision.

8. All hours pursued by a student are used in determining the cumulative grade point average of that student, and all course work is posted to that student’s ULM transcript.

9. Transfer Credit Practices of Designated Educational Institutions, by the American Association of Collegiate Registrars and Admissions Officers, is used as a basis for determining the accreditation status of other institutions. The policies and publications used to determine the acceptance of credit earned through nontraditional means and the acceptance or nonacceptance of credits granted by another institution through nontraditional means (e.g., military credit, credit by examinations, or other methods) are on file in the Registrar’s Office.

INTERNATIONAL STUDENT PROGRAMS AND SERVICES

International Student Programs and Services welcomes international students and helps them achieve a successful and positive experience at ULM. The social and cultural enrichment these students bring to our campus is immeasurable. International students who have questions regarding admission may contact the Undergraduate Admissions Office at (318) 342-3059, Fax (318) 342-1915, or jordan@ulm.edu. Students who have questions about maintaining student status, F-1 and J-1 visas, arrival information, etc., may contact International Student Programs and Services, Walker Hall, (318) 342-5225, fax (318) 342-6764, or e-mail; international@ulm.edu.

International Student Programs and Services provides information and assistance regarding University regulations, immigration, and other matters. All international students are required to visit and maintain contact with the International Student Advisor as soon as they arrive on campus.

Undergraduate international students must submit the following application materials before eligibility for admission can be determined.

Steps to Admission:

1. APPLICATION: Complete and submit an undergraduate application and pay the $30 admission fee online at www.ulm.edu/apply (a paper application may also be downloaded and completed).

2. TRANSCRIPT: Freshman students should submit an English translation of their transcript and original graduation certificate examination results. Transfer students should submit English translations of transcripts from each university attended. If the student attended a university outside the US, he/she must also provide a credit evaluation by World Education Services (www.WES.org) or other accredited evaluation service.

3. IELTS or TOEFL/SAT or ACT SCORES: International students should submit official IELTS or TOEFL scores if the student’s language of instruction is not English. (TOEFL code-6482). Additionally, freshmen internationals must submit official SAT (SAT code-6482) or ACT (ACT code-1598) scores.
4. Submit a Statement of Financial Backing and Understanding (www.ulm.edu/enroll/FinBack.pdf) with a copy of the sponsor’s bank statement showing sufficient funds to cover the cost of attending college.

All materials should be submitted before the following deadlines:

Fall (August-December) Semester May 1
Spring (January-May) Semester October 1
Summer (June-July) Term February 1

MINIMUM ADMISSION STANDARDS
International Students First Time Freshmen

To be eligible for immediate admission, an International First Time Freshman student must meet the following requirements:

The student must:
1. Be admissible to a university in his/her home country
2. Have completed secondary program comparable to US high school graduation with a minimum 2.50 GPA.
3. Require no more than one developmental course (Minimum SAT Critical Reading 450/Math 460), or a successful score on the COMPASS exam administered by ULM to students from countries that do not offer the ACT/SAT, or for conditionally admitted international students
4. Have an SAT minimum 980 in Critical Reading + Math if GPA is lower than 2.50.

In addition, the International First Time Freshman student must demonstrate English proficiency:
1. The student’s language of instruction is English,
OR
2. Minimum score of 5.5 on IELTS or 61 Internet/173 computer/500 paper on TOEFL (7 IELTS/100 TOEFL makes student eligible for English 1001)

CONDITIONAL ADMISSION may be granted to international students who meet admissions requirements but need further English language improvement. Students who need such improvement can only be admitted conditionally for the fall semester and must attend an intensive intermediate language program on the ULM campus in June and/or July, depending on test scores.

A score of 4.5 – 5.4 IELTS or 15-45 on the writing portion of the IBT for TOEFL allows student to be admitted conditionally for summer only. The student is required to successfully complete the ULM Summer ESL Program and is then enrolled in ESL 1003 in August.

MINIMUM ADMISSION STANDARDS
International Transfer Students

An International Transfer Student is one who has previously attended another postsecondary institution. This DOES NOT include students enrolled for the first time in the summer. An international student desiring to transfer to ULM who has earned fewer than 18 college-level hours must meet International First-Time Freshman minimum admissions requirements, above.

To be eligible for immediate admission, an International Transfer Student must have:

A. earned a Transferable Associate Degree (AA or AS), OR
B. Met the following requirements
   a. Earned 18 college-level academic hours, and
   b. Minimum 2.50 GPA, and
   c. Must have completed a college-level mathematics and be eligible to enroll in a college-level English course (ESL 1003 or ENGL 1001)

In addition, the International Transfer Student must demonstrate English proficiency:
1. The student's language of instruction is English,
OR
2. Minimum score of 5.5 on IELTS or 61 Internet/173 computer/500 paper on TOEFL (7 IELTS/100 TOEFL makes student eligible for English 1001)

CONDITIONAL ADMISSION may be granted to international students who meet admissions requirements but need further English language improvement. Students who need such improvement can only be admitted conditionally for the fall semester and must attend an intensive intermediate language program on the ULM campus in June and/or July, depending on test scores.

A score of 4.5 – 5.4 IELTS or 15-45 on the writing portion of the IBT for TOEFL allows student to be admitted conditionally for summer only. The student is required to successfully complete the ULM Summer ESL Program and is then enrolled in ESL 1003 in August.

ADDITIONAL ADMISSION INFORMATION
For International First Time Freshmen and Transfer Students

International student-athletes must also meet NCAA Clearinghouse requirements.
ULM reserves the right to test those students whose language is not English for English language proficiency. International students may not circumvent the ESL requirement by taking freshman English at another institution while concurrently enrolled at ULM. If deficiencies exist, the student must complete ESL 1003 satisfactorily before accumulating more than 24 hours of credit.
Group hospitalization insurance is mandatory for all international students. Enrollment in the student group hospitalization insurance program is mandatory at time of registration unless proof of comparable coverage by a private or government-sponsored agency is provided. Such proof will be determined by the Office of Student Services.

For more information, visit www.ulm.edu/international.

GOLD — Gateway to Online Degrees

University of Louisiana at Monroe GOLD program is designed to enable adult learners to utilize the convenience and flexibility of online learning to earn a college degree. The opportunity to accelerate the process is offered through non-traditional course schedules of four and eight week sessions. There are a variety of degrees offered online. For a complete list of online degrees, visit the website at www.ulm.edu/gold

VISITING STUDENTS

Visiting students are those currently enrolled at another institution who wish to attend one semester or summer term at ULM and transfer the credit back to their home institution. They may be admitted by filing a visiting student application online at www.ulm.edu/apply and an official letter of good standing from the Registrar of their home institution. Students wishing to enroll in classes with pre-requisites must also submit official transcripts to verify eligibility to enroll in those courses. Students who decide to transfer to ULM after one contiguous term as a visiting student will be required to submit a regular undergraduate application. Visiting students are not eligible to receive any federal financial aid.

READMISSION

Returning students who have missed six consecutive terms (attending or applying for one or both summer sessions is considered participation in a term) or longer are required to submit a new application and application fee for readmission before the student will be eligible to re-enroll. All students must be advised before they are permitted to enroll in their classes. If a student has attended other institutions in the interim, he/she is considered a transfer student and must reapply. If a student attends ULM during a period of suspension from another institution and does not meet the appeal criteria, all credits earned under the suspension will be voided.

COLLEGIATE PROGRAMS

The Collegiate Admissions Program provides an opportunity for exceptional high school sophomores, juniors and seniors to earn college credit. Applications for the Collegiate Admissions Program are available through high school guidance counselors or the ULM Office of Recruitment/Admissions. Classes are taught on the ULM campus.

Admission Requirements:
• of at least sophomore year (10th grade) standing
• pursuing the Core 4 Curriculum
• minimum ACT composite score of 18
• minimum ACT subscore of 18 in English or 19 in mathematics
• Minimum 3.0 cumulative GPA
• Meet all course prerequisites

Students who have a 2.5-2.9 cumulative GPA will be considered for admission if they have an ACT composite score of 23 or higher.

Students must submit an application for admission along with the admission fee, recommendation from their high school principal, class selection form and a copy of social security card, and proof of immunization form. ULM will obtain an electronic copy of the high school transcript for all Louisiana residents. Official ACT scores are required.

Students participating in the collegiate program are not allowed to receive talent grants, academic scholarships or dependent fee waivers.

Tuition for students enrolled in collegiate program classes will be $150 per 3-hour course. Additional course fees may apply.

Students participating in the collegiate program are limited to a maximum of 9 hours per semester for a total of 6 semesters, exclusive of summer sessions.

Early Start (Dual Enrollment) Program- This program allows students to earn college credit while enrolled in selected courses taught in their high schools.

Students must:
• be of at least sophomore (10th grade) standing
• be pursuing the Regents /TOPS Core or the Louisiana Core 4 curriculum
• have a PLAN composite score of at least 18 or an ACT (or an equivalent SAT) composite score of at least 18 to enroll in a college degree course
• have a PLAN or ACT (or an equivalent SAT) English sub-score of at least 18 to enroll in an entry level English college degree course
• have a PLAN or ACT (or an equivalent SAT) mathematics sub-score of at least 19 to reenroll in an entry level mathematics college degree course
• have a minimum 3.0 cumulative GPA or a 20 ACT composite score
• meet all course prerequisites

Students who have a 2.5-2.9 cumulative GPA will be considered for admission if they have an ACT composite score of 23 or higher. Students with less than a 2.0 cumulative GPA are not eligible to participate in the Early Start (dual enrollment) program.

In addition, students must submit necessary applications, transcripts, ACT scores and pay fees and tuition. To receive college credit, the student must be enrolled in the high school course for a full year and complete all course with a grade of A or B. If a student is pursuing an academic endorsement to his or her diploma, acquiring college credits may satisfy one of the components of the endorsement.
Tuition for students enrolled in Early Start (dual enrollment) program classes will be $150 per 3-hour course.

Students participating in the Early Start (dual enrollment) program are not allowed to receive talent grants, academic scholarships or dependent fee waivers.

Students participating in the Early Start (dual enrollment) program are limited to a maximum of 9 hours per semester for a total of 6 semesters, exclusive of summer sessions.

SPECIAL NON-DEGREE ACADEMIC PROGRAM (SNAP)

Undergraduate students wishing to enrich their educational background without pursuing a degree at the University of Louisiana at Monroe may enroll as special non-degree students. This program is available to the following applicants:

1. Students 19 years or older
2. High school graduates and non-high school graduates
3. Students who have attended other collegiate institutions and are eligible to return

Applicant must:
1. File an application for admission as a special non-degree student with the application fee.
2. Submit an official transcript from the last college attended, if attendance was within the past year.

Non-degree-seeking students are cautioned that course work pursued while in this classification may not necessarily apply toward a degree at ULM. Once non-high school graduates have earned 24 semester hours, they may petition the Registrar for instatement as degree-seeking students. When transfer students wish to enter degree-seeking status, they must present official transcripts from each institution attended so their academic standing can be determined.

Applicants admitted as non-degree students may not be eligible for financial aid or Veterans Administration educational benefits, since both require students to be enrolled in degree-awarding programs. Also, applicants may pursue only undergraduate courses and are limited to a maximum of 6 semester hours in a regular semester or summer term. Since certain university courses require prerequisites, applicants should check the University catalog for course sequences.

Please refer to the Admissions Enrollment Eligibility Policy section for additional information.

ADMISSIONS ENROLLMENT ELIGIBILITY POLICY

Applicants who submit an application but fail to enroll for the term indicated on the application will be permitted registration for six consecutive terms (attending or applying for one or both summer sessions is considered participation in a term.) Applicants who do not enroll for the term for which they applied must call the Office of Recruitment/Admissions to reactivate their application. After six terms without enrollment, applicants will be required to submit a new application, an application fee, and all required credentials.

Applicants who enroll and maintain academic eligibility will remain eligible for registration until a lapse of enrollment for six consecutive terms occurs or until graduation.

It is the responsibility of the student to inform ULM of any attendance at other institutions once eligibility is determined by the Recruitment/Admissions Office. Students under academic suspension from another institution are not eligible to enroll at ULM. Should a student fail to inform the ULM Recruitment/Admissions Office of ineligibility and attend while under suspension, credits earned will be voided.

RESIDENT AND NON-RESIDENT CLASSIFICATION

The residence status of an applicant or student is determined in accordance with Louisiana Board of Regents regulations and is based upon evidence provided in the application for admission and related documents. Residence status is determined by the Office of Recruitment/Admissions after the completed application for admission has been submitted. Regulations are based primarily on the location of the home and place of employment. Residence status may not be acquired by an applicant or student while residing in Louisiana for the primary purpose of attending school. Resident status is not determined for undergraduate students registered for six semester hours or fewer; graduate students for three semesters or fewer; or all non-resident students enrolled in up to six semester hours of graduate or undergraduate courses offered through web-based instruction, when domiciled outside of the state of Louisiana and not enrolled in any other courses at the University. It is the responsibility of the student to provide the University with the evidence deemed necessary to establish the residence status:

1. Applicants living with their parents are classified as residents, if the parents have established a bona fide residence in Louisiana. Ordinarily, a parent is considered to have established a residence in Louisiana if he/she actually resides and is employed full time in the State. A parent who is unable or chooses not to be employed, may be considered to have established a residence in Louisiana if there is convincing evidence that he/she continuously resides in Louisiana. If only one parent qualifies as a resident of Louisiana, the student shall be classified as a resident provided that student resides with the parent who is a resident of Louisiana. An individual who resides in Louisiana and is employed full time in another state may be classified as a resident. In such a case,
appropriate documentary evidence must be presented.
2. Students residing with their parents and enrolling as non-residents are classified as residents if the parents move to Louisiana and acquire residence as defined in these regulations.
3. Persons may be classified as residents of Louisiana at the end of twelve consecutive months of residence, if they have been employed in Louisiana, and if during that period they have not been registered in an educational institution for more than six semester hours or its equivalent in any semester. Persons who are unable to be employed and who have not been registered in any educational institution for more than six semester hours or its equivalent in any semester may acquire residence in Louisiana if there is convincing evidence that they continuously resided in Louisiana for twelve consecutive months immediately preceding registration.
4. A student who is married to a Louisiana resident may acquire the residence status of his/her spouse.
5. Persons who reside in Louisiana for at least two years (exclusive of military service) and who then move to another state or foreign country retain the right to enroll themselves or any of their dependents as a resident for a period equal to the number of years they resided in Louisiana, but the right shall expire for a person who resides for a period of two years in another state or foreign country.
6. Members of the Armed Forces currently stationed in Louisiana and their dependents shall be classified as Louisiana residents. Military personnel who were stationed in Louisiana immediately prior to their release from active duty may enroll themselves or their dependents as residents during a period not to exceed 6 months after the date of release, provided that the term of active duty shall have been no less than 12 consecutive months.
7. Members of the Armed Forces who were residents of Louisiana immediately prior to entering the Armed Forces retain the right for themselves or any of their dependents to be classified as a resident as long as they are in the Armed Forces and for a two-year period after leaving the Armed Forces.
8. A resident of Louisiana does not lose the right to be classified as a resident during periods of employment in a foreign country.
9. An alien who has been lawfully admitted to the United States for permanent residence as an immigrant (proof of such status in his possession of his Form I-551-Alien Registration Receipt Card or passport officially stamped "approved as resident alien") and who has established residence under any of the foregoing provisions shall be declared a resident of the State.

10. A student may be declared a resident if either parent is a graduate of the institution which the student attends.
11. A student who graduates with an associate or higher degree may be classified as a resident for subsequent enrollment at that same institution.

FINANCIAL AID

The ULM Office of Financial Aid Services supports the mission of the University by assisting students in reducing or eliminating financial obstacles which might prohibit them from attaining an education. At ULM, we understand the financial burdens placed on students and their parents when pursuing a college education. The Office of Financial Aid Services is designed to help students and parents find the type of aid that best suits their needs.

Financial aid programs offered through ULM are scholarships, grants, loans, and employment. For additional information or questions, visit our website at http://finaid.ulm.edu. The Financial Aid Office is located in George T. Walker Hall 1-122.

Financial Aid is intended to assist students in financing their education when family and personal resources are not adequate to meet their total educational cost. There are three types of direct aid:
1. Grants - no repayment necessary. Based on financial need, students must apply using the Free Application for Federal Student Aid (FAFSA).
2. Loans - financial awards with a low interest rate. Repayments usually begin 6-12 months after graduation or withdrawal from school.
3. Employment - provides federal work study jobs for students while attending school. ULM has two employment programs – on-campus and off-campus opportunities.

For a detailed explanation of the federal programs and how they are processed, consult the ULM Financial Aid Guide on our website at http://finaid.ulm.edu/.

THREE STEPS TO APPLYING FOR FINANCIAL AID

NOTE: Apply early for admission to ULM. You may obtain an Application for Admission from the Office of Recruitment and Admissions (Sandel Hall, Phone 318-342-5430) or on-line at www.ulm.edu. You must be admitted to ULM before aid can be awarded.

STEP 1. Apply for a Personal Identification Number (PIN) from the U.S. Department of Education. The PIN is required to complete your financial aid application on-line. Parents should also apply for a PIN. To apply for a PIN, go to www.pin.ed.gov

STEP 2. Complete the Free Application for Federal Student Aid (FAFSA). The FAFSA begins the process for financial assistance. The 2012-2013 FAFSA became available on-
line after January 1st at www.fafsa.ed.gov. It is recommended to file your FAFSA on-line. The electronic completion will take approximately 2-4 weeks for a response, where paper applications will take four to six weeks. When completing the application, make certain you list ULM's Title IV school code (002020) so that your results can be electronically transmitted to ULM.

STEP 3. After filing your FAFSA, you will receive your Student Aid Report (SAR) either by mail or on-line. The Department of Education sends this to you after your FAFSA has been analyzed. Read it carefully. Make certain that everything is correct and complete. The Office of Financial Aid Services will receive your information electronically and will notify you if further documentation is necessary for processing.

- If you are a Pharmacy student requesting a Health Professions Loan, you must complete the parental section of the FAFSA even if you are independent. Federal law requires parental information must be provided to determine eligibility for this loan.
- You must maintain Satisfactory Academic Progress (SAP)

SATISFACTORY ACADEMIC PROGRESS POLICY (SAP)

Policy Basics

Federal regulations require all schools participating in Title IV federal financial aid programs to have a Satisfactory Academic Progress policy that conforms to the requirements listed below. These requirements apply to all students receiving Title IV federal aid.

- Your SAP status is based on your entire academic record, at all schools attended, regardless of whether you received financial aid.
- SAP is calculated each semester (including summer) after grades have been posted to academic history by the Registrar’s Office.
- At the conclusion of the first term that SAP is not met, you will be placed on a WARNING status and allowed to receive financial aid for one semester.
- Students who fail to meet SAP requirements by the end of the WARNING semester will be placed on FINANCIAL AID SUSPENSION. Students on suspension are no longer eligible for financial aid.

SAP Notification

- A notice will be sent to your university email at the completion of each semester SAP review.

- Status of your academic progress and reasons for loss of financial aid eligibility can be viewed on your Banner account under Financial Aid Status.
- A good time for you to check your status is one week after the last day of final exams.
- It is your responsibility to monitor your academic progress status and understand all requirements of the Satisfactory Academic Progress Policy.

Transfer Students

- Transfer students must meet all requirements of ULM’s SAP Policy to qualify for financial aid.
- Your SAP status will be based on all attempted hours from all schools attended.
- You will not be awarded financial aid until all official transcripts from all previous institutions have been received and reviewed by ULM.
- If your SAP status is incomplete, you must still pay your bill by the payment deadline, or your classes will be dropped for non-payment.

The following are considered when evaluating a student’s SAP:

- Grades of A, B, C or D are considered attempted and earned hours.
- W, I, F, NC, and IP grades are considered attempted but not earned hours.
- Audited courses are considered attempted but not earned hours.
- Remedial courses are included in the calculation of both attempted and earned hours.
- The federal government does not exempt hours included in Academic Renewal. Therefore, these hours are included as attempted hours in calculation of the completion rate and the maximum time requirements.

SAP Requirements

There are three SAP requirements. Failure to comply with one or more of the following requirements will result in the loss of financial aid eligibility.

1. GPA Requirement

   The GPA requirement sets a minimum cumulative grade point average for your classification.

   - Undergraduate Students: 2.0
   - Graduate Students: 3.0
   - Doctor of Pharmacy: Must meet academic requirements specified by the ULM College of Pharmacy to advance within the professional program.
2. **Credit Hour Completion Rate (Pace) Requirement** The credit hour completion requirement sets an expected progression in your degree program.

- All students must earn a minimum 67% of all hours attempted. Completion rate is determined by dividing the total number of hours earned by the total number of credit hours attempted.
- The completion rate for graduate students is calculated using only credits attempted and earned at the graduate level.
- The completion rate for Pharmacy students is calculated using only credits attempted and earned at the professional level.

3. **Maximum Time Limit Requirement**

- As you get close to your maximum time requirement your academic progress status, located on your Banner Self Service account under Financial Aid Status, will remind you that you are getting close to the maximum time allowed for your degree.
- It is your responsibility to monitor your academic progress status and know the number of hours allowed for your degree.
- Your maximum time requirement will not be extended to include major changes, double majors or minors.
- You are no longer eligible for financial aid (including federal student loans) beyond the following number of attempted hours:
  - **Associate Degree**: 90 hours
  - **OTA Degree**: 111 hours
  - **Bachelor Degree**: 180 hours
  - **Graduate Degree**: To determine maximum time frame, multiply the total hours required for the degree by 150%. For example, if your program requires 33 hours, the maximum time limit would be 49 hours (33 x 150% = 49).

  **Doctor of Pharmacy**: A student must earn his/her professional degree within the time limitations set by the ULM Department of Pharmacy, as defined in the student handbook for a professional program.

**Automatic Reinstatement**

Financial aid eligibility can be re-established automatically after you raise your Completion Rate and Cumulative GPA to the required level and you have not exceeded the maximum time allowed for your degree.

- Financial aid eligibility cannot be re-established by non-attendance or paying out of pocket for a semester.

**Appeal Process**

**Appeals will not be reviewed for summer.**

There is an appeal process for the Completion Rate and GPA Requirement and a separate process to appeal the Maximum Time Frame allowed for your degree.

**Completion Rate and GPA Appeal Process**

You may appeal your financial aid if there were extenuating circumstances that prevented you from meeting the 67% completion rate and/or the minimum GPA requirement.

Submit a letter outlining the following items:

- Describe in detail your extenuating circumstances for each semester you failed to meet SAP and how your performance was affected.
- Describe how the documentation you are attaching supports your appeal.
- Explain the steps you have taken to ensure academic progress in the future.

Examples of extenuating circumstances that will be considered include but are not limited to:

- Unexpected serious illness or injury.
- Death or extended illness of an immediate family member during the time period in which you did not meet SAP requirements.
- Significant trauma in your life that impaired your emotional or physical health.

Federal regulations are clear that students may not make subsequent appeals for the same reason as a previous appeal. *This also includes known chronic medical conditions. Students are expected to balance school with these conditions.*

Examples of extenuating circumstances not considered for an appeal include but are not limited to:

- Loss of internet service
- Books not ordered on time
- Books not available in time
- Personality conflicts with instructor
- Car broke down
- Loss of child’s daycare provider
- Lack of funding to cover travel expenses

You must submit supporting documentation for your extenuating circumstances, such as:

- A letter from a health care provider who has treated you and can certify that the medical condition impaired your ability to successfully complete the coursework attempted. This medical documentation should coincide with the time period you failed to make academic progress.
• Written verification of the family member’s death and relationship to you, such as a death certificate or obituary. Verification documentation should coincide with the time period you failed to make academic progress.

• Documentation that supports your extenuating circumstances. Such as a letter from a third party professional (healthcare, legal, clergy, etc.), police reports, or other pertinent documentation that you feel supports your appeal.

**Maximum Time Frame Appeal Process**

You may appeal for an extension for the time allowed for your degree. You must be meeting both the 67% completion rate and the minimum GPA requirements to qualify for an extension.

• You may appeal the maximum time frame allowed for your degree if there were circumstances that prevented you from completing your degree within the time allowed.

• Multiple changes in major, repeating classes and/or excessive grades of F, I, NC, or W are not adequate reasons for exceeding the maximum time frame. Appeals submitted for these reasons alone will not be approved.

1. Complete Maximum Time Frame Appeal Form and have the form signed by an advisor from your Department or College.

2. Attach a degree plan confirming the classes listing hours required for the completion of your degree. Your degree plan can be provided to you by your Department or College. A print out from Flight Path cannot be substituted for a current degree plan.

3. Type a letter explaining the circumstances that prevented you from graduating within the maximum time allowed for your degree. You will need to submit documentation to support the circumstances explained in your letter.

4. Appeals will be reviewed on a case-by-case situation.

Submit the appropriate Appeal Form, letter and required documentation as a complete packet to the Office of Financial Aid Services, Walker T. Hall Room 1-123, Monroe, LA 71209 or Fax to (318) 342-3539. Include your CWID on all information submitted. Your letter and documentation must be attached to the Financial Aid Appeal Form; incomplete appeals will not be reviewed.

If your appeal is denied, you will be responsible for any remaining balance owed the University.

**Appeal Decision**

You can view your appeal decision on your Banner account by going to Financial Aid Status, and then double click academic progress status within 2-4 weeks.

**Your appeal will result in one of the following decisions:**

- Appeal approved for one semester. You will be awarded financial aid for one semester and must be meeting SAP requirements by the completion of the semester in order to receive financial aid for the following semester.

- Appeal approved on an academic plan. You will be awarded financial aid and be held to specific requirements each semester until meeting SAP requirements.

- Appeal approved for a time frame extension. Coursework will be limited to the courses required on your Time Frame Appeal. In addition, you must earn a minimum 2.0 each semester and successfully complete all courses enrolled while on extension.

- Appeal approved for a second degree. Coursework will be limited to the courses required for your second degree.

- Appeal Denied.

**RESIGNATION POLICY FOR STUDENTS RECEIVING FEDERAL FINANCIAL AID**

Students who receive Title IV Financial Aid, excluding the Federal Work-Study Program, will be subject to the Return of Title IV Funds Policy if the student withdraws before completing 60% of the semester in which the student was disbursed Title IV Aid.

The current policy, as a result of the Reauthorization of Higher Education Act of 1965, went into effect during Fall 2000 semester. Students must return unearned portions of the Title IV Funds to the Title IV Program.

- The student’s withdrawal is used to determine the student’s percentage of earned aid. The withdrawal date also is used to determine what percentage of the enrollment period the student actually completed.

- The percentage of earned aid is subtracted from 100% to determine the amount of Title IV Aid the student has earned. (This is the student’s percentage of unearned aid).

- The percentage of unearned aid is multiplied by the amount of Title IV Aid that has been disbursed to the student to determine the amount of aid that the student must return.
• The amount of Title IV Funds that the school must return to the Title IV Program is calculated by multiplying the total institutional cost by the percentage of unearned aid. If the percentage of earned aid is greater than 60%, the student does not have to return Title IV Aid.

RESIGNATION WITHDRAWAL POLICY

After enrolling in classes, a student who wants to resign must:
• Consult the ULM Schedule of Classes for dates and times to drop classes and notify the Residential Life Office to cancel a Room and Meal Contract if such contract was requested by the student.

OR

• After the registration period, notify the Registrar’s Office in writing to cancel classes and notify the Residential Life Office in writing to cancel a Room and Meal Contract.

• Merely discontinuing class attendance is not considered to be a formal resignation from the University. Students who discontinue class attendance who fail to follow the established resignation procedure will be held responsible for all tuition and fees.

ALSO

• Students who receive Federal Financial Aid and who stop attending classes without officially resigning are subject to the Return of Title IV Funds (see above). The student’s professors will be contacted to verify the last date of class attendance.

FEDERAL LOANS

Applicants for all loan programs must complete the FAFSA.

The HEALTH PROFESSIONS LOAN PROGRAM is available to full-time students enrolled in Pharmacy. Students determined to have exceptional financial need and who are making satisfactory progress toward graduation are eligible for this program. The interest rate on the loan is 5% and repayment of the loan begins 12 months after the student graduates, drops below full-time, changes his/her major, or withdraws from the University. The student’s professors will be contacted to verify the last date of class attendance.

THE DIRECT SUBSIDIZED LOAN PROGRAM provides affordable loans to students that are enrolled at least half-time, are meeting the minimum standards of Satisfactory Academic Progress, and have been determined to have unmet financial need as defined by federal guidelines. The amount of eligibility varies depending on the amount of the student’s unmet need and the number of academic hours earned to date. The interest accrued on the loan is paid by the government and principal payments are deferred as long as the student remains enrolled on at least a half-time basis and meets certain other pertinent criteria. Repayment of the loan begins 6 months after the student graduates, drops below half-time, or withdraws from the University.

THE DIRECT UNSUBSIDIZED LOAN PROGRAM. Loans are available to students on a non-need basis. While appropriately enrolled in school, the student has the option of paying the accrued interest on the loan while or allowing the interest to be capitalized into the balance of the loan. Principle and interest payments begin six months after the student graduates or drops below half-time enrollment status.

THE ALTERNATIVE LOAN PROGRAM is offered to students by lenders; however, the interest rates and loan terms vary from lender to lender. Therefore, it is a good idea to research these alternative loan programs before you apply. The loan amount awarded is not to exceed the Cost of Attendance (less other aid received). Students must apply on-line for this loan at http://finaid.ulm.edu. Click on Financial Aid for Fall 2011/Spring 2012 to see information concerning this type of loan. (Note: This loan should only be considered when your loan options for the Direct Loan program have been exhausted. A FAFSA must be completed before an alternative loan can be awarded.)

Student Employment

The student employment program provides a large number of students with the opportunity to earn part of their expenses by working in the Library, Post Office, academic and administrative offices, and many other areas on campus. Student workers devote ten to twenty hours per week to their campus jobs. Each department coordinates a work schedule for the assigned student workers based in part on the total amount each student is allowed to earn. Campus employment is coordinated with all other forms of financial aid available to a student. Federal applications may be obtained from high school principals, counselors, or on-line at www.fafsa.ed.gov. Student workers earn federal minimum wages.

The Office of Financial Aid Services, along with various academic departments, assists students in obtaining off-campus employment. Businesses in Monroe and West Monroe employ hundreds of students in part-time and full-time jobs. Applicants for all federal work programs must complete the FAFSA.

Grants

Grants, unlike loans, do not have to be repaid. Applicants for all grant programs must complete the FAFSA.

The FEDERAL PELL GRANT PROGRAM was established by the Higher Education Act of 1972 to provide needy students with financial assistance in meeting the costs of a college education. They are awarded to undergraduate students who have not earned a bachelor’s or professional degree and who are making satisfactory academic progress toward a degree. The amount awarded to a student varies depending upon the amount of financial need determined through the Free Application for Federal Student Aid. The federal government determines the maximum Pell Grant award.
The FEDERAL SUPPLEMENTAL EDUCATIONAL OPPORTUNITY GRANT (FSEOG) is available on a limited basis to undergraduate students that are eligible for the Pell Grant and have exceptional remaining financial need. Students must be making satisfactory academic progress toward a degree, and be enrolled on at least a half-time basis. Funding is limited and priority is given to full-time students.

The LOUISIANA GO Grant is available to those undergraduate students who entered college as a first-time freshman or is age 24 or younger that entered college as a first-time freshman or is age 25 or older and who has had a break in enrollment of at least two consecutive semesters. Students must be a Louisiana resident, be enrolled on a full-time or part-time basis, be making satisfactory academic progress toward a degree and a Federal Pell Grant recipient.

SCHOLARSHIPS
UNIVERSITY SCHOLARSHIPS FOR FRESHMEN

The Scholarship Office is located in Sandel Hall (Telephone 318-342-5321 or 800-372-5127 / Fax 318-342-3543). Scholarship applicants are required to submit an undergraduate admissions application, ACT or SAT test scores, and a high school transcript (Admissions Office will request transcripts electronically for all in-state students) to the Admissions Office by December 15 to receive priority consideration for academic scholarships. Home-schooled and out-of-state students must provide a copy of their current high school transcripts to the Admissions Office by December 15.

The following institutional academic scholarships are available to incoming freshmen students: President’s Distinguished, ULM Academic Excellence, ULM Academic Recognition, and ULM Academic Achievement. All are awarded for a maximum period of four years, provided the student carries a full-time load and maintains a semester and cumulative 3.0 grade point average.

OTHER SCHOLARSHIPS AND FEE WAIVERS

Employee Fee Waiver

The University offers a partial tuition reduction to qualified employees or their dependents. Guidelines may be found on ULM's website:

Employee Fee Waiver Policy
http://www.ulm.edu/hr/policies/employeeclasspolicy.pdf

Dependent Fee Waiver Policy
http://www.ulm.edu/hr/policies/dependent tuitionfeeexemption.pdf

Applications may be downloaded at http://www.ulm.edu/hr/policies/forms

Graduate Assistantships

Teaching and research assistantships are available to graduate students who are eligible for regular admission to a specific graduate degree program. Duties and stipends vary for the different appointments. Applications for assistantships should be directed to the administrator of the academic or administrative unit in which the assistantship is desired.

ROTC Scholarships

Four-year scholarships are available to high school seniors on a competitive basis. Applications, available through the Military Science Department, must be completed by November 10.

Three- and two-year on campus ROTC scholarships are available. Applications must be completed by February 20.

ROTC scholarships pay tuition and fees, books, and also provides a $300 - $500 monthly stipend.

Louisiana National Guard Tuition Waiver

Under Louisiana Statute R.S. 29:36.1, certain members of the Louisiana National Guard may be exempted from paying the tuition portion of fees. Contact the National Guard or the ULM Student Account Services Office for more information.

ACADEMIC COMMON MARKET.

The Academic Common Market is an interstate agreement between Southern Regional Education Board states for sharing academic programs through an exchange of students across state lines. If an academic program is not offered in one of these states, a student may be able to attend the University of Louisiana at Monroe and not have to pay out-of-state fees if certain criteria are met. For further information, contact the Board of Higher Education in the student’s home state or the University of Louisiana at Monroe Scholarship Office.

SIXTY AND OVER FEE WAIVER.

Any person 60 years of age or older who registers for three or fewer credit hours per semester may do so at no charge except for the application fee, technology fee, energy surcharge, and parking decal, if needed, and any course-specific fees such as laboratory fees. Credit hours enrolled by such individuals in excess of three hours will require payment of the normal charges. The program cannot be used for audits. Continuing Education classes are not included.

SPIRIT AND TALENT SCHOLARSHIPS.

These scholarships are awarded based on academic average, talent and service to the University. Apply to the director of the Spirit or Talent Group.

VOCATIONAL REHABILITATION.

This program is administered by the state for students with physical handicaps. Students should check with their high school principals, counselors, or the nearest Louisiana Rehabilitative Services Office.
ATHLETIC SCHOLARSHIPS. The ULM Department of Athletics awards scholarships based on athletic ability, which is evaluated by Department of Athletics personnel. In addition to possessing athletic ability, a student who receives an athletic scholarship must (a) meet the academic requirements for initial and/or continuing enrollment at ULM, (b) meet NCAA requirements for receipt of initial and/or continuing athletic scholarship, and (c) enroll as a full-time student.

STATE AND FEDERAL SCHOLARSHIPS

LOUISIANA'S TUITION OPPORTUNITY PROGRAM FOR STUDENTS, "TOPS". This plan is a tuition entitlement based on academic standards. For more information call the Louisiana Office of Student Financial Assistance at 1-800-259-5626 ext. 1012. To apply for “TOPS”, you must annually submit a Free Application for Federal Student Aid (FAFSA).

ROCKEFELLER SCHOLARSHIP PROGRAM. This scholarship program awards scholarships to outstanding students majoring in Wildlife, Forestry and/or Marine Sciences. Students must maintain a 2.5 GPA. The amount of the scholarship is $1,000 per academic year. Information on the “TOPS” and Rockefeller Scholarships may be obtained by writing:
Scholarship/Grant Administrator
Office of Student Financial Assistance
Post Office Box 91202 • Baton Rouge, LA 70821-9202
If you need assistance in completing the application you should seek help from your high school guidance counselor, or the Office of Student Financial Assistance. You may contact the Scholarship Administrator by calling toll free in LA 1-800-259-5626 or (504)922-1011.

The Division of Student Affairs is leading the “students first” initiative by providing a “living laboratory” so that ULM students can assimilate knowledge they have gained in the classroom to real life situations by being actively engaged in the activities and programs provided by the Division.

The Division of Student Affairs encompasses the following areas:

Activity Center
Aquatic Services (operated by YMCA)
Career Connections and Experiential Education
Counseling Center
Project Educational Talent Search
Project Upward Bound
Recreational Services & Facilities
Student Health Services
Student Life and Leadership
Student Services (Student Conduct)
Student Union Building and Student Center

The Division further promotes student academic success through a variety of co-curricular, developmental, social, and recreational experiences leading to retention and graduation.

ACTIVITY CENTER

Intramurals - Wellness - Recreation

ULM’s 88,000 sq. ft. Activity Center is one of the finest multi-purpose recreational facilities in the region. The Activity Center houses the University’s Intramurals, Wellness and Recreation Programs, which are open to students, faculty and staff. Students pursuing four or more credit hours are automatic members and gain admittance by presenting their valid ULM ID. Part-time students, faculty and staff are invited to join for a nominal fee.

The Intramural Program sponsors competition in more than fifty events each year. Intramural activities are organized into men’s and women’s individual and team,
and co-recreational divisions. Recreational equipment is available for check out through the Service Center with presentation of a valid I.D.

ULM’s Wellness Program is comprehensive in nature and serves the University community. Components of the program include, but are not limited to: health promotion and disease prevention education, programs and services (fitness assessments, exercise prescriptions, exercise classes and related seminars, and wellness counseling).

CAREER CONNECTIONS AND EXPERIENTIAL EDUCATION

The ULM Office of Career Connections & Experiential Education (CCEE) works with students on career preparation and job search. From helping students find the right career, to writing a resume, to assisting with the job search, the staff of Career Connections is available to assist ULM students and alumni in their career development.

The Career Connections office offers assistance related to part-time employment, internships, and full-time job search. Various workshops, career fairs, and on-campus interviews are held throughout each semester. Career Connections also works with employers to make them aware of the type and quality of graduates ULM produces and to be constantly aware of current workforce requirements.

It is the goal of Career Connections to assist ULM students and alumni with job-related skills and facilitate their career development efforts.

COUNSELING CENTER

The Counseling Center provides individual, couples, and group counseling to all enrolled ULM students. Services are free and confidential. The Center is also responsible for coordinating services for students with special needs.

PROJECT EDUCATIONAL TALENT SEARCH

The University of Louisiana at Monroe has sponsored an Educational Talent Search Program since 1980. Educational Talent Search is a federally-funded program designed to assist selected students from disadvantaged backgrounds in grades 6-12 to complete high school and then to enroll in some type of postsecondary educational institution. To accomplish this goal, Educational Talent Search offers a variety of services including career testing, tutorials, campus visitations, academic counseling, ACT briefings, college-survival workshops, and federal financial aid workshops. Our target area encompasses West Carroll, Madison, Richland and Ouachita parishes. Currently, we offer our services to ten schools within this target area.

PROJECT UPWARD BOUND

Upward Bound is a federally funded program designed to assist low socio-economic status college-bound students with educational opportunities designed to enhance their ability to enroll in college. Upward Bound offers a variety of services including tutorials, campus academic workshops, counseling, ACT seminars, college tours, and financial aid workshops. Our target schools are Bastrop High School, Rayville High School, Carroll High School, Richwood High School, and Wossman High School.

RECREATIONAL SERVICES

The Department of Recreational Services, encompassing Intramurals, Wellness, Recreation, and its associated facilities, is under the supervision of the Vice President for Student Affairs. The Department of Recreational Services’ primary purpose is to provide recreation and wellness programs to the University community and to support development and maintenance of a healthy lifestyle and total well-being. Furthermore, it is the mission of the Department to provide these experiences in a manner which is fully supportive of and integral to the fulfillment of the mission of the University.

STUDENT HEALTH SERVICES

Student Health Services provides non-emergent medical care to students. Immunization services are also available. SHS is responsible for ensuring the state required immunization compliance of all students entering ULM for the first time.

STUDENT LIFE AND LEADERSHIP

The Department of Student Life and Leadership is responsible for promoting student growth by developing and/or promoting programs and activities where students excel in service and leadership both on campus and in the community. The Department of Student Life and Leadership encompasses the offices of Spirit Groups, Student Activities, and Greek Life. The Department challenges each student to expand their horizons and to experience the many opportunities available to them through leadership involvement in such programs and activities as student organizations, Greek Life, service learning, and leadership education.

STUDENT SERVICES (STUDENT CONDUCT)

The Student Services (Student Conduct) Department serves an integral function at the University of Louisiana at Monroe in that its primary role is to work within the Student Affairs Division to help establish a campus environment that promotes a wholesome educational atmosphere conducive to both intellectual and social learning experiences. This particular service is accomplished by providing opportunities for all students.
to optimally function in the areas of expectation awareness, health, residential life and leadership/development. Opportunities in expectation awareness are made available through the development and distribution of student policies and procedures. Further opportunities in expectation awareness are made available through the drafting, implementation, administration and adjudication of rules and regulations instituted by the ULM Code of Student Conduct, which is found in the Student Policy Manual available in the Student Services Department, Student Center, Room 239 and on-line at www.ulm.edu/studentpolicy/.

**STUDENT UNION BUILDING (SUB) AND STUDENT CENTER (SC)**

This newly renovated, multi-purpose facility is available for meetings and conferences. Room reservations can be made in the Student Center 239.

**YMCA LAKE C. OXFORD NATATORIUM**

YMCA Lake C. Oxford Natatorium supports the mission of the University by offering high quality programs to meet the intellectual, cultural, vocational, social, and personal needs of the students and the community. The mission is to provide the students, faculty, staff, and community with a friendly, fun, safe, and clean aquatic environment that offers a plethora of aquatic classes and an outlet to recreate and exercise on campus. YMCA working with the ULM Administration recognizes its responsibility as a community leader and is committed to improving the general quality of life through recreational opportunities by sponsoring quality programs and creative activities that promote learning and improve the quality of life.

At the Lake C. Oxford Natatorium, many classes are offered to students and the University community through YMCA memberships. These classes may include both beginning and advanced swimming classes, different levels of water fitness classes, SCUBA diving classes, American Red Cross Lifeguard Training certification classes, American Red Cross Water Safety Instructor classes, and learn to swim classes for all ages - 6 months to adults. Activities other than classes that may be offered include lounging on the beautiful sundeck that overlooks the bayou or paddling down the scenic bayou in a canoe or paddle boat.

Every student may become a member and can participate in all events by completing a YMCA membership application and a Transfer of Funds Authorization form which is available at the WIDS office on campus.

For additional information, contact the YMCA at http://www.ynela.org or 318-387-9662. The Lake C. Oxford Natatorium is located on Warhawk Way.

TUITION AND FEE INFORMATION

ULM students pay tuition per the number of semester hours scheduled, including courses taken for audit. Additional charges, such as laboratory, technology, and activity fees, housing, meals, and vehicle registration, will appear on the fee statement, if applicable. Any credits, such as scholarships and other types of financial aid, as well as prior tuition and fee payments, will also appear on the fee statement, ending with a net balance due. Payments may be made through Banner Self Service on the web at https://banner.ulm.edu/ or at La Capitol Federal Credit Union [#6 on Campus Map].

NOTE: Credit Card payments for current tuition and fees will no longer be accepted over the phone or at La Cap Credit Union. Please log on to your Banner Self Service account to pay online with a credit card.

DROP FOR NON-PAYMENT POLICY

All current and prior account balances must be paid in full by the fee deadline each semester or the student's classes will be dropped (also housing assignments will be cancelled if applicable). Paid in full means the student's account balance is zero or their memo and/or authorized aid is equal to or greater than their charges or the student has signed up for the University's payment plan.

PAYMENT PLAN OPTION

All students qualify for our online payment plan through Nelnet. Your total tuition and fees can be split into three equal payments that will automatically be drafted from a checking/savings account or debit/credit card. There is a $40.00 processing fee for this service ($25.00 for Nelnet fees and $15.00 for ULM fees). For more information please visit www.ulm.edu/controller/sas/.
NOTE: All fees stated in this section are subject to change without notice. All fees must be paid in full to finalize registration.

Students may pay fees at La Capitol Credit Union, located on Northeast Drive in University Commons II. For convenience, student fee payments may also be made on-line with a credit card, debit card or check.

TUITION - All students pay a general tuition based on total student credit hours of enrollment. Undergraduate students enrolled in more than six credit hours and graduate students enrolled in more than three credit hours and are classified as non-Louisiana residents under the regulations of the University of Louisiana System Board of Supervisors will pay out-of-state tuition in addition to general tuition. Courses enrolled for audit will be charged tuition the same as courses for academic credit.

BOARD ASSESSED FEES - In addition to a general tuition based on total student credit hours of enrollment, a student will pay a building use fee, academic enhancement fee, and an operational fee.

UNIVERSITY ASSESSED FEES - Based on the number of hours enrolled, this charge includes the registration service fee, academic excellence fee, institutional assessment fee, Alumni Association, band travel, concert fee, Student Health Services, intramurals, University Library, student short-term loan fund, natatorium maintenance, theater productions and energy surcharge fee.

STUDENT ASSESSED FEES - All students enrolled in more than three credit hours are charged fees in support of the Activity Center, KXUL, ULM Speech and Debate Team, Natatorium, Student Government Association, Student Involvement Scholarship, Student Publications, Student Union, Water Ski Team, ULM Flight Team, ULM Spirit Units, and ULM Theatre Productions. All students are charged fees for Student Union Renovations and Campus Activities Board.

TECHNOLOGY FEE - The Student Technology Fee shall be five dollars ($5) per credit hour for up to 12 credit hours per semester. This fee is dedicated to the acquisition, installation, maintenance, and intelligent use of state-of-the-art technology solely for the purpose of supporting and enhancing student life and learning.

ID FEE - All students, faculty and staff are required to obtain a permanent ULM identification card. A non-refundable validation fee of $15.00 each regular semester and a $7.50 fee for each summer term will be charged. Students who resign from the University are expected to keep their ID cards for use upon returning. A $15 fee will be assessed for a replacement card.

OTHER REGISTRATION FEES

APPLICATION FEE - A non-refundable application fee shall be assessed each person making application for admission or readmission to ULM. A subsequent application fee will be required when a student’s enrollment is interrupted for any reason requiring a new application to the University.

ADDITIONAL COURSE FEES - In certain courses, special services, supplies or equipment may be used. Costs for these are not normally covered by fees, tuition or departmental operating budgets and, therefore, the cost is incurred by the student. These additional charges are listed in each semester’s class schedule.

ELECTRONIC FEE - A student pays a $50 fee for each distance learning course (internet, telecourse, etc.) in which he enrolls.

INTERNATIONAL STUDENT SERVICES FEE - All international students will be charged a fee of $50 per regular semester and $15 per summer term.

LATE REGISTRATION FEE - Any student registering for four or more hours after the close of the regular registration period will be charged an additional late registration fee of $100.

MILITARY SCIENCE ACTIVITY FEE - Textbooks, equipment, and military uniforms are furnished without deposit; however, each cadet is assessed a $10 non-refundable activity fee to support cadet activities.

VEHICLE REGISTRATION FEE - Each student who uses a motor vehicle on the campus must register the vehicle with the University Police Department at the time of enrollment. Students will pay a $50 yearly vehicle use fee during the Fall Semester.

DISCRETIONARY EXPENSES

WARHAWK EXPRESS is a convenient way for students to make school related purchases without the need to carry cash. Warhawk Express is accepted at on-campus dining locations, the University Bookstore, athletic events, University Library copiers, University Library fines, automated beverage and snack vending machines, laundry machines, and a growing list of off-campus merchants and other vendors.

WARHAWK EXPRESS is a pre-paid, stored value transaction program tied to the ULM ID card. Warhawk Express deposits can be made prior to the fee payment deadline or after the fee payment deadline via Banner, the web-based student information and registration system or after the fee payment deadline at Student Account Services or La Capitol Federal Credit Union. Each time a purchase is made using the Warhawk Express card, the amount will be debited from the student’s Warhawk Express account and the remaining balance will be displayed at the register or on the receipt so the card-bearer will always know what their balance is. Unlike Flex-Dollars for use only at any of Aramark's retail dining facilities, Warhawk Express may be used anywhere Warhawk Express is accepted and balances carry over from semester to semester, as long as the student is enrolled. Cash withdrawals cannot be made from Warhawk Express accounts. All Warhawk Express refunds will be made at the end of the semester. Exceptions may be made for students who officially resign from the University. A $10 processing fee will be withheld.
from balances before a refund is processed. For reasons of security, Warhawk Express account cancellations must be made in person at the Warhawk ID Services Office in University Commons II, next to La Capitol Bank, on Northeast Drive. After the fee payment deadline, if a student wishes to add funds to their Warhawk Express account they may do so only if they do not owe a debt to the University. If a student awaiting financial aid wants to add funds to their Warhawk Express account and for any reason, a portion or all of the aid is not awarded, then the student’s Warhawk Express account will be frozen with funds no longer available until all debts are paid. Financial Aid proceeds will be applied to any outstanding balances and students will be charged for Warhawk Express monies used to this point.

OTHER EXPENSES

BINDING FEE. Graduate students will pay the necessary fees to cover the costs of binding the thesis or dissertation at $12.00 per volume and $65 for microfilming the dissertation.

DENTAL HYGIENE FEE. In addition to regular University fees, students in the Dental Hygiene program should expect to pay approximately $1,000 for instruments and supplies and approximately $300 for laboratory coats and uniforms.

FIELD TRIP FEES. Certain courses require trips away from the campus. Specific fees for these courses will be announced at the beginning of the semester or summer term.

NURSING FEE. In addition to the regular University fees, students entering the School of Nursing Professional Program should expect to pay approximately $900 for instruments, name badges, textbooks, and uniforms.

TEXTBOOKS. The ULM Bookstore, conveniently located in Sandel Hall, is your best resource for textbooks and other course materials, as well as, everything else you need to excel in the classroom - notebooks, computer software and accessories, binders, paper, pens, pencils, highlighters, markers, scantrons, blue books, and calculators. We also carry test preparation and study guides, reference books, and course-related supplies. Online ordering is available at www.ulmbookstore.com

TRAFFIC TICKETS. Fines for violations of the ULM Traffic and Parking Regulations are to be paid at the La Capitol Federal Credit Union on Northeast Drive, University Commons II. For each citation not paid within ten calendar days after receiving the ticket (including Saturdays, Sundays, and holidays), a $5 administrative fee will be charged. Fines for violations are listed in the current ULM Traffic and Parking Regulations. Copies of these regulations are available at the University Police Department.

ULM CREDIT EXAMINATION. Students who take a credit examination pay a fee of $10 per semester hour.

DROP FOR NON-PAYMENT POLICY

All current and prior account balances must be paid in full by the fee deadline each semester or the student’s classes will be dropped (also housing assignments will be cancelled if applicable). Paid in full means the student’s account balance is zero or their memo and/or authorized aid is equal to or greater than their charges or the student has signed up for the University’s payment plan.

STUDENT DEBT INFORMATION

Students indebted to the University will not be allowed to re-enter or receive an official transcript of scholastic work. A student may be dropped from University enrollment for non-payment of fees and/or other debts when due or when a check offered by the student in satisfaction of an obligation to the University is not honored by the bank on which it was drawn. The Controller’s Office will notify the student of the delinquency by mail or email. The student is responsible for informing the Registrar of any change of address from that given at registration.

Service and delinquent payment charges will be levied as follows:

- Returned check service charge per check returned $15.00
- Short-term loan processing fee $20.00

Delinquent student debts and federal student loans are assigned to the ULM Collections Department. However, if it becomes necessary to refer debts to an outside collection agency, a collection fee will be added and collected with the original debt.

REFUND POLICIES

TUITION AND FEES RESIGNATION REFUND POLICY - FALL AND SPRING

A student who resigns from the University under the conditions listed below may receive a partial reduction of regular tuition, out-of-state tuition and student activity fees. The student must officially resign through the Registrar’s Office no later than the fourteenth day of classes to be eligible for a reduction of fees.

1. A 100% refund will be made when a student completes resignation on or before the last day of late registration (per University calendar dates).
2. A 90% refund will be made when a student completes resignation after the last day of late registration (per University calendar dates) through the eighth (8th) day of classes in a regular semester.
3. A 50% refund will be made when a student completes resignation during the period of the ninth (9th) day through the fourteenth (14th) day of classes in a regular semester.
Students resigning with disciplinary action pending or those suspended for disciplinary reasons are not eligible for refunds.

Refunds will be applied to any existing indebtedness to the University prior to disbursement to a student.

REMEMBER: Students who have direct deposit will have funds available on the published date. All paper checks will be mailed.

TUITION AND FEES REFUND POLICY – SUMMER

A student who drops from classes from any part of the Summer term will be given a 100% refund through the second day of class only. No further refunds for resignations are applicable. Students resigning with disciplinary action pending or those suspended for disciplinary reasons are not eligible for refunds. Refunds will be applied to any existing indebtedness to the University prior to disbursement to a student.

RETURN OF TITLE IV FUNDS POLICY

Students that receive Title IV Financial Aid will be subject to the Return of Title IV Funds Policy if the student withdraws before completing 60% of the semester in which the student was disbursed Title-IV Aid.

The Return of Title IV Funds calculates the student’s percentage of earned aid by using the following formula:

The pro-rata percentage of earned aid = number of calendar days attended / number of calendar days in the enrollment period.

The number of calendar days attended is calculated by counting from the first day of the semester to the student’s official withdrawal date. The number of calendar days in the semester is calculated by counting from the first calendar day of the semester/summer session to the last calendar day of the semester/summer session. Weekends and holidays (excluding Mardi Gras and Spring Break) are included in the number of calendar days.

Note: Those students who stop attending classes and do not officially resign from the University will also be subject to this policy. All professors involved will be contacted to verify the last date of class attendance.
EXPENSES

The University of Louisiana System Board of Supervisors may adjust tuition, fees and costs for dining plans and housing at any time without providing notice to students.

A variety of meal plans are available to both residential and commuter students. Dining options and pricing information can be viewed online at www.ulmdining.com. For additional information, contact Aramark Food Services at 318-342-1979. *Meal plan prices are subject to change no more than 5% in any Fall term.

Room and meal plan reservations are contracted separately through the Housing Office and the Warhawk ID Services Office, respectively. All students living on campus are required to contract for an on-campus meal plan. All meal plan changes must be made before the fifth (5th) class day. Unless a specific meal plan is indicated, residents will automatically be enrolled in the Gold Plan. Village Apartment residents will automatically be enrolled in the Village Apt Plan unless a standard meal plan is chosen. Residents are not eligible for either Commuter Plan. Students living on- or off-campus, with less than 30 hours may choose the Gold or Platinum Meal Plan. Two Commuter Plans are offered for students living off-campus; however, students living off-campus may choose from any meal plan of their choice, if eligible. Students living on campus during rotations, participating in internships, or moving into the residence halls at any point after the semester begins are required to pay for meals on a pro-rata basis according the number of days in residence.

At the twenty-first (21st) class day, students with an unpaid balance on their Banner Self Service Account will have their meal plans automatically adjusted to the Gold Plan.

All meal plans include “Flex-Dollars” that are the equivalent of cash and may be redeemed at any of Aramark’s dining facilities. Flex-Dollar balances roll over from fall semester to spring, but do not roll over from spring to fall. Fall-term Flex-Dollars will be forfeited if a new meal plan is not purchased for the subsequent spring term. Additional Flex-Dollars may be purchased at any time throughout the semester. Please contact the Aramark Office (ph: (318) 342-1979) for details.

Standard (block) meals are served at Schulze cafeteria. Dining services are not open during University closures and observed holidays. Please refer to the University calendar for scheduled closure dates and holidays.

Contact Warhawk ID Services (WIDS) (ph: 318-342-5003) to sign up for your plan or for any additional meal plan information.

## HOUSING AND LIVING ACCOMMODATIONS

Campus housing is under the Department of Residential Life and the Division of the Executive Vice President. The housing application is available online at www.ulm.edu/reslife. First-time freshmen and new transfer students will receive the necessary information to access the online housing application after they have been accepted to the University. Continuing students will have access to the online application during the room sign up period in the spring semester.

A $25 non-refundable application fee and a $200 room reservation fee must accompany every housing application for first-time freshmen and new transfer students. Current residents, who re-apply for their housing, will pay a $50 room reservation fee and a $200 prepayment for their fall housing. A student, entering the Residential Life system and properly maintaining occupancy for continuous semesters, will only pay the application fee once. The room reservation fee of $50 and the prepayment for the fall housing fee must be paid each subsequent year prior to a student receiving an assignment. Any student returning to the residence hall system after a break in their housing, will be required to complete a new housing application and pay all associated fees prior to being assigned a room.

Students residing in university housing must abide by all university policies and procedures; the Student Code of Conduct as outlined in the Student Policy Manual, and the Guide to Residence Hall Living. Both documents are located on the Residential Life website at www.ulm.edu/reslife.

ULM has an established 2.0 minimum cumulative GPA requirement for all students living in on-campus housing. All students residing in the following buildings, Madison Hall, Masur Hall, Ouachita Hall, University Commons I and University Commons II must maintain at least a 2.0 cumulative GPA at all times. Bayou Suites, the scholar’s hall, has a 3.3 cumulative GPA requirement for continuing students and a 3.5 cumulative GPA requirement for first time freshmen. The requirements for the Bayou Village Apartments are a 2.3 cumulative GPA and 24 earned credit hours.
AVAILABLE HOUSING

Bayou Village Apartments: The apartments are one-bedroom/one bath, two-bedroom/two bath and four bedroom/two bath apartments. Each apartment is fully furnished including all kitchen appliances and a washer/dryer combination. Each apartment has its own HV/AC unit. Residents may choose an academic year contract (Fall and Spring semesters) or an academic plus summer contract (August move-in to the end of Summer II in August). The apartments do not close during the winter break.

Bayou Suites and University Commons II: These are inside corridor buildings with two private bedrooms and a shared bath. Bayou Suites is a Scholars Hall with a required 3.3 cumulative GPA for returning students and a 3.5 cumulative GPA for first time freshmen. Each bedroom has a ceiling fan, and each suite has an HV/AC unit that is controlled by the residents in the suite.

University Commons I: This building has double occupancy rooms with a shared bathroom. Each room has a ceiling fan, and individual HV/AC units. Each resident has their own closet with mirrored doors. There are laundry facilities throughout the building, a computer lab, and vending machines as well as community rooms for programming.

Madison (male only) and Ouachita (female only): These residence halls have double occupancy suite style rooms with a shared bathroom. Each room has digital cable TV with HBO, local phone service, high speed Internet and individual HV/AC units. A laundry facility, computer lab, and vending machines are centrally located for residents’ use.

Masur Hall: This residence hall is an all-female, exterior corridor building with double occupancy and private room suites and a shared bathroom. The HV/AC system is a building wide system that is either heat or A/C. Also on site is a community building that features a large screen TV, study areas, a computer lab, laundry facility, and vending machines.

There are two contract options for the four bedroom apartments: 1) Resident may choose the academic year which goes from August move-in to the move-out in May, or 2) the academic year plus summer contract which goes from August move-in to the end of Summer II typically the second week of August.

Building Access: Bayou Suites, University Commons I and II, Ouachita Hall, and Bayou Village Apartments are interior corridor, controlled access buildings. Students assigned to these buildings will use their ID cards to access the buildings and are issued keys to their individual rooms. Madison Hall and Masur Hall are exterior corridor buildings with key access to their rooms.

AMENITIES

Comcast is our cable TV and Internet provider. All of our rooms have 159 channels of HD digital television programming, with options for premium package upgrades. All rooms have high-speed Internet connections as well as access to the wireless system. Local phone service is provided in each room; however, students are required to provide their own phone. Each residence hall and the suites have laundry facilities, vending machines for those late night snacks, study rooms and computer labs. The residence halls and suites have large screen TV’s in the community rooms. All utilities are included in the price of the room. Parking is available at the buildings for the residents. UC I, UC II and Ouachita have a controlled access parking area. Mail is delivered to each building and the apartments. Packages sent by FedEx or UPS are delivered and signed for at the Residential Life Building Access: Bayou Suites, University Commons II, Ouachita Hall, and Bayou Village Apartments.

For additional information please check our website at www.ulm.edu/reslife.

HOUSING EXEMPTIONS AND APPEALS

The University of Louisiana System Housing Policy, Section XX Parietal Rules states the following: “ALL UNMARRIED FULL-TIME UNDERGRADUATE STUDENTS ARE REQUIRED TO LIVE IN ON-CAMPUS RESIDENCE HALLS AS LONG AS SPACE IS AVAILABLE.”

In order to be fair and consistent in considering exemptions from the on-campus residency requirement, students who believe they meet the criteria for an allowable exemption should first contact the Office of Students Services located in the Student Center Room 239 in person for correct information concerning appropriate procedure and documentation. Students seeking exemption from the requirement must complete and submit an Off-Campus Housing Request application packet obtained in the Office of Student Services. Applications must be submitted no later than June 1st for the Fall semester, November 15th for the Spring semester and no later than April 15th for the Summer semester. Approval to live off campus must be granted from the Office of Student Services BEFORE the student makes any binding arrangements to live off campus. Students are cautioned about entering into binding contracts, leases or rental agreements before exemption decisions have been made. Mandatory housing, meals and associated fees may still be assessed if a student moves prior to approval. The University-endorsed allowable exemptions are:

1. If the student will have earned 95 qualified hours prior to the beginning of the semester he/she is requesting to live off-campus.
2. If the student's permanent residence is in any of the exempt parishes; Bienville, Caldwell, Catahoula, East Carroll, Franklin, Jackson, LaSalle, Lincoln, Madison, Morehouse, Ouachita, Richland, Tensas, Union, West Carroll, or Winn.
3. If the student will be living in a primary (not apartment) with a parent, grandparent, or legal guardian, in any exempt parish. Notarized letters required from home owner and parent and copy of homestead exemption.
4. If the student is going to be residing in the same apartment/house with a brother or sister that has previously been given an exemption to live off-campus.
5. If the student is going to be living in property owned by you, the student, or your immediate family (parents, grandparents, brother, sister or legal guardian) in any exempt parish. A copy of the deed, bill of sale, or title must be submitted along with a current utility bill.
6. If the student is married, divorced or has a child. (documentation required)

7. If the student is classified as a veteran with at least 24 months active duty. (DD-214 Form must be submitted).

8. If the student suffers from a severe medical condition. (documentation required)
   Note: Allergies are not generally considered to be a severe medical condition.

9. If it appears the student will suffer significant financial hardship. Financial hardship is defined as extenuating circumstances that present a financial burden on a family; [ex. death of a primary provider, loss of employment (documentation required), natural disaster.]
   Living off-campus simply because it is less expensive or cheaper is not considered a "financial hardship."

10. If the student has been out of high school for at least four (4) years.

11. If the student has an undergraduate degree or completed four (4) semesters at a Community/ Junior College.

   Students who have been denied an exemption for off-campus living by the Office of Student Services may appeal to the Housing Appeals Committee. Please note that decisions rendered by the Housing Appeals Committee will be final.
STUDENT RESPONSIBILITY

Students are personally responsible for completing all requirements established for their degree by the University, college, and department. ULM course requirements are under continual examination and revision. The catalog represents the offerings and requirements in effect at the time of publication and in no way guarantees that they will not change. The University reserves the right to change requirements for any major during any particular year. The individual student assumes full responsibility to be informed and to comply with all academic requirements. A student's adviser may not assume these responsibilities and may not substitute, waive, or exempt any established requirement or academic standard for the student.

Also, it is necessary in the general administration of a university to establish broad policies and to lay down certain regulations and procedures by which they may be carried out. It is important that a student know and understand the current policies, standards, regulations, and procedures one is expected to follow. When changes are announced between catalog publications, they may be either published in the University newspaper or posted on bulletin boards http://www.ulm.edu/. Students may also be notified of changes in university regulations or requirements by the respective department or division. Students are responsible for knowing these changes.

Students' parents and legal guardians are expected to use reasonable care and promptness in reviewing University Policies. A lack of knowledge or understanding of any policy will not cause such policy to lose force nor effect.

The catalog is presented, merely, as a guide to enable prospective students and others to learn about the University of Louisiana at Monroe, and state policies, requirements, regulations, and procedures in such form as to direct the student to progress through school.

CONFIDENTIALITY OF STUDENT RECORDS

Pursuant to the requirements of the 1974 Family Education Rights and Privacy Act (FERPA) - Public Law 93-380, certain types of information, designated by law as “directory information,” may be released without the student’s permission. A list of the types of directory information which can be released (e.g., name, address, phone number) may be obtained in the Registrar’s Office. Students who wish directory information to be withheld should complete a “Withholding of Directory Information” form in the Registrar’s Office.

Requests to prevent either the releasing or publishing of directory information will be in effect indefinitely until
written notification is received in the Registrar’s Office. Students have the right to file complaints with the FERPA Office in Washington, D.C., concerning alleged failures by the University to comply with the Act.

Students who wish to allow their parents access to their records (academic, financial, billing, or any information related to their enrollment at ULM) may complete a “Privacy Waiver for Parental Access to Records” form in the Registrar’s Office. If the student chooses at a later date to rescind parental access to records, he/she must complete a “Rescindment of FERPA Parental Privacy Waiver” document in the Registrar’s Office. Either form requires that the student present a picture ID and sign the form in the presence of an authorized ULM official.

CREDIT FOR CORRESPONDENCE, EXTENSION, EXAMINATION AND MILITARY SERVICE

No more than one-third of the number of hours required for graduation may be given for credit by examination, for credit earned in the military service experiences, and for correspondence and extension courses taken through accredited extension divisions of other colleges and universities.

1. Correspondence and Independent Study Courses

Credit will be granted for correspondence and independent study courses satisfactorily completed through accredited extension divisions of other colleges and universities. A student who expects to use any correspondence or extension work toward meeting degree requirements must receive approval in writing from the academic dean prior to registration for such work. Students approved to take correspondence courses for credit at the University of Louisiana at Monroe must take their exams through the ULM Testing Center or similar facility that has been approved by the Director of Testing at ULM. Exams must be taken prior to the semester in which the student is scheduled to graduate. All requests for correspondence, independent study, or any course exam administered at ULM on behalf of other institutions, regardless of a student’s enrollment status at ULM, must be coordinated and approved through ULM testing services at testing@ulm.edu. If the exam is not proctored by authorized University of Louisiana at Monroe staff, the Registrar may choose not to accept the credit for placement on the ULM transcript and for fulfillment of the degree. Correspondence exam proctor information is available at testing.ulm.edu.

2. ACT/SAT

Credit will be granted for freshman English and Math courses based on scores from the American College Test (ACT) or the Scholastic Aptitude Test (SAT) as officially reported to the University of Louisiana at Monroe. Students must have official qualifying scores sent directly from the testing company to the University of Louisiana at Monroe to be eligible for credit. Score requests may be made on the respective testing company websites (www.actstudent.org or www.collegeboard.com). The ACT College Code is 1598 and the SAT College Code is 6482. The credit granting policy for courses based on ACT or SAT is available at testing.ulm.edu.

3. Advanced Placement Examinations

Credit will be granted for appropriate courses based on satisfactory scores on the College Board Advanced Placement Examinations (AP) administered each May in high schools which have accelerated programs. Students must have official AP scores sent directly from AP Services to the University of Louisiana at Monroe. The AP College Code is 6482. Information concerning AP testing is available at www.apcentral.collegeboard.com. The University of Louisiana at Monroe AP credit granting policy is available at testing.ulm.edu.

4. College-Level Examination Program

Credit will be granted for appropriate courses based on satisfactory scores on the College-Level Examination Program (CLEP) Subject Examinations that have been approved for credit at the University of Louisiana at Monroe. (CLEP General Examinations are not accepted for credit at the University of Louisiana at Monroe.) CLEP exams must be taken prior to the semester in which the student is scheduled to graduate. Students must satisfy any developmental requirements before taking a math or English CLEP exam. CLEP examinations are administered throughout the year at the University of Louisiana at Monroe. Students must have official CLEP scores sent directly from CLEP Services to the University of Louisiana at Monroe. The CLEP College Code is 6482. Military service veterans who took CLEP as part of the DANTES program must have CLEP subject scores reported directly to the University from DANTES. The University of Louisiana at Monroe CLEP credit granting policy, a list of CLEP Subject Examinations, and registration forms are available at testing.ulm.edu. Information concerning CLEP tests, including study materials, is available at www.collegeboard.com/clep.

5. Dantes Standardized Subject Tests

Credit will be granted for appropriate courses based on satisfactory scores on Dantes Standardized Subject Tests (DSST) that have been approved for credit at the University of Louisiana at Monroe. DSST exams must be taken prior to the semester in which to student is scheduled to graduate. DSST exams are administered throughout the year at the University of Louisiana at Monroe. Students must have official DSST scores sent directly from DSST to the University of Louisiana at Monroe. The DSST college code for ULM is 9837. Military
service veterans who took DSST as part of the DANTES program must have DSST subject scores reported directly to the University from DANTES. The University of Louisiana at Monroe DSST credit granting policy, a list of approved DSST exams, and registration forms are available at testing.ulm.edu. Information concerning DSST, including study materials, is available at www.getcollegecredit.com.

6. ULM Credit Examinations

These credit examinations will be given at ULM only under exceptional circumstances. Credit examinations are offered only for those courses which are required as part of a student's education program (i.e., core subject requirement or elective). Each credit examination must be approved in advance by the dean of the college in which the student is registered, the dean of the college in which the course concerned is given, and the instructor involved.

The following regulations will govern the giving of credit examinations:

a. Permission for credit examinations will be given only in those instances in which the student has already gained a fundamental knowledge of the subject.

b. Permission to take a credit examination will be granted only to persons who are students, or former students, of the University of Louisiana at Monroe in satisfactory academic standing. No instructor may give a credit examination until the necessary approvals have been obtained by the student on forms supplied by the Registrar.

c. In no case will a student be permitted to take a credit examination in a course if that student has:
   (1) audited or taken the course for non-credit,
   (2) made an unsatisfactory grade previously in the course,
   (3) received credit for a higher course in a series of sequential courses.

d. Credit examinations must be taken within the first month of the semester or within the first two weeks of either summer term.

e. Credit examinations are indicated as such on the student's record. Earned credit is recorded. Credits earned through credit examinations are not used in computation of the student's quality point ratio, but may be counted as resident credit for graduation purposes.

7. Credit for Military Service

Honorably discharged members of the U.S. Armed Forces who are enrolled at ULM may be eligible for credit for physical education upon submission of military transcripts to the Office of Recruitment and Admissions.

Additional credit may be granted for course work completed in service schools where equivalence in terms of college courses has been recommended for college credit in the Guide to the Evaluation of Education Experience in the Armed Services, published by the American Council on Education (ACE). Official military transcripts (AARTS, SMART, CCAF, or CGI) must be submitted to the Office of Recruitment and Admissions for an evaluation of these experiences. Students should check with their curriculum advisor, department head, or dean for determination of whether the credit will be acceptable as a substitute for coursework in their curriculum.

8. English Department Diagnostic/Placement Essay and Challenge Exam

English 0090 Students who demonstrate outstanding performance on the English departmental diagnostic essay, as determined by a panel of evaluators, may be exempted from English 0090 (Grammar and Composition) and allowed to enroll in English 1001. English 1001 students who demonstrate unreadiness for English 1001 on the English department diagnostic essay, as determined by a panel of evaluators, may be required to take or repeat English 0090.

Upon satisfactory completion of coursework in English 0090, a student may petition for credit for English 1001 based upon a challenge exam constructed and evaluated by a panel of English faculty. This credit is subject to the approval of the department head of the student, the dean of the college of the student, the English department head, and the dean of the College of Arts and Sciences.

CREDIT HOUR SYSTEM AND COURSE NUMBERING

A credit or semester hour represents a minimum of one hour of class work or two or more hours of laboratory work a week, together with the necessary preparation for one semester of approximately fifteen weeks. The value of each course of instruction is stated in terms of semester hours.

Courses are normally numbered according to the following system: 0000-0099, developmental courses; 1000 to 1099, freshman; 2000 to 2099, sophomore; 3000 to 3099, junior; 4000 to 4099, senior; 5000 to 5099, graduate; 6000 to 7099, courses beyond the Master's level. Certain courses in the 4000 level are accepted for graduate credit, where so indicated. Graduate status is required for graduate credit. This course numbering system does not apply to Professional Pharmacy (Pharm.D.) courses. See College of Pharmacy section.

COURSE LOAD

ULM schedules courses in three terms during the academic year: fall (16 weeks), spring (16 weeks), and summer (ten weeks). Each term may include course offerings within shorter parts of terms, including first eight-week sessions, second eight-week sessions, intersessions (three weeks), Summer I sessions (four weeks), and Summer II sessions (four weeks). Students are not normally allowed to take more than 18 semester
hours during a term or more than six semester hours in any part-of-term less than ten weeks. Under special circumstances, students with a cumulative GPA of at least 3.25 may request an extension of this limit to 21 semester hours through the Registrar’s Office. Other students with special circumstances may request a similar extension through their dean’s office.

Undergraduate students registered for six or more hours of student teaching are limited to 15 semester hours in a term except as approved by the Dean of the College of Education and Human Development.

Undergraduate students who schedule 12 or more semester hours for credit during a term are considered full time students. Audited courses are excluded from these totals. Because other agencies may define full-time status differently, students who receive any type of financial aid (including aid awarded by the Veterans Administration or other agencies) are encouraged to contact the respective agency to determine the number of semester hours required to receive that aid.

The University does not guarantee that a student will be able to schedule every class which he or she may be required to receive that aid.

The general guidelines:

**AUDITING COURSES**

Students may be admitted to regular classes for audit by meeting admission requirements, receiving the approval of the instructor’s academic dean, and by paying tuition for the class. An audit may not be changed to credit, or vice versa, after registration closes. Students auditing courses will not receive credit, nor will they be permitted to take a credit examination (departmental exam) on work audited. Credit hours for courses audited are figured in fee assessment, but not for certification of enrollment status (full-time/part-time). Any student using a fee waiver cannot register for audit.

**GRADING SYSTEM**

Grades and the grading process are major components of a university’s academic standards. An important professional obligation of a university professor is the determination of grades. Grades accomplish two essential purposes: (1) they communicate to the academic community and to the community at large a certified level of academic achievement, and (2) they provide realistic and reliable feedback for students to use in evaluating individual progress and making decisions about future behavior.

Prerequisites to effective grading are (1) appropriate scope, depth, and degree of difficulty for each course; (2) controls to ensure that students have proper academic qualifications for enrolling in each course; and (3) adequate measures of performance. Taking into account all students who would properly and typically enroll in a given course (not just those in one course), professors assign grades according to the following general guidelines:

A—EXCELLENT—Performance approaches complete mastery of the course requirements.
B—GOOD—Performance is above the level expected from most students, but does not approach complete mastery of the course requirements.
C—AVERAGE—Performance is about the level expected from most students.
D—BELOW AVERAGE—Performance is at or above the minimum level to pass, but does not allow for progression in some programs.
F—FAILURE—Performance is below the minimum level to pass the course.

NOTE: See College of Health Sciences-School of Nursing for additional grades assigned to professional nursing students.

Each semester hour with the grade of “D” carries one quality point; each semester hour with the grade of “C”, two quality points; each semester hour with the grade of “B”, three quality points; and each semester hour with the grade of A, four quality points. Grades of “F” and “I” carry zero quality points and are used to determine the grade point average. Grades of “CR”, “NC”, and “IP” carry no quality points and are not used to determine the grade point average. Therefore, a “C” average is a 2.00 average. An “I” grade is computed as an “F” grade unless changed to a final passing grade. Also, + and - grade designations are not recognized.

Instructors are encouraged to abide by the University Calendar by offering courses within the established enrollment period dates. Instructors must discuss in advance with the Registrar the reasons for the award of “IP” grades. Valid reasons for considering the issuance of “IP” grades may be when an instructor anticipates that either the nature of a specific graduate or undergraduate course or the expectations of all students (not an individual student) cannot be completed within the established enrollment period dates. Letter grades must be awarded by an agreed upon deadline between the instructor and the Registrar in the event that “IP” grades are issued.

Students in developmental courses shall be eligible to earn grades of “A”, “B”, “C”, “NC”, “F”, “W”, or “I” in such courses. However, successful completion of a developmental course requires a grade of “A”, “B”, or “C”; students receiving any lower grade must repeat the course. A student who has excessive unexcused absences or who is guilty of cheating/plagiarism in a developmental course will receive an “F” for the semester grade. Those courses defined as developmental are English 0090 and Mathematics 0093.
Unsatisfactory work is indicated by the grade of "F" (failure). The grade of "F" cannot be removed by repeating the course. When a student repeats a course, the last grade received shall be accepted as the final grade in determining graduation requirements. Students receive their diplomas based upon their individual graduation averages. The graduation average is not printed on the official academic transcript.

The cumulative average is based upon all hours pursued, including repeats, and is used in determining honors for graduation, as well as for admission to graduate and professional programs.

"I" GRADE CHANGES
Work which is of satisfactory quality but which, because of circumstances beyond the student’s control, is not complete, may be marked “I” (incomplete). The deficiency must be met within the first month of the next regular semester or within the first two weeks of the summer term of attendance. “I” grades are removed only by completion of the course work, not by repeating the course. "I" grades are computed as "F" grades, unless changed to a final passing grade. If the student does not resume studies either at this University or elsewhere within a calendar year following the semester or summer session for which the "I" grade was recorded, the "I" grade cannot be removed. Instructors should not allow students to complete work for a course in an attempt to remove an "I" grade without prior approval of the instructor’s academic dean.

GRADE CHANGES (Other than “I”)
Grades (other than “I” grades) that have been submitted to the Registrar’s Office can be changed only by a change of grade form and/or letter of explanation certifying that an error has been made by the instructor. This form or certification of error will not be valid unless approved by the instructor’s academic dean. A request for a final grade change must be initiated by the instructor within 30 days after the end of the semester or term following the academic term in which the questioned grade was earned.

PROCEDURE FOR APPEALING A GRADE
Questions related to grading or other matters of an academic nature may be directed to the student’s instructor. Failing satisfactory resolution at this level, the questions should be referred, in order, to the department head/chair, academic dean, the Vice President for Academic Affairs, and the Academic Appeals Committee.

To appeal grades, students must initiate an appeal within fourteen calendar days of the beginning of the next semester or summer term following the academic term in which the questioned grade was assigned. Specific procedures must be followed in appealing to all administrative levels. These procedures are described in the Student Policy Manual.

GRADE REPORTS
End-of-the-semester grades are generally available by the end of the fourth working day of each enrollment period. Students should visit Banner Self Service https://banner.ulm.edu/ to view grade results.

ADDRESS CHANGE
A student must provide a local and permanent address at the time of admission to the University. Local and permanent address changes must be updated on the Banner Self Service website https://banner.ulm.edu/ or reported to the Registrar’s Office on the appropriate form. A student is responsible for the consequences of all communications sent to the address on file in the Registrar’s Office (e.g., classes dropped for non-payment of tuition, probation/suspension status on grade report or transcript).

NAME CHANGE
A student who wishes to change a name for any reason (e.g., divorce, marriage, adoption, legal name change) must present an original Social Security card bearing the desired name, in addition to completing a "Name Change" form, to the Registrar’s Office; presenting a copy of the card is not acceptable. No other document or form of identification will be accepted in lieu of the Social Security card.

Further, only name as it appears on the Social Security card will become part of the student’s ULM record. The name on the ULM record will reflect the name exactly as it appears on the Social Security card.

PRESIDENT’S/DEAN’S LIST
The President’s List for undergraduate students pursuing a bachelor’s degree is released at the end of each semester. To qualify for this list, undergraduate students must be full-time and must earn a 3.9 or higher grade-point average. To qualify for a respective Dean’s List, undergraduate students pursuing a bachelor’s degree must be full-time and must earn a 3.5-3.89 grade-point average.

CLASSIFICATION
Classification of students, based upon the number of credits earned, is made in the Registrar’s Office at the end of each enrollment period and is revised as necessary.

The rules governing the classification of students are as follows:
1. FRESHMAN—Having fewer than 30 semester hours of credit.
2. SOPHOMORE—Having at least 30, but less than 60 semester hours of credit.
3. JUNIOR—Having at least 60, but less than 90 semester hours of credit.
4. SENIOR—Having at least 90 semester hours of credit.

CLASS ATTENDANCE REGULATIONS/EXCUSED ABSENCES

Students:

1. Class attendance is regarded as an obligation and a privilege, and all students are expected to attend regularly and punctually all classes in which they are enrolled. Failure to do so may jeopardize students’ scholastic standing and may lead to suspension from the University.
2. Any student who is not present for at least 75% of the scheduled class sessions in any course may receive a grade of “W” if this condition occurs prior to the last day to drop a course or a grade of “F” after that date.
3. Any University-related activity requiring an absence from class will count as an absence when determining if a student has attended 75% of class meetings.
4. Students are responsible for the effect absences have on all forms of evaluating course performance. Thus, the student is responsible for arranging the allowed make up of any missed work.

Faculty:

1. Instructors shall keep a permanent attendance record for each class. These records are subject to inspection by appropriate University officials and should be available at all times.
2. Attendance of class meetings may not constitute more than 10% of the course grade unless justified by the instructor and approved by the department head and dean.
3. Faculty members are required to state in writing and explain to students their expectations in regard to class attendance during the first class meeting or by the last day to add (third official day of classes).
4. Faculty members are expected to work with students to allow for completion of classwork and assignments if the student's absence results from his/her required participation in a University-sponsored activity provided that, prior to the absence, the student makes arrangement to complete all missed work.
5. Students are usually allowed to make up work and/or tests missed because of serious illness, accident, or death in the family. Staff members in the Office of Student Services will make every effort to inform the faculty member concerning class absences on behalf of the student in these instances.

NOTE: During pre-registration, a student’s currently enrolled hours are used to determine classification for registration.

ONLINE ATTENDANCE POLICY

1. Students are required to log in to each online course by the second day during the week in which the course officially begins, or the day of enrollment during late registration to complete the initial introductory postings required in the course.
2. Logging in to an online course constitutes a start and assumes the intention to complete the course.
3. Students must log in at least one additional day during the first week of the course. Students must log in on two separate days each subsequent week of the course to meet attendance requirements or as specified in the syllabus. Nonattendance may affect financial aid.
4. Students withdrawn due to nonattendance will be permitted to return no sooner than the beginning of the next semester.
5. Students may appeal if they feel an error has been made in their attendance calculation as outlined in the University Regulations Procedure for Appealing a Grade.
6. Students are strongly advised to check e-mail daily, excluding weekends, for full term fall and spring courses.

COMPLETION OF DEVELOPMENTAL COURSE REQUIREMENTS

A student whose ACT/SAT score places them in developmental English or math must successfully complete the course or courses within the first three semesters of enrollment at the University of Louisiana at Monroe to be eligible to maintain continued enrollment. A maximum of three attempts (including drop “W” attempts) will be allowed for the required course. Students who fail to meet this requirement during this time limit must successfully complete the developmental course at another university or community college before being eligible to return to ULM.

COLLEGE PREPARATORY CURRICULUM

English-CAS and AAS degrees shall require the successful completion of at least three hours of English composition. AA, AS, A (non-designated), BAS, BA, BS, and B (non-designated) degrees shall require the successful completion of at least six hours of English composition.

Mathematics-CAS, AAS, AA and A (non-designated) degrees shall require the successful completion of at least three hours of Mathematics, beginning at a level no lower than college algebra. BAS degrees shall require the successful completion of at least three hours of Mathematics, beginning at a level no lower than college algebra, plus an additional three hours of either Mathematics above college algebra, Statistics, Computer Science, or Logic (a pre-requisite for enrollment in any of these courses shall be the successful completion of the required college algebra course). AS, BA, BS, and B (non-designated) degrees shall require the successful completion of at least six hours of Mathematics at a level no lower than college algebra.

Natural Sciences-Biological (e.g., Biology, Biochemistry, Botany, Zoology) and Physical Sciences (e.g., Chemistry, Geology, Physics, Astronomy/Meteorology). AAS degrees shall require the successful completion of at least three hours of any biological or physical science. AA, AS, and A (non-designated) shall require the successful completion of at least six hours of natural science in any biological or physical science. BAS, BA, BS, and B (non-designated) degrees shall require the successful completion of at least nine hours of natural science, as follows: six hours shall be earned in a single biological or physical science; the remaining three hours must be earned in a natural science area other than that previously selected (both biological/physical sciences must be taken to fulfill this requirement).

Humanities-(e.g., Literature, Foreign Languages, History, Communications, Philosophy, Classical Studies, Religious Studies, Interdisciplinary). The CAS degree shall require the successful completion of three hours of either Humanities, Fine Arts, or Social/Behavioral Sciences. The AAS, AA, AS, A (non-designated) and BAS degrees shall require the successful completion of at least three hours of Humanities. The BA, BS, and B (non-designated) degrees shall require the successful completion of at least nine hours of Humanities.

Fine Arts-(e.g., Music, Visual Arts, Applied Arts, Theatre, Dance, Interdisciplinary). The CAS degree shall require the successful completion of three hours of either Humanities, Fine Arts, or Social/Behavioral Sciences. The AA, AS, A (non-designated), BAS, BA, BS, and B (non-designated) degrees shall require the successful completion of at least three hours of Fine Arts.

Social/Behavioral Sciences. Social-(e.g., Economics, Geography, Anthropology, Political Science, International Studies, Interdisciplinary) and Behavioral (e.g., Psychology, Sociology) Sciences. The CAS degree shall require the successful completion of three hours of either Humanities, Fine Arts, or Social/Behavioral Sciences. The AAS and AS degree shall require the successful completion of at least three hours of Social/Behavioral Sciences. The AA, A (non-designated), BAS, BA, BS, and B (non-designated) shall require the successful completion of at least six hours of Social/Behavioral Sciences; three of these hours must be at the sophomore level or above.

Computer and Informational Literacy - Colleges/universities shall ensure that each degree student has achieved basic computer and informational literacy before graduation. The method for determining whether this standard has been met shall be left to the discretion of the affected institution.

International Education - Colleges/universities shall ensure that each degree student has been exposed to international education (awareness, learning, scholarship, and/or engagement) before graduation. The method for determining whether this standard has been met shall be left to the discretion of the affected institution. Suggested ways to fulfill this standard include: (1) international education elements within existing general education courses; (2) foreign language study across the curriculum; (3) a specific international education course as part of existing general education requirements (most likely a Social/Behavioral Studies, Humanities, or Fine Arts required course); (4) a required international dimensions course specific to each discipline major; and/or (5) the use of information technologies to integrate students from foreign universities into ongoing classroom activities.
MAJOR FIELD ASSESSMENT

Students may be required to complete an assessment in their major field during their senior year as a requirement for graduation.

ADDING AND DROPPING COURSES

Students will not be admitted to any class unless the instructor has received a roster or notice indicating proper registration from the Registrar.

Students will not be permitted to add or drop courses after the published add and drop date without their dean’s approval.

Students may not enroll in more than one section of the same course unless specified in the University catalog.

Class prerequisites must be completed as prescribed by the most current catalog, regardless of the catalog or curriculum in effect for any student.

Adding and dropping classes are functions which must be completed online via Banner Self Service at https://banner.ulm.edu/, unless pre-requisite or other restriction issues require a signature by an academic unit. In these cases, a student is required to contact his/her academic unit for the proper override. A grade of “F” will be assigned to any student who does not drop the course from his/her schedule. A student may drop any subject during that period carry no academic penalties.

In an effort to encourage students to maintain satisfactory progress toward degree requirements, undergraduate students will be allowed to drop up to five courses during their enrollment at ULM without an additional fee. A fee of $50 per course will be charged to students who drop six or more courses while they are undergraduates. Courses dropped before the published add date or dropped as a result of a resignation from the university will be excluded from this policy.

COURSE DROP AND RESIGNATION POLICY

After enrolling in classes, (in most cases on the web), a student who wishes to resign from the University must notify the Registrar’s Office in writing [by completion of resignation form obtained in the Registrar’s Office, by letter, or by faxed letter] of his/her wish to resign (see Registration Schedule Calendar for deadlines).

Students may drop courses or resign from the institution with grades of “W” prior to a date specified in the official University Calendar. That date is generally three weeks after mid-semester in a regular semester and the equivalent period in a summer session. (Actual drop/resign dates are published in each calendar for the respective schedule of classes.) After that specified date, students may not drop a course or resign. Drop dates for short courses will vary depending on the length of the course; these dates are published in the current issue of the ULM Schedule of Classes. Students who have extraordinary cases with extenuating circumstances may submit a letter of appeal to their academic dean, along with documentation to substantiate the case. Extraordinary cases do not include dissatisfaction with an anticipated grade or the decision to change a major. Approval of an appeal for dropping a course or resigning after the published date may be granted by the student’s dean for reasons stated below and only if the reason can be officially documented to show direct due cause.

Approval of an appeal for dropping a course or resigning immediately after the hardship or illness ended. The grade assigned shall be a “W.” If the dean allows the student to resign, a “W” grade shall be assigned in all courses. If the appeal is approved, the dean will notify the instructor and the Registrar. Examples of appealable cases are as follows:

1. Illness/Injury—The student must provide a letter on official stationery from the attending physician stating that the illness or injury will render the student unable to complete the course, or will cause the student to miss a significant number of days so as to make it difficult to complete the course. A hospital bill may also be used.
2. Death of an immediate family member which caused undue hardship and renders the student incapable of completing the course. A hospital bill may also be used.
3. Natural disaster or exceptional traumatic event (documentation will be required)—The student must provide a copy of the death certificate, obituary stating relationship to the deceased, or letter from the attending clergy.
4. National Defense—The student must provide a copy of official military orders.

Grades of “F” will be assigned to students who do not complete the enrollment period and who have not officially dropped their courses or resigned.

An appeal for a change in official academic records must be made no later than 30 days after the end of the semester or term in which the alleged error in academic records occurred.

PRIVILEGE TO CONTINUE ENROLLMENT IN TERMINATED PROGRAMS

Periodically, programs/curricula are terminated either by Board mandate or University request. In those cases, students are allowed to continue in the programs ONLY IF they maintain continuous enrollment in the program (fall and spring; summer term excluded) AND make progress
toward the degree program by earning credit toward the degree. Therefore, any failure to register and earn credit toward the degree in a regular semester will result in a mandatory change of curriculum to an active program.

CHANGES OF CURRICULA/CATALOG

After their first registration, students will not be permitted to change curricula except on the advice and consent of the academic dean/associate dean of their new college. A Change of Curriculum Request form must be used, and the proposed change is not official until the required approval has been obtained and the slip has been filed in the Registrar’s Office.

Once the Change of Curriculum Request Form is on file in the Registrar’s Office, the change becomes effective immediately. The new catalog year will be the catalog year in effect when the change is submitted. The student will be subject to regulations of the new catalog. EXCEPTION: Any change of curriculum which involves a change into or out of a program with a program-related fee (usually professional programs) will be effective the next term of enrollment.

If participation in specific programs (e.g., intercollegiate athletics, Veterans Affairs) and/or receipt of financial aid/scholarships is based on the student’s current curriculum, the student’s eligibility may be adversely affected. Students in these circumstances should first consult with the appropriate University advisor prior to submitting the curriculum change.

Students who interrupt their college work for two or more calendar years, students who change their curriculum, or students who enroll in programs requiring a new application will graduate according to the requirements of the catalog in effect at the time of their re-entry or curriculum change. It should be noted, however, that class prerequisites must be completed as prescribed by the most current catalog, regardless of the catalog or curriculum in effect for any student. Students must change catalogs if they change their major, apply for admission or readmission, or gain admission to a professional program. EXCEPTIONS: 1) Teacher education majors or 2) students who change to the distance learning mode of delivery for the exact same curriculum.

ACADEMIC STATUS:
GOOD STANDING, PROBATION, AND SUSPENSION

The undergraduate probation and suspension regulations listed below were adopted by the University of Louisiana System Board of Supervisors, effective at ULM with the Fall 1995 Semester. Administered by the Council of Academic Deans, these probation and suspension regulations are minimum standards which apply to all students except those enrolled in the professional programs of Nursing and Pharmacy. Refer to the catalog sections of the College of Health Sciences and College of Pharmacy for respective probation and suspension regulations.

ACADEMIC GOOD STANDING. Students who are enrolled or eligible to be enrolled are considered to be in good academic standing.

ACADEMIC PROBATION. Undergraduate students will be placed on academic probation whenever their cumulative grade point average (GPA) is below a 2.0.

1. Once on academic probation, a student will remain on probation (as long as each semester or summer term GPA is at least 2.0) until a cumulative GPA of 2.0 or higher is achieved. Individual institutions are encouraged to provide academic advising and/or intervention for these students.

2. Once a cumulative GPA of 2.0 or higher is achieved, a student will be placed in academic good standing.

3. Transfer students may be admitted on probation pending the receipt of official transcripts (credentials) to determine academic status.

ACADEMIC SUSPENSION. Undergraduate students on academic probation will be suspended from the institution at the conclusion of any semester or summer term in which they fail to earn a GPA of at least 2.0. First-time freshmen will not be suspended prior to the completion of two terms of enrollment.

1. Students suspended for the first time at the end of the spring semester may attend summer school without appeal. If these students raise their cumulative GPA to 2.0 or higher, they are placed in academic good standing and their suspension periods are lifted. They may then attend the fall semester without appeal. If they do not raise their cumulative GPA to 2.0 or higher in the summer term, the suspension for the fall semester is in effect. In this case, only one suspension is counted against the student.

2. Students suspended for second or subsequent suspensions at the end of the spring semester may also attend summer school. To be readmitted to any semester other than the summer session, they must appeal.

3. Universities in the System shall have one semester suspension, except for second or subsequent suspensions that shall be for one calendar year.

4. An undergraduate student suspended from a System university may not enroll in another university within the System, but may enroll in a community college. To ensure minimal or no loss of credits upon return to the university, it is recommended that the student consult with his/her university advisor regarding the choice of courses to be taken at the community college. Credits earned under these conditions may be accepted for a degree at the suspending institution provided grades of “C” or higher are earned in each of the courses to be transferred.
APPEAL OF ACADEMIC SUSPENSION. Students suspended for scholastic deficiency at the University of Louisiana at Monroe may appeal through their academic dean for immediate reinstatement. The appeal from academic suspension consists of a letter of appeal written by the student to the academic dean explaining any extenuating circumstances responsible for poor academic performance. Complete validating documentation to support the circumstances and to demonstrate that circumstances are now such that the student could reasonably be expected to do satisfactory academic work should be submitted with the letter of appeal. Gaining readmission in this manner permits students to continue in the University, but it does not erase the “Academic Suspension” entered on their record.

Transfer students who have been suspended from other systems may appeal to enroll at System institutions during the academic suspension period only if they have a 2.0 cumulative average. Appeals may be granted or denied.

DEVELOPMENTAL DISMISSAL. A student whose ACT/SAT score places them in developmental English or math must successfully complete the course or courses within the first three semesters of enrollment at the University of Louisiana at Monroe to be eligible to maintain continued enrollment. A maximum of three attempts (including drop “W” attempts) will be allowed for the required course. Students who fail to meet this requirement during this time limit must successfully complete the developmental course at another university or community college before being eligible to return to ULM.

ACADEMIC RENEWAL

Academic renewal provides the opportunity for a fresh start for those students who have had academic difficulties in the past but are ready to commit themselves to scholastic success. Students who wish to apply for academic renewal, also called academic clemency, academic forgiveness, or academic bankruptcy, must meet certain criteria and follow the established application procedures. One of the essential criteria for qualifying for academic renewal is that at least three calendar years must have gone by since the end of the semester in which the student was registered for credit at any college or university and the beginning of enrollment under academic renewal. A student may apply for academic renewal at any time during his/her enrollment in the University as long as this minimum period has lapsed. A student can receive academic renewal only once in his/her undergraduate career, regardless of the number of institutions attended. A student who has earned a degree cannot declare academic renewal if any of the coursework to be considered in academic renewal was earned prior to receipt of a degree. The graduate level does not offer or recognize academic renewal. Also, the awarding of academic renewal does not affect a student’s financial aid history; therefore, students should speak with the ULM Financial Aid Office prior to appeal for academic renewal.

If a student is eligible, he/she may begin the academic renewal process by submitting a written petition to the dean of his/her college. In the petition the student will explain the changes that he/she has made that will give the University reason to believe that the student will experience academic success and will perform satisfactorily in the succeeding semesters. A transfer student who has previously been granted academic renewal elsewhere may apply for consideration of transfer of academic renewal to ULM. He/she should use the application procedure described above. If academic renewal is granted, the dean will notify the student and the Registrar, and the Registrar will implement the necessary transcript and records changes.

After a student has been granted academic renewal, the date that the renewal was approved will be noted on his/her transcript, and the transcript will also note that all of the student’s previously-earned hours and quality points will neither be used to compute his/her GPA nor will they be applied toward his/her program of study. The student’s prior academic history will be included in and will remain a part of his/her overall academic transcript and record. The status of a student who receives academic renewal will be based upon the subsequent credits that he/she earns, and the student will follow the guidelines of the appropriate catalog(s).

A student who has declared Academic Renewal is not eligible for honors recognition upon graduation.

Other institutions have their own policies and may or may not accept academic renewal as granted at this institution. In addition, when considering applications for admission, many undergraduate professional curricula, graduate schools, and professional schools choose to compute the undergraduate grade point average over all of the hours attempted.

REQUIREMENTS FOR DEGREES

Candidates for the associate and bachelor’s degrees must accomplish the following:

1. Apply for graduation with their academic dean. Deadlines to apply for graduation are published in the official academic calendar and the ULM class schedule calendar. Students should review the class schedule calendar for their expected term of graduation for specific deadline. If all course work has been completed, students must register in absentia.

2. Complete all of the coursework in one of the curricula as outlined in the issue of the University of Louisiana at Monroe Undergraduate Catalog for the student’s catalog year. Students are responsible for knowing degree requirements. Students are normally guided by the Catalog in effect at the time of their first enrollment at this University. However, where feasible and academically sound, students may elect any issue of the ULM catalog in force during their residence, provided they maintain continuous enrollment
in the same major. Students who interrupt their college work for two or more calendar years, students who change their curriculum, or students who enroll in programs requiring a new application will graduate according to the requirements of the catalog in effect at the time of their re-entry or curriculum change, unless they have departmental approval to choose an updated curriculum for graduation requirements (see Curricula/Catalog Changes). Students must receive academic dean’s approval for course substitutions used to satisfy degree requirements.

3. Complete at least 25% of the semester credit hours required for the degree through instruction offered by the University of Louisiana at Monroe. One third of the major credit hour courses and one third of the minor credit hour courses must be included in the 25% degree requirement.

4. Have an overall average of “C” (2.0) in all work to be credited toward the degree for which they are applying, including a “C” average in the major field and a “C” average in the minor field (if any) and a minimum grade of “C” in English 1001, 1002, and the first non-developmental mathematics course required in the major field.

5. Be present for commencement unless the student notifies the Registrar’s Office that he/she will not participate in the ceremony.

6. Pay in full all accounts with the University prior to commencement.

7. Refer to individual college and/or program sections regarding additional course, grade and grade point average, and residence requirements specific to the degree to be earned.

8. Be enrolled in the curriculum in which the degree is to be conferred. A student’s diploma reflects the degree designation as specified by the Board of Regents.

GRADUATION AVERAGE

The graduation average is the corrected average figured on coursework earned toward the degree. When a student repeats a course, the last grade received shall be accepted as the final grade in determining graduation requirements. Students receive their diplomas based upon their individual graduation averages.

DEGREES WITH HONORS

Students receiving Baccalaureate and Doctor of Pharmacy degrees will be awarded Latin honors in accordance with the following guidelines:

- *Cum Laude* — awarded to students whose cumulative grade point average is within the range of 3.500 through 3.749

- *Magna Cum Laude* — awarded to students whose cumulative grade point average is within the range of 3.750 through 3.899

- *Summa Cum Laude* — awarded to students whose cumulative grade point average is within the range of 3.900 through 4.000

The distinctive *Top Graduate* status at graduation is bestowed upon the Baccalaureate and/or Doctor of Pharmacy degree graduate(s) with the highest cumulative grade point average.

Students receiving their first associate degree from ULM will be awarded University honors in accordance with the following guidelines:

- *Honors* — awarded to students whose cumulative grade point average is within the range of 3.500 through 3.799

- *High Honors* — awarded to students whose cumulative grade point average is within the range of 3.800 through 4.000

The cumulative average is the uncorrected average figured on all courses attempted, which includes ULM, transfer, and repeated courses. A letter grade equivalent must be determined for credit (CR) grades awarded to a student for international transfer coursework in order for the student to receive honors at graduation. A student who has declared Academic Renewal is not eligible for honors recognition at graduation.

REQUIREMENTS FOR SUBSEQUENT OR SIMULTANEOUS DEGREE

Students may earn subsequent degrees in a different major provided all requirements are met for the additional degree. The additional degree may be awarded simultaneously with another degree or at a later commencement. Students should consult the Registrar for procedures and requirements. No more than 50 percent of the major coursework applied toward one degree may be shared among other degrees awarded at ULM. The following additional requirements apply:

1. Students must earn a minimum of 30 hours at ULM excluding repeated courses, in addition to the total required for the first degree (15 additional hours for an associate).

2. An associate in General Studies may not be awarded simultaneously with or subsequent to other degrees. A Bachelor’s of General Studies may be awarded only once, regardless of the various major concentrations. A simultaneous degree in General Studies may be earned only if the Major Thematic Concentration Group does not include the academic area in which the student is presently pursuing a degree.

3. An associate degree may not be awarded with or after an upper-level degree in the same major. Degrees may be earned in different areas, such as an A.A. in Criminal Justice and a B.A. in
English, or an M.Ed. in Counseling and an A.A. in Criminal Justice. An Associate in General Studies may not be awarded once the Bachelor’s degree or higher is earned.

4. A second degree may not be awarded in General Business if the first degree is in any other field in business.

REQUIREMENTS FOR THE SECOND MAJOR

Students who wish to earn a second major may do so by successfully completing all courses required for the second major as specified in this catalog, provided both the primary and secondary majors lead to the same baccalaureate degree (e.g., B.A., B.B.A., B.S.). Supporting courses will not be required. Work for the second major must be of the same quality as that required for the first. As required by the Board of Regents, a student's diploma will reflect only the degree designation (e.g., Bachelor of Science.) The degree designation, as well as both majors, will appear on the student's transcript.

REQUIREMENTS FOR A MINOR

Requirements for a minor for those students pursuing bachelor degrees may be found under “Requirements for a Minor” in the Courses of Instruction section in this catalog. Students pursuing associate degrees cannot earn a minor. Minor subject areas are not posted on a transcript subsequent to the completion of a bachelor's degree.

UNIVERSITY HEALTH SERVICE

STUDENT HEALTH SERVICES POLICY

Student Health Services

It is well known that college students have special health needs. ULM Student Health Services recognizes these needs and stands ready to provide information and confidential treatment for these problems, as well as general medical services for all students. Student Health Services is also available to address any of your immunization compliance questions and needs.

Student Health Services is located in the Student Health and Counseling Center at the corner of University and LaSalle Streets and is staffed by Board Certified Family Nurse Practitioners. Clerical personnel are available to handle your billing and referral needs. An immunization specialist is also available to answer your immunization compliance questions. Call (318) 342-5238 for your immunization questions.

General Information

Student Health Services functions on a walk-in basis. Students are encouraged to visit the clinic during non-class time. Appointments are required for women’s health wellness visits. You may be provided a follow-up appointment at the discretion of your nurse practitioner. Students failing to cancel a scheduled appointment will be assessed a no-show fee.

Student I.D. cards are required for service. No excuses will be provided for missed classes. Call (318) 342-1651 to schedule an appointment.

Current Services

Board certified nurse practitioners can provide many types of services and treatments for students such as:
- Screening and treatment of sexually transmitted diseases
- HIV Testing
- Immunizations
- Allergy injections
- Non-narcotic prescriptions and over the counter medications
- Women's health
- Mental health
- Minor surgical procedures
- Family health sickness or wellness visits
- Complete laboratory services
- Physical exams
- Nutritional Counseling
- Smoking Cessation

Hours of Operation

Student Health Services is open Monday through Thursday from 7:30 a.m. to 5:00 p.m. and on Friday from 7:30 a.m. to 11:30 a.m. In the event of an emergency students should dial 1-911 on campus and 911 off campus. During non-operational hours, students should seek medical treatment with their personal physician or at any of the local emergency rooms or walk-in clinics.

Student Fees

Most medical services will be covered by your university assessed student health fee. Additional fees may be incurred for some procedures deemed necessary by your practitioner. Questions about fees owed and instructions for filing your medical claims are available. A fee schedule is posted in Student Health Services for your viewing. Fees incurred are the responsibility of the student. Students are expected to pay when services are rendered. Failure to pay student health fees within 30 days will result in suspension of your student health service privileges until your account is in good standing. Failure to pay fees within 60 days will result in flagging of your student account. Flagging of your account will carry the same consequences as other University debt flags. Call (318) 342-1651 for additional information.
Immunization

New students seeking enrollment at ULM should receive a Proof of Immunization Compliance Form from the Admissions Office, Student Health Services, or on-line at www.ulm.edu/shs. Directions for completing the form should be read to ensure adequate documentation. Return the completed form to Student Health Services, Immunization Program, 1140 University Ave., Monroe, LA 71209. The form must be returned to Student Health Services for the student to complete registration. Forms may be faxed to (318) 342-5239.

Student Injury and Sickness Insurance

Enrolled domestic students have available to them a plan of group student injury and sickness insurance. This plan is MANDATORY FOR ALL INTERNATIONAL STUDENTS enrolled at the University. In the fall semester, applications and policy information are mailed directly to the student from the insurance company following the close of registration. In the spring and summer semesters, enrolled students may obtain the application and policy information from the Office of Student Services located in the Student Center, Room 239. ALL QUESTIONS CONCERNING THE INSURANCE COVERAGE MUST BE ANSWERED BY THE INSURANCE COMPANY BY TELEPHONING THEIR TOLL FREE NUMBER. At the time of registration, the University will automatically assess international students’ insurance premium each semester unless they can provide proof of adequate government-sponsored coverage or personal insurance coverage including medical evacuation (benefits to be paid for the evacuation of the insured person to the home country) and repatriation (benefits to be paid for preparing and transporting the remains of the deceased’s body to the home country). An embassy letter or personal insurance policy must be submitted to the Student Services Department for review if an international student requests exemption of the cost and subsequent enrollment in this mandatory insurance plan. Request for exemption must include supporting documentation and must be made prior to registration for the semester of enrollment.

Counseling Services

The challenges of college life require a variety of personal strengths and problem solving skills. The Counseling Center’s professionally trained counselors are available to help students enhance their strengths and develop their abilities to effectively manage their experiences of living, learning, and growing at ULM.

The Counseling Center offers many free and confidential services to undergraduate, graduate, and professional students. These services include individual, couples, and group counseling, consultation, and assistance with referrals. Counselors assist students in meeting their increased academic, personal, and social demands. Substance abuse prevention, education, intervention, counseling, and referral services are available. The Counseling Center also provides direct crisis intervention services for ULM students. These services may include ongoing counseling, referral to University or community resources, or consultation for faculty and staff facing a crisis situation.

In addition, counselors design and implement outreach workshops and programs to student classes, groups, organizations, and residence halls. These presentations, which are available upon request, educate students on a wide range of issues related to personal growth, mental health, and enhanced academic performance.

The Counseling Center, located in the Student Health and Counseling Center, is open Monday through Thursday from 7:30 a.m. to 5:00 p.m. and Friday from 7:30 a.m. to 11:30 a.m. Students may schedule an appointment by calling 342-5220. Emergency care on week nights and weekends may be obtained by contacting the University Police Department at (318) 342-5350. UPD contacts a counselor who will then respond immediately to the student in crisis.

Services for Students with Special Needs

The University of Louisiana at Monroe strives to serve students with special needs through compliance with Section 504 of the Rehabilitation Act of 1973 and the Americans with Disabilities Act. A student with a physical disability or learning disability who needs accommodations should make arrangements for the Counseling Center to notify their professor of their needs at the beginning of the course. Students may contact the Counseling Center at (318) 342-5220 for an appointment. The Center offers a number of opportunities to students with special needs, and works with the student to eliminate or lessen obstacles to their education. Services of the Center include the provision of support to students with permanent or temporary exceptionalities, individual counseling, and assistance with academic accommodations.

Housing accommodations, as well as designated parking for these students are facilitated by other departments on campus.

Mobility Impaired Parking Procedure

An Application for Mobility Impaired Parking Permit and a memo, which are to be presented to the attending physician, can be obtained from the University Police Department or they can be downloaded at http://www.ulm.edu/~police/parking/parkindex.htm. Students must have their physician read carefully the memo and complete and sign the application which verifies their disability. Students must present the completed form to the University Police Department for approval. The University Police Department will provide students with a decal which designates the length of time they are eligible to receive mobility impaired parking. Students with temporary injuries who apply for mobility impaired parking will be assigned
parking privileges for the anticipated length of recovery. Re-application for the permit is necessary if the condition persists beyond 90 days. For any impairment that is considered permanent by your physician, recertification must be done each Fall for the academic year.

INTERCOLLEGIATE ATHLETICS

The University of Louisiana at Monroe sponsors intercollegiate programs for both men and women.

The men’s program sponsors seven sports: baseball, basketball, cross country, football, golf, indoor and outdoor track and field. The women’s program sponsors nine sports: basketball, cross country, golf, soccer, softball, tennis, indoor and outdoor track and field, and volleyball. These sports are conducted in the National Collegiate Athletic Association’s highest classification—Division I. The University is a member in good standing of the NCAA, the major governing body of intercollegiate athletics. All sports programs at ULM are conducted within the framework of NCAA and Sun Belt Conference regulations concerning student eligibility and other facets of the program.

Athletic scholarships are provided to outstanding men and women athletes in each sport.

TESTING CENTER

The purpose of the Testing Center is to provide students with information regarding tests for admission, certification, correspondence/independent study, course placement, and credit by examination. The Testing Center offers CLEP, DSST, GRE, HOBET, MCAT, PRAXIS, TOEFL, correspondence/independent study, and placement exams on scheduled test days. The Testing Center is the only authorized test administrator at ULM for correspondence, independent study, or any course exam administered at ULM on behalf of other institutions, regardless of the student’s enrollment status at ULM. It is recommended that students schedule their exams a minimum of 4-6 weeks in advance to ensure receipt of scores before individual program deadlines.

Contact the Testing Center (Sandel 225, 318-342-5341, or testing@ulm.edu) or visit the Testing Center website (www.ulm.edu/testing) for additional information.

VEHICLE REGISTRATION

All students, faculty, staff, and other employees of the University must register any motorized vehicle which is to be used on the campus. This registration must be completed immediately after bringing the vehicle on campus. Prior to registration, a vehicle use fee must be paid by each student using a vehicle.

Students, faculty, and staff must register their vehicle, and pay all fines for traffic citation, together with any administrative fee which may be assessed.

VETERANS AFFAIRS

Located in Administration 1-109, the ULM’s Office of Veterans Affairs assists all veterans and dependents in establishing eligibility to receive veterans’ education benefits at ULM.

First-time applicants must submit an application for benefits to the Regional Processing Office (RPO), which is located in Muskogee, OK. A veteran can apply online for benefits at the GI Bill website or via a paper application that is available in the ULM Veterans Affairs office. After a processing time of approximately 8-12 weeks, the veteran will receive a letter stating his/her eligibility status. The letter must be submitted to the ULM Veterans Affairs office in order that the office may retain a copy. Additionally, there are other required forms to be completed in the VA office.

Transfer students who have used their benefits at another institution must complete transfer forms 22-1995 (Request for Change of Program or Place of Training) or 22-5495 (Dependents’ Request for Change of Program or Place of Training). Both forms can be obtained in the VA office on campus.

All students are required to complete pre-enrollment certification sheets for each semester/term for which they are requesting payment.

It is the responsibility of the student to inform the ULM VA Office if any of the following occurs: 1) curriculum change which may affect eligibility of current courses’ applicability to the new degree program; 2) any change in course load which would change the student’s status to full-time or reduce status to less than full-time; and 3) any resignation for a term of enrollment at ULM. These changes may affect a student’s VA benefits and could result in the student’s being required to repay funds to the Veterans Administration.

National Guard students who receive the state exemption to pay their tuition cannot be on probation and must call 1-225-255-8304.

Dependents of disabled or deceased veterans who are eligible to receive the state exemption must present their original stamped certificate to Student Account Services, Coenen 102.

For more information, please visit the VA’s websites: http://www.gibill.va.gov (main web-site) http://www.gibill.va.gov/GI_Bill_Info/How_to_Apply.htm (information on applying for benefits)

Opportunities exist for volunteers and part-time employees.

STANDARDS OF CONDUCT FOR STUDENTS

ULM Code of Student Conduct

Section Five

5.01 Each student and/or guest assumes an obligation to obey all University rules and regulations made by properly constituted authorities.

5.02 The “Standards of Conduct for Students” outlines behavior expected by the University. Standards of conduct covering all aspects of human behavior cannot be written; therefore, omission of an offense from the written “Standards of Conduct for Students” does not prohibit the University from bringing charges for that offense. Municipal, Parish, State and Federal statutes cover many types of behavior not specified in University regulations.

5.03 Conduct regulations for students attending the University of Louisiana at Monroe and for officially recognized student organizations are designed to create and to promote a wholesome educational environment. Student and student organization conduct in the environment of an institution of higher learning is expected to be exemplary at all times. Conduct regulations at the University require each student and student organization to exercise respect for Federal, State, Parish and Municipal laws and to conduct personal affairs and activities both on and off campus to reflect credit both to the student, to the student organization, and to the University. To promote this goal, the University does not permit the following activities:

Acts Contrary to Public Health and Safety

5.03:01 Throwing any object from a vehicle or a University facility to include intentionally throwing any object onto the competing surface of an athletic event.

5.03:02 Possession of, display of, discharge of, use of, sale of, or attempt or threat to use firearms, ammunition, explosives, fireworks, or other dangerous weapons, substances or materials of any kind on University property or at any University approved activity.

5.03:03 Any act of arson or setting a fire on University property without proper authority.

5.03:04 Swimming, floating, or wading in the bayou on University property. Fishing in the bayou from a bridge on University property.

5.03:05 Tampering with or removing from its proper location, fire extinguishers, hoses, or other fire or emergency equipment, except when done with reasonable belief of real need for such equipment.

5.03:06 Failure to comply with Traffic and Parking regulations for automobiles, motorcycles, bicycles, skates, skateboards, rollerblades, or any other vehicles and regulations for pedestrians; misuse or theft of staff or student parking decals. This standard includes storing or parking a gasoline-powered motorcycle, motorbike, moped or a container containing gasoline or other highly flammable liquids inside a University building.

Acts Contrary to Orderly Activities

5.03:07 Falsely reporting a fire or other emergency; falsely setting off a fire alarm; unauthorized use of emergency exits.

5.03:08 Falsely reporting the presence of an unlawful explosive or incendiary device with the intent to mislead, deceive, or disrupt the operation of the University or a scheduled event sponsored or co-sponsored by the University.

5.03:09 Rioting, inciting to riot, assembling to riot, raiding, inciting to raid, or assembling to raid University personnel, buildings or other University property.

5.03:10 Participation in harassment, in any group demonstration, sit in, or disorderly conduct which disturbs the orderly activities and processes of the University or infringes on the rights of other students or University personnel.

5.03:11 Sitting, obstructing or placing items such as books, purses, drink containers, etc., in hallways, stairways, walkways, or building entrances or exits.

5.03:12 Documented obstruction, disruption or interference of teaching, research, administration, disciplinary procedures or University-authorized activities or events.

5.03:13 Documented interference with the right of access to University facilities or with any other lawful rights of any person on campus.

5.03:14 Visitation of other college or university campuses or industrial sites, or any other property (private, public, or corporate) for the purpose of defacing or destroying said institutions or property.
or of disrupting the normal activities of such said institutions or property.

5.03:15 Abusive, drunken, violent or excessively noisy behavior or expression on University property or at University authorized activities.

5.03:16 Intentionally delaying, obstructing or resisting persons who identify themselves as Residential Life staff members, faculty members, University Administrators, University Police Officers or other law enforcement officials, fire officials, or other University employees in the performance of their duty.

Acts Contrary to Property Rights

5.03:17 Trespassing.

5.03:18 Vandalism, malicious or ignorant destruction, damage, disfigurement or misuse of public or private property including library materials.

5.03:19 Unauthorized entry or use of University facilities or any violation of University rules regarding the use of University property.

Acts Contrary to Individual Rights

5.03:20 Discriminatory behavior against any member of the University community.

5.03:21 Engaging in oral or written speech that is directed to inciting or producing imminent lawless action and/or is likely to incite or produce such action.

5.03:22 Lewd, indecent, offensive, or obscene behavior or the distribution of obscene or offensive matter on or off University property; this standard includes similar behavior when utilizing telephones, answering machines, or computer generated materials, computers, sound systems.

5.03:23 The threat or commission of physical violence against any person on or off University property or at any University authorized event or other conduct which threatens the health or safety of any person. This standard includes violence purposed to influence an employee’s official action, and it includes intimidation and threats made toward the person bringing the charge or witnesses involved in any University disciplinary hearing. This may include cyberstalking as defined in Section 4 of the Student Policy Manual.

5.03:24 Hazing in any form including action taken or situation created, whether on or off college or University property, which is life threatening to the individual; and kidnapping, paddling, slapping, branding, burning with a cigarette, or any such activities which are life threatening to the individual or are intended to hurt or to humiliate physically or mentally. (Please refer to the Hazing Policy in the “Student Policy Manual” for a further completed definition of hazing.)

5.03:25 Disrespect or inappropriate behavior at any time when dealing with students, University personnel, and the general public. This includes various degrees of obscenities and profanities.

5.03:26 Harassment of any member of the University community. Stalking or the repeated following or harassing of another person accompanied by the making of a credible threat with the intent to place that person in reasonable fear of death or serious injury (including e-mails, text-messaging and voice mail.)

Acts Contrary to Stated Policy

5.03:27 Failure to comply with the University of Louisiana System Board of Supervisors or University rules and regulations related to any areas within their jurisdiction, including but not limited to: library, residence halls and dining services, traffic, automobile usage, conduct on and off campus, conduct in the classroom, organizational activities, and use of building and physical plant.

5.03:28 Failure of residence hall students, their guests or visitors to comply with those rules governing conduct of students residing in residence halls.

5.03:29 Unauthorized occupation of any University facility; unauthorized visitation in campus residence halls.

5.03:30 Failure to produce identification when requested by a University Police Officer, a residence hall staff member, or other identified University Official.

5.03:31 Improper move out or check-in of the University residence hall system.

5.03:32 Unauthorized establishment of an off-campus residence.

5.03:33 Failure to answer a University summons or to appear for a disciplinary hearing as outlined in this Code.

Acts of Dishonesty, Misuse or Unauthorized Possession

5.03:34 Violation of University Drug Policy to include: Unauthorized or illegal possession, use, distribution, sale, manufacture or transportation of narcotics, stimulants, depressants, barbiturates, sedatives, tranquilizers, hallucinogens, drug paraphernalia, marijuana and/or other similarly known drugs and/or chemicals.

5.03:35 Violation of University Alcohol Policy, to include: possession or consumption of alcoholic beverages or possession
of alcoholic beverage containers on campus, or during any trip sponsored by the University, except as provided in University policy, and/or underage drinking or possession or providing alcohol to underage students on or off campus.

5.03:36 Falsification, forgery, alteration or misuse of University documents, records, identification cards or meal tickets; furnishing false information to the University with the intent to deceive.

5.03:37 Dishonesty or illegal gambling in any form on University property or at any University-approved activity.

5.03:38 Passing a worthless check or money order to the University or to a member of the University community acting in an official capacity.

5.03:39 Theft, larceny, shoplifting, embezzlement or the temporary taking of the property of another.

5.03:40 Lifting, taking or acquiring possession of, without permission, any academic, personal or financial materials (tests, information, research papers, notes, books, periodicals, etc.) or financial information from a member of the University community. This would include copyright violations.

5.03:41 Giving false testimony or other evidence at any official hearing of the University or giving false information to any faculty or staff member acting in the performance of his/her duties.

5.03:42 Academic Cheating or Plagiarism. (see Section 1 of the Student Policy Manual)

Other Acts of Misconduct

5.03:43 Violation of censures imposed by Student Conduct or any other specified University Unit.

5.03:44 The commission of acts or attempted acts on or off University property, at University authorized events or on any property owned, leased, or occupied by any formal or informal organizations associated with, approved by, or identified with the University, including without limitation, any athletic club, academic club, social club, fraternity, sorority or other society, which acts or attempted acts constitute a violation of federal, state, parish and municipal law.

5.03:45 Bribing any University employee.

5.03:46 Unauthorized access to or misuse of University computers, computing systems, networks or services including services such as “Facebook”, “MySpace.com”, etc. All admitted students automatically have an account issued upon admission approval and therefore are required to use this University assigned account for computer resources at the University. All students must abide by the terms and conditions stated in the Technology Acceptable Use Policy found at http://www.ulm.edu/computingcenter/content/technology-acceptable-use-policy.

(NOTE: Any violation or abuse of University computing equipment, or any breach of security regarding University computers can result in the loss of privilege to use University computing resources or in more serious disciplinary action.)

5.03:47 Failure to comply with directions of University Officials acting in the performance of their duties.

5.03:48 Attempting to commit, aiding or inciting others to commit or attempt to commit any act of misconduct set forth above.

Finally, to preserve the educational environment of the University Community, a student or student organization may be formally charged with a violation of the ULM Code of Student Conduct and referred to a hearing before the appropriate university administrator or unit for possible disciplinary action when as a result of misconduct the student or student organization is:

5.03:49 Convicted of a felony.

5.03:50 Formally charged by civil authorities with the commission of a felony of such nature that the student’s or student organization’s continued presence at the University is potentially dangerous to the health, safety, and educational environment of the University community; or

5.03:51 When there is strong convincing evidence that the student or student organization against whom civil authorities have not brought charge or imposed penalties has committed a felony of such nature that the student’s or student organization’s continued presence at the University is potentially dangerous to the health, safety, and educational environment of the University community.

5.03:52 Sexual misconduct, sexual assault, sexual harassment as defined in the University Policies section (Chapter 4) of the Student Policy Manual.

5.03:53 Cyberstalking:

1. Use in electronic mail or electronic communication of any words or language threatening to inflict bodily harm to any person or to such person’s child, sibling, spouse, or dependent, or physical injury to the property of any person, or for the purpose of extorting money or other things of value from any person.
2. Electronically mail or electronically communicate to another person repeatedly, whether or not conversation ensues, for the purpose of threatening, terrifying or harassing any person.
3. Electronically mail or electronically communicate to another and to knowingly make any false statement concerning death, injury, illness, disfigurement, indecent conduct or criminal conduct for the person electronically mailed or of any member of the person’s family or household with the intent to threaten, terrify or harass.
4. Knowingly permit an electronic communication device under the person’s control to be used for the taking of an action in paragraph 1, 2, or 3 above.

Academic Cheating and Plagiarism
I. Definitions:
A. Academic cheating includes the accomplishment or attempted accomplishment of the following:

* 1 Copying or obtaining information from another student’s test paper.*
** 2. Using, during a test, materials not authorized by the person giving the test.
3. Collaborating, conspiring, or cooperating during a test with any other person by giving or receiving information without authority.
4. Stealing, buying, or otherwise obtaining all or part of an unadministered test.
5. Selling or giving away all or part of an unadministered test or any information concerning specific questions and items on an unadministered test.
6. Requesting, bribing, blackmailling, or in any other way causing any other person to obtain an unadministered test or information about an unadministered test or a test in the process of being administered.
7. Substituting for another student, or permitting any other person to substitute for oneself, to take a test.
8. Submitting as one’s own, in fulfillment of academic requirements, any theme, report, term paper, essay, other written work, art work, painting, drawing, sculpture, musical composition, or other art work prepared totally or in part by another person.
9. Any selling, giving, or otherwise supplying to another student for use in fulfilling academic requirements any theme, report, term paper, essay, other written work, painting, drawing, sculpture, or other art work.

10. Submitting artificially produced data or information in the place of descriptive, experimental, or survey results.
11. Any other devious means of securing an unearned grade in a non-credit course or in a course offered for credit.

* A student looking on another student’s paper is considered cheating.
** The presence on one’s person (or in close proximity thereto) of a condensation of test information which could be regarded as a "cheat sheet" will be considered adequate evidence to establish cheating.

B. Plagiarism is the use of any other person’s work (such work need not be copyrighted) and the unacknowledged incorporation of that work in one’s own work offered for credit.

II. Academic Procedures and Censures
A. Procedures
An alleged instance of academic cheating or plagiarism shall be investigated by the instructor. If he/she feels the student is responsible, the incident must be reported in writing within one week following the incident to the department head and/or the associate dean (or other appropriate administrator), who will report the incident in writing by completing the Classroom Incident Form to the Office of Student Services (Student Conduct). The Office of Student Services (Student Conduct) (or his authorized agent) will determine and report back to the department head and/or associate dean whether there exists any record of previous such incidents*, or if other violations of student conduct are on record for the student. With this information, the Instructor may meet with the department head (and/or the associate dean), to further discuss the incident and determine the nature of the offense and assign the appropriate penalty. If necessary, the student’s academic dean may be consulted. A penalty of suspension, dismissal, or other penalties as described under “Censures” (below) may be imposed by the student’s academic dean if the student’s record reveals previous offenses or if the nature of the offense would call for a more severe penalty. The student and the Office for Student Conduct will be informed of the penalty in writing in a timely manner (any may also be informed in person) by the instructor, the department head, the associate dean, or other appropriate University administrator.

B. Censures (Penalties)
Penalties for cheating and plagiarism will generally be more severe in instances in which the student has had previous violations of University standards of student conduct (academic or non-academic), and can vary with the nature of the offense and the circumstances. At the very least, a student must be assigned a value of zero for the work involved. However,
if determined appropriate, a student can be assigned the grade of “F” for the course, of, by action of the student’s academic dean, can be placed on academic suspension or dismissed from a major or professional degree program following a first offense.

* A file of such incidents will be maintained in the Office of Student Services (Student Conduct).

III. Appeal Procedure for Ruling on Cheating or Plagiarism

A. Timelines
An appeal, if one is made, must begin within three working days of notification of the decision. Each subsequent step in the appeal process must begin within five working days of the decision rendered in the preceding step.

B. Criteria
A student may appeal a decision rendered by the process described under “II. Academic Procedures and Censures” if:

1. A procedural error has occurred.
2. New evidence has been secured. This evidence must be supported by affidavits or other supporting documentation which will be reasonably reviewed by the appropriate University Administrator.
3. The penalty is disproportionate to the violation. Clear and convincing reasons must be given to show that the penalty does not meet the test of reasonableness and fairness.
4. The decision is unsupported.

C. Process

1. It is the student’s responsibility to carry the appeal to each succeeding level. Each written request shall include:
   a. Date of letter
   b. Student name and identification number
   c. Course name, number, and section
   d. Name of faculty member
   e. Date of student/faculty conference
   f. Statement concerning basis for appeal, with any supporting documentation
   g. Student’s legal signature

2. Appeals at different levels (general conditions for appeals apply at all levels).
   a. Faculty member — The student must first meet with the faculty member to attempt to resolve the matter.
   b. Department head — If the matter is not resolved with the faculty member, the student shall send a written request to the faculty member’s department head for a conference with the department head and faculty member. The department head shall provide the faculty member with a copy of the written request. The faculty member shall provide the department head with a statement concerning the basis for the penalty with any supporting documentation. The department head, faculty member, and student shall meet to discuss the appeal. The department head shall notify the student and faculty member of the decision.

   c. Dean -
   1. College of Health Sciences
   If the student wishes to appeal the decision of the department head in the College of Health Sciences, a written request for a meeting shall be sent to the associate dean of the college of Health Sciences. The department head shall provide the associate dean with a statement concerning the basis for the penalty with any supporting documentation. The associate dean shall meet with the department head, faculty member, and student to discuss the appeal and shall notify them of the decision. If the student wishes to appeal the decision of the associate dean, a written request for a meeting shall be sent to the dean of the College of Health Sciences*. The associate dean shall provide the dean with a statement concerning the basis for the grade with any supporting documentation. The dean shall meet with the associate dean, department head, faculty member, and student to discuss the appeal and shall notify them of the decision.

   2. All Other Colleges
   If the student wishes to appeal the decision of the department head, a written request for a meeting shall be sent to the faculty member’s dean.* The department head shall provide the dean with a statement concerning the basis for the penalty with any supporting documentation. The dean shall meet with the department head, faculty member, and student to discuss the appeal and shall notify them of the decision.

   d. Academic Appeals Committee - If the student wishes to appeal the decision of the faculty member’s dean, a written request for a meeting shall be sent to the Academic Appeals Committee through the faculty member’s dean, who shall provide the Academic Appeals Committee with a statement concerning the basis for the penalty with any supporting documentation. The Academic Appeals Committee shall review the appeal and render a final decision and shall notify the student, faculty member, department head, dean, and Vice President for Academic Affairs of the decision.

   e. Vice President for Academic Affairs - If the student wishes to appeal the decision
of the Academic Appeals Committee, a written request for a meeting shall be sent to the Vice President for Academic Affairs. The Committee shall provide the Vice President with a statement concerning the basis for the penalty with any supporting documentation. The Vice President shall review the appeal to ensure due process, and shall notify the student, faculty member, department head, dean and the Chair of the Academic Appeals Committee of the decision.

* In the event that the incident occurred in a course not in the student’s academic college, but a penalty of suspension or dismissal has been imposed by the student’s academic dean (as described under II.B. Censures - above), an appeal concerning the matter of responsibility (or not) would involve the faculty member’s dean; an appeal concerning the severity of the penalty would involve the student’s dean. In either case, the appeal would be made to the Academic Appeals Committee as in “d.” above.

CENSURES

The appropriate University Administrator, the appropriate Academic Unit, the Conduct Standards Committee, the Student Organization Judicial Committee, the President’s Appeal Panel, the Student Sexual Harassment Committee, or the Appeals Committees, either prior to or after a hearing, may impose or recommend one or more of the following penalties for a student or a student organization:

6.01:01. Reprimand—A written letter or oral expression of strong disapproval from the appropriate University Unit to the student or student organization on whom this penalty is imposed. Reprimand will NOT become part of the student's permanent disciplinary record in the OFFICE OF STUDENT SERVICES (STUDENT CONDUCT). Students may NOT appeal this Censure; the hearing officers decision is final.

6.01:02. University Community Service—Service hours that are assigned by the appropriate University Unit for a student or student organization who has violated University regulations and who is subsequently required and thus obligated to perform service to either the University community as a whole and its departments, to designated University student organizations, or to an approved local

Monroe agency. The student or student organization is required to present written notification to the appropriate University Unit that the designated service has been satisfactorily completed.

6.01:03. Discretionary Sanctions—If the student or student organization is found responsible for violations of the Code of Student Conduct, the following censures may be applied: a) Notification of parents and/or guardians; b) Letter of apology; c) Conflict resolution session(s)

6.01:04. Disciplinary Probation—A specified period of testing imposed on a student or student organization during which further violations of regulations may result in suspension from the University. The student or student organization shall be automatically removed from probation when the period expires.

6.01:05. Indefinite Disciplinary Probation—An unspecified period of testing imposed on a student or student organization during which further violations of regulations may result in suspension from the University. This probation shall remain in effect until removed by the appropriate University Unit.

6.01:06. Counseling—Students or student organization members whose behavior on the University campus would suggest that personal or educational difficulties require counseling will be directed to the ULM Counseling Center, ULM Marriage and Family Therapy Clinic, ULM Leadership and Educational Counseling Center, by the Office of Student Services (Student Conduct) designee or by a specified University Unit for a period of time to be designated by the counselor(s). In cases where the University is not qualified or equipped to handle severe personal, psychological or emotional problems, the designated University counseling unit then will work with the student and an off-campus agency to meet the student's needs. Based on the review and advisement of the university counselor, the student may be required to be evaluated by an off-campus licensed mental health professional. Accordingly, the evaluation results will be reviewed and a determination made for continued enrollment by the advisement of the ULM Counseling Center Director and the Office of Student Services (Student Conduct) designee. The student or student organization members are required to present written notification to the appropriate University Unit that the
6.01:07. Withholding of Transcript or Diploma—May be imposed upon a student who fails to pay a debt owed to the University or who fails to clear provisional admission. The penalty terminates upon payment of the debt or clearance of provisional admission.

6.01:08. Bar Against Readmission—May be imposed on a student who has left the University with disciplinary action pending, or disciplinary issues that requires a student to be removed from future registration for an indefinite period of time, or who fails to pay a debt owed to the University.

6.01:09. Restitution—Reimbursement for damage to or misappropriation of University property or personal property. Reimbursement may take the form of appropriate service to effect repair or of monetary compensation. The student(s) or student organization is required to provide written evidence to the appropriate University Unit, within the time period required by that Unit, that damaged or lost property has been replaced and/or repaired to the owner’s satisfaction.

6.01:10. Forfeiture of rights and privileges—This censure is an adaptable penalty in that the appropriate University Unit may recommend limitations to fit a particular case. For the purpose of modifying behavior, reasonable forfeiture of privileges may be imposed.

6.01:11. Suspension of eligibility for official athletic or non-athletic extracurricular activities—During the stated period of suspension, this censure may prohibit the student on whom it is imposed from joining a registered student organization and/or attending its meetings or functions and/or from participating in an official athletic or non-athletic extracurricular activity. During this period, a student organization will be prohibited from participating in non-athletic extracurricular activities. A suspension may be imposed under this subsection for more than one calendar year.

6.01:12. Failing grade—To be assigned to a student for a work in question or as the final grade for a course in which the student is found responsible of academic cheating or plagiarism.

6.01:13. Cancellation of registration—The cancellation of a student’s current and/or future registration(s) by the University.

6.01:14. Suspension from class—A student found responsible of classroom disruption, falsification of documents, or excessive absences may be suspended from that class either for a specified period of time or for the remainder of the semester.

6.01:15. Suspension from a school or degree program—A student may be suspended from re-entering a specified school or degree program for violations of stated University policy. This suspension is for a specified period of time.

6.01:16. Dismissal from a school or degree program—Permanent suspension from a school or degree program.

6.01:17. Suspension from an academic college—A student may be suspended from a particular college for a specified period of time for violations of stated University policy.

6.01:18. Dismissal from an academic college—Permanent suspension from a college.

6.01:19. Suspension from the University—This suspension is for a specified period of time, and the student or student organization may apply for readmission to the University subsequent to expiration of the specified period. During this period of suspension the student is banned from the University.

6.01:20. Temporary suspension—To be imposed on a student or student organization by either the appropriate University Administrator or other appropriate University Unit in the event of a significant threat of continuing danger to persons or property or the ongoing threat of disrupting the academic process. Notice shall be given for a hearing in the event that this censure is imposed or recommended. In certain circumstances, the Office of Student Services (Student Conduct) designee may impose a University or residence hall suspension prior to an appeal hearing. Living on campus is a privilege, not a right. The University reserves the right to terminate this privilege, at a time, for inappropriate behavior by a student.

1. Interim suspension may be imposed:
   a. To ensure the safety and well being of members of the University community or preservation of University property;
   b. To ensure the student’s physical or emotional safety or well being; or,
   c. If the student poses a threat of disruption of or interference with normal University operations.

2. During the interim suspension the designee of Student Services (Student Conduct) may deny the student access to any or all of the following: residence halls; the campus (including classes), and/or; all other University activities and/or privileges for which the student might otherwise be eligible.
6.01.21. **Dismissal from the University—Suspension** for an indefinite period of time and **banned from the university.**

6.01.22. **Expulsion from the University—Permanent** separation from the University and **banned from the university.**

6.01.23. **Payment of fines and/or loss of driving privileges on campus and/or disciplinary action**—May result from citations issued by the University Police Department. (See current University Traffic Regulations.)

6.01.24. **Administrative charge or payment of monetary penalty**—This censure may be imposed on a student or student organization violating any University regulation(s) or failing to meet published University standards.

6.01.25. **Mandatory on-campus or off-campus housing**—This censure shall be imposed on students found guilty of violating the stated University of Louisiana System Board of Supervisors policies or University residential policy standards for any reason.

6.01.26. **Drug Testing**—This censure may be imposed on students found responsible of drug related violations of stated University policy. Drug testing which is paid for by the student may be required of students as a condition for remaining at the University while under serious other censures. The drug testing agency will be selected and assigned by the University.

6.01.27. **Temporary Withdrawal of Official University Recognition**—To be imposed by the appropriate University Administrator or University Unit on a student organization in the event of a threat of continuing danger to persons or property or the ongoing threat of disrupting the academic and educational processes of the University. Notice shall be given for a hearing in the event that this censure is imposed or recommended.

6.01.28. **Withdrawal of Official University Recognition**—To be imposed by the appropriate University Administrator or University Unit on a student organization which is no longer permitted to exist at ULM for either a specified or an indefinite period of time.

6.01.29. **Provisional Status**—A University registration flag to be imposed on a University applicant’s or a currently enrolled or prior enrolled student’s records housed in the University Registrar’s Office. This flag is imposed for alleged violations occurring on the University campus or at University-authorized activities, and the flag will be removed following a hearing by the appropriate University Administrator or other specified University Unit.

6.01.30. **Administrative Withdrawal**—The appropriate University Administrator may remove a student with good cause from the University campus by withdrawing the student from the University’s official enrollment in the Registrar’s Office in such instances as the student posing a significant threat to self or others of the University community; failing to pay all financial obligations to the University by a designated date; failing to answer University summons or to address allegations or violations; failing to perform assigned University community service; failing to complete mandatory counseling; and/or failing to abide by the behavioral standards of the University or the University of Louisiana System Board of Supervisors.

6.01.31. **University Ban**—An individual may be banned permanently or for a specific period of time from the ULM campus or from individual building(s) or events.

**DUE PROCESS OVERVIEW**

At the University of Louisiana at Monroe, the due process system consists generally of three major components: 1) the appropriate University Unit reviews a student or student organization case; 2) appropriate University Unit renders a decision concerning the student or student organization case; and 3) if a student’s or student organization’s case meets the standards of an appeal, then the student may appeal the decision of the appropriate University Unit. The course of due process varies depending on the nature of the student case. In matters involving academics, a student case is reviewed in accordance with the “Academic Procedures and Censures”.

Student cases involving off-campus housing, parking and traffic are initially reviewed by the appropriate University Administrator, and the University Administrator returns a determination in the student case. These student cases may be appealed to the respective Appeals Committees—Parking and Traffic Appeals Committee and Housing Appeals Committee. Other disciplinary cases may first be reviewed by, or appealed to either the Residential Life Judicial Committee, the Conduct Standards Committee, the Student Organization Judicial Committee, the Student Sexual Harassment Committee, or the appropriate University Administrator depending on the assigned unit of review and the nature of the student case.

All appeals must follow the procedures outlined in Section Eight of the ULM Code of Student Conduct as found in the Student Policy Manual http://www.ulm.edu/studentaffairs/judicial.html. More specific information regarding due process, hearing procedures and appeal procedures is addressed in that manual which is available primarily through the Student Services Department, Student Center, Room 239, (318) 342-5230.

UNDERGRADUATE CORE CURRICULUM

The distinguishing quality of a university education is the intersection and blend of career preparation and life enrichment. Through the Core Curriculum, ULM joins these two purposes together, and both of these aspects of a good university experience were uppermost in the minds of the faculty and administrators when they established the new Core Curriculum. In fact, several principles have guided the building of ULM’s common core.

One fundamental concern was the desire to provide ULM students with opportunities to explore the interrelationship of knowledge in our increasingly complex, global society. Thus, an emphasis was placed upon offering courses that have an interdisciplinary content or that can be paired with other disciplines in challenging, informative ways to reveal the links that various endeavors of study possess. Students thus will have the freedom to explore different avenues of inquiry and to see how various kinds of knowledge connect.

Another governing principle was to expand our literary and cultural offerings to include the examination of the people, values, and societies of both Eastern and Western civilizations. This step was taken in the knowledge that a global perspective is a necessity for today’s students who will live and work in a world economy and in an ever-changing international environment.

A third key objective was to develop the writing, research, and communication skills of our students and to integrate these skills with a knowledge of the humanities and the sciences, particularly the areas of literature, the social sciences, the fine arts, history and mathematics.

Yet another effect of the Core Curriculum is a commonality of academic experiences at the general education level, which will enable a more seamless transfer of course credits among majors.

Above all, the Core Curriculum has been established to serve the long term educational needs of ULM students. Accordingly, we offer our undergraduate students this broader, stronger educational foundation that was created and adapted from the Louisiana Board of Regents Statewide General Education Requirements. The Board of Regents Statewide General Education Requirements stipulate that a minimum of 39 hours of credit in certain areas of English composition, mathematics, the natural sciences, the humanities, the fine arts, the social/behavioral sciences, and computer literacy must be earned by students pursuing a B.A. (Bachelor of Arts), B.S. (Bachelor of Science), or a Bachelor’s (non-designated) degree. (A complete list of the Louisiana Board of Regents Statewide General Education Requirements can be found earlier in this section). ULM’s Core Curriculum, which requires that a total of 39 hours of credit be earned in various fields of study, adheres to and meets the stipulations of the Board of Regents requirements. The Core Curriculum ensures that ULM’s students will be intellectually well-equipped to complete their chosen programs of study, as well as to find a meaningful place in today’s rapid-paced, integrated world.

ULM COMMON CORE CURRICULUM

Foundation Courses

It is imperative that undergraduate students entering ULM are provided with a strong academic foundation upon which to build their future college careers. Ultimately, this structure, which follows many national trends, brings a much needed breadth and commonality to the ULM academic experience and makes it easier for students to transfer between majors.

**Core Curriculum Guidelines**

1. The student’s work in a major or minor may count toward meeting the University Core.
2. Transfer students can apply equivalent hours earned at other universities to meet ULM core requirements (equivalency to be determined by the appropriate department head and the Board of Regents’ Statewide Student Transfer Guide and General Education Articulation Matrix).
3. All freshman students are required to take the University Seminar for one credit hour (the course will not count toward any degree program and will be nontransferable).
4. In the absence of a compelling reason, degree programs should refrain from defining or limiting student choices within the menu of prescribed general education courses.

**Core Curriculum Abbreviations Used in Degree Plans or Programs of Study**

Some degree plans specified that certain courses must be taken from within a menu of the sets of courses in the core curriculum. For those that did so, first the specific course will be listed in the degree plan, followed by the appropriate abbreviation which indicates which requirement is being fulfilled by the specified required core curriculum course. For example, if Mathematics 1013 and 1031 must be taken by Computer Science majors, then the requirement will be listed as "Mathematics 1013cm, 1031cm".

The core curriculum abbreviations which have been used are as follows:
- **ce** Core English Composition
- **ch** Core Humanities
- **cf** Core Fine Arts
- **cm** Core Mathematics
- **cnp** Core Natural/Physical Science
- **cs** Core Social Science

OBJECTIVES

The College of Arts and Sciences assumes a two-fold responsibility. For ULM students the College provides the general education courses basic to all curricula in the University. For Arts and Sciences students the College provides the specific education leading to the Arts and Sciences degrees.

Within this framework the College leads students to acquire skill in the following areas:

1. Intellectual inquiry - learning facts and theories
2. Communication - writing and speaking with facility
3. Self-expression - enhancing creative ability
4. Problem solving - applying the scientific and other analytical methods
5. Critical thinking - distinguishing opinion from fact; substantiating ideas
6. Social values - exhibiting a democratic spirit, good citizenship, personal responsibility, and honoring the worth of the individual

ADMISSIONS TO DEGREE PROGRAMS

I. Admission with Distinction Students granted honors admission into the University will be granted immediate entry into their chosen degree program.

II. Provisional and Regular Admission-

Students in these categories must meet the following requirements before being granted entry into their chosen degree programs:
1. Satisfactory completion of any required developmental courses.
2. Satisfactory completion of all courses listed under the “Freshman Year” requirements of the chosen curriculum with a 2.0 grade-point average.
3. Satisfactory completion of all special admission requirements of the intended major field of study.

Students in provisional and regular admission status may not enroll in courses numbered 3000 or above until they have completed all developmental and freshman requirements.

All transfer students and all students who interrupt their college work for one calendar year or more or who change their curriculum must meet the above requirements for formal admission to degree status. Students must be admitted at least one semester (or summer term) prior to the semester in which they intend to receive their degree.

CORE CURRICULUM
(Refer to Undergraduate Core Curriculum, Pages 92-95)

ENGLISH COMPOSITION .................. 6 Hours
   English 1001
   English 1002

HUMANITIES ............................. 9 Hours
Six hours must be taken as a sequence of two courses in either Literature or History. The remaining three hours must be taken in the other discipline’s alternative field (i.e. a student must have at least one course in either the U.S. or the World area).

   English 2003-2004 (World)  History 1011-1012 (World)

FINE ARTS .............................. 3 Hours
   Art 1009
   Dance 3001
   Art 2001
   Music 10001
   Art 2002
   Music 1091
   Theatre 1091

MATHEMATICS............................ 6 Hours
   Math 1011       Math 1016
   Math 1012       Math 1018
   Math 1013       Math 1031
   Math 1014       Math 1032

Students should NOT use these sets for core requirements:
   1010 and 1011  1012 and 1013
   1011 and 1013  1014 and 1031
   1010 and 1013

NATURAL/PHYSICAL SCIENCE ............. 9 Hours
Six hours must be from an approved sequence of two courses in either biological or physical science. Three hours must be from the other area.

   Biological Sciences: Physical Sciences:
   Biology 1001; 1010  Atmospheric Sciences 1001; 1002
   Biology 1020; 1022  Chemistry 1001; 1002
   Biology 1014; 1015  Chemistry 1007; 1008

   Physics 2001
   Physical Science 1001; 1002

SOCIAL SCIENCE ........................ 6 Hours
Three hours must be selected from each of the following two lists, but the two selections must represent different disciplines.

   Group I:            Group II:
   Economics 1003     Economics 2001
   Geography 1001 or 1002 Psychology 2001
   Political Science 1001 Political Science 2001
   Sociology 1001 or 1002 Anthropology 2007

UNIV 1001 ......................... (1) hours

UNIVERSITY CAPSTONE 3000 ............ 3 hrs.

TOTAL CORE HOURS ..................... 42 HOURS

GENERAL INFORMATION

The modern language requirement must be fulfilled in one language. Students entering with pre-college training
in modern languages should schedule courses on the basis of placement test scores and previous training.

Program Directors of curricula requiring a practicum (field education, internship) make reasonable efforts to assist a student in securing a placement. However, the student, not the University, is ultimately responsible for obtaining such a placement under the direction of the University. A student unable to obtain an acceptable placement or to complete a practicum successfully shall not be awarded the degree and is advised to change to a curriculum in which he will be able to complete degree requirements.

**UNDECLARED/INTERIM OPTION**

This is a convenient temporary option for:

1. Entering students who have not declared majors, but who plan later to change to degree-granting curricula. During their crucial early semesters, these students should select from the CORE curriculum.

2. Students who do not presently meet the requirements for admission to the professional program of their choice.

3. High school students who participate in the Collegiate Program or the Concurrent Admissions Program for high school students and have not declared a major.

4. Students who do not wish to pursue a degree, but who wish to take more than six hours a semester.

**NOTE:** Students enrolled in the Undeclared/Interim Option are urged to decide upon and/or qualify for a degree-granting program at the earliest opportunity. Students receiving veterans’ benefits are subject to additional regulations. (See section on Veterans Affairs.) Students involved in intercollegiate athletics are subject to additional restrictions and are advised to consult with their counselors regarding these rules.

**ADMINISTRATION OF THE UNDECLARED/INTERIM OPTION**

The Undeclared/Interim Option is administered by the Dean of the College of Arts and Sciences.

All transfer students and all students who interrupt their college work for one calendar year or more or who change their curriculum must meet the above requirements for formal admission to degree status. Students must be admitted at least one semester (or summer term) prior to the semester in which they intend to receive their degree.

While temporarily enrolled in this special non-degree classification until they select and/or qualify for admission to a major, students will be assigned to a special advisor.

In addition to being a fascinating field of study in its own right, the Biology major can be used to fulfill requirements for admission to medical, dental, veterinary, optometry or pharmacy schools, for wildlife biology certification by The Wildlife Society (see page 172). Students interested in pre-medicine or pre-dentistry should see page 27 of this catalog.
Specific Biology courses are required for every student majoring in Biology: Biology 1020/1021, 1022/1023, 3005 and 4099 (12 hrs). Every Biology major must also take at least one course from each of the four Biology list electives A, B, C, and D (14 hrs, shown in the “Courses of Instruction” section. A total of 45 credit hours in Biology are required. In addition to Biology 3005 and the Biology list electives, 16 credit hours must be taken at the 3000-4000 level.

**DEPARTMENT OF COMMUNICATION**

Thurkill, Barnett, Carr, Cruse, El-Giar, G. Findley, Junk, Watson, Zehnder

**COMMUNICATION STUDIES**

The Communication Studies curriculum provides an integrative critical view of the role of communication and a critical understanding of the role of communication in culture and society. A student electing a major in Communication Studies will learn to speak eloquently, write effectively, interact cooperatively, use a range of listening styles, argue persuasively and think critically.

The requirements for the major in Communication Studies include cognate courses consisting of related studies in Mass Communications. A student electing a major in Communication Studies has the option of choosing a concentration in Multi-Media Performance and an academic minor.

The student must earn a grade of “C” or better in each course required in the major, including the University Capstone, COMM 4000. A grade of “D” is non-progressive; the course must be repeated with a minimum grade of “C” before a student can progress to the next sequential course. A course transferred from another institution must show a grade of “C” or better.

**MASS COMMUNICATIONS**

This curriculum provides students with flexibility plus knowledge and skills to pursue careers in digital media production, journalism and public relations.

- Majors in Mass Communications are required to complete core courses, one of the three concentrations named above, and cognate courses in Communications Studies. Students are advised to include additional MCOM courses among their general electives. Majors may, but are not required, to complete a minor.

Students must earn a grade of “C” or better in all courses in the major, including required COMM courses and CMST courses taken for the cognate. If a “D” or “F” is earned in a course that is a pre-requisite, the course must be repeated until a “C” or better is earned before attempting the course for which it is a pre-requisite.

A departmental writing skills exam is administered several times throughout the semester as part of MCOM 2010. All students must pass the exam with a score of 60 or better in order to pass the course and advance in the MCOM major.

Mass Communications majors must take at least 80 hours of coursework outside the major, of which 65 hours must be in the College of Arts and Sciences.

- Cognate: Six hours of the cognate must be chosen from one of the two groups listed below. The remaining three hours must be chosen from the alternate group.
  - COGNATE GROUP I: CMST 1001, 1002, 1010, 1018, 2001, or 2060.
  - COGNATE GROUP II: CMST 3002, 3010, 3011, 3030, 3041, 3044, or 4050.

The Global Studies Concentration serves the needs of students wishing to combine a traditional major in French or Spanish with a background in business, public policy and/or public relations. In addition to completing required courses in Economics, Marketing, and Accounting, students choose 21 hours of electives from a list of courses selected for their international content and taken from a variety of fields (Management, Finance, Modern Languages, Political Science, Sociology, Mass Communications). This interdisciplinary program, coupled with a foreign language major, offers preparation for careers in international business, government or military service, and media related areas.

**GENERAL STUDIES**

General Studies, which is administered by the dean of the College of Arts and Sciences, includes a two-year program of study leading to an associate degree and a four-year program of study leading to a bachelor degree. Coursework is available in a broad spectrum of academic disciplines, allowing programs to be developed according to individual needs and interests.

Students interested in General Studies include persons who wish to:

1. Pursue a non-traditional degree program for personal enrichment and satisfaction.
2. Help design their own course of study.
3. Change college majors late in their academic careers.
4. Return to college as mature students with new career interests.
5. Attend college irregularly or at night or online.

**GENERAL STUDIES DEGREE REQUIREMENTS**

Upon completion of the appropriate requirements and upon the recommendation of the dean of the College of Arts and Sciences, a student will be awarded the Associate of General Studies or the Bachelor of General Studies degree.

DEPARTMENT OF SOCIAL WORK

Saulsberry, M. Cappel, Sharma

The Social Work curriculum involves two components, pre-social work and social work. Pre-social work includes approximately one academic year in an accredited college or university. As pre-social work majors, students must successfully complete the following courses: English Composition (6 hours), Sociology 1001 or Psychology 2001 (3 hours), Math 1011 (3 hours), and Social Work 1001, 1002, can apply while enrolled in SOCW 2005. The Social Work major consists of approximately 4 academic semesters after admission to the Social Work Program. It is concerned with courses providing a broad liberal arts base and with social work courses emphasizing the knowledge, values, and skills needed to prepare students for beginning generalist social work practice.

ADMISSION TO THE SOCIAL WORK MAJOR

The Social Work major offers a liberal arts base, including sociology, psychology, biology, and required social work courses in the area of human behavior and the social environment, social welfare policy and services, social research, social work practice, and field practicum.
Course work requires volunteer work (30 hours per semester for two courses) and a practicum (32 hours per week for one semester). The Social Work Program has been accredited by the Council on Social Work Education (CSWE) since 1977.

Applicants for admission to the Social Work major, in addition to meeting the requirements for admission to the University, and be enrolled as a pre-social work major at the time of application, must fulfill the requirements of the pre-social work major curriculum:

a. A grade of “C” or above in the following courses: English 1001 and 1002, Sociology 1001 or Psychology 2001, Math 1011, Social Work 1001, 1002, and 2005 (may be enrolled in 2005).

b. A minimum average of 2.3 in all courses required for the degree.

Application forms for admission to the Social Work major may be obtained by downloading them from the ULM website/Social Work http://www.ulm.edu/socialwork. Completed application forms are to be submitted to the Admissions Committee chairperson during the first four weeks of the Fall and Spring semesters. The Admissions Committee will review applications, interview applicants, and make a decision on the status of the applicants. The head of the Social Work Department will notify the students in writing of the Committee’s decision. If for some reason a student is not admitted to the Social Work major, reapplication may be made the next semester. Those not admitted into the major will not be allowed to enroll in Interviewing and the Helping Relationship (SOCW 3001), Practice I (SOCW 3015), Practice II (SOCW 4016), Field Education in Social Work (SOCW 4021), or Field Education Seminar (SOCW 4022).

Social Work majors are also required to apply for admission into the field practicum. An application for the practicum must be made to the Coordinator of Field Education during the first month of the Fall or Spring semesters prior to student’s enrollment in Field Education in Social Work. Forms may be obtained by downloading them from the ULM website/Social Work http://www.ulm.edu/socialwork. To be eligible for the practicum, students must have completed all 1000- and 2000-level courses, earned a grade of “C” or higher in all courses required for a major, and earned a GPA of 2.3 in all courses required for the degree. A student must observe all prerequisites in the sequential pursuance of courses leading to a baccalaureate degree in social work. Generally, enrollment in the practicum occurs during the semester prior to a student’s graduation. The Coordinator of Field Education is required to make a reasonable effort to assist a student in securing a placement. The Social Work major, however, not the University, is ultimately responsible for obtaining and retaining a placement under the direction of the Coordinator of Field Education.

Students unable to obtain an acceptable placement or to complete a practicum successfully will not be awarded the degree and are advised to change to a curriculum in which they can meet degree requirements.

*Music majors should see Core Curriculum requirements in the College of Arts and Sciences Core Curriculum section of the catalog.
All music majors must successfully perform in a major ensemble each semester of attendance. Music majors with a concentration in music education are not required to perform in a major ensemble during the student teacher semester.

DIVISION OF THEATRE AND DANCE
Bruce, Mullone, Stephens, Zimmerman

The mission of the Division of Theatre and Dance is to provide a balanced student-centered program of professional and pre-professional instruction as well as participatory opportunities for all students and area citizens regardless of interest or professional aspirations. Theatre and Dance at ULM presents performances, workshops, and events for the general public throughout the region to improve the cultural community as a whole.

All music majors must enroll in Recital Class (MUSC 1000/2000/3000/4000) each semester of attendance and pass the class with a grade of "C" or better. Music majors with a concentration in music education are not required to enroll in Recital Class during the student teacher semester.
COLLEGE OF BUSINESS ADMINISTRATION

RONALD L. BERRY, Dean
Hemphill Hall 101

ACADEMIC PROGRAMS

Business Programs Accredited by AACSB International,
The Association to Advance Collegiate Schools of Business
Bachelor of Business Administration (BBA)
Master of Business Administration (MBA)
Aviation Accredited by Aviation Accreditation Board International
Computer Science Accredited by the Computing Accreditation Commission of ABET
Construction Management Accredited by American Council for Construction Education
Bachelor of Science (BS)

Please consult the University of Louisiana at Monroe Graduate Catalog for information pertaining to graduate degree programs.
MISSION STATEMENT

The mission of the College of Business Administration is to prepare students from Northeast Louisiana and beyond for productive careers and responsible citizenship and benefit students, business and the community through research and service.

The College offers an MBA program on-campus and abroad, but places primary emphasis on the on-campus undergraduate degree program. The undergraduate and graduate curricula, along with an active approach to learning, are intended to help both business and non-business students develop the knowledge, skills, ethics, and attitudes needed for successful careers and a lifetime of learning in a technological and global environment.

The College emphasizes the interrelatedness of business disciplines that prepares students for both specific functional responsibilities within larger organizations and for the wide scope of responsibilities typically encountered within smaller organizations. Graduates should be able to function effectively in entry-level positions, advance to higher positions, participate in entrepreneurial ventures, and/or pursue advanced studies.

The second commitment of the College is to create and disseminate intellectual contributions which will (1) assist in the growth and development of faculty, students, and business; (2) enhance the learning environment in business schools; and (3) contribute to economic development. The College places primary emphasis on applied scholarship, but also encourages basic research and instructional development as important parts of the intellectual mission of the College.

The third commitment of the College is to provide quality service to the business community, the profession, and the University. In particular, the College strives for state and regional distinction in activities related to entrepreneurial and small business development, and business and economic research. Service nurtures ties with the business sector, helps keep academic programs dynamic and relevant, and promotes economic development, particularly through delivery of applied knowledge to regional organizations.

GENERAL INFORMATION

The College of Business Administration offers B.B.A. degree options in seven traditional professional business fields. These programs include Accounting, Computer Information Systems, Finance, General Business, Management, Marketing, and Risk Management and Insurance. The traditional business programs are accredited by the (AACSB), the Association to Advance Collegiate Schools of Business International.
The College of Business Administration also offers B.S. Degree options in four additional professional fields. These professional programs include Agribusiness, Aviation, Computer Science, and Construction Management. Students graduating in these professional programs will look forward to career opportunities as managers and/or professional leaders in organizations related to these specified fields. The Computer Science program is accredited by the Computing Accreditation Commission of ABET. The Construction Management program is accredited by ACCE (American Council for Construction Education). The Aviation program is accredited by AABI (Aviation Accreditation Board International).

The College serves the University by providing students majoring in the traditional business and other professional programs with the knowledge and skills needed to gain employment and advance in career opportunities specific to their degree program. The College also serves the University by providing courses needed for success to students in disciplines across campus. These service courses include accounting, business communication, business law, computer literacy, economics, and management.

ADMISSION REQUIREMENTS

Beginning freshmen and transfer students who meet general admission requirements of the University are admitted to the College of Business Administration. Students transferring from other divisions of the University and from other accredited colleges and universities must also have an overall academic record which indicates promise of success in a business program and a cumulative grade-point average of at least a 2.0 (4.0 system) on all hours to be credited toward the degree.

Transfer credits acceptable for admission purposes shall be evaluated to determine their suitability for degree credit in the College of Business Administration. Transfer courses taken at the Freshman-Sophomore level but which are offered by the College of Business Administration at the Junior-Senior level must be validated before credit is allowed. The Dean of the College will make the final decision concerning transfer credit allowable within the curricula. A minimum of 30 hours of credit in College of Business Administration courses must be successfully completed at the University of Louisiana at Monroe in order to receive the B.B.A. degree. Economics 2001, 2002 and Quantitative Methods 2010 cannot be counted toward meeting this requirement.

Students majoring in the traditional business programs leading to a B.B.A. degree must be formally admitted into their respective program prior to enrollment in 3000/4000 level business courses. To be admitted into a traditional business program, students must earn as a minimum: (1) a 2.0 grade-point average (4.0 system) on all hours to be credited toward the degree, with credit for 54 semester hours, all exclusive of developmental courses; (2) a grade of “C” in each of the following courses: English 1001, English 1002, Mathematics 1011 or 1013 and Mathematics 1016; and (3) credit in Accounting 2012 and 2013, Computer Science 1070, Economics 2001 and 2002 and Quantitative Methods 2010. In addition, Computer Information System majors must have completed CINS 2020. 3000 and 4000-level CINS courses are open only to junior/senior CBA majors with at least a 2.0 GPA on all hours credited toward the degree, or permission of the department head.

Students from other colleges or universities who desire to attend only during the summer may be enrolled as visiting students for that summer providing they meet general admission requirements of the University.

CURRICULUM

The curriculum for each program in the College has been carefully structured to provide students with a balance between the needs of a general education and those of a professional education. Within each curriculum, the Core Curriculum of the University is met. The following abbreviations are used to designate the University’s Core Curriculum requirements:

- **ce** Core English Composition
- **ch** Core Humanities
- **cf** Core Fine Arts
- **cm** Core Mathematics
- **cnp** Core Natural/Physical Science
- **cs** Core Social Science
- **uc** University Capstone

The professional programs leading to a B.S. degree have developed curriculums tailored to meet the needs of those disciplines. All students majoring in a traditional business program leading to a B.B.A. degree follow a curriculum consisting of a General Education component (57 hours), a Professional Business component (33 hours), and a Major requirements component (30 hours). Except for Computer Information Systems, all students majoring in a traditional business program follow the same curriculum during their Freshman and Sophomore year.

For each traditional business program, the General Education component of the curriculum is as follows:

**AVIATION**

Corcoran, Gurung

The Aviation curriculum provides a knowledge base and training for students pursuing careers in various phases of Aviation.

To progress satisfactorily, a student must complete all required developmental courses, plus Aviation 1010 and 1011, with a grade of “C” or better, before enrolling in 3000- or 4000-level courses. Major electives are upper-level aviation or other pre-approved courses. The curriculum also includes 15 hours of applied electives. These are program-guided electives that will benefit a student’s expected career path. Advisor approval of courses to be used for applied electives is needed.

**Flight School Security**

To comply with Transportation Security Administration (TSA) regulations, all non-U.S. citizens or other individuals designated by the TSA desiring to receive flight or simulator instruction must register and be approved by the TSA before instruction can begin. Contact the Aviation Department for details.

OBJECTIVES

The College of Education and Human Development, in harmony with the objectives of the University of Louisiana at Monroe, is dedicated to preparing learning facilitators, utilizing the ULM Interactive Learning Model wherein general education, professional studies, and specialty studies interact strategically with clinical and field experiences. Toward that end, these objectives have been adopted:

1. To prepare, at the undergraduate level, prospective teacher candidates who will be liberally educated, knowledgeable in specialized teaching fields, competent in professional understandings and methods, proficient in assessing and improving student learning, and responsible to the moral and aesthetic obligations inherent to the school and multi-cultural community.

2. To prepare, at the graduate level, teachers and other school personnel whose competence in improving student learning shall be assured by maintenance of a proper balance between advanced subject matter and professional courses, and appropriate experiences.

3. To provide undergraduate and graduate psychology students with background and skills essential for further professional study and to offer psychology courses basic to other curricula of the University.

The College of Education and Human Development offers a broad course of study in the Departments of Educational Leadership and Counseling, Curriculum and Instruction, Kinesiology, and Psychology.

The College offers the Bachelor of Arts in Psychology; the Bachelor of Science in Elementary Education (with Early Childhood add-on available); Elementary Education Inclusive; Secondary Education and Teaching in Biology Education, Chemistry Education, Earth Science Education, English Education, French Education, Social Studies Education, and Spanish Education; Secondary Education and Teaching Inclusive in Biology Education, Chemistry Education, English Education, Math Education, and Social Studies Education; and the Bachelor of Science in Kinesiology.

The Graduate School offers the Master of Arts Degree in Marriage and Family Therapy and Substance Abuse Counseling, the Master of Arts in Teaching Degree in Elementary Education (1-5), Secondary Education (6-12), Elementary Education Inclusive (1-5), Secondary Education Inclusive (6-12), and Multiple Levels (K-12); the
Master of Education Degree in Counseling, Curriculum and Instruction, Educational Leadership, Educational Technology Leadership, and Special Education; and the Master of Science Degree in Psychology and Exercise Science.

Curriculum and Instruction also offers a 60 credit hour educational doctorate online. This degree facilitates additional career opportunities for teachers and administrators in the educational setting.

The Doctor of Philosophy degree in Marriage and Family Therapy from the University of Louisiana at Monroe prepares graduates for careers as scholars/theorists, administrators in the educational setting, teachers, researchers, supervisors, and senior clinicians. The Marriage and Family Therapy doctorate is a 63 credit hour (minimum), post-masters degree which integrates systemically oriented philosophy and theory, clinical practice, qualitative research and quantitative research.

The Doctor of Education degree in Curriculum and Instruction or Educational Leadership is offered through the cooperative efforts of Grambling State University, Louisiana Tech University, and the University of Louisiana at Monroe and coordinated through the Louisiana Education Consortium Governing Board. All consortium institutions will offer foundation courses and other graduate courses required in the Ed.D. Program in Curriculum and Instruction or Educational Leadership based upon faculty expertise and other institutional resources. The Doctor of Education degree in Curriculum and Instruction and in Educational Leadership will be awarded by the institution to which the student has been admitted for doctoral study with coursework being completed on all three campuses in order to provide diverse academic experiences. A unique strength of the Louisiana Education Consortium is that the three institutions will strategically pool faculty, equipment and technology.

The Doctor of Education programs are designed for K-12 personnel, including teachers and administrators. The primary goal of the doctoral programs is the preparation of practitioner-scholars for roles in elementary, middle, and secondary school settings.

**ADMISSION REQUIREMENTS**

I. Admission With Distinction
   Students granted honors admission into the University will be granted immediate entry into their chosen degree programs.

II. Provisional and Regular Admission
   Students in these categories must meet the following requirements before being granted entry into their chosen degree programs:
   1. Satisfactory completion of any required developmental courses;
   2. Successful completion of English 1001 and 1002 or their equivalents with minimum grades of “C”, or passage of a comprehensive English usage test; and
   3. Satisfactory completion of all special admission requirements of the intended major field of study.

   Students in provisional and regular admission status may not enroll in courses numbered 3000 or above until they have completed developmental and freshman requirements.

   All transfer students must meet the above requirements for formal admission to degree status. Students must be admitted at least one semester (or summer term) prior to the semester in which they intend to receive their degree.

**CORE CURRICULUM**

Minimum required for all baccalaureate programs in the College of Education and Human Development include the following core of general education requirements: English - 6-12 hours; Mathematics - 6 hours; Science - 12 hours; Social Science - 6-12 hours; Arts Elective - 3 hours; Computer Literacy - 3 hours. Teacher Education candidates must complete general education requirements with minimum grades of “C” in all coursework.

**INSTRUCTIONAL TECHNOLOGY REQUIREMENT**

Successful completion of Curriculum and Instruction 2085, 3 hours, with a grade of “C” or better, is required in all degree programs in the College of Education and Human Development. This course meets general education requirements and requirements for the Board of Regents Certificate of Excellence.

**COUNCIL FOR TEACHER EDUCATION**

The development and maintenance of teacher education programs are important functions of the University of Louisiana at Monroe. The major responsibility in operating adequate programs is the particular interest of the College of Education and Human Development; however, other schools have special interests and responsibilities in the effective execution of the best possible teacher education programs.

**PURPOSES OF THE COUNCIL.** The general purposes of the Council for Teacher Education are:

1. To formulate and recommend policies relating to criteria considered essential to an outstanding teacher education program.
2. To develop and recommend policies relative to implementation of (a) selective recruitment, (b) selective admission and retention, (c) advisement, (d) curricula, and (e) laboratory experiences.
3. To study, encourage and facilitate co-operative development of programs for teacher preparation.
4. To review teacher education programs presented to the State Department of Education and accrediting agencies.
5. To initiate research and promote studies designed to improve teacher education.
ADMISSION TO TEACHER EDUCATION MAJORS

Candidates seeking a degree in a teacher education program must meet the admission requirements of the College.

TEACHER EDUCATION PROGRAM ADMISSION

Application for admission to a Teacher Education program should be made during the first semester following the completion of 30 semester hours and before completing 90 hours. Students with a felony conviction will not be admitted to Teacher Education.

Transfer students from other Colleges of the University and other colleges and universities who have completed thirty or more applicable semester hours should make formal application to Teacher Education during their first semester of enrollment. Conditional admission may be granted transfer students by the Dean of the College of Education and Human Development during the first semester if requirements are obviously met.

Requirements for admission and retention are:

1. Completion of not more than 90 semester hours, with a cumulative grade point average of 2.5 on a 4.0 scale, last grade counted.
2. Presentation of passing scores on Academic Skills tests in Reading, Writing, and Math (PRAXIS I) or a composite of 22 on the ACT. Information concerning registration for the exams can be obtained online at the Educational Testing Service website.
3. Completion of all developmental courses as required.
4. Successful completion of English 1001 and 1002 or their equivalents with minimum grades of "C".
5. Successful completion of required six hour Math sequence appropriate to degree program with grades of "C" or better.
6. Completion of 20 clock hours of preliminary laboratory experiences as directed in Educational Foundations 2001 or KINS 2011.
7. Speech and Hearing Screening

Applications for admission to a teacher education program are reviewed by the College’s Undergraduate Review Committee. This Committee is composed of faculty members and students whose function is to screen applications for admission.

Students whose status at the completion of 90 semester hours of university work is such that admission requirements are not met will be denied further enrollment in teacher education.

Application forms for admission to teacher education may be obtained in the Center for Teacher Certification.

PROFESSIONAL COURSES

Any student in the University may enroll in Educational Foundations 2001, the introductory course. Courses must be taken in the sophomore, junior, and senior sequence; materials and methods courses should be scheduled immediately prior to student teaching. A student must meet requirements for admission to a teacher education program to schedule:

- Curriculum 3002, 3003, 3004, 3006, 3007, 3008, 3009, 3011, 3012, 3013, 3014, 3038, 3076, 3077, 3086, 4002, 4031, 4050, 4056, 4083
- Educational Foundations 4001
- Elementary Education 3040, 3041, 3042, 4019, 4020, 4021, 4041, 4042, 4043, 4051, 4052, 4053, 4061, 4062, 4063, 4064, 4065, 4066, 4067, 4084, 4085
- Family and Consumer Sciences 3013, 4007, 4021
- Music Education 4055, 4056
- Reading 3021, 3022, 4019, 4020
- Special Education 4063, 4064, 4065

PROGRAM OF FIELD EXPERIENCES

All persons pursuing a degree in teacher education at the University of Louisiana at Monroe are required to be involved in a comprehensive program of structured, systematic field experiences, beginning with visitation and observation during enrollment in Educational Foundations 2001 or KINS 2011 and progressing to intense involvement in the senior year.

ULM teacher candidates are required to present documentation of liability insurance coverage when enrolled in a course that requires observation and/or teaching at a school site.

STUDENT TEACHING

Supervised student teaching is offered in selected schools in the Ouachita Parish and Monroe City School Systems. Other area systems are involved as needed.

Education majors schedule student teaching on an all-day basis, five days per week, for one semester. Candidates are allowed to register for no more than one three-credit hour course during the semester in which they are student teaching. Special permission to enroll in more than one course must be granted by the Dean.

An application for student teaching should be filed with the Coordinator of Field Experiences and Teacher Candidacy during the first four weeks of the semester prior to the semester during which student teaching is to be scheduled. Prerequisites for student teaching are:

1. Admission to teacher education.
2. Passing scores on all parts of PRAXIS I (or a composite of 22 on the ACT) and PRAXIS II (effective August 1, 2002).
3. Completion of a minimum of 90 semester hours of acceptable university work in a teacher education curriculum.
4. A minimum average of 2.5 in the major and minor fields.
5. No grade below “C” in any course counting toward the completion of the teacher education degree.
6. An average of 2.5 on all work counting toward the completion of the teacher education degree.
7. Completion of appropriate materials and methods course(s).
8. Completion of twenty (20) hours observation with assigned classroom supervisor.
9. CPR Certification or completion of KINS 2001 as prerequisite.

Student teaching application forms are submitted to the Coordinator of Field Experiences and Teacher Candidacy for approval or disapproval.

REQUIREMENTS FOR GRADUATION FROM A TEACHER EDUCATION PROGRAM

The candidate must meet all eligibility requirements for teacher certification in Louisiana, which include a 2.5 grade point average on all work toward the degree, grades of “C” or better in all courses counting toward the degree, and passing scores on all applicable portions of PRAXIS I (or a composite of 22 on the ACT) and PRAXIS II, effective Fall 1997. The candidate must also file an application for graduation with the Department Head at the beginning of the semester in which he/she plans to graduate.

REQUIREMENTS FOR LOUISIANA TEACHING CERTIFICATION

The candidate must meet all eligibility requirements for Louisiana teacher certification before graduation. In order for a person to be granted a Louisiana Teaching Certificate upon graduation, there must be an overall grade point average of 2.5 on a 4.0 scale in all work to be credited toward a degree from an approved teacher education program. There must be no grade below “C” in any professional education course, psychology course, the teaching major or minor, or in specialized academic education, or general education courses.

Certification requirements are specified by the State Legislature and/or the Board for Elementary & Secondary Education and coordinated by the State Department of Education. These requirements are subject to periodic modification which may not occur at times appropriate for inclusion in the annual publication of the University catalog. It is the responsibility of the students to make periodic checks for such changes with their academic advisers and/or department heads.

In order to be certified to teach in Louisiana, a person must present passing scores on all required parts of PRAXIS I (or a composite of 22 on the ACT) and II as prescribed by the State Department of Education.

PRAXIS

Persons expecting to earn the Bachelor’s degree from the University of Louisiana at Monroe in a teaching field must meet all eligibility requirements for Louisiana teacher certification, which include passing all parts of PRAXIS I (or a composite of 22 on the ACT) and PRAXIS II. The examinations are administered on the ULM campus. Teacher candidates should confer with their advisers in preparation for the examinations.

To be admitted to student teaching, candidates must meet all other requirements for Louisiana certification, and submit satisfactory scores on the PRAXIS I (or a composite of 22 on the ACT) and II. Please request original scores to be sent to ULM each time the tests are taken to expedite the application for certification. Additional information regarding PRAXIS requirements is available in the Center for Teacher Certification. Registration forms are available online at the Educational Testing Service website. Study guides are on reserve in the library.

DEPARTMENT OF CURRICULUM AND INSTRUCTION

Schween, Allen, Beutner, Lynn Clark, Ford, Kim, Mann, Packer, Powell, Pugh, Ricks, Sivakumaran, Stanley, Washington, Williamson

The Department of Curriculum and Instruction offers a variety of curricula leading to certification in teacher education.

Teacher candidates enrolled in the Bachelor of Science in Elementary Education or Elementary Education Inclusive programs prepare to teach General Education or Special Education students in grades 1-5. With a 12 credit hour add-on plan for Early Childhood, Elementary Education candidates may prepare to teach Kindergarten and Nursery School (PK) in addition to grades 1-5.

Secondary Education and Teaching majors earning the Bachelor of Science may opt for one of seven areas of education concentrations including Biology, Chemistry, Earth Science, English, French, Social Studies, and Spanish. The Secondary Education and Teaching Inclusive program offers five education program concentrations that include Biology, Chemistry, English, Mathematics, and Social Studies.

Secondary education majors may choose to select a secondary focus area and complete credit hours that apply toward a second teaching field. To be certified in a second teaching field that is a core academic area (biology, chemistry, earth science, English, French, mathematics, social studies, and Spanish) requires 30 credit hours or the Praxis content specialty area exam(s). To be certified in a second teaching field that is not a core academic area (computer science, journalism, and speech) requires 21 credit hours or the Praxis content specialty exam(s).

DEPARTMENT OF KINESIOLOGY

Alford, Church, Colvin, Lemoine, R. Williamson

The Department of Kinesiology offers an undergraduate professional teacher education concentration in health and physical education, and non-certification concentrations in exercise science, exercise science/pre-physical therapy, and fitness and sports industry. Coursework for these areas is listed in the Courses of Instruction section of this catalog. For information on graduate programs in the Department of Kinesiology, contact the director of Graduate School, the University of Louisiana at Monroe.

Students expecting to earn the Bachelor’s degree in Kinesiology in the Health and Physical Education Certification concentration area must meet all eligibility requirements for initial licensure in Louisiana prior to student teaching and passing scores on PRAXIS I or a composite of 22 on the ACT and PRAXIS II. Kinesiology teacher candidates must make a “C” or better in all courses counting towards their degree.

Students expecting to earn the Bachelor’s degree in Kinesiology with a concentration in Exercise Science Pre-Physical Therapy are required to take the ACSM Health Fitness Specialist (HFS) examination, or a departmentally-approved exit exam, as determined by their advisor.

Students expecting to earn the Bachelor’s degree in Kinesiology with a concentration in Exercise Science are required to take the ACSM Health Fitness Specialist (HFS) examination, or a departmentally-approved exit exam, as determined by their advisor.

Students expecting to earn the Bachelor’s degree in Kinesiology with a concentration in Fitness and Sports Industry are required to take either the ACSM Certified Personal Trainer (CPT) examination, the NSCA Certified Personal Trainer (CPT) examination, the NSCA Certified Personal Trainer (CPT) examination, or a departmentally-approved exit exam, as determined by their advisor.

Kinesiology majors must make a “C” or better in all Kinesiology courses counting towards their degree and are required to purchase and regularly update their student account on TaskStream.

KINESIOLOGY

Concentrations include: Health and Physical Education Certification, Exercise Science, Exercise Science/Pre-Physical Therapy, and Fitness and Sports Industry.

The Health and Physical Education Certification Concentration prepares students to teach K-12 health and physical education by providing coursework and experiences in the areas of health and physical education. Required for a major in Kinesiology with a concentration in Health and Physical Education Certification: PSYC 2003, PSYC 2005; DANC 3001; ENGL 2005; HIST 1011; HIST 2001 or 2002; PSYC 3001; CURR 2085, CURR 3086; KINS 2002, KINS 3006, KINS 3019, KINS 3033, KINS 3034, KINS 3035, KINS 3055, KINS 4003, KINS 4017, KINS 4031, KINS 4046; CURR 3076, CURR 4084, CURR 4056; READ 4019. — Total of 46 semester hours.

The Exercise Science Concentration prepares students for careers in applied and clinical preventive settings, including, but not limited to, cardiac rehabilitation, hospital-based wellness programs, community fitness centers, or university and corporate wellness programs, as well as entry into graduate exercise science programs. Required for a major in Kinesiology with a concentration in Exercise Science: KINS 3018; KINS 4002, 4010 or 4041; KINS 4035; CHEM 1002, 1003, 1004; 6 hours of advisor or department head approved science electives; HLST 2007 or NURS 2080 or MGMT 3001 or MGMT 3005 or CMST 2001 or ENGL 3021 or HLST 2001 or PSYC 2078 or PSYC 4001 or PSYC 4010 or PHYS 3004. — Total of 43 semester hours.

The Exercise Science/Pre-Physical Therapy Concentration prepares students for the application process to physical therapy programs. However, it will also prepare students for careers in the applied and clinical preventive settings, including, but not limited to cardiac rehabilitation, hospital-based wellness programs, community fitness centers, or university and corporate wellness programs. Required for a major in Kinesiology with a concentration in Exercise Science/Pre-Physical Therapy: KINS 3018, KINS 4002, KINS 4010 or 4041 or 4043 or 4044, KINS 4034, KINS 4035; CHEM 1002, CHEM 1009, CHEM 1010; PHYS 2003, PHYS 2004, PHYS 2009, PHYS 2010; PHYS 3004; BIOL 1014, BIOL 1015, BIOL 1016, BIOL 1017. — Total of 39 semester hours. Students intending to pursue entry into a physical therapy program will be required to take additional hours and make substitutions as recommended by their academic advisor.

Fitness and Sports Industry Concentration prepares students with a background in fitness or sport and business. Professionals in this field are involved with managing, promoting and marketing health clubs, fitness centers or sports teams. Required for a major in Kinesiology with a concentration in Fitness and Sports Industry: 1 hour KINS Activity Class, KINS 2002, KINS 3008, KINS 3018, KINS 3019, KINS 3035 or 3055, KINS 4019, KINS 4035, and 18 hours of electives to be chosen from the following: MGMT 3001, MGMT 3005, BUSN 1001, BUSN 3005, ACCT 1001, ACCT 2012, ACCT 2013, MRKT 3001, MRKT 3007, MRKT 4007, MCOM 201, MCOM 202, ECON 1003, ECON 2001, ENGL 3021 or CMST 2001. — Total of 42 semester hours.

DEPARTMENT OF PSYCHOLOGY

Bramstedt, Cottingham, Hutto, Lewis, McCown, McGahan, Palmer, Stevens

The Department of Psychology offers an undergraduate curriculum in psychology either through in-class attendance or online which provides a basic arts and sciences education including courses in all major content areas of psychology. The program is designed primarily to provide students with background and skills essential for further professional or graduate study in psychology. Students who select to major in psychology do not have a minor field option.

Please consult the University of Louisiana at Monroe Graduate Catalog for information pertaining to graduate degree programs.
MISSION STATEMENT

The mission of the College of Health Sciences is to educate practitioners to meet the diverse health care needs of the citizens of Louisiana and beyond. The College, as an academic unit of the University, embraces the educational philosophy of the University and fulfills the purpose of specialized professional education by offering organized programs of study in medical laboratory science, dental hygiene, health studies, nursing, occupational therapy assistant, radiologic technology and speech-language pathology with opportunities to work in interdisciplinary teams. In addition, the College provides continuing education to meet the needs of health care providers in northeast Louisiana, provides professional service to the community, and promotes the development of each profession through scholarly activity.

GENERAL INFORMATION

The College of Health Sciences includes one health profession school and six independent allied health departments offering a total of seven undergraduate programs.

ADMISSIONS

Admission criteria for the professional programs in the College of Health Sciences are included in the following sections describing each program. Note that prior criminal conviction may have a bearing on admission decisions for students applying to the various professional programs within the College of Health Sciences.

CORE CURRICULUM

All majors in baccalaureate curricula having pre-professional and professional segments within the College of Health Sciences complete a 42-hour general education core curriculum consisting of English, 6 hours; Mathematics, 6 hours; Natural Sciences, 9 hours; Fine Arts, 3 hours; Humanities, 9 hours; and Social Sciences, 6 hours; University Seminar (1); and University Capstone, 3 hours.

DEPARTMENT OF DENTAL HYGIENE

Jarrell, Chaney, Richardson, Whorton, Williams

Bachelor of Science

The Dental Hygiene curriculum is composed of two segments, pre-dental hygiene and professional dental hygiene. Pre-dental hygiene is the segment comprising four academic semesters, or the equivalent, in an accredited college or university. It is concerned with instruction in general education and the basic physical and biological sciences to prepare the student for professional dental hygiene. The professional program in dental hygiene consists of four academic semesters, one summer session, or the equivalent, after admission to the professional program in dental hygiene. It is concerned with instruction in professional dental hygiene courses to prepare the student for the professional practice of dental hygiene.

Off campus clinical activities are required of each student. Students are financially responsible for these activities.

MISSION STATEMENT

The Department of Dental Hygiene, an educational section of the College of Health Sciences, derives its purposes and functions from the mission statement of the University of Louisiana at Monroe. Our primary purpose is to provide quality education to all dental hygiene students, without discrimination, while recognizing and respecting the dignity of each individual. To fulfill this purpose, we are committed to providing this education by promoting scholarly activity in dental hygiene theory and practice. We are committed to contributing to the oral health needs of the community by providing high quality care in a cost efficient manner. We promote the educational growth and development of each individual through lifelong learning.

ADMISSION TO PRE-DENTAL HYGIENE

Applications for admission to the Pre-Dental Hygiene curriculum must meet the general admission requirements for admission to the University. Applications are to be submitted to the University Admissions Office.

ADMISSION TO THE DENTAL HYGIENE CURRICULUM (TRADITIONAL STUDENTS)

The Dental Hygiene curriculum offers clinical instruction in its educational program as required by the Commission on Dental Accreditation of the American Dental Association. Admissions are determined annually based upon the availability of clinical facilities. Questions regarding out-of-state residents should be directed to the Dental Hygiene Office.

Applicants for admission to the professional program in the Dental Hygiene curriculum, in addition to meeting the requirements for admission to the University, must meet the following requirements: 1) An earned 2.5 uncorrected grade point average, or above, in all previous course work at all higher institutions of attendance, 2) A minimum of 35 hours Pre-Dental Hygiene pre-requisites prior to application on March 1, 3) A minimum of 20 hours Pre-Dental Hygiene prerequisite science hours (includes Math and Nutrition) prior to application on March 1. 4) An official copy of The American College Test (ACT) and 5) submission of official transcripts from all colleges and universities attended. Grades earned in remedial and/or developmental courses will not be included in determining the grade point average. Additionally, international students must submit a satisfactory score on The Test of English as a Foreign Language (TOEFL) examination. Due to the utilization of objective criteria in processing applications, attainment of minimum requirements in the
Pre-Dental Hygiene Curriculum does not necessarily guarantee admission to the professional Dental Hygiene program. Students accepted into the professional Dental Hygiene Program are required to fulfill the immunization requirements of the ULM Student Health Services.

Completed application forms are to be submitted to the department head for Dental Hygiene by March 1 of the year the student seeks admission for the fall semester. Applications will be reviewed by the Admissions and Academic Standards Committee. The Dean of the College of Health Sciences will take final action on the Committee’s recommendation. Students who do not meet minimum requirements on the day of registration will not be permitted to register in the Dental Hygiene Curriculum. Course work required for the professional program will be based on the catalog in effect at the time of admission to the professional program.

ONLINE DEGREE COMPLETION PROGRAM

The online degree completion program builds upon the knowledge obtained at the associate degree level with additional courses in liberal arts, science, psychology, education and upper division courses in Dental Hygiene. The program is designed to prepare students to meet the challenge of the changing health care delivery system, to develop expertise in clinical and classroom education, and to establish a foundation for graduate study.

ADMISSION TO THE ONLINE DEGREE COMPLETION PROGRAM

This online degree program is designed for hygienists who have completed an associate degree program and desire to continue their education toward a baccalaureate degree. Dental hygienists who have an active license in at least one state and are licensed by the National Board of Dental Examiners will be awarded 42 semester credit hours. Basic requirements and credentials for admission are:

1) Graduation from an accredited dental hygiene program with a minimum of a 2.5 average;
2) Successful completion of the Dental Hygiene National Board Examination, and licensure in at least one state;
3) Complete college transcripts;
4) Application for admission to the University of Louisiana at Monroe.

Following acceptance, an individual curriculum will be developed for each student depending upon: 1) the college courses completed previously, 2) the time lapse since the associate degree was awarded, and 3) current clinical experience.

Total for degree, 120.

RETENTION IN THE DENTAL HYGIENE CURRICULUM

Failure of a student to maintain a cumulative grade-point average of 2.0 at the end of each semester in all professional dental hygiene courses will result in dismissal from the professional Dental Hygiene curriculum.

READMISSION TO THE DENTAL HYGIENE CURRICULUM

Students who are suspended or who have resigned from the professional Dental Hygiene curriculum must apply through the Dental Hygiene Admissions and Academic Standards Committee for readmission. This committee will determine the individual coursework to be taken by the readmitted student.

DEPARTMENT OF HEALTH STUDIES
Dolecheck, Griswold, Tommerdahl

BACHELOR OF SCIENCE IN HEALTH STUDIES (BSHS)

MISSION STATEMENT

The vision of the Health Studies major is to provide an innovative model of undergraduate education at ULM. The major is committed to researching the evolving trends in the healthcare industry and the corresponding needs of Louisiana’s healthcare workforce. Our mission is to prepare graduates with a firm foundation in health science education that will support entry into mid-level managerial positions in the healthcare industry or to enter graduate education in a health-related field. Our purpose is to produce highly competent, ethical, professional health leaders who can effect change for the better in the healthcare industry. Our goal is to use the most effective teaching imaginable and establish a student-centered learning environment where undergraduates can expand their knowledge and skills.

GENERAL INFORMATION

Students who seek admission to ULM must meet general admission requirements for admission to the University. Applications to ULM are submitted to the University Admissions Office. Students entering the BSHS degree program with transfer credit must request a transcript review from the department to determine what coursework will be credited to the degree plan. A minimum of 31 hours of credit in the BSHS degree program must be successfully completed at ULM in order to receive the B.S. degree.

BSHS DEGREE PROGRAM

Students majoring in the Health Studies program must meet these requirements to progress toward degree completion.

- A grade of “C” or better is required for all HLST courses, core ENGL, core Math, core Natural Sciences, ASHC 2000, ENGL 3021, ECON 2001, FINA 3015, MGMT 3001 and MGMT 3005.
- A minimum 2.75 cumulative grade-point average in all HLST courses is required for progression to HLST Practicum II in the student’s senior year.
- A grade of “D” in required courses is non-progressive; the course must be repeated with a minimum grade of “C” before a student can progress to the next sequential course.

Students are expected to meet additional academic requirements and follow procedures to register for HLST 4003 Practicum II. Students who seek to register for HLST 4003 in the spring semester, must submit their intent to register form in the fall semester by the designated due date to the Practicum Coordinator. Students who seek to register for HLST 4003 in the summer and fall semesters must submit the intent to register form in the spring semester by the designated due date. The intent to register form is located on the Department of Health Studies webpage with due dates listed. There is a course fee for HLST 4003 in addition to regular semester fees. Students must meet and recognize the following requirements to register for HLST 4003.

- Declared a major in BSHS.
- Completion of 90 credits in the BSHS curriculum.
- Completion of all 2000 and 3000 level HLST courses.
- Good standing with the University.
- Minimum overall GPA of 2.0.
- A minimum GPA of 2.75 with a "C" or better in all HLST courses.
- Application and approval for progression to the HLST 4003.

Students can select from a variety of classes at ULM that will serve as Health Studies electives. Potential Health Studies electives are listed on Flightpath for student convenience. Electives must be completed at the 3000 or 4000 level or approved by the academic advisor.
necessary requirements for admission to health professions graduate programs.

- Health Studies Healthcare Management/Marketing (HSM) Option: This option is for those students who desire a terminal undergraduate degree for mid-level managerial employment in healthcare. This option incorporates the same core Health Studies courses as the Pre-Professional Health Studies Option and includes additional management and marketing courses.

- BSHS Online Healthcare Management/Marketing (DLHS) Option: Non-traditional students may earn a BSHS degree 100% online following the Healthcare Management/Marketing degree plan option. Students must meet specific admission requirements to be accepted into the BSHS online degree program. These requirements include:
  1) Meet general admission requirements for admission to ULM.
  2) Meet requirements for freshman level English and Math.

- HSP, HSM, and DLHS options have adequate elective credits to allow students to design a course of study in an area of their interest (e.g. a minor in Psychology, Gerontology, Finance, Business Administration, etc.). Hence, students can focus their degree in a specialized field of study, still keeping healthcare marketing/management or pre-professional health studies as the major concentration.

- On-campus and online students should consult with their Health Studies (HS) academic advisors to assure that courses are taken in a logical sequence. The HS academic advisors will also guide students toward appropriate electives that will enhance their career options.

HEALTH STUDIES PROGRAM CURRICULUM

Students in the BSHS Program complete specific courses in the Pre-Professional Health Studies or Healthcare Management/Marketing option according to a planned and structured program of study. Students fulfill both core degree requirements and major/professional curriculum requirements in a logical sequence. The sequence is intended to facilitate success in the overall degree requirements.

The core curriculum in the first two years is designed to provide students with a foundation in the humanities, mathematics, and sciences. During the second two years, the Pre-Professional Health Studies and Healthcare Management/Marketing options provide for a broad focus on business basics, healthcare delivery system, cultural diversity, ethics and leadership in healthcare.

GENERAL INFORMATION

Medical laboratory scientists (medical technologists) provide objective data used to make clinical decisions by the laboratory analyses they perform and evaluate. Medical laboratory scientists may pursue diverse career paths including those in hospital laboratories, clinics, research, public health, reference laboratories, forensic laboratories, and educational institutions.

The Medical Laboratory Science (MLSC) curriculum consists of two segments, pre-medical laboratory science (PMLS) and professional medical laboratory science (MLSC). The PMLS segment includes four academic semesters, or the equivalent, in an accredited college or university. No grade below a "C" may be transferred from another college or university.

The MLSC segment consists of two calendar years or four academic semesters. The first year of the professional program includes on-campus medical laboratory science didactic and laboratory courses. The second year includes off-campus practicum rotations in affiliated medical laboratories. Medical laboratories affiliated with the ULM MLSC program include St. Francis Medical Center, Monroe, LA; Iasis Glenwood Regional Medical Center, West Monroe, LA; Louisiana State University Health Science Center-Shreveport-E.A. Conway Medical Center, Monroe, LA; West Carroll Memorial Hospital, Oak Grove, LA; LifeShare Blood Centers, Shreveport, LA; Northern Louisiana Medical Center and Green Clinic-Ruston, LA; Oncology Associates of Monroe Laboratory, Monroe, LA.

The Medical Laboratory Science Program is accredited by the National Accrediting Agency for Clinical Laboratory Sciences (NAACLS), 5600 N. River Road, Suite 720, Chicago, IL 60018, (773)714-8880. Graduates of the program are eligible to sit for the national certification examination administered by the Board of Certification of the American Society for Clinical Pathology.

MISSION STATEMENT

The Medical Laboratory Science Department at ULM is committed to providing northeast Louisiana and the region beyond with competent, ethical graduates who will help to meet the needs of the community and the nation.

ADMISSION TO PRE-MEDICAL LABORATORY SCIENCE

Applicants for admission to the pre-professional curriculum (PMLS) must meet the general admission requirements for admission to the University. Applications are submitted to the University Admissions Office.
ADMISSION TO THE PROFESSIONAL MEDICAL LABORATORY SCIENCE PROGRAM

The Medical Laboratory Science curriculum offers clinical instruction in its educational program as required by the National Accrediting Agency for Clinical Laboratory Sciences. Admissions are determined annually based upon the availability of clinical positions and instructional resources available to the program. Applicants for admission to the professional program must complete the requirements of the PMLS curriculum with a minimum cumulative grade point average of 2.5 (uncorrected, based on a 4.0 system) exclusive of developmental courses, a minimum grade point average of 2.7 (corrected, based on a 4.0 system) in all required pre-professional courses, and possess a grade of “C” or better in all required science, mathematics, and Medical Laboratory Science courses. In addition, applicants must pass a psychomotor evaluation.

Application forms and requirements for admission into the professional program may be obtained from the Medical Laboratory Science website at http://www.ulm.edu/mls. Completed application forms, along with the application fee, must be received by the Medical Laboratory Science Admissions Committee by March 15 of the year the student seeks admission for the fall semester. Each application will be reviewed individually for compliance with the requirements for admission. Each qualified student will be granted an interview with the Medical Laboratory Science Admissions Committee to evaluate communication skills and potential for professionalism. The Program Director, with the committee’s recommendation, will notify each applicant regarding admission status. Because there are a limited number of clinical positions, students are selected on a competitive basis. Due to utilization of objective criteria in processing applications, attainment of minimum requirements in the pre-Medical Laboratory Science curriculum does not guarantee admission to the professional Medical Laboratory Science program. If a student is not admitted to the professional MLS program, reapplication must be made following the regular procedure. The student must fulfill all prerequisites in the required sequence of courses leading to the application for the professional program in Medical Laboratory Science.

RETENTION IN THE PROFESSIONAL MEDICAL LABORATORY SCIENCE PROGRAM

Students must maintain a cumulative GPA of 2.5 on a 4.0 scale and earn a minimum grade of “C” in all required professional courses. Failure of a student to earn a minimum grade of “C” in a professional course may preclude progression in the MLS program.

In the event that a student earns a non-progressive grade of “D” in one professional non-practicum MLSC course, the student may petition the program director to remediate the course. The Medical Laboratory Science Academics Standards Committee will determine if remediation will be granted according to the program’s remediation policy. Remediation must be completed by the deadline imposed by the course instructor. The highest grade that a student may earn in a remediated course is “C”. A student who earns less than a grade of “C” in a professional non-practicum MLSC course following remediation will be suspended from the MLSC professional program.

A student who fails to earn a progressive grade in more than one professional non-practicum course will be suspended from the professional program. A student who earns a failing grade of “F” in one professional non-practicum course will be suspended from the professional program.

Students must earn a grade of “C” or better in all practicum courses. Students who earn less than a grade of “C” in a practicum course will be suspended from the professional program.

A student who is not in compliance with ethical, professional behavior or patient welfare guidelines of the program may have sanctions imposed by the Medical Laboratory Science Academic Standards Committee. Sanctions may include dismissal from the program with a course grade of “F”.

A student who is suspended from the professional MLSC program must reapply for admission to the program during the next admission cycle of the program. If a student is accepted for readmission, the student must retake all professional MLSC courses.

Students who wish to appeal their suspension from the professional program may appeal to the Medical Laboratory Science Academic Standards Committee to determine if repeated or additional coursework could justify readmission.

ADMISSION TO PRE-OCCUPATIONAL THERAPY ASSISTANT (POTA)

Beginning freshmen who seek admission to the first segment of the Occupational Therapy Assistant Program (POTA) must meet the general admission requirements for admission to the University. Applications to ULM are submitted to the University Admissions Office. Students transferring from other divisions of the University and from other accredited colleges and universities should additionally have an overall academic record which indicates potential for success in an Occupational Therapy Assistant Program. Advising each semester is required. Students must go to the Student Success Center to have advising or developmental flags removed. Students entering the program with transfer credit must request a transcript review from the department to determine what coursework will be credited to the degree plan.

A grade of “C” or better is required for all occupational therapy assistant coursework contributing to the Associate of Science Degree. Completion of the pre-professional segment of the Occupational Therapy Assistant Program (POTA) requirements does not guarantee admission to the professional segment of the Occupational Therapy Assistant Program (OCTA).

Admission into the professional segment of the Occupational Therapy Assistant Program (OCTA) is on a competitive basis with enrollment determined annually based on the availability of resources of the Occupational Therapy Department.

ADMISSION TO OCCUPATIONAL THERAPY ASSISTANT PROGRAM

Applicants for admission to the professional segment of the Occupational Therapy Assistant Program (OTA) must complete the following minimum criteria by the end of the spring semester that application is made: 1) possess a minimum, uncorrected cumulative grade point average of 2.700 on a 4.000 scale in all previous coursework attempted at higher institutions of attendance and a minimum 2.700 uncorrected grade point average in all hours toward the OTA degree; 2) completion of 30 [32] hours of required pre-professional coursework in the Occupational Therapy Assistant Program with a grade of “C” or better (see course descriptions for prerequisites). These hours must include Biology 101, 1015 and Psychology 2078. NOTE: It is strongly recommended that all 33 [35] pre-professional hours be completed by the end of the spring semester of application to the professional program. However, students may apply with 30 [32] of the required credits completed with a grade of “C” or better.

Criteria and procedures for application to the professional segment of the Occupational Therapy Assistant Program are available at the University of Louisiana at Monroe Occupational Therapy web site and through the Occupational Therapy Department office. Completed applications are to be submitted to the Occupational Admissions Committee by April 1 for consideration for entry into the Occupational Therapy Assistant Program the following Summer II semester.
(OCTA). Questions regarding out-of-state candidates should be directed to the OT office.

Applications will be reviewed by the Occupational Therapy Admissions Committee.

The department head will notify each applicant regarding admission status.

Students accepted into the OCTA program are required to fulfill the immunization requirements of the ULM Student Health Center. Once accepted into the second segment of the Occupational Therapy Assistant Program, the student has one academic year to successfully complete the didactic coursework of the program. A student who fails to do so will be required to appear before the University of Louisiana at Monroe Occupational Therapy Academic Performance Committee for a hearing to determine continuation in the program.

To progress in the Occupational Therapy Assistant Program, a student must complete all required didactic occupational therapy courses with a grade of “C” or better in one academic year. A cumulative 2.500 on a 4.00 scale is required for continued enrollment. The student must observe all prerequisites in the sequential pursuance of courses leading to an Associate of Science Degree as an Occupational Therapy Assistant. All OCTA professional courses must be taken at ULM. Students who fail to successfully meet all OCTA requirements (due to not meeting competency or based on grade) will be dismissed from the program. Students may request to appear before the Academic Performance Committee to determine continuation in the program. Before going on Level II Fieldwork clinical affiliations, students must have a minimum cumulative grade point average of at least 2.500 (uncorrected). The Academic Performance Committee has the right and responsibility to impose sanctions on a student who is not in compliance with ethical, professional behavior, or patient welfare guidelines of the program after following due process guidelines of the program. Sanctions can include dismissal from a course with a grade of “F” and may result in permanent dismissal from the program. The Occupational Therapy Academic Performance committee will determine the re-application status of any student who does not successfully complete the program. Students will receive a grade of either “CR” or “F” on Level II Fieldwork experiences.

A student who does not receive a grade of “CR” on any Level II Fieldwork placement shall be dismissed from the program. A dismissal may be appealed before the Occupational Therapy Academic Performance Committee to determine if repeated or additional coursework could justify readmission. All cases before the O.T. Academic Performance Committee will be reviewed on an individual basis. Students must complete all Level II Fieldwork requirements within 18 months following the completion of occupational therapy content courses.

Applicants for admission to the professional program in Radiologic Technology, in addition to meeting the requirements for admission to the University, must meet the requirements of the Pre-Radiologic Technology curriculum and must have earned a minimum uncorrected cumulative grade point average of at least 2.5 on a 4.00 scale in all previous course work at all higher institutions of attendance, possess a minimum corrected grade point average of 2.7 on a 4.00 scale in all required pre-professional Radiologic Technology courses (excluding developmental courses), and possess a grade of “C” or better in all required mathematics, natural science and Radiologic Technology courses. Due to utilization of objective criteria in processing applications, attainment of minimum requirements in the Pre-Radiologic Technology curriculum does not guarantee admission to the professional Radiologic Technology Program. Applicants are also required to submit results from the department approved entrance test.

Application forms for admission to the professional program of Radiologic Technology may be obtained from the department head for Radiologic Technology or from the department website, www.ulm.edu/radtech. Completed application (including receipt of application fee payment) forms are to be submitted to the department head for Radiologic Technology by May 31 of the year the student seeks admission for the fall semester. Applications will be reviewed by the Admissions and Academic Standards Committee.

The Radiologic Technology Program is accredited by the Joint Review Committee on Education in Radiologic Technology 20 North Wacker Drive, Suite 900, Chicago, IL 60606-2901; Phone: 312-704-5300; www.jrcert.org. Graduates of the program are eligible to take the national certification examination for radiologic technologists administered by the American Registry of Radiologic Technologists (ARRT). The American Registry of Radiologic Technologists reserves the right to disapprove the writing of the National Registry to persons having been convicted of a Felony or Misdemeanor. Contact for the ARRT is 1255 Northland Drive, St. Paul, Minnesota, 55120-1155, phone: 641-687-0048; www.arrt.org.

Students must observe all pre-requisites in the sequential pursuance of courses leading to a baccalaureate degree in Radiologic Technology. Advising each semester is mandatory.

REGISTERED TECHNOLOGIST EDUCATION PLAN

The Radiologic Technology curriculum provides an opportunity for registered technologists to be admitted into the baccalaureate degree program. Technologists registered by the American Registry of Radiologic Technologists (ARRT) may be awarded forty-three semester hours of credit for their certification. At least 32 hours must be completed through the University of Louisiana at Monroe. The total number of hours for the degree is 120. DEPARTMENT OF SPEECH-LANGUAGE PATHOLOGY

(Formerly Communicative Disorders)

Boult, Bonnette, Bryan, Hayes, Thomas, Whited

ADMISSION TO PRE-SPEECH-LANGUAGE PATHOLOGY

Applicants for admission to Pre-Speech-Language Pathology curriculum must meet the general admission requirements for admission to the University. Applications are to be submitted to the University Admissions Office.

Progression of Majors in Speech-Language Pathology

Students enrolled in this curriculum are not eligible for American Speech-Language-Hearing Association (ASHA) certification upon completion of the degree plan. Graduate work is necessary to secure the Certificate of Clinical Competence (CCC) professional credentials. All Speech-Language Pathology courses must have a “C” or better upon graduation. A course transferred from another institution must show a grade of “C” or better in order to be considered for SPLP credit. Only approved 1000- and 2000-level courses may be transferred.

Beginning Summer I, 1995, all students declaring a SPLP major must meet the following requirements before applying for regular admission to the degree program: 1) satisfactory completion of any required developmental course, 2) satisfactory completion of all courses under the “Freshman Year” requirements of the SPLP curriculum, 3) satisfactory completion of all special requirements of the SPLP major. These special requirements include a) completion of SPLP 1013, 1052, 2001, and 2002 with a “C” or better; b) completion of a speech, language, and hearing screening test; c) an uncorrected cumulative GPA of 2.75 or better; d) an uncorrected GPA of 3.0 or better in the 1000- and 2000-level SPLP courses, e) SPLP faculty approval. Note that meeting the basic requirements does not guarantee that the student will be selected to progress to upper-level SPLP courses. The above requirements also apply to transfer students. Applications for regular admission will be reviewed only in the fall semester. Applications are to be completed with the student’s adviser and forwarded to the department head by October 20 for review.

Speech-Language Pathology courses, with the exception of practica and directed studies, can be repeated only one time. Before enrollment in SPLP 4002 a student must have 1) completed a speech, language, and hearing screening while enrolled in SPLP 1013, 2) completed all courses required during the freshman and sophomore years as stated in the catalog; 3) completed 25 hours of supervised observation at approved settings; 4) a cumulative, uncorrected grade point average of 2.75 or better, and 5) an uncorrected grade point average of 3.0 or better in SPLP 1013, 1052, 2001, 2002, 4001, 4028, and 4033.

MISSION STATEMENT

The University of Louisiana at Monroe School of Nursing shares the University’s commitment to instruction, research, and service. The primary mission of the School of Nursing is to offer a specialized program of study of nursing science which will prepare its graduates for effective service as beginning professional nurses who will practice in a variety of health care delivery settings as clinicians, leaders, and agents of change, provide its graduates with the background necessary for further professional education and growth, and provide an environment in which its graduates can develop a desire for life-long learning and a passion for the practice of nursing as a discipline of science, caring, and compassion. Further, it is the mission of the School of Nursing to provide continuing education to meet the needs of the nursing community, of Northeast Louisiana, provide professional service to the community, and promote the development of the nursing profession through scholarly activity.

ADMISSION TO PRE-NURSING

Applicants for admission to the pre-nursing curriculum must meet the general admission requirements for admission to the University.

Applications are to be submitted to the University Admissions Office.

ADMISSION TO THE PROFESSIONAL NURSING PROGRAM

The School of Nursing offers clinical and didactic instruction in the professional program. The School is accredited by the Commission on Collegiate Nursing Education, One Dupont Circle, N.W., Suite 350, Washington, D.C., 20036 -1120. Admissions are based upon the availability of clinical sites and faculty. With all factors being equal, preference is extended to Louisiana residents.

Applicants for admission to the professional program, in addition to meeting the requirements for admission to the University, must fulfill the requirements of the pre-nursing curriculum and entrance exam. An applicant to the Traditional, or LPN program must possess a minimum, corrected cumulative grade point average of 2.8 in all required pre-nursing courses, excluding grades earned in developmental education courses. Applicants to the Accelerated option, see Accelerated Admission Criteria. In addition, no grade less than “C” will be accepted in any pre-nursing course. Courses with NURS prefix may be repeated only once.

Application forms for admission to the professional program in Nursing may be obtained online. Completed application forms, along with the application fee, are to be received by the Director of the School of Nursing by March 1 for the Fall Semester and by September 1 for the Spring Semester. Each application will be reviewed individually for compliance with the requirements for admission and licensure of the Louisiana State Board of Nursing described in the Louisiana Administrative Code. The Director of the School of Nursing will take final action and notify the student.
Due to the utilization of objective criteria in processing applications, attainment of minimum requirements in the pre-nursing curriculum does not necessarily ensure admission to the professional nursing program. If for some reason a student is not admitted to the nursing program, reapplication must be made following the regular procedure. The student must fulfill all prerequisites in the required sequence of courses leading to application for the professional program in Nursing.

Nursing students are required to submit a physical examination report to the office of the Director of the School of Nursing upon admission. For the protection of the student and to meet the requirements of affiliating agencies, certain health related information is required at the time of admission to the professional program. These requirements are based on recommendations from the Center for Disease Control and Prevention (CDC) and are subject to change as recommendations change.

Professional healthcare students, i.e., nursing students must prove non-communicable with TB testing yearly. (Sanitary Code, State of Louisiana). The Mantoux skin test and Hepatitis B immunization can be obtained through Student Health Services for a nominal cost. Mantoux skin test and Hepatitis B immunization may also be obtained from other sources, with the student providing appropriate and specific documentation to Student Health Services. After admission to the professional program, the Mantoux skin test must be repeated and results recorded by Student Health Services each year. Prior to entering clinical each semester, all students must submit proof of CPR - Health Care Provider, according to the School of Nursing Student Handbook. Health insurance is required for all students. Criminal background checks and drug screening are required for students applying to the School of Nursing. A positive drug screen may result in denial of admission to the School of Nursing.

At any time that a student is enrolled in pre-nursing or nursing, the Louisiana State Board of Nursing requires knowledge of: (a) information regarding whether a student has ever been arrested, charged with, convicted of, pled guilty or no contest to, or been sentenced for any criminal offense in any State; and/or (b) information regarding any actual or pending disciplinary action against them by any licensing board. These facts must be reported to the Director of the School of Nursing who will forward the information to the Board. Entrance into or continuation in university classes. However, students interested in another academic program may contact the dean’s office responsible for the program to discuss eligibility for the program. If eligible, the student should process a change of curriculum form in the dean’s office. They will then be permitted to register for classes according to the University calendar in effect.

RETENTION IN THE PROFESSIONAL NURSING PROGRAM

Failure of a student to earn a “C” or better (progressive grade) in a professional nursing course will result in automatic probation from the professional nursing program. Students who desire readmission after being on probation, suspended, resigning, or withdrawing from the professional nursing program must submit an application for readmission through the School of Nursing Admissions and Academic Standards Committee. Students who have enrolled in or earned a non-progressive grade in a required nursing course may be readmitted to repeat that course only one time and, in addition, may be readmitted to repeat courses in only two semesters. A failure in either component of a combined theory/clinical course will require that both components be repeated. Readmission is not automatic, and must be considered on an individual basis.

Students enrolled in the professional program of the School of Nursing are responsible and accountable for their actions related to patient care. All students must be CPR certified, according to the School of Nursing Student Handbook, to enter a clinical area. A score of 80% on a test of dosage calculations is required each semester before entering clinical. In addition, a score of 100% is required on a drug safety test each semester. Failing to successfully pass both of these tests by the third attempt will necessitate the student dropping all courses with a clinical component. The faculty in the course involved and the Director have the right and responsibility to impose sanctions on a student whose conduct in the clinical setting is detrimental to patient welfare. Sanctions can include suspension from the course with a grade of “F” and may result in permanent suspension (dismissal) from the School of Nursing. Students will be required to take nationally normed tests throughout the curriculum, make a satisfactory score on such tests, and follow the remediation policy of the School of Nursing. In the last semester of the curriculum, students will be required to take a comprehensive exam and to make a satisfactory score on such an exam prior to graduation and taking the licensing exam. Random drug screening may be performed during enrollment in the School of Nursing. A positive drug screen may result in dismissal from the School of Nursing.

PROBATION/SUSPENSION REGULATIONS

NURSING PROBATION. Students who are in good academic standing in the School of Nursing and earn a non-progressive grade in one course will be placed on professional nursing probation.

NURSING SUSPENSION. Students who have earned a non-progressive grade in one course twice or have a third failure after repeating courses in two other semesters will be suspended from the professional program.

NURSING APPEAL. Students who wish to appeal their suspension from the professional program may appeal to the School of Nursing Admission and Academic Standards Committee.

NOTE: Suspension from the professional nursing program prevents students from registering for all university classes. However, students interested in another academic program may contact the dean’s office responsible for the program to discuss eligibility for the program. If eligible, the student should process a change of curriculum form in the dean’s office. They will then be permitted to register for classes according to the University calendar in effect.
ACCELERATED OPTION CURRICULUM PLAN FOR STUDENTS WITH A PREVIOUS BACCALAUREATE DEGREE (ON HOLD)

The School of Nursing provides an opportunity for students who have a previous baccalaureate degree in a field other than nursing to be admitted into a curriculum specifically designed to facilitate attainment of a baccalaureate degree in nursing. Students must be accepted specifically into the Accelerated Program. Requirements include a previous baccalaureate degree, specific pre-nursing prerequisites, and a GPA of 3.0 on all prerequisite coursework applied to this degree. Students will be admitted to the accelerated option beginning yearly in January. Applicants must meet general admission requirements for admission to the University. Other requirements can be found under “Admission to the Professional Nursing Program” section.

Specific Courses required prior to admission to professional nursing courses:

ADMISSION REQUIREMENTS FOR ACCELERATED PROGRAM

A preliminary review of college transcripts must be conducted by an advisor prior to submitting an application in order to determine admission eligibility and identify any necessary course prerequisites.

A GPA of 3.0 is required in the following courses: ENGL, MATH, CHEM, PSYC, SOC1, HLST, and BIOL. All other courses applied to the degree must have a grade of “C” or better.

A letter must be submitted, that describes the applicant’s views of nursing as a profession and the other qualities he/she possesses that will ensure success in professional nursing.

A personal interview is required on-campus, with a member of the School of Nursing Administration. This interview will provide an opportunity to discuss program requirements, curriculum, nursing, and the applicant’s ability to complete a course of intensive study.

All prerequisite courses and the baccalaureate degree must be completed prior to beginning the Accelerated Option.
RETENTION IN THE ACCELERATED PROGRAM

Failure of a student to earn a “C” or better (progressive grade) in a professional nursing course will result in automatic suspension from the professional nursing program. If an accelerated student fails or drops a nursing course (or courses) or makes a non-progressive grade in a nursing course, that student will have a choice of three options.

1. The student may choose to apply for readmission and, if accepted, repeat the non-progressive nursing course(s) and additional courses as recommended by the Admissions and Academic Standards Committee. Students who have earned a non-progressive grade in a required nursing course will result in automatic probation from the professional nursing program. An applicant to the RN program must possess a minimum, corrected cumulative grade point average of 2.0 in all required pre-nursing courses excluding grades earned in developmental courses. No entrance exam is required. Part-time and full-time study is available. This curriculum is a part of the GOLD program.

2. The student may apply for readmission in the next accelerated class and, if accepted, start from the beginning in the accelerated program.

3. The student may complete all prerequisites for the traditional program and apply for readmission into the traditional program.

Students who desire readmission to the professional program after being suspended, resigning or withdrawing from the accelerated professional nursing program must submit an application for readmission through the School of Nursing Admissions and Academic Standards Committee.

The School of Nursing provides an ONLINE opportunity for registered nurses to be admitted into the baccalaureate degree program. Graduates in nursing from NLNAC accredited and state-approved diploma and associate degree programs who have an unencumbered license to practice may be awarded forty semester credit hours based on current licensure at the time of admission. Applicants for admission to the professional program, in addition to meeting the requirements for admission to the University, must fulfill the requirements of the pre-nursing curriculum. An applicant to the RN program must possess a minimum, corrected cumulative grade point average of 2.0 in all required pre-nursing courses excluding grades earned in developmental courses. No entrance exam is required. Part-time and full-time study is available. This curriculum is a part of the GOLD program.

RETENTION IN THE RN TO BSN PROGRAM

Failure of a student to earn a “C” or better (progressive grade) in a professional nursing course will result in automatic probation from the professional nursing program. Students who desire readmission after being on probation, suspended, resigning, or withdrawing from the professional nursing program must submit an application for readmission through the School of Nursing Admissions and Academic Standards Committee. Students who have earned a non-progressive grade in a required nursing course may be readmitted to repeat that course only one time and, in addition, may be readmitted to repeat courses in only two semesters. Readmission is not automatic, and must be reconsidered on an individual basis.

Students enrolled in the professional program of the School of Nursing are responsible and accountable for their actions related to patient care. The faculty in the course involved and the Director have the right and responsibility to impose sanctions on a student whose conduct in the clinical setting is detrimental to patient welfare. Sanctions can include suspension from the course with a grade of “F” and may result in permanent suspension (dismissal) from the School of Nursing.

LPN TO BSN CURRICULUM PLAN

The School of Nursing provides an opportunity for licensed practical nurses to be admitted into the baccalaureate degree program. Graduates in nursing from state-approved licensed practical nurse programs who have an unencumbered license to practice in Louisiana may be admitted for part-time or full-time study.

Provision is made for these students to demonstrate their achievement by taking examinations for credit in selected arts, sciences, and nursing courses. Twelve (12) credit hours may be earned throughout the program from proficiency tests and skills checkoff and recognized work experience. Students entering the program with a degree and transfer students with sophomore or above status are not required to take UNIV 1001. Other requirements can be found under “Admission to the Professional Nursing Program” section. For further information contact the School of Nursing.

RETENTION IN THE LPN TO BSN PROGRAM

Failure of a student to earn a “C” or better (progressive grade) in a professional nursing course will result in automatic probation from the professional nursing program. Students who desire readmission after being on probation, suspended, resigning, or withdrawing from the professional nursing program must submit an application for readmission through the School of Nursing Admissions and Academic Standards Committee. Students who have enrolled in or earned a non-progressive grade in a required nursing course may be readmitted to repeat that course only one time and, in addition, may be readmitted to repeat courses in only two semesters. A failure in either component will require that both components of a combined theory/clinical course be repeated. Readmission is not automatic, and must be considered on an individual basis.

Students enrolled in the professional program of the School of Nursing are responsible and accountable for their actions related to patient care. All students must be CPR certified, according to the School of Nursing Student Handbook, to enter a clinical area. A score of 80% on a test of dosage calculations is required each semester before entering clinical. In addition, a score of 100% is required on a drug safety test each semester. Failing to successfully pass both of these tests by the third attempt will necessitate the student dropping all courses with a clinical component. The faculty in the course involved and the Director have the right and responsibility to impose sanctions on a student whose conduct in the clinical setting is detrimental to patient welfare. Sanctions can include suspension from the course with a grade of F and may result in permanent suspension (dismissal) from the School of Nursing. Students will be required to take nationally normed tests throughout the curriculum, make a satisfactory score on such tests, and follow the remediation policy of the School of Nursing. In the last semester of the curriculum, students will be required to take a comprehensive exam and to make a satisfactory score on such an exam prior to graduation and taking the licensing exam.

MISSION STATEMENT

The College of Pharmacy at the University of Louisiana at Monroe, Louisiana’s College of Pharmacy, endeavors to create a professional learning environment that embraces the concept of continual quality improvement. This environment enables the College to produce and maintain excellent academic, research, and service programs that directly enhance the health and environment of the state of Louisiana and beyond.

The mission of the College of Pharmacy (COP) is to educate future health care professionals to meet the diverse pharmaceutical care needs of the people of Louisiana and to serve the professions of pharmacy and toxicology through a balanced program of education, research, service, and patient care.

The strategic decisions and daily operations of the College’s faculty and staff are reflective of the following values:

* Responsibility — acting morally, ethically, and with integrity, as well as being accountable for one’s actions. Students, faculty, and staff have a duty to adhere to these standards. We also recognize our duty to be thoughtful stewards of those resources entrusted to us.
* Innovation — the synthesis, embodiment, or combination of knowledge in original, relevant, valued new products, processes, or services, especially as related to promoting optimal patient and educational outcomes.
* Collaboration — the development of educational, research and practice partnerships among students, practitioners, educators, and other stakeholders.
* Quality — the pursuit of excellence, which is cultivated and assessed through a process of continual quality improvement.
* Professionalism — the demonstration of structural, attitudinal, and behavioral attributes of a profession and its members. Certain professional attributes, including a service orientation; caring; respect for others; accountability and responsibility for one’s action; integrity; honesty; ethically sound decision making; and a commitment to life-long learning are fundamental to our functioning as learners, educators, researchers, scholars, and practitioners of pharmacy.

In addition to the values stated above, we have set the following goals:

Education
1. Educate entry-level pharmacy practitioners to deliver pharmacy care in a dynamic, culturally diverse society, enabling graduates to enter a wide range of existing or emerging health care practices.
2. Provide effective graduate education in the pharmaceutical and toxicological sciences.
3. Recognize professional education as an individual process that begins in the academic setting and continues throughout the professional career, not only for the student but educators and practitioners as well.
4. Model attitudes and values that emphasize the importance of a team approach to patient-centered care.
5. Integrate basic, clinical, administrative and toxicological sciences.

Research/Scholarly Activity
1. Promote, develop and sustain excellence in graduate study and research in the clinical, basic, social and administrative sciences, thereby adding to the body of knowledge for scientists and educators in pharmacy, toxicology and related fields.
2. Promote research and scholarship that lead to improved patient care.
3. Promote research and scholarship that lead to improved educational outcomes.
4. Assess and evaluate all research and scholarly activity undertaken within the College.
5. Provide appropriate mentorship for faculty development.

Service
1. Address the healthcare and other societal needs by involving faculty, staff, and students in service activities at the University, local, state, national and international levels.
2. Promote wellness and disease prevention.
3. Promote therapeutic interventions, rational medication use, and the judicious use of economic resources.
4. Advance student and faculty participation and leadership in professional organizations.

Pharmacy Practice
1. Promote and optimize pharmacy care in order to improve patient outcomes.
2. Promote postgraduate professional training and assume an active role in the development of residencies and fellowships.

Reflection upon our stated mission, values, and goals has led us to develop the following educational philosophy:

The entry level Doctor of Pharmacy curriculum is an integration of biomedical, pharmaceutical, clinical, and administrative sciences to prepare practitioners who can effectively provide pharmaceutical care in a changing profession. Consistent with the educational philosophy of the University, the educational process is based on a student-centered approach that values life-long learning and the development of complex problem solving skills. Faculty demonstrate through their teaching, practice, and research the highest standards of professionalism and a passion for quality patient care.

Students will demonstrate the following:
1. A commitment to developing life-long learning habits.
2. The abilities required for a competent and contemporary patient-centered pharmacy practice.
3. Behaviors and attitudes necessary for professional growth and development.
GENERAL INFORMATION

The College of Pharmacy was established by the State Board of Education on August 11, 1956 and continues to serve as Louisiana's sole State supported Pharmacy Program. The College of Pharmacy continues to evolve to meet the health care needs of the State's population, and in 1998, began to offer the Doctor of Pharmacy degree as its sole entry level professional pharmacy degree. The College also offers the State's only doctor of philosophy degrees in the areas of pharmacy and pharmaceutical sciences. The Bachelor of Science program in Toxicology was initiated in 1982 and is one of only six programs in the country. The College of Pharmacy currently includes three academic departments - Basic Pharmaceutical Sciences, Clinical and Administrative Sciences, and Toxicology.

ACCREDITATION

The Doctor of Pharmacy program in the College of Pharmacy is accredited by the Accreditation Council for Pharmacy Education. The College of Pharmacy is a member of the American Association of Colleges of Pharmacy, an organization whose mission is to promote pharmaceutical education and research.

CORE CURRICULUM

All majors in baccalaureate curricula having pre-professional and professional segments within the College of Pharmacy complete a 42-hour general education core curriculum consisting of English, 6 hours; Mathematics, 6 hours; Natural Sciences, 9 hours; Fine Arts, 3 hours; Humanities, 9 hours; and Social Sciences, 6 hours; University Seminar (1), and University Capstone, 3 hours.

DOCTOR OF PHARMACY PROGRAM

The Doctor of Pharmacy degree is the highest level of applied professional education offered in pharmacy. It is designed to assure development of clinical skills and judgment with the acquisition of the confidence necessary to assess therapeutic problems and to be an active participant in decision-making processes related to pharmaceutical care. The program is designed to provide a broad spectrum of study in the administrative, biological, clinical, pharmaceutical, and social sciences to prepare the graduate for careers in academic, ambulatory, community, industrial and institutional settings.

Admission to the Doctor of Pharmacy requires preparatory coursework focusing in the areas of biological, chemical and physical sciences, and written and oral communications which need to be completed prior to admission into the College of Pharmacy. Students wishing to pursue a career in pharmacy are encouraged to complete their pre-professional requirements in conjunction with pursuing a four year degree (e.g., toxicology, biology, chemistry, etc.). Pre-professional preparatory coursework may be completed at any accredited university. Students aspiring to complete their pre-professional preparatory coursework at the University of Louisiana at Monroe must meet the admission requirements for the University. Students with a “Pre-Pharmacy” major designation must present a 2.8 cumulative grade point average once they have earned 70 hours to maintain the designation. Students who fail to present a 2.8 grade point average will be required to change their major to LUIO (undeclared) or another major at the 70 hour mark.

Upon completion of the preparatory coursework, students may apply for admission to the Doctor of Pharmacy program in the College of Pharmacy. Admission to the program is competitive and, at a minimum, is based on cumulative pre-professional preparatory course work grade point average, written and oral communication skills, and scores on the Pharmacy College Admission Test.

Students applying for admission to the College of Pharmacy must meet the following academic requirements:

1. Have a minimum 2.75 cumulative grade point average;
2. Meet the Louisiana Board of Regents' core curriculum requirements with a grade of "C" or better in each core course;
3. Complete the following course and semester hour requirements with a grade of "C" or better:
   a. Biology
      1. Microbiology with laboratory (4 semester credits or equivalent)
      2. Human or comparative anatomy with lab and human or mammalian physiology with lab (8 semester credits or equivalent)
      3. Cell biology or cell physiology (3 semester credits or equivalent)
      5. Genetics (3 semester credits or equivalent)
   b. Business
      1. Economics (3 semester credits or equivalent)
   c. Chemistry
      1. Inorganic chemistry with laboratories (8 semester credits or equivalent)
      2. Organic Chemistry with laboratories (8 semester credits or equivalent)
      3. Biochemistry (3 semester credits or equivalent)
d. English
   1. English composition (6 semester credits or equivalent)
   2. Technical writing (3 semester credits or equivalent)

e. Humanities
   1. Public Speaking (3 semester credits or equivalent)

f. Mathematics
   1. Calculus (3 semester credits or equivalent)

g. Physics
   1. General physics with laboratories (4 semester credits or equivalent)

h. Statistics
   1. Statistics (3 semester credits or equivalent)

4. Meet the technical standards of the College of Pharmacy, and

5. Obtain a competitive Pharmacy College Admissions Test score.

For students attending the University of Louisiana at Monroe for their pre-professional requirements, courses listed online at www.ulm.edu/pharmacy/ will fulfill the College of Pharmacy's pre-professional requirements. This list along with course descriptions provided in the undergraduate or graduate and professional catalog also provide students attending other state or out of state institutions guidance concerning course content for pre-professional requirements.

ADMISSION TO THE DOCTOR OF PHARMACY PROGRAM

Admission to the program is competitive, and is based on the student's academic ability, communication skills, and potential for professionalism. As required by the Accreditation Council for Pharmacy Education, the College of Pharmacy offers extensive experiential clerkship instruction in its educational program. For this reason, admissions are determined annually based upon the availability of the instructional resources available to the program. Preference for admission is extended to Louisiana residents. The University of Louisiana at Monroe, Office of Admissions determines residence status in accordance with the regulations of the University of Louisiana System Board of Supervisors.

In addition to meeting the requirements of admission for the University of Louisiana at Monroe, applicants for admission to the Professional Program in the College of Pharmacy must have completed the required pre-professional preparatory coursework with no grade less than “C”, possess a cumulative grade-point average of at least 2.750 (uncorrected, based on a 4.0 system) in all previous coursework undertaken, exclusive of developmental courses, whether passed or failed at all institutions of attendance and meet the technical standards of the College of Pharmacy.

The application process for admission to the College of Pharmacy requires the student to complete an online application with the Pharmacy College Admission Service (PharmCAS), a supplemental application with the College of Pharmacy, and a University application. Online applications to PharmCAS must be completed by March 1st immediately preceding the applicant's effective admission date. Supplemental applications are due to the Office of Student and Professional Affairs in the College of Pharmacy no later than March 1st immediately preceding the applicants effective admission date, and all pre-professional preparatory coursework and university core curriculum requirements must be completed no later than June 1st immediately preceding the applicant's requested effective admission date. Coursework completed more than seven years prior to the applicant's requested admission date may not be used to satisfy pre-professional requirements and will be excluded from all evaluations and grade point calculations associated with the professional program admission process.

Official scores from the Pharmacy College Admission Test (PCAT) must be submitted by students applying for admission to the professional program. PCAT scores must be submitted to PharmCAS by the admission deadline. Selected qualified students will be invited to campus for interviews to evaluate their communication skills and potential for professionalism. Applicants are expected to exhibit the degree of maturity commensurate with advanced academic study, as well as motivation for the practice of pharmacy. Applications will be reviewed by the Admissions Committee, and the Dean will take final action on the committee’s recommendation and notify the students concerned. A complete explanation of application procedures pertaining to the current admissions cycle and application forms are available online at the College of Pharmacy website (www.ulm.edu/pharmacy).

Students seeking to transfer to the professional program of the College of Pharmacy from other accredited colleges of pharmacy must meet the pre-professional preparatory coursework requirements and be eligible for admission to the University. Additionally, the applicant must be in good academic standing and be eligible to continue and progress in the College of Pharmacy he/she has been attending. The student must have an overall grade point average of at least 2.750 (4.0 system) on all coursework attempted at the time of transfer. A logical sequence of professional courses and appropriate prerequisites must have been maintained. Advanced standing will be granted on comparable subject matter for which a grade of “C”, or better, has been earned. A minimum of one academic year is required for graduation. Transfer opportunities are possible only when vacancies in existing classes occur. Students admitted on a professional transfer basis to a class in progress shall be subject to all requirements and restrictions applicable to other students in the class.

Any person having been convicted of a drug related felony will not be admitted to the professional program of the College of Pharmacy.

ATTENDANCE POLICY

The professional educational experience in the College of Pharmacy involves many multifaceted learning objectives, including professional interactions with faculty and peers, that do not lend themselves to traditional testing.
modalities and assignment of letter grades. As a result, class attendance is mandatory in all pharmacy courses. Students reported for accumulating more than three unexcused absences in a course during an academic semester will be administratively dropped from the course with a "W" grade. In accordance with College of Pharmacy policy and procedure, a grade of "W" will be counted as an "F" grade with respect to academic standards.

BACKGROUND CHECKS

Students applying to the College of Pharmacy may be required to undergo a background check as a part of the application process. All students enrolling in the professional program will undergo criminal background checks as a part of obtaining their Louisiana State Board of Pharmacy Intern License. Any previous activity that would preclude the issuance or continuance of an intern activity will result in suspension or dismissal from the program.

CODE OF ETHICAL AND PROFESSIONAL CONDUCT

The College of Pharmacy employs a code of ethical and professional conduct which relies on the honor system. The code is based on the assumption that pharmacy students, as future health care professionals will develop maturity and professionalism through self-governance. The code of ethical and professional conduct is a form of student self-governance that applies to all facets of the student's academic and professional life.

The basic assumption of the code is that central to the act of being a professional is conducting one's self with the highest sense of honor and integrity, and primary core values that every pharmacy student should possess include honesty, integrity, responsibility, competence and respect for people. Pharmacists do not learn to be professionals upon completion of degree requirements or through issuance of a license. Instead, the internalization of the concept of professionalism must occur as a part of the professional education process so that pharmacy students carry these concepts with them into the profession. It is the pharmacy student's responsibility to develop a selfless sense of service that demands personal excellence and accountability. By enrolling in the College of Pharmacy, a student accepts these professional standards and requirements as a prerequisite for continued enrollment in the pharmacy curriculum and graduation.

As a condition of acceptance to the College of Pharmacy, the applicant shall be required to agree to abide by the Code of Ethical and Professional Conduct.

COMPUTER REQUIREMENTS

All students admitted to the Doctor of Pharmacy program are required to purchase a laptop for use in the classroom and obtaining notes. It is the responsibility of the student to backup their system, print their notes, and have technical service for their computer. The technical support area of the College of Pharmacy is available for connectivity issues relating to our wireless network.

However, they do not provide in-depth technical support for student computers.

FEES, EXPENSES, AND REFUNDS

Tuition and fees are set on an annual basis and are subject to change. Because the expenses of educating pharmacists is substantially more than the expenses associated with undergraduate training, tuition and fees, including a professional fee, are substantially higher than those associated with the undergraduate programs in the University. Students classified as non-Louisiana residents under the regulations of the University of Louisiana System Board of Supervisors will pay out-of-state tuition in addition to general tuition and fees. Courses enrolled for audit will be charged tuition the same as courses for academic credit. In order for a student's enrollment to be complete, the student's registration fees must be paid in full. It is the student's responsibility to follow-up on anticipated or pending financial aid to ensure that the student's bill is paid in full. Payments must be received in the "University" or by mail in the Controller's Office, or via web payment by the published deadline in order that the payments are not considered to be late payments. A student who resigns from the University may be entitled to some refund of tuition, activity and out-of-state fees, and/or room and meal plan charges. The exact amount of the refund, if any, will depend upon the resignation circumstances and timing. Refunds will be subject to an administrative fee. A complete description of the student billing and refund policy can be found in the University of Louisiana at Monroe Student Policy Bulletin. (http://www.ulm.edu/studentpolicy/studentpolicy.pdf).

IMMUNIZATION POLICY

In addition to the general Immunization Compliance required of all students by Louisiana R.S. 17.170, students admitted to the professional program of the College of Pharmacy must meet immunization requirements established by the College. Students accepting admission to the College of Pharmacy will be provided a set of immunization requirements and a deadline to meet the requirements. Students failing to meet immunization deadlines will have their offer of admission rescinded.

HEALTH INSURANCE REQUIREMENTS

Health insurance is required of all students enrolled in the College of Pharmacy. Students failing to show proof of health insurance may have their offer of admission rescinded or be suspended from the program until such proof is available.

LIABILITY/MALPRACTICE INSURANCE

All students enrolled in the professional program are automatically covered by professional liability insurance during their practice experiences or while participating in other practice activities that are part of the student's curriculum. The University maintains commercial excess
general and medical malpractice liability insurance administered through the State of Louisiana Office of Risk Management for itself, its agents, officers, employees and students. This coverage can be viewed from the web site located at: http://doa.louisiana.gov/orm/pdf/uwsumm.pdf. Primary Commercial General Liability coverage is underwritten by the Louisiana Self-Insurance Fund (Self insured by the office of Risk Management) and provides $5,000,000 per occurrence (no aggregate). Miscellaneous Tort Liability coverage is underwritten by the Louisiana Self-Insurance Fund and provides comprehensive umbrella excess of $5,000,000 per occurrence. The student professional liability insurance does not cover students when employed outside the curriculum.

PHARMACY INTERN PERMITS

Students admitted to the professional program must apply for an active pharmacy intern permit during the first semester following enrollment into the professional program and maintain the intern permit continually throughout enrollment in the professional program. Students found to be in violation of the regulations of the Louisiana Board of Pharmacy may be required to resign their enrollment.

RANDOM DRUG SCREENING REQUIREMENTS

In the interest of public health and safety, all students enrolling the professional program of the College of Pharmacy are subject to random drug screening. Such tests are conducted by independent laboratories and test results are reported directly to the College of Pharmacy. Results of random drug screenings will also be reported to Louisiana State Board of Pharmacy.

TECHNICAL STANDARDS

The goal of the College of Pharmacy is to broadly prepare students to practice pharmacy with special emphasis on practicing in primary care settings. Regardless of the eventual type of practice (i.e., community, clinic, or health care system), students must demonstrate competence in intellectual, physical and social tasks that together represent the fundamentals of being able to provide contemporary pharmaceutical care. Students will be judged by their respective program faculty not only on their scholastic achievement and ability, but also on their intellectual, physical and emotional capacities to meet the full requirements of the college’s curriculum. As an advisory committee to the Dean, the Admissions Committee is instructed to exercise judgment on behalf of the faculty to recommend the entering class, and to consider character, extracurricular achievement, and overall suitability for the pharmacy profession based upon information in the application and personal interviews.

The American Council on Pharmaceutical Education, the accrediting body for colleges and schools of pharmacy, requires that the curriculum provide a general professional education, enabling each student to eventually practice as a pharmacy generalist. This requires the development of broad knowledge, skills, behaviors, ongoing self-directed learning, and the eventual ability to deliver competent pharmaceutical care within a reasonable time frame and within the context of the legal and ethical framework of the profession. The basic science curriculum includes the study of biochemistry, medicinal chemistry, molecular biology, immunology, physiology, pharmaceutics, pathology and pharmacology; all within the context of application to solving clinical problems. The practice skill curriculum includes the behavioral, administrative, supervisory, economic, legal, ethical, analytical, integrative, historical and contextual aspects of practice. The basic sciences and practice skills curricula are interwoven and are designed to establish a core of knowledge necessary for understanding pharmacotherapeutics and undergoing advanced clinical training. The clinical curriculum includes diverse experience in primary care, in ambulatory and inpatient settings, and in specialized environments such as long term care and managed care or home infusion practices. The basic science, practice skills and clinical experiences develop the ability to practice pharmacy with the goal of providing cost effective improvement in patient outcomes, independently or with a team or other health care professionals, regardless of the future choice of practice site. The faculty requires each student to pass each required course, all of the clinical rotations, and programmatic assessments to graduate.

The following technical standards specify those attributes the faculty considers necessary for completing pharmacy training, enabling each graduate to subsequently enter clinical practice, residency or fellowship training. These standards describe the essential functions students must demonstrate in order to fulfill the requirements of a general pharmacy education, and thus, are prerequisites for entrance, continuation, and graduation from the College of Pharmacy. The University of Louisiana at Monroe College of Pharmacy will consider for admission any applicant who demonstrates the ability to perform or to learn to perform the skills listed in this document. Applicants are not required to disclose the nature of their disability(ies), if any, to the Admissions Committee. However, any applicant with questions about these technical standards is strongly encouraged to discuss the issue with the Director of Student and Professional Affairs prior to the interview process. If appropriate, and upon the request of the applicant/student, reasonable accommodations will be provided.

Certain chronic or recurrent illnesses and problems that interfere with patient care or safety may be incompatible with pharmacy training or practice. Other conditions that may lead to a high likelihood of student illness should be carefully considered. Deficiencies in knowledge base, judgment, integrity, character, or professional attitude or demeanor, which may jeopardize patient care, may be grounds for course/practice experience failure and possible dismissal.
A student must possess aptitude, abilities, and skills in five areas:

1) observation;
2) communication;
3) sensory and motor coordination and function;
4) conceptualization, integration and quantitative evaluation; and
5) behavioral and social skills, abilities and aptitude.

These are described in detail below. The program faculty will monitor maintenance of these standards. Students must be able to independently perform the described functions.

1. OBSERVATION

Students must be able to:

a. observe demonstrations and conduct exercises in a variety of areas related to contemporary pharmacy practice, including but not limited to, monitoring of drug response and preparation of specialty dosage forms.

b. observe a patient accurately at a distance and close at hand, noting nonverbal as well as verbal signals. Specific vision-related requirements include, but are not limited to the following abilities:

i. visualizing and discriminating findings on drug or fluid monitoring tests;
ii. reading written and illustrated material;
iii. observing demonstrations in the classroom or laboratory, including projected slides and overheads;
iv. observing and differentiating changes in body movement;
v. observing anatomic structures;
vi. discriminating numbers and patterns associated with diagnostic and monitoring instruments and tests, and
vii. competently using instruments for monitoring drug response.

2. COMMUNICATION

Students must be able to:

a. relate effectively and sensitively with patients and their caregivers and or partners, and convey a sense of compassion and empathy.

b. communicate clearly with, and observe patients in order to elicit information, accurately describe changes in mood, activity and posture, and perceive verbal as well as nonverbal communication. Communication includes not only speech but also reading and writing. Communicate quickly, effectively and efficiently in oral and written English with all members of the health care team. Specific requirements include but are not limited to the following abilities:

i. communicating rapidly and clearly with the health care team on rounds;
ii. eliciting a thorough history from patients; and
iii. communicating complex findings in appropriate terms to patients and their caregivers, partners and various members of the health care team (fellow students, physicians, nurses, aides, therapists, social workers, and others).

c. learn to recognize and promptly respond to emotional communication such as sadness, worry, agitation, and lack of comprehension of communication.

d. recognize signs of behavioral disorders that may impact a patient’s compliance.

e. read and record observations and care plans legibly, efficiently and accurately.

f. prepare and communicate concise but complete summaries of individual encounters and complex, prolonged encounters with patients.

g. complete forms or appropriately document activities according to directions in a complete and timely fashion.

3. SENSORY AND MOTOR COORDINATION OR FUNCTION

Students must have sufficient sensory and motor function to monitor drug response and to prepare and or dispense pharmaceuticals.

A student should be able to execute motor movements reasonably required to participate in the general care and emergency treatment of patients. They must be able to respond promptly to urgencies within the practice setting and must not hinder the ability of their coworkers to provide prompt care. Examples of such emergency treatment reasonably required of pharmacists include arriving quickly when called, participating in the initiation of appropriate procedures, and rapidly and accurately preparing appropriate emergency medication.

4. INTELLECTUAL-CONCEPTUAL INTEGRATIVE AND QUANTITATIVE ABILITIES

These abilities include

a. measurement,
b. calculation,
c. reasoning,
d. analysis,
e. judgment,
f. numerical recognition and
g. synthesis.

Especially important is the appropriate and rapid calculation of dosages in a variety of conditions such as renal or hepatic failure, obesity, cardiac or respiratory arrest, etc. Additionally, calculations involving appropriate dilution or reconstitution of drug products, electrolytes, etc. must be made accurately and quickly. Problem solving, a critical skill demanded of all pharmacists, requires all of these intellectual abilities and must be performed quickly, especially in emergency situations.

Students must be able to:

a. identify significant findings from history, physical assessment, and laboratory data; provide a reasonable explanation and analysis of the problem;
b. determine when additional information is required; suggest appropriate medications and therapy;
c. develop appropriate treatment plans to improve patient outcomes;
d. develop patient counseling information at a complexity level appropriate to a particular situation; and
e. retain and recall information in an efficient and timely manner.

The ability to incorporate new information from peers or teachers, and to locate and evaluate new information from the literature to be used appropriately in formulating assessments and pharmaceutical care plans is essential, as is good judgment in patient assessment and therapeutic planning for disease management.

Students must also be able to:

a. identify and communicate the limits of their knowledge to others when appropriate and be able to recognize when the limits of their knowledge indicate further study or investigation is essential before participating in decision making.
b. interpret graphs or charts describing biologic, economic or outcome relationships.

5. BEHAVIORAL ATTRIBUTES

Empathy, integrity, honesty, concern for others, good interpersonal skills, interest and motivation are all personal qualities that are required.

Students must possess:

a. the emotional health required for full use of their intellectual abilities;
b. the exercise of good judgment;
c. the prompt completion of all responsibilities attendant to the care of patients, and
d. the development of mature, sensitive and effective relationships with patients and their caregivers and partners.

At times this requires the ability to be aware of and appropriately react to one’s own immediate emotional responses and environment. For example, students must maintain a professional demeanor and organization in their intellectual abilities;

Students must:

a. be able to develop professional relationships with patients and their caregivers and partners, providing comfort and reassurance when appropriate while protecting patient confidentiality.
b. possess adequate endurance to tolerate physically taxing workloads and to function effectively under stress or with distractions. All students are at times required to work for extended periods, occasionally with rotating shifts.
c. be able to adapt to changing environments, to display flexibility, and to learn to function in the face of uncertainties inherent in the clinical problems of many patients.
d. develop the skills necessary to instruct and supervise technical personnel assisting with the delivery of pharmaceutical services.

Students are expected to accept appropriate suggestions and criticism and if necessary, respond quickly, appropriately and cooperatively by modification of behavior.

TRANSPORTATION

College of Pharmacy classrooms are located approximately 1 & 1/2 miles away from the main campus. Students are expected to provide their own transportation to and from classes. Additionally, Introductory and Advanced Practice Experiences may be assigned anywhere in Louisiana or the surrounding region. Students are expected to provide for their own housing and transportation during the practice experiences.

ACADEMIC, ETHICAL AND PROFESSIONAL STANDARDS

Students admitted to the College of Pharmacy are held to rigorous academic, ethical and professional standards as outlined in the College of Pharmacy Student Handbook. To complete the Doctor of Pharmacy program, the student must have demonstrated satisfactory academic performance and ethical and professional standards. Disciplinary actions may occur based on violations of academic, ethical or professional standards as outlined in the College of Pharmacy Bulletin.

ACADEMIC PROGRESSION. Failure of a student to earn a minimum grade of "C" in a professional pharmacy course precludes progression to courses for which it is a prerequisite. In the event that a student fails to obtain a grade of "C" or better in a professional pharmacy course, the student must remediate that course or its equivalent at the next offering of the course, and such remediation must be completed within one year of the original course. Course withdrawals and leaves of absences disrupt a student’s progress and are discouraged. A student who must withdraw from one or more courses for compelling circumstances beyond his or her control may petition the Associate Dean of Academic Affairs to withdraw from specific courses or from all courses. Withdrawal from a course without administrative approval will result in "W" grades being treated as a grade of "F" for academic progression and retention purposes. Failure of a student to earn a minimum grade of "C" in all professional pharmacy courses precludes progression to the Advanced Practice Experiences. Students who fail to meet minimum progression standards may find it necessary to resign their enrollment for one or more semesters. Students who interrupt their enrollment in professional pharmacy courses for a period of more than two consecutive enrollment periods (two semesters) must apply for readmission to the professional program of the College of Pharmacy.

PROBATION. Any full-time or part-time student enrolled in the professional program in pharmacy who fails to maintain a minimum overall cumulative grade point average of 2.0 in required professional pharmacy courses, earns a semester grade-point average below 2.0 in professional pharmacy courses or earns a grade of "D" in two or more professional pharmacy courses in a semester, or earns a grade of "F" in a professional
pharmacy course shall be placed on probation. Academic probation will extend no less than two regular semesters (Fall or Spring). Students may also be placed on probation for violation of ethical or professional standards.

REMOVAL FROM PROBATION. To be removed from probation, full-time or part-time students enrolled in the professional program of pharmacy must earn an overall cumulative grade point average of at least 2.0 in required professional pharmacy courses and earn a grade of “C” or better on all professional pharmacy coursework during their probationary period and meet any criteria set by the academic standards committee. Students placed on probation due to violation of ethical or professional standards will be removed from probation when they have met the requirements set by the Board of Ethical and Professional Conduct and the Dean of the College of Pharmacy in their disciplinary actions.

SUSPENSION. Any student on probation who fails to earn a grade of “C” or better on all professional coursework during their probationary period or achieve an overall cumulative grade point average of at least 2.0 in required professional pharmacy courses at the conclusion of their probationary enrollment shall be suspended for a period of one academic year. Upon reentry into the professional program of pharmacy after suspension for scholastic reasons, a student is placed on probation and will be suspended if an overall cumulative grade average of at least 2.0 in required professional pharmacy courses and a grade of “C” or better on all required professional pharmacy coursework is not achieved during the next enrollment period. Students who have their permit suspended or revoked by the Louisiana Board of Pharmacy will be suspended from the College of Pharmacy until their permits are reinstated. Suspensions related to violations of ethical and professional standards may vary in duration, and students suspended for non-academic reasons must meet the requirements set by the Board of Ethical and Professional Conduct in their disciplinary action to be readmitted into the program.

In order to preserve the educational environment of the College of Pharmacy, any student enrolled in the professional program of the College of Pharmacy who is formally charged by civil authorities with the commission of a drug related felony shall be suspended from the College of Pharmacy pending the outcome of the civil judicial process. The policy is applicable to all such alleged offenses whether committed on the University campus or at an off-campus location.

COURSES TAKEN BY STUDENTS UNDER SUSPENSION. An undergraduate student suspended from a System university may not enroll in another university within the System, but may enroll in a community college. To ensure minimal or no loss of credits upon return to the university, it is recommended that the student consult with his/her university advisor regarding the choice of courses to be taken at the community college. Credits earned under these conditions may be accepted for a degree at the suspending institution provided grades of “C” or higher are earned in each of the courses to be transferred.

DISMISSAL FROM PHARMACY. Any student enrolled in the professional program of pharmacy shall be dismissed from the program for the following:

1) Receiving a second scholastic suspension.
2) Failing to satisfy all graduation requirements for the Doctor of Pharmacy Degree within a six calendar year period immediately following his/her initial enrollment in the professional pharmacy program. If a student reaches a point from which it could not be expected for him/her to finish within the required six-year period by progressing through the normal sequencing of remaining courses, the student will be dismissed from the program at that time.
3) Any student enrolled in the professional pharmacy program that earns two or more “F” grades or more than four non-progressing grades in professional pharmacy courses - in any sequence or combination.
4) Any student enrolled in the professional pharmacy program that fails to complete a required professional pharmacy course or its equivalent with a minimum grade of “C” upon a second attempt. (I.e. when repeating a required professional pharmacy course in which an initial grade of either “F” or “D” was earned, the student must achieve a minimum grade of “C” upon the first remediation attempt).
5) Students denied a pharmacy intern permit by the Louisiana Board of Pharmacy.
6) Any student who has been admitted to the professional program of the College of Pharmacy and subsequently convicted of a drug related felony.
7) Students who have their pharmacy intern permit permanently revoked.
8) Any student admitted to the professional program that is not compliant with the immunization requirements of the College of Pharmacy.
9) Students failing to attend class.
10) Professional and/or ethical misconduct.
11) Inability to meet the technical standards of the College of Pharmacy.

DROPPING CLASSES OR WITHDRAWING FROM THE COLLEGE OF PHARMACY. Students admitted into the Doctor of Pharmacy Program in the College of Pharmacy are not allowed to withdraw from courses or from the College or University without academic consequences. Students withdrawing from courses without administrative support will receive a grade of "W" which will be treated as a grade of "F" for academic standards purposes. Students withdrawing from the College or University without administrative support may not resume activities in the College unless they are readmitted to the Doctor of Pharmacy Program.

Students wishing to take a leave of absence or withdraw from the program with administrative support must send a written request to the Associate Dean of Academic Affairs in the College of Pharmacy. To receive administrative support for withdrawal, students must
Any decision for readmission to the program may include conditions of remediation or development, including but not limited to repeating all or part of the program the student has already completed, that must be successfully completed for the student to reenter or remain in the program.

DEGREE REQUIREMENTS

In addition to meeting the general requirements for graduation for the University, the candidate for the Doctor of Pharmacy degree must, after completing the requirements of the pre-professional preparatory coursework, be enrolled in the professional pharmacy curriculum for a minimum of four academic years (eight semesters or equivalence) and have earned a minimum grade of “C” in all courses comprising the degree requirements. Courses graded on a credit (C), no credit (NC) basis are excluded. In addition to meeting minimum course grade requirements, students must meet programmatic requirements for graduation which may include but not be limited to attendance at student convocations, participation in professional development programs and successful completion of progression and/or competency exams. A majority of semester hours required in the professional program must be earned at ULM. All advanced practice experiences must be completed through ULM using ULM approved practitioners and practice sites. Finally, students must demonstrate the professional maturity and demeanor necessary to succeed in the profession of pharmacy.

COMPUTER LITERACY

Computer literacy for pharmacy majors is defined as an ability to effectively utilize representative commercially available pharmacy applications software in pharmacy practice. Each student must demonstrate computer literacy. Students entering the College of Pharmacy professional program should be well versed in common computer applications such as electronic mail, internet applications, word processing, presentation software, and data management software such as MS Excel(R) and MS Access(R). Students who have never used a personal computer for common applications such as word processing are encouraged to complete Computer Science 1070 (or equivalent) prior to enrolling in the professional pharmacy program.
EXPERIENTIAL PROGRAM POLICY

The experiential program component of the professional pharmacy curriculum consists of two supervised experiences of four weeks duration each and seven supervised experiences of six weeks duration each to be completed at affiliated practice sites. This experiential component begins with mandatory registration in supervised experiences during the summer preceding both the second and third professional years of the professional program and culminates with additional supervised clinical experiences distributed over an eleven-month period beginning in May of the student’s fourth year. To accommodate the non-standard nature of the academic calendar relating to the experiential program in the student’s final year, two non-standard academic terms are scheduled. Each term is equivalent in cost to a regular semester but is structured around an academic calendar that is unique to the final year of the Doctor of Pharmacy Program. Students must enroll in their first advanced practice experiences in the first non-standard term. In addition, students must complete a mandatory practice experience orientation in the month of April or May preceding the start of experiences. Failure to complete this orientation may result in a delayed graduation date.

Although the primary administrative and instructional facilities of the College of Pharmacy are housed at the University of Louisiana at Monroe, the program has numerous off-campus clinical affiliates located inside and outside of Louisiana. Students may be required to relocate for advanced practice experiences in the final year of the program. Because local sites are limited and demand is great, standing in the program, among other criteria, may be used to allocate advanced practice experience sites. The student is referred to the Introductory and Advanced Practice Experience Manuals for complete policy and procedures governing the experiential component of the program.

DEPARTMENT OF TOXICOLOGY

Baer, Banks, Blaylock, Herrock, Mehendale, Meyer

The undergraduate Toxicology program consists of a four-year curriculum which includes a solid foundation in basic sciences, a broad background in the science of Toxicology with several highly specialized courses, and sufficient courses in other areas to provide the student with a well rounded education. The concept of a broad background with certain specialized courses is intended to allow the graduate to fit into any of several aspects of toxicology, including industrial hazard control, environmental pollution control, product safety assessment, forensic toxicology, and toxicology research.

The Toxicology major can also be used to fulfill the Pre-Pharmacy requirements for admission to Pharmacy School. See Toxicology in the Courses of Instruction section.

ADMISSION TO THE PROGRAM IN TOXICOLOGY

Applicants for admission to the undergraduate program in Toxicology must meet the general admission requirements for admission to the University. Applications are to be submitted to the University Admissions Office.

Total hours for degree, 120.

*Students should see the University Core Curriculum requirements.

** Students choosing Toxicology as a major will be required to complete nine hours of electives in a defined topic area. Topic areas include General Toxicology, Environmental Toxicology, Forensic Toxicology, Analytical Toxicology or Industrial Hygiene. See Toxicology in the Courses of Instruction section.
COURSES OF INSTRUCTION

Courses numbered 0 to 99 are developmental and credits may not be used to satisfy degree requirements. Courses numbered 1000 to 1099, freshman; 2000 to 2099, sophomore; 3000 to 3099, junior; 4000 to 4099, senior; 5000 to 5099, graduate; 6000 to 7099, graduate courses beyond the master’s level. Where indicated, certain 4000-level courses are accepted for graduate credit.

The number after each course title indicates the semester hours credit. CR (credit) or NC (no credit) after a course title indicates a pass/fail course with no semester hours credit.

An abbreviation following a course description indicates the semester or summer term the course will normally be offered: F—fall semester; Sp—spring semester; Sum—entire summer session; Su I—first summer term; Su II—second summer term. The word “even” or “odd” follows the description of a course which is offered only in alternate years.

Students may not enroll in more than one section of the same course specified in the University catalog without approval of the Registrar. Students who register for more than one section of the same course may be arbitrarily dropped from one of the sections without notice.

Class pre-requisites must be completed as prescribed by the most current catalog, regardless of the catalog or curriculum in effect for any student. Students who do not meet course qualifications or who have not completed pre-requisites for a course may be arbitrarily dropped without notice.

The courses that are listed in this catalog may be offered for credit in a variety of formats, including electronically mediated teaching.

ACCOUNTING (ACCT)

Required for a major: 3007, 3008, 3010, 3011, 3020, 3030, 4010, 4020, three-hour 4000-level Accounting elective, Business Law 4040, —Total of 30 semester hours.

Required for a minor: Accounting 2012, 2013, 3010, 3011, 3020, 3030—Total of 18 semester hours.

4000-level accounting courses are open only to juniors/seniors in the College of Business Administration, or with permission of department head.

For Undergraduates Only

1010. ACCOUNTING SURVEY. 3 cr. Fundamental principles and managerial applications; data processing. Designed to meet the needs of students majoring in subjects outside the College of Business Administration. Not open to majors in the College of Business Administration. F, Sp

2012. INTRODUCTORY FINANCIAL ACCOUNTING. 3 cr. Fundamental transaction recognition and recording for corporations with special emphasis on the balance sheet and income statement. Prerequisites: Completion of all developmental requirements and sophomore standing, or permission of department head. F, Sp, Sum

3007. TECHNOLOGY FOR ACCOUNTANTS. 3 cr. The integration of basic software programs into the accounting curriculum and the use of typical accounting software programs to reinforce accounting concepts in an interactive case setting. Not applicable to a major or minor in Finance. Prerequisites: minimum grades of “C” in 2013 and CSCI 1070, and junior standing. F, Sp

3008. ACCOUNTING INFORMATION SYSTEMS. 3 cr. Identification of distinct information systems knowledge required by accountants. Survey of effect of computers on accounting systems. Analysis of internal controls and cycles of accounting systems, both manual and computer. Prerequisites: 2013, CSCI 1070. F, Sp

3010. INTERMEDIATE FINANCIAL ACCOUNTING I. 3 cr. Each. First in a two-course sequence intended to study the theory and application of financial reporting for business entities. Prerequisites: minimum grades of “B” in 2012 and 2013 and junior standing. F, Sp, Sum

3011. INTERMEDIATE FINANCIAL ACCOUNTING II. 3 cr. Second in a two-course sequence intended to study the theory and application of financial reporting for business entities. Prerequisites: minimum grade of “C” in 3010 and junior standing. F, Sp, Sum

3015. MANAGERIAL ACCOUNTING. 3 cr. Accounting as an aid to management; use of accounting techniques, reports, analyses, and interpretations in decision making. Not open to accounting majors. Prerequisites: Junior standing. Credit toward a degree will not be granted for both 3015 and 2013.

3017. TAX FUNDAMENTALS. 3 cr. Tax problems of individuals, with emphasis on planning to minimize taxes. Not open to accounting majors. Prerequisite: 2012 and 2013; junior standing.

3019. INSURANCE ACCOUNTING. 3 cr. The use of accounting information to evaluate the financial stability and the financial strength of insurance companies. Not open to accounting majors. (Same as RMIN 3019). Prerequisite: RMIN 2005; Junior standing or permission of department head. Sp

3020. COST ACCOUNTING. 3 cr. Basic concepts and procedures involved in accounting for raw materials, direct labor, and manufacturing overhead in job order, process, and standard cost accounting systems. Prerequisites: minimum grades of “C” in 2012 and 2013; junior standing. F, Sp, Sum

3021. ADVANCED COST ACCOUNTING. 3 cr. Analysis and use of cost data as an aid to operational control and profit planning. Prerequisite: Minimum grade of “C” in 3020.

3091. FINANCIAL ACCOUNTING. 3 cr. Introductory course in financial accounting intended for graduate students having no previous credit in accounting courses. Prerequisite: Open only to those who have not received credit in Accounting 2012 and 2013.

4010. INTERNATIONAL AND ADVANCED ACCOUNTING TOPICS. 3 cr. Topics include international GAAP; foreign currency transactions and translations; consolidations; and other advanced accounting issues. Prerequisite: Minimum grade of “C” in 3011. F, Sp

4011. ADVANCED ACCOUNTING II. 3 cr. Various advanced accounting topics including partnerships, governmental, and consignments. Prerequisite: Minimum grade of “C” in 3011.

4020. AUDITING. 3 cr. Auditing theory and procedures. Prerequisites: Minimum grades of “C” in 3008 and 3010. F, Sp
4021. ADVANCED AUDITING. 3 cr. Auditing procedures and practices with special emphasis on the CPA examination. Prerequisite: Minimum grade of “C” in 4020 or permission of department head.

4030. ACCOUNTING THEORY. 3 cr. Accounting principles and procedures and the theoretical framework on which they rest; selected specialized topics; emphasis on publications of the AICPA and AAA. Prerequisite: Minimum grade of “C” in 3031 or permission of department head.

4031. ADVANCED INCOME TAX. 3 cr. Income tax applicable to partnerships and corporations; various other taxes; research of tax problems. Prerequisite: Minimum grade of “C” in 3030 or permission of department head. Sp

4032. GOVERNMENTAL AND NOT-FOR-PROFIT ACCOUNTING. 3 cr. Accounting, reporting, and auditing as related to governmental and other not-for-profit organizations. Prerequisites: Minimum grade of “C” in 3010; credit or enrollment in 3011. F

4033. INFORMATION SECURITY ASSURANCE. 3 cr. Understanding the IT auditing process and how it supports enterprise-wide risk management and data security. Prerequisites: Minimum grade of “C” in 3008 or CINS 3050.

Agriculture (AGRI)

For Undergraduates Only

1001. PLANT SCIENCE. 4 cr. Principles of agronomic plant production, improvement, maintenance, harvest, storage, marketing and utilization. Three hours lecture and two hours laboratory.

1003. PLANT SCIENCE. 4 cr. Principles of horticulture plant production, improvement, maintenance, harvest, storage, marketing and utilization. Three hours lecture and two hours laboratory.

1010. AGRICULTURAL CAREERS. 1 cr. An introduction to academic and employment opportunities in agriculture careers.

1015. AGRICULTURAL SAFETY. 1 cr. Recognition and applied solutions as related to farm machinery, livestock, chemicals, and other related agricultural hazards. Emphasis will be placed on both the ethics and liabilities associated with farm safety.

3001. AGRICULTURAL STATISTICS. 3 cr. Planning, conducting, and interpreting agricultural experiments. Topics include central tendency measures and dispersion, hypothesis, hypothesis testing, and statistical inferences as applied to agricultural data. Prerequisite: MATH 1011, 1016.

3010. AGRICULTURAL LECTURES. 1 cr. Lectures to be presented by professional agriculturists. Students will present oral and written interpretations of current topics relating to agriculture.

4001. ANIMAL AND PLANT IMPROVEMENT. 3 cr. Application of the scientific methods, principles, and techniques of mating and selection systems to improve economically important traits in animal and plant populations.

4005. IRRIGATION PRACTICUM. 3 cr. Principles and techniques in irrigation system design.

4011-4012-4013. INTERNSHIP IN AGRICULTURE. 3 cr. each. Supervised work experience with industry in the use of materials and equipment related to the student’s major field of interest. Six (6) hours maximum towards B.S. Degree. Prerequisite: Approval of department head.

4029. INTEGRATED PEST MANAGEMENT. 4 cr. Principles of insect pest management, identification, and control/management systems. Three hours lecture and two hours laboratory. Prerequisite: AGBR 1001 or 1003. (Formerly AGBR 4025, 4026).

4030. WEED SCIENCE AND ECOLOGY. 4 cr. Principles of weed science, weed identification, spread, reproduction, and control/management systems. Three hours lecture and two hours laboratory. Prerequisite: AGBR 1001 or 1003. (Formerly AGBR 4027, 4028).

4096. AGRICULTURE. 3 cr. Student participation in research projects in the area of agriculture. Two to three hours per week per credit hour. Prerequisites: Junior or senior standing in agriculture and approval of department head. (formerly AGBR 495A)

4065. WOMEN ARTISTS. 3 cr. Maximum, 12 hrs. Seminar in art history. The study of various eras and developments in world art. Prerequisites: Art 2001 and 2002, or approval of department head. (Formerly ART 443F)

4066. SURREALISM IN ART. 3 cr. Maximum, 12 hrs. Seminar in art history. The study of various eras and developments in world art. Prerequisites: Art 2001 and 2002, or approval of department head. (Formerly ART 443G)

4067. HISTORY OF PHOTOGRAPHY. 3 cr. Maximum, 12 hrs. Seminar in art history. The study of various eras and developments in world art. Prerequisites: Art 2001 and 2002, or approval of department head. (Formerly ART 443H)

4095. RESEARCH PROBLEMS. 3 cr. Maximum, 12 hrs. Individual and group study with approval of department head. Research, discussion and criticism. Additional course fee $50.
1010. HONORS ARTS 3 cr. Questions of aesthetics, issues of performance and/or exhibition, and aspects of creativity in one or more of the arts. Course content varies and may link two or more disciplines. Prerequisite: Admission to the Honors Program or permission of the Honors Council. (Formerly HONR 110H)

ATMOSPHERIC SCIENCES  
(ARTS)

Required for a major: 1003, 2000, 2005, 3003, 3005, 3006, 3015, 3060, 4003, 4004, 4007, and 6 additional hours of atmospheric sciences electives. Students may replace ATMS 4004 and/or MATH 3001 with another hours of atmospheric sciences electives. Students may replace ATMS 4004 and/or MATH 3001 with another

For Undergraduates Only

1001. INTRODUCTION TO WEATHER AND CLIMATE I. 3 cr. An introduction to the science of meteorology with an emphasis on the physical processes working within weather systems. Global climate change and air pollution. Policy implications of meteorology and climate research.

1002. INTRODUCTION TO WEATHER AND CLIMATE II. 3 cr. Introduction to basic meteorology, forecasting, and societal impacts of severe and hazardous weather. Phenomena studied include hurricanes, thunderstorms, tornado, hail, lightning, winter storms, and droughts.

1003. BASIC METEOROLOGY LABORATORY I. 1 cr. A laboratory course designed to expose students to basic uses of meteorological data from the surface, upper air, radars, and satellites. Topics include surface and upper-air map analysis, fronts and cyclones, and severe weather.

1004. BASIC METEOROLOGY LABORATORY II. 1 cr. A laboratory course designed to expose students to basics of climatology. Topics include atmospheric elements, the earth's energy balance, climate regions, and global climate change. Prerequisite: Credit or registration in ATMS 1002, 1003.

1006. INTRODUCTION TO CLIMATE CHANGE. 3 cr. An introduction to the Earth’s Climate and components of the climate system. Topics include the Earth system, past climates, natural and anthropogenic climate change.

2000. WEATHER ANALYSIS AND FORECASTING. 2 cr. Introduction to short-range weather prediction and scalar analysis practices at the synoptic, regional, and local scale. Weather observing techniques; temperature and precipitation forecasting concepts and practice; weather map analysis and discussions; numerical guidance; soundings and stability. Prerequisites: ATMS 1003, MATH 1013.

2005. GENERAL METEOROLOGY. 3 cr. Structure of the earth’s atmosphere, distribution of temperature and precipitation, composition of the atmosphere, extra tropical synoptic scale disturbances, introduction to thermodynamics, clouds and storms. Prerequisites: ATMS 1003, and MATH 1013.

3003. ATMOSPHERIC THERMODYNAMICS. 3 cr. Introduction to classical and statistical thermodynamics as it applies to dry and moist atmospheric phenomena. Ideal Gas Law, First and Second Laws of Thermodynamics. Thermodynamic potentials and diagrams. Moisture variables. Prerequisites: ATMS 2005, and credit or registration in MATH 1031 and PHYS 2007.

3005. DYNAMIC METEOROLOGY I. 3 cr. Introduction to atmospheric kinematics, dynamics, and coordinate systems. Fundamental forces; equations of motion; scale analysis; mass conservation; geostrophic and thermal winds, idealized flows; circulation and vorticity. Prerequisites: PHYS 2007 and credit or registration in ATMS 3003 and MATH 2032.

3006. DYNAMIC METEOROLOGY II. 3 cr. each. A Application of kinematics, dynamics and thermodynamics in diagnosing synoptic-scale weather systems. Quasi-geostrophic theory; cyclogenesis and frontogenesis; jet dynamics, linear perturbation theory; atmospheric waves; baroclinic instability. Prerequisites: "C" or better in ATMS 3003 and 3005.

3007-3008. METEOROLOGY LABORATORY. 1 cr. each. Two hours of laboratory each, to accompany 3005-3006. The application of techniques, charts and diagrams in the analysis and study of meteorological practices and phenomena. Prerequisites: ATMS 2005 and credit or registration in ATMS 3005 and 3006.

3010. FUNDAMENTALS OF CLIMATIC ANALYSIS. 3 cr. Fundamentals of the tabulation and analysis of climatic data, including computer data processing and statistical methods. Prerequisites: ATMS 2005 and credit or registration in MATH 1016.

3015. PHYSICAL METEOROLOGY. 3 cr. Introduction to physical principles underlying atmospheric radiation, cloud physics and precipitation processes. Prerequisite: ATMS 3003 and PHYS 2008.

3020. METEOROLOGY SEMINAR. 1 cr. Maximum 4 cr. Discussion and application of weather forecasting theories and techniques to current weather situations. Leading and participating in forecast map discussions. Forecast verification. Prerequisites: ATMS 3003 and credit or registration in ATMS 3005.

3050. SPECIAL TOPICS IN OPERATIONAL METEOROLOGY. 3 cr. Provides the students with work experience at a National Weather Service Forecast Office. Grade of CR (Credit) or NC (No Credit) will be awarded. Prerequisites: ATMS 3003 and credit or registration in ATMS 3005.

3060. HUMAN AND ATMOSPHERE INTERACTION. 3 cr. An interdisciplinary course that serves as the atmospheric sciences and University Capstone. Projects focus on anthropogenic impacts on and interaction with the atmosphere or impacts of the atmosphere on humans. Prerequisites: All core curriculum courses, ATMS 3005 and ATMS 3003.

4003. SYNOPTIC METEOROLOGY LABORATORY. 4 cr. Application of dynamics and thermodynamics to weather analysis and forecasting theory and practice with an emphasis on communication skills. Thermodynamic diagrams; analysis of scalar and vector fields; synoptic-scale weather systems; numerical weather prediction. Prerequisites: "C" or better in ATMS 3005.

4004. MESOSCALE METEOROLOGY. 3 cr. Application of dynamics, thermodynamics, and forecasting techniques in diagnosing the organization of mesoscale and convective phenomena. Mesoscale instabilities; air mass boundaries; boundary layer dynamics; low-level jets; severe thunderstorms; tornadoes; mesoscale convective systems; mountain waves. Prerequisites: ATMS 3006 and 4003.

4007. METEOROLOGICAL INSTRUMENTATION AND DATA. 3 cr. A survey of the characteristics of meteorological instrumentation and techniques for machine (computer) processing meteorological data. Introduction to remote sensing techniques employing meteorological satellites and weather radar. Prerequisites: ATMS 3003 and PHYS 2008.

4009. SEVERE STORMS. 3 cr. An introduction to the dynamic and thermodynamic structure of severe local storms, including thunderstorms, tornadoes, and hail storms and a survey of techniques for forecasting the occurrence and movement of these storms. Prerequisites: ATMS 3006 and 3015.

4011. TROPICAL METEOROLOGY. 3 cr. An examination of the structure and dynamics of the tropical atmosphere. Convection in the tropics, tropical cyclones (hurricanes) and an introduction to monsoon circulation. Prerequisites: ATMS 3003, 3006, and PHYS 2007.

4015. MICROMETEOROLOGY. 3 cr. Introduction to the physical processes in the atmospheric surface boundary layer. Influence of low level atmospheric turbulence on the diffusion of heat, water vapor (evaporation), and atmospheric pollutants. Prerequisites: ATMS 3006 and 3015.
Undergraduate Requirements

Required for a major: 1001, 1010, 1011, 2030, 3002, 4005, 4015, 4030, and Aviation elective chosen from 4002 and 4070. Total of 30 semester hours. To progress satisfactorily, a student must complete all required developmental courses, plus Aviation 1010 and 1011, with a grade of “C” or better, before enrolling in 3000- or 4000-level courses.

Required for a minor: 1001, 1010, 1011, 2030, 3002, 4005. —Total of 18 semester hours.

For Undergraduates Only

1001. INTRODUCTION TO AVIATION. 3 cr. Introduction to the history and development of aviation, with an analysis of its impact on national and international affairs. A non-technical survey.

1002. INTRODUCTION TO SPACE TRAVEL. 3 cr. An introduction to the history and technology of man’s efforts in space including an analysis of the social and technological impact on global affairs of the American/Soviet space race. A non-technical survey.

1010-1011. PRIMARY GROUND INSTRUCTION. 3 cr. each. Aircraft and principles of flight, aircraft systems and engines, weight and balance, and performance. Airports, communications, air traffic control, meteorology, navigation, radio aids to navigation, aeronautical charts, Aeronautical Information Manual, Federal Aviation Regulations, flight publications, and flight safety.

2020. INSTRUMENT PILOT GROUND SCHOOL. 3 cr. Meteorology, federal regulating on air traffic control procedures, navigation radio communications, automatic direction finding, VHF omnidirectional radio range, LORAN and GPS navigation, radar, chart reading clearance coping. Prerequisite: Private or commercial pilot certification or department head approval.

2021. INSTRUMENT GROUND TRAINER LAB. 3 cr. Development of skills of scan, interpretation, and control for instrument flight. Prerequisite: 2020 or concurrent enrollment.

2023. INSTRUMENT PILOT GROUND SCHOOL II. 3 cr. Advanced instrument procedures, departure, en-route and approach procedures, Precision and non-precision approaches; GPS en-route and approach procedures, review and preparation for taking the FAA Instrument Written Exam. Prerequisite: 2020 or permission of program coordinator.

2030. AVIATION PROFESSIONALISM. 3 cr. Aviation career opportunities and career paths; responsibilities of the aviation professional; professional ethics; decision-making; stress management; substance abuse. (Formerly 3030)

3001. AERODYNAMICS. 3 cr. Analysis of the physics of flight including the application of basic aerodynamics to the wing and airfoil and the analysis of lift and drag components relative to the wing platform and airplane performance. The application of aerodynamic effects of turbo jet engines involving the principles of propulsion. Prerequisite: private pilot certificate or approval of department head.

3002. AVIATION WEATHER. 3 cr. The interpretation of meteorological phenomena affecting aircraft flight. A study of the basic concepts of aviation meteorology; temperature, pressure, moisture, stability, clouds, air-masses, fronts, thunderstorms, icing, and fog. Analysis and use of weather data for flight planning and safe flying; interpretation of United States Weather Bureau maps, reports and forecasts.

3010. COMMERCIAL GROUND INSTRUCTION. 3 cr. Advanced principles of flight, advanced navigation, aircraft systems, advanced meteorology. Aeronautical knowledge required for Commercial Pilot Certification. Prerequisite: Private Pilot Certification or approval of department head.

3013. COMMERCIAL GROUND INSTRUCTION II. 3 cr. Aviation safety, aerodynamics, aircrew decision making, crew resource management, physiology of flight, advanced systems and procedures. Review and preparation for taking the FAA Commercial Pilot Written Exam. Prerequisite: 3010 or permission of program coordinator.

3017. FEDERAL AVIATION REGULATIONS. 3 cr. Those parts of Title 14, Code of Federal Regulations, Chapter I, that are pertinent to pilots, flight instructors, and aviation administrative professionals.

3040. MULTIENGINE PILOT GROUND SCHOOL. 3 cr. Aeronautical knowledge required for FAA multiengine pilot rating. Prerequisites: 3001, 3010. (Formerly 3021)

4001. AIR TRANSPORTATION. 3 cr. The development and present status of air transportation, federal legislation, characteristics and classification of air carriers; the organization and function of the Federal Aviation Administration.

4002. AIR TRAFFIC ADMINISTRATION. 3 cr. The National Aerospace System. The role of Air Traffic Control in aviation safety. For Aviation Majors. Prerequisites: 1010, 1011.

4003. AEROSPACE EDUCATION. 3 cr. Fundamentals of flight. Aeronautical knowledge equivalent to that required by the Federal Aviation Administration private pilot written examination. For Aerospace Education teachers, K-12.

4004. ADVANCED AEROSPACE EDUCATION. 3 cr. Provides Aerospace Education teachers with advanced technological orientation, and foundation in the aerospace career fields.

4005. AVIATION SAFETY. 3 cr. A comprehensive study of aviation safety in both civilian flying and the commercial aviation industry; air transportation safety in the areas of regulations, analysis, accident investigation, and human factors; FAA flight standards and rule making; airline safety, and managing human error.

4010. FLIGHT INSTRUCTOR GROUND SCHOOL. 3 cr. Instructional knowledge required for FAA flight instructor certificate. Prerequisite: Commercial pilot certificate with instrument rating.

4013. INSTRUMENT FLIGHT INSTRUCTOR GROUND SCHOOL. 3 cr. Instructional knowledge required for FAA instrument rating on flight instructor certificate. Prerequisite: 4011.

4015. AIRCRAFT ENGINES AND SYSTEMS. 3 cr. Advanced aircraft engines and systems of a typical large twin pressurized turboprop, including warning systems, doors, electrical, lighting, fuel, engines, fire protection, hydraulics, flight controls, stall warnings, avionics, TCAS, EGPWS, communications, landing gear, pumatics, air conditioning, pressurization, oxygen, ice protection, APU, and emergency equipment. Prerequisite: minimum grades of "C" in 1010 and 1011, completion of all 1000-level English and Math courses, or instructor approval. (Formerly 416)

4020. AIRLINE TRANSPORT PILOT GROUND SCHOOL. 3 cr. Aeronautical knowledge required for FAA airline transport pilot certificate. Prerequisite: Unlimited commercial pilot certificate.

4030. AVIATION LAW. 3 cr. National and international regulatory and civil law as it relates to aviation and the aviation professional.

4051. ADVANCED AEROSPACE SEMINAR. 1-3 cr. Problems in aerospace development, history, organization and management. Field trips to aerospace centers for research, development, and operations.

4070. AIRPORT ADMINISTRATION. 3 cr. Aeronautical and regulatory knowledge required of public airport managers.

4071. AIRPORT PLANNING AND OPERATIONS. 3 cr. Elements of planning and developing an airport.

4072. AIR TRANSPORTATION LOGISTICS. 3 cr. Transportation economics and logistics, including systems of goods movement, principles of transportation, logistics, costs and services, rate making, management and coordination.
PROFESSIONAL INTERNSHIP IN AIRPORT/AVIATION MANAGEMENT. 3 cr., 6 cr. maximum. On-the-job training, exposure to day-to-day administration, operation and planning of an airport or aviation business.

AVIATION COURSE CONSTRUCTION. 1-3 cr. Maximum, 6 cr. Directed study in aviation course construction. Prerequisite: junior or senior aviation major. (Formerly AVIA 491A)

PROBLEMS OF AVIATION MANAGEMENT. 1-3 cr. Maximum, 6 cr. Directed study in problems of aviation management. Prerequisite: junior or senior aviation major. (Formerly AVIA 491B)

PROBLEMS OF AVIATION TRAFFIC CONTROL. 1-3 cr. Maximum, 6 cr. Directed study in problems of aviation traffic control. Prerequisite: junior or senior aviation major. (Formerly AVIA 491C)

AVIATION/INTER-MODAL TRANSPORTATION. 1-3 cr. Maximum, 6 cr. Directed study in aviation/inter-modal transportation. Prerequisite: junior or senior aviation major. (Formerly AVIA 491D)

AEROSPACE RESEARCH AND DEVELOPMENT. 1-3 cr. Maximum, 6 cr. Directed study in aerospace research and development. Prerequisite: junior or senior aviation major. (Formerly AVIA 491E)

BIOLOGY (BIOL)

Undergraduate Requirements

The Biology major can be used to fulfill requirements for admission to medical, dental, veterinary, optometry or pharmacy schools, for wildlife biology certification by The Wildlife Society.

Specific Biology courses are required for every student majoring in Biology: Biology 1020/1021, 1022/1023, 3005 and 4099 (12 hrs). Every Biology major must also take at least one course from each of the four Biology list electives A, B, C, and D (14 hrs, see below). A course taken to fulfill requirements in one listed area may not count toward a second area. The remaining elective biology courses may be taken to fulfill subject area concentrations or certification requirements.

For all 4000-level botany courses, BIOL 2004/2005 or 2030 is recommended. For all 3000- and 4000-level zoology courses, BIOL 2010 or 2030 is recommended. For all 3000- and 4000-level cell and molecular courses, BIOL 2020 is recommended.

A total of 45 credit hours in Biology courses for majors are required for a Biology degree. A minimum of 16 of the Biology elective credit hours must be 3000- or 4000-level courses (courses taken for the four Biology list electives may count towards this requirement). A minimum final GPA of 2.0 in Biology courses is required for graduation with the B.S. in Biology. Students must earn a grade of "C" or higher in all Biology courses.

Independent study (Biology 4003), Research Participation (Biology 4097/4098), Cooperative Internships (4096) and Senior Biology Seminar (Biology 4099) can be used as Biology electives (not to exceed more than 7 credits total). Speak with your academic advisor before enrolling in any courses.

Biology list electives A-D

* Three credit hour course

Physical science electives must be taken from chemistry, geology, geoscience, math or physics.

1 Pre-medical and pre-dental students should see page 21. Pre-pharmacy students should consult the pre-pharmacy curriculum.

2 Wildlife Biology certification from the Wildlife Society. Certification requirements include 6 hours of wildlife management courses (Game Birds [Biol 4086], Game Mammals [Biol 4088]), 6 hours of wildlife biology that must include Mammalogy (Biol 4082) or Ornithology (Biol 4084) but may also include Herpetology (Biol 4080), 3 hours of ecology (Biol 3002), 9 hours of zoology (from 2010, 3030, 3032, 4014, and 4078), or 9 hours of botany (from 2004/2005, 4012, 4034, 4036, 4040, and 4051). A total of at least 36 credit hours must be earned from the five subject areas, wildlife management wildlife biology, ecology, zoology, and botany. Other requirements include 9 hours of physical sciences from two different disciplines; 9 hours of quantitative sciences, statistics (Math 1016), plus an elective such as computer science, mathematical modeling, or sampling design; 12 hours of communications (English 1001, 1002, Communication Studies 2001 [non-science elective]; and English 3022 [non-science elective]); and 6 hours of Policy, Administration, and Law (Resource Conservation & Management [Agro 3001] and Resource & Environmental Economics [Econ 3090]).

Additional requirements for a concentration in Ecology and Evolution: Biology 1020/1021, 1022/1023, 2020, 2030, 3005, 3008, 4099; 4011 or 4114; 19 additional hours in Biology, with at least 16 hours of 3000-4000-level and a minimum of 12 hours from Biology list electives B, C, and D; no more than 7 hours from BIOL 4013-4109, 4096, 4097, or 4098; Chemistry 1007/1009, 1008/1010, and 2030/2031; 4 hours of any Math and Physical Science elective 2000-level or higher, 8 hours from the approved list of MPS electives.

Additional requirements for a concentration in Chemical Biology: Biology 1020/1021, 1022/1023, 2020, 2030 or 2014/2015, 3002, 3005, 3008, 4099; 4111 or 4112 or 4113 or 4114; 7 additional hours in Biology; no more than 7 hours from BIOL 4013-4109, 4096, 4097, or 4098; Chemistry 1007/1009, 1008/1010, 2030/2031, 2032/2033, 3020, 3022, 3050, and 3052; Math 1031 and 1032; Physics 2007/2009 and 2008/2010 (or Physics 2003/2009, 2004/2010, and 3003).
Additional requirements for a concentration in Molecular Biology and Biotechnology: Biology 1020/1021, 1022/1023, 2001, 2014/2015, 2020, 2030, 3005, 3008, 4099; 4111 or 4112 or 4113; 13 additional hours in Biology, with at least 10 hours of 3000-4000-level and a minimum of 8 hours in 4000-level cell/molecular/physiology/microbiology courses; no more than 7 hours from BIOL 4103-4109, 4096, 4097, or 4098; Chemistry 1007/1009, 1008/1010, 2030/2031, 2032/2033, 3050, and 3052; Physics 2003 and 2004.

Required for a minor in Biology: Biology 1020/1021, 1022/1023, 3005 and 12 additional semester hours of Biology above Biology 2000 (total of 23 credit hours).

Required for a minor in Biology Education: Biology 1020/1021, 1022/1023, 2004/2005, 2010, 2020 (total of 19 semester hours). Teacher certification in this minor area requires 30 credit hours or the Praxis content specialty exam. Must have Mathematics 1011 and 1012 or proficiency in college algebra and trigonometry, and Chemistry 1007, 1008. Lab fees apply to all labs.

Courses with laboratory components are subject to lab fees.

For Undergraduates Only

1001. THE LIVING WORLD. 3 cr. Basic scientific and biological principles with an emphasis on the structure and processes of organisms. The course also includes a survey of the major types of living organisms. Non-majors only. No prerequisite.

1003. INTRODUCTION TO SCIENTIFIC RESEARCH. 3 cr. A hands-on approach to understanding the scientific method with emphasis on project design, and data collection and analysis. Prerequisite: Admission to ULM Summer Collegiate Program and ULM-HHMI Pre-College Research Program.

1009. LABORATORY EXPERIENCE FOR THE LIFE SCIENCES. 1 cr. A laboratory course to accompany Biology 1001 and 1010 lecture course. Two hours laboratory. Prerequisites: credit or registration in 1001 or 1010, or approval by of department head. Non-majors only.

1010. HUMAN BIOLOGY. 3 cr. A comprehensive study of the structure and function of the human body and of the ecological problems that face mankind today. Prerequisite: "C" or better in 1001. Non-majors only.

1014. FUNDAMENTALS OF ANATOMY AND PHYSIOLOGY I. 3 cr. Introduction to anatomy and physiology, including cells, tissues, organs, and the integumentary, skeletal, muscular, and nervous systems. Prerequisite: Non-majors only. Cannot be taken for credit if credit has been awarded for 3010 (Formerly 3011, 3012.)

1015. FUNDAMENTALS OF ANATOMY AND PHYSIOLOGY II. 3 cr. A continuation of 1014. Structure and function of the circulatory, respiratory, digestive, excretory, endocrine, and reproductive systems. Prerequisite: "C" or better in 1014. Non-majors only. Cannot be taken for credit if credit has been awarded in 3010 (Formerly 3011, 3012).

1016. FUNDAMENTALS OF ANATOMY AND PHYSIOLOGY LABORATORY I. 1 cr. A laboratory course to accompany 1014. Two hours laboratory. Prerequisite: "C" or better or registration in 1014. Non-majors only.

1017. FUNDAMENTALS OF ANATOMY AND PHYSIOLOGY LABORATORY II. 1 cr. A laboratory course to accompany 1015. Two hours laboratory. Prerequisite: "C" or better or registration in 1015, 1016. Non-majors only.

1020. PRINCIPLES OF BIOLOGY I. 3 cr. A course designed for those students majoring in a science-related field. Course content deals with scientific methodology, DNA and the genetic code, cell structure and cell development.

1021. PRINCIPLES OF BIOLOGY I LABORATORY. 1 cr. A laboratory designed to accompany 1020. Prerequisite: credit or registration in 1020.

1022. PRINCIPLES OF BIOLOGY II. 3 cr. A continuation of Biology 1020. Course content provides an introduction to evolution, ecology and biological diversity. Prerequisite: "C" or better 1020.

1023. PRINCIPLES OF BIOLOGY II LABORATORY. 1 cr. A laboratory designed to accompany Biology 1022. Prerequisites: "C" or better in 1020, 1021; "C" or better or registration in BIOL 1022.

1050. INTEGRATED BIOLOGY FOR EDUCATION MAJORS. 3 cr. A course for non-science education majors designed to focus on basic concepts and principles of the biological sciences. Emphasis is on the history and methods of biological sciences, basic chemistry and physiology of living systems, ecological principles and related environmental issues, and biodiversity. Prerequisite: For students pursuing an Elementary Education majors only or Education Concentration in Music or Art. (Formerly SCIE 103)

2001. ENVIRONMENTAL SCIENCE. 3 cr. Exploration of contemporary issues in environmental science. Man’s interaction with the Earth’s biological and physical resources. Topics include global warming, biodiversity, conservation, pollution, wetlands, sustainable agriculture, and population growth. Prerequisites: "C" or better in BIOL 1001 or 1020 or approval of department head. (Same as GEOS 2001)

2004. PLANT DIVERSITY. 3 cr. The characteristics and reproduction of algae, fungi, bryophytes, ferns and fern allies, and seed plants. Vascular plants covered in greater detail. The relationships of these groups of plants to each other and to man is emphasized. Ecology and economic botany is woven throughout the study of diversity and distribution of these plants. Prerequisites: "C" or better in 1020, 1021.

2005. PLANT DIVERSITY LABORATORY. 1 cr. A laboratory course in plant diversity to accompany 2004. Prerequisite: Credit or registration in 2004.

2010. ANIMAL DIVERSITY. 4 cr. The study of the biology, ecology, and evolutionary relationships of the major animal phyla. Three hours lecture and two hours laboratory per week. Prerequisite: "C" or better in BIOL 1022, 1023. (Formerly BIOL 2008, 2009)

2014. INTRODUCTORY MICROBIOLOGY. 3 cr. The distribution and importance of microorganisms in nature. Methods of studying and controlling microorganisms. Their role in agriculture, industry and medicine. Prerequisites: Sophomore or higher standing and "C" or better in one of the following: 1001, 1014, 1020 or equivalent.

2015. INTRODUCTORY MICROBIOLOGY LABORATORY. 1 cr. A laboratory course to accompany 2014. Two hours laboratory. Prerequisite: Credit or registration in 2014.

2016. ALLIED HEALTH MICROBIOLOGY. 3 cr. This course will introduce students to a variety of microorganisms and their relationship to the human body and disease. It is designed for the RN to BS in Nursing program in the College of Health Sciences and cannot be taken for credit by any other degree program. Online only. Prerequisite: sophomore or higher standing and "C" or better in one of the following: BIOL 1001, 1014, 1020 or equivalent.

2020. CELL BIOLOGY. 3 cr. A survey of the structural and functional relationships operative at the cellular and molecular levels of organization. Prerequisites: "C" or better in 1020, 1021, CHEM 1008.

2026. HUMAN ANATOMY AND PHYSIOLOGY. 3 cr. Structure and function of the principal organ systems of the human body. Cannot be taken for credit if credit has been awarded for 3011 or 3012. Non-majors only.

2028. PATHOPHYSIOLOGY. 3 cr. A detailed study of nervous, endocrine, cardiovascular, and reproductive systems, and their pathophysiology. Prerequisites: "C" or better in two semesters of anatomy and physiology.

4034. FIELD BOTANY. 4 cr. Field characteristics and sight identification of the regional flora is emphasized. Two hours lecture and four hours laboratory including frequent field trips. Prerequisites: "C" or better in 1022, 1023.

4036. DENDROLOGY. 4 cr. Classification, identification, and characteristics of important forest trees of the United States, stressing native species common to Louisiana. Two hours lecture and four hours laboratory including frequent field trips. Prerequisites: "C" or better in 1022, 1023.

4040. TAXONOMY OF VASCULAR PLANTS. 4 cr. Characteristics of plant families are emphasized. This includes classification systems and emphasis on primitive and advanced characteristics. Most of the lab is devoted to identification of plants by using keys from plant identification manuals. Two hours lecture and four hours laboratory. Prerequisite: "C" or better in 2004 or 2030.

4044. PLANT ECOLOGY. 4 cr. The study of plant populations and communities and their habitat with emphasis on the communities of the south central United States. Three hours lecture and three hours laboratory. Prerequisite: "C" or better in 3002.

4051. FIELD BIOLOGY. 6 cr. Field studies of the flora and fauna native to selected habitats. Field trip fee required. Prerequisites: "C" or better in 2004, 2005, 2010; or "C" or better in 2030; or approval of department head.

4060. PATHOGENIC BACTERIOLOGY. 3 cr. The morphology, physiology, and immunogenicity of disease-causing bacteria; methods of isolation, identification and control of pathogenic bacteria and diseases. Three hours lecture. Prerequisites: "C" or better in 2014, 2015.

4062. FOOD AND DAIRY MICROBIOLOGY. 3 cr. The role of microorganisms in the preservation, spoilage and poisoning in food and dairy products. Also, their role in the manufacture of products of agricultural origin. Prerequisites: "C" or better in 2014; credit or registration in 4063.

4063. FOOD AND DAIRY MICRO LABORATORY. 1 cr. A laboratory course to accompany 4062. Three hours laboratory. Prerequisite: Credit with "C" or better or registration in 4062.

4064. WATER MANAGEMENT. 3 cr. A survey of water distribution and uses, including water purification and sewage treatment, industrial and agricultural, irrigation scheduling.

4066. ADVANCED MICROBIOLOGY. 3 cr. Advanced microbiological techniques; a study of the morphological, physiological, and genetic characteristics of important groups of microorganisms; introduction to biotechnology. Two hours lecture and two hours laboratory. Prerequisites: "C" or better in 2014, 2015; 8 semester hours of chemistry.

4068. GENERAL VIROLOGY. 3 cr. A study of representative bacterial, animal and plant viruses. Prerequisite: "C" or better in 2014.

4096. FRESHWATER ECOLOGY. 4 cr. The biological, chemical, and physical characteristics of freshwater habitats. Three hours lecture and three hours laboratory. Field trip fee required. Prerequisites: "C" or better in 2022, 1023.

4078. ICHTHYOLOGY. 4 cr. Evolution, systematics and ecology of fishes with an emphasis on North American freshwater fishes. Two hours lecture and six hours laboratory with field trips. Prerequisites: "C" or better in 1022, 1023.

4080. HERPETOLOGY. 4 cr. Morphology, taxonomy, and life history of amphibians and reptiles with emphasis on the taxonomy of the amphibians and reptiles of Louisiana. Three hours lecture and three hours laboratory with field trips required. Prerequisite: "C" or better in 1022, 1023.

4082. MAMMALOGY. 4 cr. The morphology, taxonomy, and life history of mammals. Three hours lecture and three hours laboratory with field trips. Prerequisites: "C" or better in 1022, 1023.

4084. ORNITHOLOGY. 3 cr. Morphology, taxonomy, behavior, and natural history of birds. Two hours lecture and three hours laboratory with field trips required. Prerequisites: "C" or better in 1022, 1023.

4086. GAME BIRDS. 4 cr. Recognition, life histories, predators, economics and management practices of North American game birds. Three hours lecture and three hours laboratory with field trips. Prerequisites: "C" or better in an introductory course in Biology and permission of the instructor.

4088. GAME MAMMALS AND FUR BEARS. 4 cr. Recognition, life histories, predators, economics and management practices of game mammals and fur bears with special emphasis on regional fauna. Three hours lecture and three hours laboratory with field trips. Prerequisites: "C" or better in an introductory course in Biology and permission of the instructor.

4096. COOPERATIVE INTERNSHIPS. 1-3 cr. Closely supervised practical experience working in agencies/businesses that employ biologists. Only junior and senior majors and graduate students are eligible. Students will receive grades of CR (credit) or NC (no credit). Students may repeat this course for a total of 3 credits; not to exceed 6 credits total in combination with 4003. The course may not be used by graduate students to fulfill major requirements.

4097. UNDERGRADUATE RESEARCH PARTICIPATION. 3 cr. An honors course in which the student performs independent research. Prerequisite: approval of department head.

4098. UNDERGRADUATE RESEARCH PARTICIPATION. 3 cr. A continuation of 4097.

4099. SENIOR BIOLOGY SEMINAR. 1 cr. May be repeated one time. A seminar course to acquaint students with recent primary literature. Class format will include discussions and written papers. Prerequisite: 40 hours of Biology credit.

4103. ANATOMY/PHYSIOLOGY. 1-6 cr. Maximum, 6 cr. Selected problems. Prerequisite: approval of department head. (Formerly BIOL 403A)

4104. BACTERIOLOGY/VIROLOGY. 1-6 cr. Maximum, 6 cr. Selected problems. Prerequisite: approval of department head. (Formerly BIOL 403B)

4105. BOTANY. 1-6 cr. Maximum, 6 cr. Selected problems. Prerequisite: approval of department head. (Formerly BIOL 403C)

4106. ECOLOGY. 1-6 cr. Maximum, 6 cr. Selected problems. Prerequisite: approval of department head. (Formerly BIOL 403D)

4107. ANIMAL AND PLANT SCIENCE. 1-6 cr. Maximum, 6 cr. Selected problems. Prerequisite: approval of department head. (Formerly BIOL 403E)

4108. ANIMAL AND PLANT TAXONOMY. 1-6 cr. Maximum, 6 cr. Selected problems. Prerequisite: approval of department head. (Formerly BIOL 403F)

4109. AGROSTOLOGY. 1-6 cr. Maximum, 6 cr. Selected problems. Prerequisite: approval of department head. (Formerly BIOL 403H)
BUSINESS
(BUSN)

Undergraduate Requirements

Required for a major in General Business: Computer Information Systems 2020, Entrepreneurship 2050, Risk Management and Insurance 2005, or 3000/4000 Business Elective; 3000/4000-level Economics Elective; Computer Information Systems 3050; Management 3005; 18 semester hours consisting of 9 semester hours of Junior/Senior level courses not otherwise required in two of the following concentrations (or other approved area): Accounting, Business Law, Computer Information Systems, Economics, Entrepreneurship, Finance, Management, Marketing, Risk Management and Insurance.—Total of 30 semester hours. Students may use nine semester hours of coursework from a completed minor from outside the CBA as one of the two required concentration areas.

Required for a minor in Business Administration for non-Business majors: Business 1001 or 3005; Accounting 1010 or Accounting 2012 and 2013; Economics 2001 and 2002; Finance 3015; Management 3001; Marketing 3001—Total of 21-24 semester hours.

For Undergraduates Only

1001. BUSINESS AND SOCIETY. 3 cr. A systems approach to the nature of business and its role in society, emphasizing business functions, ethics and values, and the interfaces of business with its environment. Not open to juniors and seniors in the College of Business Administration. F, Sp, Sum

2015. CURRENT BUSINESS PROBLEMS. 1 cr. per semester; a maximum, 3 cr. Intensive study and analysis of selected current problems in business. Different topics are considered each semester.

3001. INTERNATIONAL BUSINESS. 3 cr. Designed to focus on the environment of international business. Course content includes strategic issues for the functions of marketing, operations, human resources, finance, accounting, and information systems while also addressing legal, ethical, and cultural issues from a global perspective. Prerequisite: junior standing

3005. BUSINESS COMMUNICATION. 3 cr. Investigation of business communication problems; objectives, principles, methods, channels, media, and forms of business communication; organizing, analyzing, writing correspondence and reports, and reporting orally. Prerequisites: ENGL 1001, 1002 with grade of “C” or higher and Junior standing. F, Sp, Sum

4081. CONTINUING STUDIES IN BUSINESS. 1-3 cr. Various topics in applied business for students not pursuing a degree. May be repeated. Credit may not be applied toward a degree. Grades of CR (Credit) or NC (No Credit) will be awarded.

For Undergraduates and Graduates

4012. MANAGERIAL COMMUNICATION. 3 cr. Theory, concepts, and process of oral and written managerial communication; organization, analysis and presentation of information in memos and business reports (written and oral); effects of language and media on individual and organizational behavior; role and use of information technology. Prerequisite: 3005 or approval of department head.

4061. COOPERATIVE EDUCATION EXPERIENCE. 3 or 6 cr. Planned/ supervised work experience in student’s major field. Open only to pre-approved juniors and seniors, or graduates in the College of Business Administration. May be repeated for a maximum of 6 credits towards undergraduate degree, 150-hour CPA examination requirements or as a 3rd optional business elective towards the MBA degree. CR or NC grades awarded.

BUSINESS LAW
(BLAW)

For Undergraduates Only

4001. LEGAL ENVIRONMENT OF BUSINESS. 3 cr. Analysis of the legal environment of business. Regulatory activity, policy considerations and legal trends are integrated into a detailed treatment of specific legal subjects; contracts, torts, arbitration, products liability and criminal law in business management. Prerequisite: junior standing. F, Sp, Sum

4002. BUSINESS LAW. 3 cr. Study of laws involved in operating businesses, emphasizing forms of organization. Topics include negotiable instruments, credit transactions, security devices, agency, lease and franchise. Prerequisite: junior standing, F, Sp

4040. LAW FOR ACCOUNTANTS. 3 cr. Specifically for accounting majors. Legal concepts underlying business organizations, contracts, debtor-creditor relationships, government regulation of business, the uniform commercial code, property and professional and legal responsibilities. Can be used as a preparation for the CPA examination. Prerequisite: 4001. F, Sp

CHEMISTRY
(CHEM)

Required for a minor: 22 hours of chemistry to include Chemistry 1007, 1008, 1009, and 1010, plus 14 semester hours of chemistry courses above the freshman level at least 3 credit hours of which must be taken at ULM.

Required for a minor in Chemistry Education: To include Chemistry 1007, 1008, 1009, 1010, 2030, 2031, 2040, 2041, and three hours of elective. Total of 20 semester hours. Teacher certification in this minor area requires 30 credit hours or the Praxis content specialty exam. University English and Mathematics competency requirements apply to all degrees. Some chemistry courses will include both a lecture and a recitation component. The recitation hour will consist of review and problem solving and may also include testing.

TRANSFER OF CHEMISTRY CREDIT FROM OTHER UNIVERSITIES TO ULM: Chemistry course offerings at most universities are fairly standardized. To facilitate transfer from area universities, the ULM Chemistry Office maintains a list of chemistry course equivalencies.
1007. GENERAL CHEMISTRY I. 3 cr. A course in modern chemistry theories and principles; quantitative approach and problem solving; descriptive chemistry of selected elements and compounds. Three hours of lecture and one hour of recitation. Prerequisite: "C" or better in MATH 1011 or 1013, or equivalent, or eligibility for MATH 1013, and completion of a Chemistry Placement Exam. F, Sp, Su1

1008. GENERAL CHEMISTRY II. 3 cr. A continuation of CHEM 107; continuation of theory with emphasis on chemical equilibria; a quantitative approach to solution chemistry; descriptive chemistry of selected elements and compounds from the main groups and the first transition series. Three hours of lecture and one hour of recitation. Prerequisite: "C" or better in CHEM 1007. F, Sp, Su2

1009. GENERAL CHEMISTRY LABORATORY I. 1 cr. A laboratory course to accompany 1007. Three hours laboratory. Prerequisite: Credit or registration in CHEM 1007. F, Sp, Su1

1100. GENERAL CHEMISTRY LABORATORY II. 1 cr. A laboratory course to accompany CHEM 108 including qualitative analysis. Prerequisite: "C" or better in CHEM 1009; credit or registration in CHEM 1008. F, Sp, Su2

1050. INTEGRATED CHEMISTRY FOR EDUCATION MAJORS. 3 cr. Fundamental concepts of chemistry with an emphasis on the interdisciplinary nature of the concepts introduced. Integrated lecture/lab format. For Elementary Education majors only. F, Sp. (Formerly SCIE 102)

2020. INTRODUCTION TO PHYSICAL CHEMISTRY. 3 cr. Discussion of basic chemical principles, including thermodynamics, kinetics, equilibrium, and quantum mechanics, with applications to biological molecules. Three hours lecture. Prerequisites: (MATH 1014 or 1031), (PHYS 2003 or 2007) and a "C" or better in CHEM 1008. Sp, odd

2030. ORGANIC CHEMISTRY I. 3 cr. Discussion of structure and bonding theory, acid-base chemistry, reactions of alkanes, alkenes, alkynes, alcohols and alky halides. Three hours lecture. Prerequisite: "C" or better in CHEM 1008. F, S, Su1

2031. ORGANIC CHEMISTRY LABORATORY I. 1 cr. Laboratory to accompany Organic Chemistry I. Introduction to procedures used in the organic laboratory. Three hours laboratory. Prerequisite: credit or registration in CHEM 2030 and a "C" or better in CHEM 1010. F, Sp, Su1

2032. ORGANIC CHEMISTRY II. 3 cr. Spectroscopic techniques and the chemistry of aromatic compounds, carbonyl compounds, and amines will be covered. Three hours lecture. Prerequisite: "C" or better in CHEM 2030. F, Sp, Su2

2033. ORGANIC CHEMISTRY LABORATORY II. 1 cr. Laboratory to accompany Organic Chemistry II. Application of techniques from Organic Chemistry I to organic reactions. Three hours laboratory. Prerequisite: "C" or better in CHEM 2031 and credit or registration in CHEM 2032. F, Sp, Su2

2040. QUANTITATIVE ANALYSIS. 3 cr. Discussion of techniques and theories of gravimetric, volumetric and physicochemical methods of analysis. Three hours lecture. Prerequisite: "C" or better in CHEM 2031 and credit or registration in CHEM 2032. F, Sp, Su2

2041. QUANTITATIVE ANALYSIS LABORATORY. 2 cr. A laboratory course to accompany CHEM 2040. Six hours laboratory. Prerequisite: "C" or better in CHEM 1010 and credit or registration in CHEM 2040. F

3001. CHEMISTRY SEMINAR. 1 cr. hour per semester, with cumulative maximum of 4 cr. allowed. Presentation of oral reports (with written synopses) on topics of current scientific and societal interest, including discussion of ethical and political implications, with emphasis on resources in the chemical literature. Prerequisite: Junior or senior standing in chemistry. Sp

3010. DESCRIPTIVE INORGANIC CHEMISTRY. 4 cr. Discussion of elementary properties, elemental combinations into ionic and molecular compounds, and periodic trends. Laboratory synthesis and characterization of inorganic compounds. Three hours lecture; three hours laboratory. Prerequisites: "C" or better in CHEM 1008. F, odd

3020. PHYSICAL CHEMISTRY I. 3 cr. Fundamental interpretations of the physical principles of chemistry with emphasis on equilibrium thermodynamics and chemical kinetics. Three hours lecture and one hour recitation. Prerequisites: "C" or better in CHEM 1008; PHYS 2008; MATH 1032. F, odd

3021. PHYSICAL CHEMISTRY LABORATORY I. 1 cr. Modern experimental techniques in physical chemistry. Three hours laboratory. Prerequisites: "C" or better in CHEM 2041 and credit or registration in CHEM 3020. F, odd.

3022. PHYSICAL CHEMISTRY II. 3 cr. Continuation of Chemistry 3020. Theories of atomic and molecular structure, spectroscopy and quantum mechanics are applied to chemical systems. Three hours lecture and one hour recitation. Prerequisite: "C" or better in CHEM 3020. Sp, even

3023. PHYSICAL CHEMISTRY LABORATORY II. 1 cr. Modern experimental techniques of physical chemistry. Three hours laboratory. Prerequisite: "C" or better in CHEM 3021; credit or registration in CHEM 3022. Sp, even

3050. BIOCHEMISTRY I. 3 cr. Introduction to structure and function of proteins, nucleic acids, lipids and carbohydrates and enzyme kinetics, mechanisms, regulation, and vitamins. Three hours lecture. Prerequisite: "C" or better in CHEM 3032. F, Su1

3051. BIOCHEMISTRY LABORATORY I. 1 cr. Laboratory to accompany Biochemistry I. Introduction to procedures used in Biochemistry Laboratory. Three hours laboratory. Prerequisites: Credit or registration in CHEM 3050 and "C" or better in CHEM 2033. F

3052. BIOCHEMISTRY II. 3 cr. Thermodynamics, metabolism, photosynthesis, protein and nucleic acid biosynthesis. Three hours lecture. Prerequisite: "C" or better in CHEM 3050. Sp

4000. CHEMISTRY CAPSTONE. 1 cr. A course designed as a culminating experience in the chemistry curriculum incorporating aspects of research methods, literature review, oral presentation, and written reports. Prerequisites: Two hours of CHEM 4099 and junior or senior standing in Chemistry. Sp

4013. ADVANCED INORGANIC CHEMISTRY. 3 cr. The periodic table, valence theories, inorganic structure and reactivity, and coordination chemistry. Three hours of lecture per week. Prerequisite: Credit or registration in CHEM 3020. S, even

4094. RESEARCH: ANALYTICAL. 1-6 cr. Maximum, 6 cr. Research problems that can be completed in one semester. Three to six hours laboratory per week per credit hour. Research is done in the area of Analytical. Prerequisites: Junior or Senior standing in chemistry and approval of department head. (formerly CHEM 495A)

4095. RESEARCH: BIOCHEMISTRY. 1-6 cr. Maximum, 6 cr. Research problems that can be completed in one semester. Three to six hours laboratory per week per credit hour. Research is done in the area of Biochemistry. Prerequisites: Junior or Senior standing in chemistry and approval of department head. (formerly CHEM 495B)

4096. RESEARCH: INORGANIC. 1-6 cr. Maximum, 6 cr. Research problems that can be completed in one semester. Three to six hours laboratory per week per credit hour. Research is done in the area of Inorganic. Prerequisites: Junior or Senior standing in chemistry and approval of department head. (formerly CHEM 495C)

4097. RESEARCH: ORGANIC. 1-6 cr. Maximum, 6 cr. Research problems that can be completed in one semester. Three to six hours laboratory per week per credit hour. Research is done in the area of Organic. Prerequisites: Junior or Senior standing in chemistry and approval of department head. (formerly CHEM 495D)

4098. RESEARCH: PHYSICAL. 1-6 cr. Maximum, 6 cr. Research problems that can be completed in one semester. Three to six hours laboratory per week per credit hour. Research is done in the area of Physical. Prerequisites: Junior or Senior standing in chemistry and approval of department head. (formerly CHEM 495E)

For Undergraduates and Graduates

4007. INSTRUMENTAL ANALYSIS. 4 cr. A laboratory/lecture analytical course in the operation of analytical instruments, involving the care and maintenance of equipment in addition to the analytical treatment of known samples. Four hours laboratory; three hour lecture. Prerequisite: "C" or better in CHEM 2032, 2033, 2040, 2041. Sp
COMMUNICATION STORIES (CMST)

Undergraduate Requirements

Required for a general major in Communication Studies: CMST 1001; 1009; 1018; 2001; 2060; 3035, or 3044 or 4004; 3005 or 4005; 3010, 3011, or 3030; 3041, 4004, 4051, 4052, or 4053; 4050; and MCOM 4090; — Total of 30 semester hours.

A student electing a major in Communication Studies with a Multi-Media Concentration must take the following courses: CMST 1001; 2001; 2060; 3035, 3044, or 4004; MCOM 4090; CMST 1009 or THEA 3021 or THEA 4025; CMST 4020 or THEA 4024; CMST 4050 or THEA 4009; MCOM 3052; THEA 2021. - Total of 30 semester hours.

A student electing a major in Communication Studies has the option of choosing an academic minor.

Required for a minor in Communication Studies: CMST 1001; 1018; 2001 or 2060; 3011 or 3030; 4050; and three hours of Communication Studies at the 3000-4000 level - Total of 18 semester hours.

Required for a major in Speech Education: Communication Studies 1001; 1018, 3005, and 3011; Theatre 1010, 1011, 2021 and 4025; Mass Communications 2001; Speech-Language Pathology 1013; and 5 hours of electives in Communication Studies. Total of 31 semester hours. (See specific degree plan in the College of Education and Human Development section).

Communication Studies majors and minors must participate in Forensics activities.

For Undergraduates Only

1001. FUNDAMENTALS OF COMMUNICATION. 3 cr. Focus is on the total range of communication behaviors we engage in within the contexts of intrapersonal, interpersonal, small group, organizational, public speaking, and mass communication.

1002. VOICE AND DICTION. 3 cr. A non-technical approach to developing expressive speech. Emphasis is on phonetics, the mechanics of vocal sound, and oral readings.

1009. FORENSIC SPEAKING LABORATORY. 1 cr. Supervised participation in the intercollegiate debate program. May be repeated for a maximum of three hours credit.

1010. HONORS COMMUNICATION STUDIES. 3 cr. Speech taught more as a liberal art than as a technical art. Emphasis on developing effective rhetorical skills, problem-solving, critical thinking, and the place of values in establishing humane goals. Presentations required. Prerequisite: Admission to the Honors Program or permission of the Undergraduate Honors Council. Substitutes for either CMST 1001 or 2001.

1018. INTERPERSONAL COMMUNICATION. 3 cr. Stresses practical application of communication concepts and skills. Emphasis on self-concept, language, perception, listening, nonverbal communication, and resolution of interpersonal skills development.
3004. ORGANIZATIONAL COMMUNICATION. 3 cr. The process of public communication, including an understanding of audience to produce, evaluate, and critique public expression in public arenas.

3060. SMALL GROUP COMMUNICATION. 3 cr. Introduction to small group participation and leadership. Small group variables included for study are group structure, climate, goals, roles, norms, conflict, and rhetorical sensitivity. Special emphasis given to application of concepts within problem-solving discussion groups.

3005. ORAL INTERPRETATION. 3 cr. Oral reading of prose and poetry with emphasis on determining and interpreting the thought and emotional content of selections of literature.

3010. COMMUNICATION AND CONFLICT. 3 cr. A study of the theory and practice of communication strategies and styles in conflict situations. The course will look at conflict in interpersonal and/or profession settings. Prerequisites: CMST 1001, 1018, 2001 or consent of the instructor.

3011. ARGUMENTATION AND DEBATE. 3 cr. Argumentation as a method for critical inquiry. Emphasis on debate as argument exemplar with instruction in analysis, reasoning, and use of evidence. Participation in debates. (Formerly Speech 311-Debate.)

3019. RHETORIC/PUBLIC ADDRESS. 3 cr. Study of various communication contexts problems, and issues Rhetoric and Public Address. Prerequisites: CMST 1001, 1018, or 2001 or consent of department head. (formerly CMST 325A)

3020. FORENSICS. 3 cr. Study of various communication contexts problems and issues in Forensics. Prerequisites: CMST 1001, 1018, or 2001 or consent of department head. (formerly CMST 325B)

3021. INTERPERSONAL COMMUNICATION. 3 cr. Study of various communication contexts problems and issues in Interpersonal Communication. Prerequisite: CMST 1001, 1018, or 2001 or consent of department head. (formerly CMST 325C)

3022. ORGANIZATIONAL COMMUNICATION. 3 cr. Study of various communication contexts problems and issues in Organizational Communication. Prerequisite: CMST 1001, 1018, or 2001 or consent of department head. (formerly CMST 325D)

3023. COMMUNICATION THEORY. 3 cr. Study of various communication contexts problems and issues in Communication Theory. Prerequisite: CMST 1001, 1018, or 2001 or consent of department head. (formerly CMST 325E)

3024. INSTRUCTIONAL COMMUNICATION. 3 cr. Study of various communication contexts problems and issues in Instructional Communication. Prerequisite: CMST 1001, 1018, or 2001 or consent of department head. (formerly CMST 325F)

3030. PERSUASION. 3 cr. A review of general theoretical approaches to persuasion and influence with focus on principles of persuasive communication and application of persuasive strategies. Prerequisites: CMST 1001 or 2001 or consent of instructor.

3035. NONVERBAL COMMUNICATION. 3 cr. The process of generating and interpreting messages from such nonverbal sources as space, physical appearance, time, facial expressions, and other nonverbal codes explored for effects on interpersonal relationships. Prerequisites: CMST 1001, 1018, or 2001.

3041. COMMUNICATION AND GENDER. 3 cr. Exploration of how gender and communication interact, exploring how gender influences communication, how gender is communicated, and how communication influences our understandings of gender and what it means to be gendered beings. Prerequisites: CMST 1001, 1018, or 3004 or approval of the instructor.

3044. ORGANIZATIONAL COMMUNICATION. 3 cr. An introduction to the principles and theories of competent organizational communication. You will learn about the research and practice in this field.

4005. ADVANCED PUBLIC COMMUNICATION. 3 cr. Preparation and delivery of the principal types of speeches, with some attention to the miscellaneous types of speeches; rhetorical criticism. An effort is made to arrange outside speaking engagements for members of the class. Prerequisite: CMST 1010 or 2001.

4050. COMMUNICATION THEORY. 3 cr. An analysis and evaluation of predominant communication theories that identify fundamental communicative forces in human action. Prerequisite: CMST 1001, 3030, CMST 1010 or 2001 or approval of instructor.

4092. RHETORIC AND PUBLIC ADDRESS. 1-3 cr. Directed study in Rhetoric and Public Address. May be repeated for a total 6 credits. Prerequisite: Approval of department head. (formerly CMST 491A)

4093. FORENSICS. 1-3 cr. Directed study in Forensics. May be repeated for a total 6 credits. Prerequisite: Approval of department head. (formerly CMST 491B)

4094. COMMUNICATION STUDIES. 1-3 cr. Directed study in Communication Studies. May be repeated for a total 6 credits. Prerequisite: Approval of department head. (formerly CMST 491C)

4095. ORAL INTERPRETATION. 1-3 cr. Directed study in Oral Interpretation. May be repeated for a total 6 credits. Prerequisite: Approval of department head. (formerly CMST 491D)

For Undergraduates and Graduates

4004. INTERCULTURAL COMMUNICATION. 3 cr. An international perspective on communication between members of different cultures. Verbal and nonverbal code systems, social organization patterns, values, and belief systems examined as they impact the sharing of meaning. Special attention given to Health Care, Business, and Education contexts. Prerequisite: Communication Studies 1001, or 1018, or permission of instructor. May not be used as a substitute for a foreign language.

4020. PERFORMANCE STUDIES. 3 cr. Theory and practice in the art of group oral presentation of literature; selection, analysis, and arrangement of materials for oral interpretation; program planning for public presentation; emphasis on Reader’s Theatre. Prerequisite: CMST 3005 or consent of instructor.

4026. HEALTH COMMUNICATION. 3 cr. The study of effective communication perspectives and skills helpful in providing integrated, coordinated services between various allied health professions. Prerequisites: CMST 1018; 3010; 4004 or approval of instructor.

4051. AMERICAN PUBLIC ADDRESS. 3 cr. Provides a study of American public address from colonial times to the present. Prerequisites: CMST 1001, 2001, or approval of instructor.

4052. CRITICISM OF CONTEMPORARY COMMUNICATION. 3 cr. This course examines various aspects of contemporary communication. Prerequisites: CMST 1001, 2001, or approval of the instructor.

4053. RHETORIC OF SOCIAL MOVEMENTS. 3 cr. This course examines social movement. Prerequisites: CMST 1001, 2001, or approval of instructor.

4062. ADVANCED SMALL GROUP COMMUNICATION. 3 cr. Studies of group action, interaction, and leadership designed to apply small group theory. Emphasis on the nature of group communication as exemplified in the discussion/conference model. Prerequisites: CMST 2060 or 1001 or consent of instructor.

COMPUTER INFORMATION SYSTEMS (CINS)

Required for a major: 2020, 3002, 3006, 3040, 3044, 4030, 4035; BUSN 4012; 6 hours of 3000-4000 level CINS electives. Total of 30 semester hours.

Required for a minor: CINS 2020, 3050, 4 electives chosen from 3000 or 4000-level CINS classes — Total of 18 semester hours.

3000/4000 Level CINS classes are open only to juniors or seniors in the College of Business Administration with at least a 2.0 GPA on all hours to be credited toward the degree, or permission of the department head.

For Undergraduates Only

1001. MICROCOMPUTER OPERATIONS. 3 cr. An introduction to information systems. Topics include hardware, operating systems, and application programs with hands-on experience. Not open to College of Business juniors and seniors. F, Sp, Sum

2005. INTRODUCTION TO COMPUTER-BASED MANAGEMENT INFORMATION SYSTEMS. 3 cr. Introduction to the use of the computer for business applications; productivity software (word processing, electronic spreadsheet, data management, and presentation graphics). CINS majors must earn a minimum grade of “C”. Prerequisites: Completion of all developmental requirements. F, Sp, Sum

2012. WORD PROCESSING. 3 cr. Introduction to word processing concepts and fundamentals of word processing operations; hands-on experience with microcomputer word processors. Laboratory work required. Prerequisites: 35 wpm keyboard competency, CSCI 1070. F, Sum

2015. SPREADSHEET APPLICATIONS. 3 cr. Intensive coverage of business spreadsheet models; including spreadsheet design, file-building techniques, graphics, and spreadsheet automation with macros. Prerequisite: CSCI 1070 or permission of instructor. F, Sp

2020. INTRODUCTION TO BUSINESS PROGRAMMING. 3 cr. Fundamentals of problem solving, programming logic, and algorithm specification using various modeling tools; coding of algorithms in a programming language. Prerequisites: CSCI 1070, MATH 1016 and completion of all developmental requirements, or permission of instructor. F, Sp, Sum

3006. DATA BASE APPLICATION DEVELOPMENT. 3 cr. Concepts related to modeling organizational data; emphasis on designing and implementing the Relational database model using both the Structured Query Language (SQL) and a graphical query interface. Prerequisite: CINS 2020. F, Sp

3040. NETWORKS AND DATA COMMUNICATIONS. 3 cr. Concepts of data communications and networks and their impact on the business enterprise; issues pertaining to design, development, and implementation; hands-on experience with a network. Prerequisite: CSCI 1070. F, Sp

3041. ADVANCED NETWORKING. 3 cr. Planning, building, and administering local area networks. Emphasis placed on installation, management, and maintenance of client/server networks. Coverage of TCP/IP, remote access, and other popular services. Prerequisite: CINS 3040. Sp

3044. INFORMATION SECURITY MANAGEMENT. 3 cr. Principles of information security and assurance, with emphasis on the managerial component. A lifecycle approach is used to identify, assess, and develop responses to security threats to organizational assets. Prerequisite: 3040 or permission of instructor.

3045. INFORMATION SECURITY PRACTICE. 3 cr. An application oriented study of advanced practices and procedures for the design, development, and deployment of organizational information security and assurance measures. Prerequisite: CINS 3044 or instructor approval. Sp

3050. MANAGEMENT INFORMATION SYSTEMS. 3 cr. Application and impact of information technologies on organizational strategy and operations. Emphasis is on applying technology for managerial decision-making and collaborations. Prerequisite: CSCI 1070, F, Sp, Sum

4030. INFORMATION SYSTEMS ANALYSIS. 3 cr. Overview of various system development life cycles, with emphasis on structured tools and techniques for describing data flows, data structures, file designs, input and output designs, and process specifications. Prerequisite: CSCI 1070, CINS 3006, CINS 3050; BUSN 3005, or permission of instructor. F

4035. INFORMATION SYSTEMS DESIGN. 3 cr. Strategies and techniques of structured design for producing logical system specifications and for deriving physical system designs. Coverage of object orientation and other methodologies for dealing with complexity in the development of information systems. Prerequisites: 4030 and BUSN 4012, or permission of instructor. Sp

4091. DIRECTED STUDY. 1-3 Cr. May be repeated for a maximum of 6 credits. Investigative study on a selected topic by an individual student under the direction of a faculty member. Prerequisite: Senior standing and approval of the directing faculty member and the department head.

4093. SEMINAR - SOFTWARE. 1-3 cr. per semester. May be repeated for a maximum of 6 credits. Seminar in information systems. Prerequisite: approval of department head. (Formerly CINS 492A)

4094. SEMINAR - METHODOLOGIES. 1-3 cr. per semester. May be repeated for a maximum of 6 credits. Seminar in information systems. Prerequisite: approval of department head. (Formerly CINS 492B)

4095. SEMINAR – SPECIAL TOPICS. 1-3 cr. per semester. May be repeated for a maximum of 6 credits. Seminar in information systems. Prerequisite: approval of department head. (Formerly CINS 492C)

COMPUTER SCIENCE (CSCI)

Required for a major: 2000, 2003, 2026, 2053, 2073, 2098, 3005, 3010, 3020, 3026, 3040, 4011, 4012, 4055, and 4060.—Total of 43 semester hours.

Required for a minor: 2000, 2003, 2026, 2053, 2073, and two of the following: 3005, 3010, 3026, and 3040—Total of 21 semester hours.

Required for a minor in Computer Science Education: 1070, 1080, 2000, 2003, 3067, 3077, Curriculum and Instruction 2085, and a 3-hour approved Computer Science Elective. Total of 21 semester hours. Teacher certification in this minor area requires 21 credit hours or the Praxis content specialty exam.

For Undergraduates Only

1067. SOFTWARE APPLICATIONS. 1 cr. Work with three major computer application software packages - word processing, spreadsheets, and databases. Not applicable towards a degree in Computer Science or in the College of Business Administration.

1070. COMPUTER LITERACY. 3 cr. A study of computer concepts with an emphasis on the personal computer and its practical use, the impact of computers on society, and the knowledge required to be computer literate in today’s digital world.
1080. FOUNDATIONS OF COMPUTER SCIENCE. 3 cr. An introduction to the foundations of computer science and problem solving using a modern, high-level programming language. Not applicable toward a degree in Computer Science.

2000. INTRODUCTION TO COMPUTER PROGRAMMING. 3 cr. An introduction to algorithms and programming, with an emphasis on the basic design, implementation, and testing of solutions to numerical and non-numerical problems. Prerequisite: CSCI 1080 or credit or registration in a mathematics core curriculum course.

2003. INTERMEDIATE PROGRAMMING. 3 cr. Continuation of CSCI 2000, with increased emphasis on program design (including structured and object-oriented techniques, data structures, and algorithms). Prerequisites: Grade of “C” or better in CSCI 2000 and credit in MATH 1011 or 1013 or permission of the department head.

2026. INTRODUCTION TO DISCRETE STRUCTURES. 3 cr. An introduction to discrete mathematical structures with applications to Computer Science. Topics include: logic, proof techniques, set theory, combinatorics, and functions. Prerequisites: credit or registration in CSCI 2000 and credit in Math 1011 or Math 1013 or permission of the department head.

2053. COMPUTER ORGANIZATION AND ASSEMBLY LANGUAGE PROGRAMMING. 3 cr. Basic logic, data representations, number systems, introduction to computer organization, and assembly language programming. Prerequisite: credit or registration in CSCI 2000 and credit in MATH 1011 or MATH 1013 or permission of the department head.

2064. INTRODUCTION TO COMPUTER ORGANIZATION. 2 cr. Basic logic design, coding, number representation and arithmetic binary representation, and computer architecture. Prerequisite: CSCI 2026, 2053, and credit or registration in CSCI 2065.

2065. COMPUTER ORGANIZATION LABORATORY. 1 cr. Laboratory class to accompany 2064. Prerequisite: Credit or registration in 2064.

2073. DATA STRUCTURES. 3 cr. An introduction to classic data structures that builds on object-oriented concepts such as abstraction and inheritance. Topics include lists, stacks, queues, trees, graphs, sets, and maps. Prerequisite: CSCI 2003 with a grade of “C” or better and CSCI 2026.

2098. ETHICAL AND PROFESSIONAL ISSUES IN COMPUTING. 1 cr. Maximum, 2 cr. Presentation of current topics in the field of computer science with special emphasis on ethics. Prerequisites: CSCI 2003

3005. ANALYSIS OF ALGORITHMS. 3 cr. The design and analysis of computer algorithms and data structures. Classes of algorithms studied include sorting, searching, graph, parallel and NP-complete. An in-depth study into both efficiency and design. Correctness and formal verification of algorithms. Prerequisites: CSCI 3026 and a grade of “C” or better in 2073.

3010. ORGANIZATION OF PROGRAMMING LANGUAGES. 3 cr. An introduction to programming language specification and analysis. Additional topics include programming language paradigms, run-time environments, binding strategies, compilers, and interpreters. Prerequisite: CSCI 2073.

3013. COMPUTER THEORY. 3 cr. The various types of abstract languages and their corresponding acceptors. The Chomsky hierarchy. Determinism and non-determinism in language acceptors; problem decidability. The relationship of abstract languages and automata to computers. Prerequisites: CSCI 3005 and 3010.

3020. OBJECT-ORIENTED DESIGN AND PROGRAMMING. 3 cr. Elements of the object model including abstraction, encapsulation, modularity, class hierarchies and inheritance, virtual functions, generic classes, and operator overloading. Methods for identifying classes and objects, notation for object-oriented design, the design process, and case studies. Prerequisite: CSCI 2073.

3026. ADVANCED DISCRETE STRUCTURES. 3 cr. A study of advanced topics from discrete mathematics, with special emphasis to applications in computer science. Topics include: efficiency of algorithms, recurrence relations, number theory, mathematical induction, relations, and graph theory. Prerequisite: CSCI 2026.

3040. INTERNET PROGRAMMING. 3 cr. The art and science of programming for web-based applications. Topics covered will include human-computer interaction, client-side and server-side programming, interfacing with net-centric databases, and electronic document encoding. Prerequisite: CSCI 2073.

3050. RESEARCH METHODS FOR COMPUTER SCIENCE. 3 cr. An introduction to methods used in computer science research. Topics include techniques and conventions in research methods, evaluation approaches, and presentation of results. Prerequisite: CSCI 2026.

3067. ADVANCED SOFTWARE APPLICATIONS. 3 cr. A study of advanced applications and their use in producing professional level presentations. Students will utilize problems from their major field of study, occupation, and/or other areas of interest. The word processor, spreadsheet, and other tools will be used to integrate the study into a desktop publication. Not applicable toward a degree in computer science. Prerequisites: CSCI 1070.

3073. NUMERICAL METHODS. 3 cr. Numerical algorithms fundamental to scientific work including discussion of error. Prerequisite: CSCI 2003 and MATH 2002 and 1032. (Dual listed as MATH 3073.)

3077. INTERNET FOR THE USER. 3 cr. Introduction to the Internet from the user’s perspective. Topics covered will include the history and operation of the Internet, Internet research strategies, and basic web-page design and construction. Not applicable toward a degree in computer science. Prerequisites: CSCI 1070 or approval of department head.

3098. COMPUTER PROJECTS. 3 cr. Involvement in practical computer projects. Prerequisite: approval of department head.

4011. OPERATING SYSTEMS. 3 cr. Theory and implementation of operating systems including process management, device management, memory management, and file system management. Security, networking, and distributed operating systems. Prerequisites: CSCI 2053 and 3010.

4012. COMPUTER ARCHITECTURE. 3 cr. Computer hardware architectures including microcomputers, minicomputers, mainframes and supercomputers; memory organization including cache and virtual memory; pipelining; RISC architecture; parallel processing architectures; comparison of representative architectures. Prerequisites: CSCI 2053.

4020. INTRODUCTION TO BIOSTATISTICS I. 3 cr. An introduction to the discipline of statistics and its application to problems of biology, including human biology, medicine, and public health. Topics include Bayesian inferences, estimation techniques, hypothesis testing, goodness of fit, and analysis of variance. Prerequisite: Math 1014 or Math 1031 or approval of department head. (Same as Math 4020).

4021. INTRODUCTION TO BIOSTATISTICS II. 3 cr. A continuation of 420. Topics include linear and multiple regression, logistics regression, longitudinal data analysis, nonparametric methods and principal component techniques. Prerequisites: Math 4020 or CSCI 4020 and junior standing or above. (Same as Math 4021).

4035. LINEAR PROGRAMMING. 3 cr. Development of the simplex algorithm, revised simplex, duality, and application. Prerequisite: MATH 2002.
4036. INTRODUCTION TO MATHEMATICAL CONCEPTS IN OPERATIONS RESEARCH. 3 cr. A mathematical approach to concepts in advanced linear and nonlinear programming, dynamic programming, game theories, queuing theory and other standard topics in operations research. Prerequisites: CSCI 4035 and MATH 3003. (Same as MATH 4036.)

4040. INTERNET SYSTEMS MANAGEMENT. 3 cr. This course teaches the art and science of providing an Internet presence. It will cover several types of Internet services, concentrating on the World Wide Web. The course will cover support issues related to providing more advanced WWW services, including user support, security, operations, staffing, and purchasing. Prerequisite: CSCI 3040.

4042. SIMULATION AND MODELING. 3 cr. General principles of stochastic simulation. Model development, analysis, and validation. Comparison of alternative models. Use of special purpose simulation languages. Prerequisites: CSCI 3005 and MATH 3003.

4045. RESEARCH DATA BASE MANAGEMENT. 3 cr. An introductory study into data base management activities and practices using the Statistical Analysis System as related to the statistical and report writing needs of researchers. Topics such as data base display techniques, statistical significance tests, statistical modeling, graphics, and report writing will be discussed. Emphasis is on methods and computing techniques using the Statistical Analysis System. Not open to computer science majors. Prerequisites: CSCI 1070; three (3) semester-hours of statistics course, or concurrent enrollment in a statistics course, or approval of department head.

4055. THEORY OF DATABASE MANAGEMENT SYSTEMS. 3 cr. Logical and physical data and file organization; relational data models; data normalization; query facilities; current literature in the database area. Prerequisite: Grade of "C" or better in CSCI 2073.

4060. PRINCIPLES OF SOFTWARE ENGINEERING. 3 cr. A formal approach to state-of-the-art techniques in software design and development. This course includes the classic model of the software life cycle, prototyping, resource allocation in large scale software projects, software cost estimating, and project management techniques. Prerequisites: CSCI 3005, 3010, 3020 and 4055.

4061. COOPERATIVE EDUCATION EXPERIENCE. 1 cr. Planned and supervised work experience in student's major field. Open only to juniors and seniors in the Department of Computer Science who are approved for the Cooperative Education Program. Grades of CR (credit) or NC (no credit) will be awarded. May be repeated for a total of 3 credits. May not be applied to fulfill major requirements.

4064. GRAPHICS. 3 cr. Fundamental concepts of graphics including enhancement, shading, two and three dimensional transformations, animations and hidden-surface problem. Prerequisites: CSCI 2073, MATH 2002 and junior standing.

4075. KNOWLEDGE DISCOVERY IN DATABASES. 3 cr. An introduction to the field of Knowledge Discovery in Databases, KDD. Topics to be included are: data selection, cleaning, coding, pattern recognition, the discovery of hidden knowledge, learning rules, and data mining algorithms for large databases. Prerequisites: CSCI 4055 and MATH 3003.

4081. EXPERT SYSTEMS. 3 cr. A course in Applied Artificial Intelligence for non-programmers who are interested in the use and development of expert systems within their own fields of study. Not applicable toward a degree in computer science. Prerequisite: Senior or graduate standing.

4083. ARTIFICIAL INTELLIGENCE. 3 cr. Study of the computer in context with human thought processes. Heuristic programming; search strategies; knowledge representation; perception; learning; natural language understanding; user interfaces; intelligent systems. Prerequisites: 3005 and 3010.

4091. COMPUTER SCIENCE CAPSTONE. 3 cr. Culmination of coursework experiences with a full software life cycle project development. Focus on product planning, management, and delivery including testing and quality assurance. Generation of artifacts, including detailed specifications, design documents, and user manual. Prerequisites: CSCI 3005, 3020, 4055, and 4060.

4094. RESEARCH - APPLICATIONS. 1-6 cr. Maximum, 6 cr. Open to advanced undergraduates who are capable of developing a problem independently. Prerequisites: approval of department head. (Formerly CSCI 498A)

4095. RESEARCH - SOFTWARE. 1-6 cr. Maximum, 6 cr. Open to advanced undergraduates who are capable of developing a problem independently. Prerequisites: approval of department head. (Formerly CSCI 498B)

4096. RESEARCH – MATHEMATICS OF COMPUTATION. 1-6 cr. Maximum, 6 cr. Open to advanced undergraduates who are capable of developing a problem independently. Prerequisites: approval of department head. (Formerly CSCI 498C)

4097. RESEARCH - HARDWARE. 1-6 cr. Maximum, 6 cr. Open to advanced undergraduates who are capable of developing a problem independently. Prerequisites: approval of department head. (Formerly CSCI 498D)

CONSTRUCTION (CONS)

1001. CONSTRUCTION MATERIALS. 3 cr. Materials of construction, their properties, manufacture, characteristics and use. F, Sp

1002. BASIC GRAPHICS. 1 cr. Introductory course in architectural drafting. Use and care of instruments and equipment, line weights, lettering, simple plans, sections and details. Three hours of studio. F

1010. INTRODUCTION TO CONSTRUCTION. 3 cr. Introduction to the history and development of Construction, with an analysis of its impact on the national and international economy. A non-technical survey, especially designed for non-construction majors. F

1012. ARCHITECTURAL DRAFTING. 1 cr. Introduction to plan reading with instructions given in basic architectural graphics; details of working drawings and shop drawings related to building construction. F, Sp

1013. ARCHITECTURAL DRAFTING STUDIO. 2 cr. Studio course to accompany 1012. Six hours studio. F, Sp

2003. CONSTRUCTION TECHNIQUES. 2 cr. A study of architectural design fundamentals through analysis of architectural and engineering plans, specifications, and documents used in construction. Prerequisites: 1001, 1012, 1013. F, Sp

2006. STATICS AND STRENGTH OF MATERIAL. 2 cr. Resolution of forces, equilibrium, application of statics for simple structures, centroids, moments of inertia; materials in tension, compression, bending; shear and moment diagrams; design of simple structures. Prerequisite: MATH 1011, 1012. F, Sp

2007. STATICS AND STRENGTH OF MATERIAL LABORATORY. 1 cr. Laboratory course to accompany 2006. Three hours laboratory. F, Sp
2008. CONSTRUCTION DOCUMENTS. 2 cr. A study of drawings, specifications, and documents used in the construction process. Prerequisites: 1001, 1012, 1013. Sp, F

2009. CONSTRUCTION DOCUMENTS STUDIO. 1 cr. Studio course to accompany 2008. Three hours studio. Sp, F

2011. CONSTRUCTION SURVEYING. 1 cr. Theory and principles of surveying applied to construction. Prerequisite: MATH 1011, 1012. Sp, F

2012. CONSTRUCTION SURVEYING LABORATORY. 2 cr. Laboratory course to accompany 2011. Six hours laboratory. Sp, F

2014. INTERIOR SYSTEMS. 3 cr. A study of interior environmental systems including construction techniques, material handing, storage and transportation. Materials and systems influence of interior design as they pertain to acoustics, sound transmission, fire hazards, lighting, and energy.

2020. CONSTRUCTION INSPECTION. 4 cr. Introduction to principles and practices of inspecting construction projects in progress with emphasis on the nature of construction problems encountered on the job site.

2021. LOCAL AND STATE BUILDING CODES. 3 cr. Under direct supervision, the student trainee develops effective public contacts with builders and contractors in conducting routine work within a building department office.

2022. PLAN AND SPECIFICATION REVIEWS. 3 cr. Under direct supervision, the student trainee examines plans and specifications of buildings for conformity with zoning regulations and building laws.

2023. RESIDENTIAL INSPECTIONS. 3 cr. Inspection of fences, patios, carports, residential blockwalls, etc.; conducting occupancy surveys in various structures such as apartments and hotels.

2024. COMMERCIAL AND INDUSTRIAL INSPECTIONS. 3 cr. Inspection of buildings under construction, alteration or repair for compliance with building laws.

2025. DAMAGED BUILDING INSPECTIONS. 2 cr. Inspection of damaged buildings and reporting needs for repair or demolition.

2051. MECHANICAL SYSTEMS OF BUILDINGS LABORATORY. 1 cr. Laboratory course to accompany 2050. Two hours laboratory. F

2055. COMPUTER-AIDED DESIGN. 3 cr. Two dimensional drafting and design. One hour of lecture; four hours studio. (Same as FCSC 3055.) Prerequisite: junior standing. Sp

4007. PROJECT CONTROL SYSTEMS. 2 cr. Analysis and application of scheduling techniques. The use of critical path method (CPM) and program evaluation and review (PERT). Prerequisites: 3003, 3004. F, Sp

4008. ESTIMATES. 2 cr. Analysis and determination of cost of construction operations including applicable indirect and overhead cost, and the preparation of bid proposals for construction costs. Prerequisites: 3018, 3019. Sp, F

4009. ESTIMATES LABORATORY. 1 cr. Laboratory course to accompany 4008. Three hours laboratory. Sp, F

4010. ANALYTIC AND CONCEPTUAL ESTIMATING. 3 cr. Separation of conceptual planning into its constituent elements and essential features. Feasibility of a construction project by analysis of income, construction investment, operating cost and risk. Prerequisite: approval of director.

4012. ADVANCED PROJECT CONTROL SEMINAR. 3 cr. Continuation of 4007/4015 with emphasis on job control of resources, cost control and reporting. Selected current construction projects used with research in the field and group analysis and discussion in regular class meetings. Five hours a week are required for field and classroom. Prerequisites: 4007, 4015.

4014. CONSTRUCTION MANAGEMENT. 3 cr. Management principles as applied to the construction contractor. Prerequisite: junior standing. Sp

4015. PROJECT CONTROL SYSTEMS LABORATORY. 1 cr. A studio to accompany 4007. Three hours studio per week. Prerequisite: Credit or registration in 4007. F, Sp

4017. FOUNDATION PROBLEMS. 2 cr. Foundation and soil problems as related to construction. Prerequisites: 3003, 3004. Sp, F

4018. FOUNDATION PROBLEMS LABORATORY. 1 cr. Laboratory course to accompany 4017. Three hours laboratory. Sp, F

4019. CONSTRUCTION DOCUMENTS AND REGULATORY AGENCIES. 3 cr. Current building codes and significant aspects of construction specifications. Prerequisite: Senior standing or approval of director.

4028. VALUE MANAGEMENT. 3 cr. Utilization of the constructor's special knowledge to cut the cost of a construction project to the lowest practicable level without compromising its function or sacrificing quality and aesthetics. Prerequisite: approval of director and junior standing.
184 UNIVERSITY OF LOUISIANA MONROE

4030. CONSTRUCTION SAFETY. 3 cr. A course designed to provide constructors a system of recognition, avoidance, and prevention of unsafe working conditions and employers covered by The Occupational Safety and Health Act of 1970. Prerequisite: junior standing. Sp

4055. ELECTRIC SERVICE AND INSTALLATIONS. 3 cr. Basic theory and practical application of electricity as applied to the construction field; basic design of illumination and electrical wiring based on the National Electric Code; introduction to cost estimates of installations. Prerequisites: 2003, 2004, 2008, 2009 and junior standing. Sp

4061. HISTORY OF CONSTRUCTION. 1-6 cr. Maximum, 6 cr. Directed individual study. Prerequisite: approval of director. (Formerly CONS 460A)

4062. ADVANCED CONSTRUCTION GRAPHICS. 1-6 cr. Maximum, 6 cr. Directed individual study. Prerequisite: approval of director. (Formerly CONS 460B)

4063. ADVANCED SURVEYING PROBLEMS. 1-6 cr. Maximum, 6 cr. Directed individual study. Prerequisite: approval of director. (Formerly CONS 460C)

4064. SEMINAR FOR SENIORS. 1-6 cr. Maximum, 6 cr. Directed individual study. Prerequisite: approval of director. (Formerly CONS 460D)

4065. SPECIAL CONTRACTING METHODS. 1-6 cr. Maximum, 6 cr. Directed individual study. Prerequisite: approval of director. (Formerly CONS 460E)

COUNSELING (COUN)

For Undergraduates Only

4033. INTERPERSONAL COMMUNICATION. 3 cr. Paired, triad, and small group involvement to develop awareness of various communicative skills utilized in the interpersonal relationship and increase effectiveness in interpersonal communication.

4080. EFFECTIVE PARENTING. 3 cr. Designed to help students and parents-to-be understand the principles and techniques of establishing effective parent-child relationships.

CRIMINAL JUSTICE (CJUS)

For Undergraduates Only

1001. INTRODUCTION TO CRIMINAL JUSTICE. 3 cr. An examination of the history, organization, and function of the various local and federal agencies that make up the criminal justice system. The survey is organized around the three major components of the criminal justice system: police, courts, and corrections.

2006. INDUSTRIAL AND BUSINESS SECURITY. 3 cr. An examination of the basic problems, procedures, and needs in the field of security work. A comparison of private agencies, hotels, retail and industrial enterprises which handle their own security with private and public security organizations. Emphasis is given to the role of private, industrial, and business security systems and their relationship to the criminal justice system.

2030. THE POLICE. 3 cr. An in-depth examination of the law enforcement sub-system of the criminal justice system. Includes historical precedents to American systems, the diversity of agencies and their roles, the internal components of agencies, and their interrelationships with other system components and other social and legal agents and agencies. Prerequisite: 1001 or approval of the program director.

2033. FORENSICS. 3 cr. An overview of techniques applied in identification of human skeletal remains for the medicolegal professions, including assessment of age, sex, ancestry, trauma, and disease; occupational stress markers; procedures for search/recovery of human remains; and estimations of time since death (Same as ANTS and SOCL 2033).

2050. COURTS AND CRIMINAL JUSTICE. 3 cr. Examination of the court component of the criminal justice system. Emphasis on structure, roles, and functions of courts and their relationship to other system components and social institutions. Prerequisite: 1001 or approval of program director.

2070. CORRECTIONS. 3 cr. An in-depth examination of the Corrections component of the criminal justice system. Fundamentals of correctional practices and philosophy, historically and systemically studied, including law, sentencing, and appellate review as each relates to the correctional process. Survey of correctional components: community-based programs, institutions, administration, offender categories, classification, and treatment. Prerequisite: For Criminal Justice majors only—1001 or approval of program director.

2093. CRIMINAL LAW. 3 cr. Examination of substantive criminal law with emphasis on history, theory, classification and elements of crimes, elements of proof, and other issues related to criminal law. Prerequisite: 1001 or approval of program director.

2099. OVERVIEW OF THE CRIMINAL JUSTICE SYSTEM. 1 cr. A capstone course for the integration of knowledge concerning the criminal justice system and criminal law with some attention to current legal issues in law enforcement and corrections. Restricted to students receiving the Associate of Arts Degree in Criminal Justice. Registration is required during the semester in which the degree is to be received.

3001. CRIMINAL JUSTICE PROCEDURE AND EVIDENCE. 3 cr. Analysis of procedural law related to due process. Evidence and rules of law related to evidence are examined. Prerequisite: CJUS 2093 or approval of program director.

3003. COMMUNITY-BASED CORRECTIONS. 3 cr. An in-depth study of correctional programs, practices, and theory within the American community. Survey of community corrections in terms of historical contributions; legal, social, and ethical considerations; professionalism; roles of staff, administration, and community resources; and relationships among and within community systems. Prerequisite: 1001, 2070, or approval of program director.

3008. SUBSTANCE ABUSE. 3 cr. Analysis of the social, physical, and psychological impact of substance abuse. Examination of types, incidence, and forms of abuse and an analysis of social and legal reactions. Social trends and laws are examined to provide the student with foundations for a critical and analytical examination of substance abuse. Prerequisite: 1001 or approval of program director.

3010. CORRECTIONAL INSTITUTIONS. 3 cr. Analysis of the structure and function of prison staffing, prison operations, the convict world, prison violence, and jails. Prerequisite: 1001, 2070, or approval of program director.

3015. VICTIMOLOGY. 3 cr. An overview of methods that address victims’ needs in the criminal justice system. Prerequisite: CJUS 1001, and 2070.
3030. CRIMINAL INVESTIGATION. 3 cr. An in-depth study of the principles, concepts, and theories applicable to the investigation procedures used by law enforcement agents and agencies. Analysis of case law affecting criminal investigations. The course is designed to familiarize the student with the mechanics of investigative evidence processing techniques. Prerequisite: 1001, 2030, or approval of program director.

4005. THEORIES OF CRIME AND DELINQUENCY. 3 cr. An analysis of the extent of crime and delinquency; impact of crime and delinquency on society; physical, social, and psychological causation of crime and delinquency; and current issues in criminoLOGY. (Same as SOCL 4005.)

4015. JUVENILE DELINQUENCY AND JUSTICE. 3 cr. The nature, extent, and causes of juvenile delinquency; factors in its treatment and prevention, including community and agency programs; and analysis of the legal system as it applies to juveniles. (Same as SOCL 4015).

4016. CONTEMPORARY ISSUES IN CRIMINAL JUSTICE. 3 cr. Examination of the literature and analysis of current issues relevant to criminal justice. Prerequisite: Junior, Senior, or Graduate standing.

4018. CONSTITUTIONAL LAW AND CRIMINAL JUSTICE. 3 cr. Study of constitutional law and its applicability in the criminal justice system. (Same as Political Science 4018). Prerequisite: Political Science 2001.

4092. BANKING. 1-3 cr. Individual directed study of banking. May be repeated for a total of 6 crs. Prerequisite: approval of department head. F, Sp, Sum (Formerly FINA 491A)

4093. FINANCE. 1-3 cr. Individual directed study of finance. May be repeated for a total of 6 crs. Prerequisite: approval of department head. F, Sp, Sum (Formerly FINA 491B)

4094. REAL ESTATE. 1-3 cr. Individual directed study of real estate. May be repeated for a total of 6 crs. Prerequisite: approval of department head. F, Sp, Sum (Formerly FINA 491D)

**FOREIGN LANGUAGE (FORL)**

3094. LITERATURE IN TRANSLATION. 3 cr. Maximum, 9 cr. In-depth studies of important works of literature in translation. Classes are conducted in English. Cannot be used to satisfy Foreign Language requirements.
FRENCH (FRNH)

Required for a Modern Languages major - French

Concentration: Total of 30 semester hours beyond 1001-1002, including 2031, 3012, and 3 hours of 3025.

Required for a minor: French—Total of 18 semester hours.

Required for a major (French Education): See specific degree plan in the College of Education and Human Development section of this catalog.

Required for a minor (French Education): Total of 21 semester hours which must include 2031, 3012, and 3025. Teacher certification in this minor area requires 30 credit hours or the Praxis content specialty exam.

Majors or minors in French Education who enter in 1984-85 and after are required to complete a minimum of twelve required above the 2001-2002 or 2005 courses through a two-semester residence in a university abroad or by two summers of intensive immersion study. A person may substitute a score of intermediate high on the ACTFL/ETS Oral Proficiency Interview for the two semesters abroad or its alternative.

French courses marked with an asterisk (*) may not be taken for credit by native speakers of French without the department head’s approval.

For Undergraduates Only

*1001. ELEMENTARY FRENCH I. 3 cr. each. An introduction to the basic grammatical structures of French with the objectives of developing an elementary ability to speak, understand, read, and write the language.

*1002. ELEMENTARY FRENCH II. 3 cr. A continuation of the study of French on the elementary level. Prerequisite: A "C" or better in French 1001 or permission of the department head.

1003. FRENCH STUDY ABROAD. 3 cr., with 6 cr. maximum. Application of language skills in a foreign language environment. Students will be involved in a total immersion living situation and will receive a minimum of fifteen clock hours per week in formal language instruction.

*1005. ELEMENTARY FRENCH I AND II. 6 cr. Same as French 1001 and 1002.

1097, 1098, 1099. BEGINNING FRENCH. 1 cr. each. Independent reading, grammar, and/or conversation on the elementary level. Prerequisite: 1002 or 1005.

2001. INTERMEDIATE FRENCH I. 3 cr. each. A continuation on the intermediate level of 1001-1002, with an increased emphasis upon reading and discussion. Work in the computerized Language Learning Center is required. Prerequisite: 1002 or 1005.

2002. INTERMEDIATE FRENCH II. 3 cr. each. A continuation on the intermediate level of 1001-1002, with an increased emphasis upon reading and discussion. Work in the computerized Language Learning Center is required. Prerequisite: 1002 or 1005.

2005. INTERMEDIATE FRENCH I AND II. 6 cr. Same as French 2001 and 2002. Prerequisite: a "C" or better in FRNH 1002 or department head approval.

2010. COMMERCIAL FRENCH. 3 cr. Study of the French language as used in business to include readings, discussions, and translations of business materials in French. Prerequisite: 2002 or 2005 or permission of the department head.

2031. GRAMMAR AND COMPOSITION. 3 cr. Elements of French grammar and syntax with drill in style, idioms, and verb forms. Prerequisite: 2002 or 2005.

3002. SURVEY OF FRENCH LITERATURE. 3 cr. May be repeated for a total of 9 cr. Selections from outstanding authors from the Middle Ages to the present with continued emphasis on understanding, speaking, reading, and writing. Prerequisite: 2002 or 2005.

3012. PHONETICS. 3 cr. French phonetic system. Corrective and fluency drills in the language laboratory. Prerequisite: 2002, 2005 or equivalent or permission of the department head.

3015. FOREIGN LANGUAGE PRACTICUM. 3-12 cr. Application of language skills in a foreign-language environment. Student will be involved in a total immersion living situation and will receive a minimum of fourteen clock hours per week in formal language instruction. Prerequisite: French 2002, 2005 or equivalent.

3021, 3022, 3023. INDEPENDENT READING. 1 cr. each. Directed reading in excerpts of French literature, with continued emphasis on understanding, speaking, reading and writing French. Prerequisite: 2001.

3024. CONVERSATION AND COMPOSITION. 3 cr. May be repeated for 6 hrs. total. The refinement of conversational skills utilizing the language laboratory and classroom activities. Prerequisite: French 2002 or 2005 or approval of the department head.

3025. FRENCH CULTURE AND CIVILIZATION. 3 cr. Maximum, 9 cr. Studies in the history and culture of the French World with continued emphasis on understanding, speaking, reading, and writing. Prerequisite: 2005 or permission of department head.

For Undergraduates and Graduates

4003. LITERATURE OF THE FRANCOPHONE WORLD. 3 cr., maximum 6 cr. An in-depth analysis of the work of writers from the Francophone world. Prerequisite: 2002 or 2005 or equivalent.

4004. SEMINAR IN FRENCH LITERATURE. 3 cr., maximum 6 cr. An in-depth analysis of a literary movement or writer of French literature. Prerequisite: 2002 or 2005 or the equivalent.

4015. ADVANCED LANGUAGE DEVELOPMENT. 3-12 cr. Advanced language instruction with emphasis on French grammar and civilization including French history, history of art, cinema, geography, and literature. All classes are taught in French. Prerequisite: 2005 or permission of the department head.

4074. SECOND LANGUAGE ACQUISITION. 3 cr. The application of second language acquisition theory in the secondary classroom. (Same as SPAN 4074) Prerequisite: Spanish/French 2005.

4075. LANGUAGE, CULTURE AND THE CLASSROOM. 3 cr. The application of second language acquisition theory in the elementary or secondary classroom. (Same as Spanish 4075). Prerequisite: French 2005.

GEOGRAPHY (GEOG)

Required for a minor: GEOG 1001, 1002, 2003, and 9 additional Geography hours (3 hours must be at the 4000 level)—Total of 18 semester hours.

For Undergraduates Only

1001-1002. REGIONAL GEOGRAPHY. 3 cr. each. A regional approach to the study of human geography, with emphasis on spatial distributions, interactions, and processes on the earth’s surface. The geographical study of the major world realms are divided as follows: GEOG 1001 covers Europe (including Russia), North America, and North Africa/Middle East and GEOG 1002 covers Latin America, Sub-Saharan Africa, and Asia.
1003. SYSTEMATIC GEOGRAPHY. 3 cr. The goal of this course is an integrated approach to geography. The course is standards-based and is structured around the essential elements and geography standards. In terms of content, the approach is thematic with examples drawn from both the developed and developing worlds. The method of instruction will consist of a combination of direct instruction and problem-solving computer- and classroom-based exercises and activities. For Elementary Education Majors only.

1011. HUMAN ORIGINS AND EVOLUTION. 3 cr. The study of the origin of and biogenetic heritage of humans; a survey of modern human racial variation; an introduction to archeological and prehistoric techniques of investigation regarding the changing physical form of humans. (Same as ANTG 1011.)

2001. INTRODUCTION TO ARCHEOLOGY. 3 cr. Survey of the history and development of archeology as a science, its place in the sciences, and an overview of the important material remains of past human life and activities in selected areas of the world. (Same as ANTG 2001.)

2003. LOUISIANA. 3 cr. A survey of the natural landscape; land forms, climate, soils, drainage, and the geographic factors; agriculture, transportation, and population.

2013. PHYSICAL GEOGRAPHY. 3 cr. The natural landscape, with special emphasis on the distribution of land-forms, climate, soil, and vegetation.

2014. PHYSICAL GEOGRAPHY LABORATORY. 1 cr. Two hours laboratory to accompany Geography 2013.

2015. CARTOGRAPHY. 3 cr. Development of cartography, techniques, nature, and usage of map projections; interpretation of maps; map construction.

3001. CULTURAL GEOGRAPHY. 3 cr. An advanced course focusing on the study of culture and the expression of material culture in the landscape. Prerequisite: GEOG 1001, or 1002, or 2003 or permission of instructor.

3008. OLD WORLD ARCHEOLOGY. 3 cr. A survey of the major archeological sequences of prehistoric Eurasia, Africa, and Oceania. (Same as ANTG 3008.)

3020. CONSERVATION GEOGRAPHY. 3 cr. Problems and techniques of conservation in agriculture, forestry, industry, mining, water, air, and the urban environment. Investigation of conservation ideology and political action. Emphasis on North America with some study of international phenomena. Prerequisite: GEOG 1001 or GEOL 1001.

4001. NORTH AMERICA. 3 cr. A regional study, with attention to the influence of climate, topography, and natural resources on industry and trade.

4003. LATIN AMERICA. 3 cr. A regional study of the configuration, climates, natural resources, cultural patterns, and peoples.

4005. AFRICA. 3 cr. The geographical features, with particular reference to economic, social and political developments; a study of the heritage and background, physical and cultural, of the present-day Afro-American culture.

4007. EUROPE. 3 cr. General distribution of natural and cultural features with detailed study of selected areas.

4009. ASIA. 3 cr. A survey of the physical environment of the continent as a whole, followed by a detailed study of China, India, and Japan.

4012. FORMER SOVIET UNION. 3 cr. Physical and cultural environments, with special emphasis on climates, resources, industrializations, and population distribution.

4015. POLITICAL GEOGRAPHY. 3 cr. Problems in production, trade, government, and world development growing out of geographic conditions. Prerequisite: GEOG 1001-1002.

4018. URBAN. 3 cr. A geographic approach to the study of urban areas stressing location, historical development, distribution, size, growth and function; emphasis on current urban problems. Prerequisite: GEOG 1001-1002.

4020. LATIN AMERICAN FIELD COURSE. 3 cr. Supervised geographic research and observation in a Latin American setting. Local examples illustrate broad themes in the historical shaping of the Latin American landscape. The course includes introductory meetings at ULM followed by field observation and discussion in a Latin American location. Prerequisite: GEOG 4003 or permission of the department head.

4021. THE ARCHEOLOGY OF MEXICO. 3 cr. An in-depth view of the development of pre-Hispanic Mexican and Meso-American cultures and civilizations from the origins of agriculture to the Spanish Conquest; an overview of the major archeological sites pertinent to these cultures. (Same as ANTG 4021.)

For Undergraduates and Graduates

4010. THE ARCHEOLOGY OF LOUISIANA INDIANS. 3 cr. An introduction to the archeology of Louisiana’s Indian tribes from Paleo-Indian times to the Spanish Conquest; an overview of the major archeological sites pertinent to these cultures. (Same as ANTG 4010.)

4011. THE ARCHEOLOGY OF NORTH AMERICA. 3 cr. The archeological background of North America from Mexico to the Arctic Circle; progressive states of development of prehistoric North American cultures. (Same as ANTG 4011.)

4014. THE INDIANS OF NORTH AMERICA. 3 cr. Survey of the distribution and principal regional lifeways of North American Indian groups prior to disruption, dispersal, and the implementation of the reservation system. (Same as ANTG 4014.)

4023. ARCHEOLOGICAL FIELD TECHNIQUES. 6 cr. A field course introducing the basic techniques of archeological mapping, excavation, cataloging, specimen preparation and preservation. A study of soils, physical stratigraphy, synecology, and techniques of artifact laboratory analysis. May be repeated once for a maximum of 12 hours credit. (Same as ANTG 4023.)

GEOLOGY (GEOL)

Undergraduate Requirements

Required for a minor in Geology and Earth Science: 1001, 1002, 1003, 1004, 1010, 2080; GEOS 4035, 4050. Total of 20 semester hours.

Required for a minor in Earth Science Education: Geology 1001, 1002, 1003, 1004, 2020, 2021, 2080, 4018, and Atmospheric Sciences 1001. Total of 21 semester hours. Teacher certification in this minor area requires 30 credit hours or the Praxis content specialty exam.

For Undergraduates Only

1001. PHYSICAL GEOLOGY. 3 cr. The external and internal features of the earth and the agents responsible for them, including the work of rivers, winds, glaciers, volcanoes, earthquakes, and oceans. Credit may not be earned in both GEOL 1001 and GEOL 2006.

1002. HISTORICAL GEOLOGY. 3 cr. The development, changes, and destruction of the land features and sea areas of the earth and the changing panorama of plant and animal life from the earth’s origin to the present day.

1003. PHYSICAL LABORATORY. 1 cr. Two hours laboratory to accompany 1001. Credit may not be earned in both 1003 and 2008.

1004. HISTORICAL LABORATORY. 1 cr. Two hours laboratory to accompany 1002.
1005. GEOLOGY OF NATIONAL PARKS. 3 cr. A study of the processes and principles involved in geologic development of our national parks. Emphasis is placed on understanding and appreciating the special geologic features for which each park is famous. Prerequisite: 1001.

1010. THE AGE OF DINOSAURS. 3 cr. A nontechnical survey, especially designed for non-science majors, of what is currently known about dinosaurs and their world. Their origin, evolution, ecology, physiognomy, and social behavior are reconstructed from bones, tracks, nests, and applied biology, and reasons for their extinction are considered. Emphasis is placed on viewing dinosaurs as superbly successful members of their ecosystem.

2000. GEOLOGY IN THE FIELD. 2 cr. An introduction to the study of geology as conducted in the field. This course will integrate the review of the published geology of a region with observation and analysis of the geology found in the field as seen on required multi-day field trips to that region. The course will include an introduction to basic field methods and preparation of geologic reports. One hour of class per week and at least one extended field trip. Field expenses. Prerequisites: GEOL 1001, 1002, 1003, 1004, and registration in or completion of GEOL 2020 and 2021.

2006. ENGINEERING GEOLOGY. 3 cr. Engineering properties of rocks, properties of soils, construction materials, earthquakes, earth movements, subsurface exploration and site selection for engineering works. Credit may not be earned in both GEOL 1001 and 2006.

2008. ENGINEERING LABORATORY. 1 cr. Two hours laboratory to accompany GEOL 2006. Credit may not be earned in both GEOL 1003 and 2008.

2013. PALEONTOLOGY LABORATORY. 1 cr. Three hours laboratory to accompany 2011.

2015. CRYSTALLOGRAPHY AND MINERALOGY. 2 cr. Principles of crystallography and mineral identification. Survey of the major ore- and rock-forming mineral groups. Prerequisites: GEOL 1001, 1003, and enrolment in or credit for CHEM 1008, 1011.

2017. CRYSTALLOGRAPHY AND MINERALOGY LABORATORY. 2 cr. Six hours of laboratory to accompany 2015.

2080. OCEANOGRAPHY. 3 cr. The origin and development of the ocean basins and seawater. Ocean processes, marine sediments and ocean resources also will be considered.

3000. GEOLOGIC FIELD METHODS. 2 cr. Instrumental methods, note-taking, and map preparation for field mapping. Course will include instruction and practice in compass and clinometer, hand-level, altimeter, plane table, and GPS methods, and use, handling, and care of the alidade and other instruments. Field expenses. Prerequisites: GEOL 2000, GEOS 3030 and 3031, and MATH 1012.

3003. STRUCTURE. 3 cr. The recognition, description, classification, origin and relationships of geologic structures. Prerequisites: GEOL 1002, 1004, 2015, 2017, MATH 1011, 1012, junior standing.

3023. STRUCTURE LABORATORY. 1 cr. Three hours laboratory to accompany GEOL 3003.

3027. PETROLOGY. 3 cr. Classification, origin, and occurrence of igneous, metamorphic, and sedimentary rocks. Prerequisites: GEOL 2015, 2017, and current enrollment in 3029.

3029. PETROLOGY LABORATORY. 1 cr. Three hours of laboratory to accompany 3027. Field expenses: $10.00.

4000. GEOLOGIC MAPPING. 2 cr. Geologic and structural mapping and preparation of geologic maps. Written reports and maps are required. Three hours of laboratory per week and two extended field trips. Field expenses. Prerequisites: GEOL 3000, 3003, 3009, 3023, 3035, 3036.

4001. GULF COAST. 3 cr. The physiography, stratigraphy, structure, economics and origin of the Gulf Coastal province. Prerequisites: 3003, 3009, 3023.

4002. PLATE TECTONICS. 3 cr. A thorough treatment of the underlying processes driving the processes active in the solid earth, and how these processes affect modern interpretations of the geologic record. Prerequisites: GEOL 3003, 3009, 3027, GEOS 3030.

4003. PETROLEUM. 3 cr. The origin, geographic distribution, and accumulation of petroleum. Prerequisites: GEOL 3003, 3023.

4006. ECONOMIC GEOLOGY—NON-METALS. 3 cr. The origin, distribution, geology, and use of non-metallic ores with emphasis on Louisiana’s economic minerals. Prerequisites: GEOL 2015, 2017.

4007. SUBSURFACE. 2 cr. Study and application of subsurface methods. Prerequisites: GEOL 3003, 3023.

4008. SUBSURFACE LABORATORY. 2 cr. Six hours laboratory to accompany GEOL 4007.

4010. GEOCHEMISTRY. 3 cr. Basic principles governing the origin, distribution, and migration of elements in the earth. Prerequisites: GEOL 2015, 2017.

4013. PHYSICAL MARINE. 3 cr. A general introduction to the physical processes at work on the shores of the Mississippi Sound, with emphasis on the erosional and depositional effects of waves and currents at various tidal stages. Conducted each summer under the direction of the staff of the Gulf Coast Marine Laboratory at Ocean Springs, Mississippi. Prerequisites: GEOL 3027, 3029, or approval of department head.

4014. CHEMICAL MARINE. 3 cr. Supervised research in the chemistry of the water of the Mississippi Sound and the geochemistry of the bottoms beneath these waters. Conducted each summer under the direction of the staff of the Gulf Coast Marine Laboratory at Ocean Springs, Mississippi. Prerequisites: GEOL 3027, 3029, and CHEM 1008, 1011, 2003, 2004, or approval of department head.

4017. GROUND-WATER GEOLOGY. 3 cr. An introduction to water beneath the surface of the earth. Emphasis is given to the mode of occurrence, migration and relationship to enclosing rock masses. Prerequisites: GEOL 1001, 1002.

4018. PLANETARY GEOLOGY. 3 cr. A survey of the geologic processes operating on the solid surface planetary bodies. Comparative geologic histories of the terrestrial planets and major satellites. Prerequisite: GEOL 3003.

4024. X-RAY AND OPTICAL MINERAL ANALYSIS LABORATORY. 2 cr. Six hours laboratory to accompany 4023.
GEOSCIENCE (GEOS)

For Undergraduates Only

1050. INTEGRATED GEO SCIENCES FOR EDUCATION MAJORS. 3 cr. The goal of this course is to present an integrated approach to essential concepts in introductory geology (physical and historical geology), astronomy (from an Earth science perspective), and weather. Personal applications of science, process skills, problem-solving, and discovery learning are also emphasized. For Elementary Education majors only. (Formerly SCIE 104)

2001. ENVIRONMENTAL SCIENCE. 3 cr. Exploration of contemporary issues in environmental science. Man's interaction with the Earth's biological and physical resources. Topics include global warming, biodiversity, conservation, pollution, wetlands, sustainable agriculture, and population growth. Prerequisites: "C" or better in BIOL 1001 or 1020 or approval of department head. (Same as BIOL 2001)

3030. INTRODUCTION TO GEOMORPHOLOGY. 3 cr. The recognition, classification, origin, and relationship of and forms.

3031. GEOMORPHOLOGY LABORATORY. 1 cr. Three hours laboratory to accompany 3030.

3032. BROADCAST METEOROLOGY PRACTICUM 1-3 cr. Maximum, 3 cr. Systematic research, training, and active participation in meteorological/climatological laboratory 2-6 hours per week at a television weather station. Grade of CR (Credit) or NC (No Credit) will be awarded. Can serve as credit for an atmospheric sciences elective. Prerequisites: ATM 2005 and ATM 3004.

4001. PLANET EARTH. 3 cr. Directed study in selected studies in Geosciences. Content varies. No more than 12 hours may be applied toward degree requirements. May not be applied to major in Geology. (formerly GEOS 400A)

4003. EARTH REVEALED (INTRODUCTORY GEOLOGY). 3 cr. Directed study in selected studies in Geosciences. Content varies. No more than 12 hours may be applied toward degree requirements. May not be applied to major in Geology. (formerly GEOS 400C)

4005. OUT OF THE PAST: AN INTRODUCTION TO ARCHEOLOGY. 3 cr. Directed study in selected studies in Geosciences. Content varies. No more than 12 hours may be applied toward degree requirements. May not be applied to major in Geology. (formerly GEOS 400D)

4015. VERTEBRATE PALEONTOLOGY. 2 cr. A survey of the vertebrates through geologic time with special emphasis on morphology, function, evolution, time and spatial distribution. Prerequisites: GEOL 1002, 1004.

4016. SEMINAR. 1 cr. Maximum, 3 cr. Presentation of oral and written reports on current geology literature and problems of special interest.

4020. HUMAN IMPACT ON THE ENVIRONMENT. 3 cr. This course will assess the environmental changes caused by human activity. Specifically, attention will be focused on human impacts on vegetation, animals, soil, hydrology, geomorphology, and climate. Prerequisite: GEOG 2013 or GEOS 3030 or permission of instructor.

4021. ENVIRONMENTAL ECONOMICS. 3 cr. Principles and methods for critically analyzing environmental issues from an economic and policy perspective. Review of current environmental issues with emphasis on agriculture related topics. Prerequisites: AGEC 2001 or ECON 2002 (Same as AGEC 4021).

4030. SURFACE HYDROLOGY. 3 cr. Fundamentals of surface hydrology including: components of the hydrologic cycle; hydrographs; flood frequency analysis; and flood routing through rivers, reservoirs, and watersheds. Includes practical exercises and the use of personal computers. Prerequisites: GEOL 1001 or permission of the instructor.

4040. ENVIRONMENTAL EARTH SCIENCE. 3 cr. A survey of the interactions between people and the physical environment, including hazardous earth processes, hydrology and pollution, waste disposal, environmental health, mineral resources, energy, and land use. Prerequisites: Any of the following—GEOS 1001, 4002, GEOL 1001, 2006, GEOG 2013.

4041. GEOENVIRONMENTAL SEMINAR. 1 cr. Maximum 3 cr. Geoenvironmental topics are examined in depth through library research, audiovisual materials analysis, and interactive software. Investigations are presented and critiqued during roundtable discussions. Assigned topics vary each semester. May be repeated for a maximum of 3 cr. Prerequisites: Any pertinent basic science course or permission of the instructor.

4060. ARCHEOLOGY AND GEOLOGY OF NATURAL DISASTERS. 3 cr. Case studies of archeological and geologic evidence for the history, causes, and effects of historical and prehistoric natural disasters. Use of archeological and geologic data to develop realistic supportable scenarios for the natural disasters will be stressed. Prerequisites: ANTG 2001; GEOL 1001 and 1002.

4061. COOPERATIVE EDUCATION EXPERIENCE. 1 cr. Planned and supervised work experience in student's major field. Only open to juniors and seniors in the Department of Geosciences who are approved for the Cooperative Education Program. Grade of CR (credit) or NC (no credit) will be awarded. A. Atmospheric Science, B. Geography, C. Geology, D. Geophysics. May be repeated for a total of 3 credits. May not be applied to fulfill major requirement.

For Undergraduates and Graduates

4035. PRINCIPLES OF GEOGRAPHIC INFORMATION SYSTEMS (GIS). 3 cr. Techniques for analyzing, displaying and managing geographic data topics including: structure of geographic data bases, principles of digital cartography, basic spatial statistics and analysis of spatial relationships using GIS. Prerequisite: junior or senior standing.

4045. ADVANCED GEOGRAPHIC INFORMATION SYSTEMS (GIS). 3 cr. A project-oriented course intended to demonstrate how principles learned in GEOS 4035 can be applied to solving complex real-world problems. Prerequisite: GEOS 4035.

4050. REMOTE SENSING OF THE ENVIRONMENT. 3 cr. This course will cover the basics and the interpretation of remote sensing data that will include aerial photography, U.S. and French satellite imagery, thermal infrared, Sideways Looking Radar, Synthetic Aperture Radar, and other airborne platforms such as the Daedalus Multispectral Scanner used by NASA.

4091. RESEARCH. 1-6 cr. Maximum, 6 cr. Research problems that can be completed in one semester. Three hours laboratory per week for each credit hour. A written proposal with a list of references must be submitted to and be approved by the supervising professor and department head. Results of work will be presented in a seminar. Prerequisites: junior or senior standing in geology.
GERMAN
(GRMN)

For Undergraduates Only

1001. ELEMENTARY GERMAN I. 3 cr. each. An introduction to the basic grammatical structures of German with the objectives of developing an elementary ability to speak, understand, read and write the language. Language laboratory required.

1002. ELEMENTARY GERMAN II. 3 cr. each. An introduction to the basic grammatical structures of German with the objectives of developing an elementary ability to speak, understand, read and write the language. Language laboratory required.

1003. ELEMENTARY CONVERSATION. 3 cr. Especially designed to meet the needs of travelers and students interested in a broad initiation to the language. (Does not substitute for 1001, 1002 or 1005.)

1005. ELEMENTARY GERMAN I AND II. 6 cr. Same as German 1001 and 1002.

1097, 1098, 1099. BEGINNING GERMAN. 1 cr. each. Independent reading, grammar, and/or conversation on the elementary level. Prerequisite: 1002 or 1005.

2001. INTERMEDIATE GERMAN I. 3 cr. each. A continuation of 1001-1002, with an increased emphasis upon reading and discussion. Work in the computerized Language Learning Center is required. Prerequisite: 1002 or 1005.

2002. INTERMEDIATE GERMAN II. 3 cr. each. A continuation of 1001-1002, with an increased emphasis upon reading and discussion. Work in the computerized Language Learning Center is required. Prerequisite: 1002 or 1005.

2009. ADVANCED GERMAN. 3 cr. Introduction to finer points of German language, development of writing skills in German, grammatical and stylistic analysis of literary texts. Prerequisite: 2002 or 2005.

3010. GERMAN CULTURE AND CIVILIZATION-BEGINNING - PRESENT. 3 cr. Maximum, 9 cr. German culture from its beginnings to the present. Prerequisite: 2002 or 2005. (Formerly GRMN 309A)

3011. THE 20TH CENTURY IN CENTRAL EUROPE. 3 cr. Maximum, 9 cr. Culture and civilization. Prerequisite: 2002 or 2005. (Formerly GRMN 309B)

3012. GERMAN-SPEAKING WORLD. 3 cr. Maximum, 9 cr. Culture and civilization in the German-speaking world. Prerequisite: 2002 or 2005. (Formerly GRMN 309C)

4010. GERMAN LITERATURE SINCE GOETHE. 3 cr. Maximum, 9 cr. Topic: German literature since Goethe. Prerequisite: 2002, 2005, or permission of the department head. (Formerly GRMN 409A)

4011. TWENTIETH-CENTURY GERMAN LITERATURE. 3 cr. Maximum, 9 cr. Topic: Twentieth-century literature. Prerequisite: 2002, 2005, or permission of the department head. (Formerly GRMN 409B)

4012. GERMAN LITERATURE AFTER WORLD WAR II. 3 cr. Maximum, 9 cr. Topic: German literature after World War II. Prerequisite: 2002, 2005, or permission of the department head. (Formerly GRMN 409C)

4020. MEDIEVAL GERMAN LITERATURE. 3 cr. Maximum, 9 cr. Advanced readings in Medieval German Literature. Prerequisite: GRMN 2002 or 2005, or approval of department head. (Formerly GRMN 419A)

4021. REFORMATION AND POST-REFORMATION LITERATURE. 3 cr. Maximum, 9 cr. Advanced readings in Reformation and Post-Reformation Literature. Prerequisite: GRMN 2002 or 2005, or approval of department head. (Formerly GRMN 419B)

4022. THE AGE OF GOETHE. 3 cr. Maximum, 9 cr. Advanced readings in the Age of Goethe. Prerequisite: GRMN 2002 or 2005, or approval of department head. (Formerly GRMN 419C)

4023. HISTORY OF THE GERMAN LANGUAGE. 3 cr. Maximum, 9 cr. Advanced readings in the History of the German Language. Prerequisite: GRMN 2002 or 2005, or approval of department head. (formerly GRMN 419D)

4024. GENRE STUDIES. 3 cr. Maximum, 9 cr. Advanced readings in Genre Studies. Prerequisite: GRMN 2002 or 2005, or approval of department head. (formerly GRMN 419E)

GERONTOLOGY
(GERO)

Required for an interdisciplinary minor: Gerontology 1001, 2026 and 12 hours of Gerontology electives and/or Psychology 4025, FCSC 4035 or 4036—Total of 18 semester hours.

2001 INTRODUCTION TO MARINE SCIENCE. 4 cr. Introduction to chemical, geological, physical and biological processes in the oceans and coastal environments; interrelationships of humans and the marine environment. Prerequisite: Introductory science course or permission of instructor. Four weeks. LUMCON Summer course; alternating years.

2002. INTRODUCTION TO MARINE ZOOLOGY. 4 cr. Field and laboratory survey of marine animals, particularly those of the Louisiana Gulf Coast; classification, morphology, physiology, and ecology. Prerequisites: Introductory biology course and lab or permission of instructor. Four weeks. LUMCON Summer course; alternating years.

For Undergraduates and Graduates

4002. WETLAND VEGETATION. 3 cr. Identification, taxonomy and distribution of wetland plants. Plant adaptations, vegetation analysis methods, marsh types, community processes and coastal wetland restoration will also be discussed. Prerequisites: junior or senior standing or permission of instructor. Three weeks. LUMCON Summer course; alternating years.

4011. MARINE FIELD ECOLOGY. 4 cr. Relationships of marine and estuarine organisms to environmental factors; interactions among organisms; ecological processes of energy and materials flow; field studies of communities and ecosystems of the Louisiana coastal zone. Prerequisites: BIOL 1020, 1021; 3030 or 3032; CHEM 1007, 1009; permission of instructor. Four weeks. LUMCON Summer course; alternating years.

4021. CORAL REEF ECOLOGY. 3 cr. An introductory, interdisciplinary course in the ecology of coral reef ecosystems, with an emphasis on ecological and evolutionary processes. Aspects of physical oceanography, chemical ecology, and geology will be included. Prerequisites: eight hours of biology or permission of instructor. One and a half weeks at the University of Louisiana at Monroe. LUMCON Summer course; alternating years.

4051. MARINE INVERTEBRATE ECOLOGY. 3 cr. In-depth study of the interaction of marine invertebrates with their environment. Emphasis will be placed on understanding the functional role of invertebrates and how the environment shapes morphology, physiology, and behavior. Not intended to be a comprehensive study of invertebrate taxa. Prerequisites: BIOL 3030; MNSC 4010; or permission of instructor. Three weeks. LUMCON Summer course; alternating years.
4056. MARINE FISH ECOLOGY. 3 cr. This course will explore the ecology of coastal marine fishes emphasizing aspects of how fish utilize coastal habitats and how environmental factors influence the distribution, movement, growth, reproduction, abundance, and interspecific interactions of fishes especially their early life history stages. Prerequisites: 16 hours of biology or permission of the instructor. Three weeks. LUMCON Summer course; alternating years.

4061. COASTAL FIELD GEOLOGY. 3 cr. Sedimentary environments, coastal processes, and environmental geological problems of the Mississippi delta plain. Prerequisites: GEOL 1001, 1002, 1003, 1004; permission of instructor. Three weeks. LUMCON Summer course; alternating years.

4071. SPECIAL TOPICS IN MARINE SCIENCE. 1-6 cr. Maximum credit-6 hrs. Courses to be offered vary from year to year; additional information available from department. Intensive field study of a special topic in marine science at the Louisiana Universities Marine Consortium. Prerequisites: 16 hours of science courses including one upper level laboratory course.

4091. SPECIAL PROBLEMS IN MARINE SCIENCE. 1-6 cr. Directed research and study at a coastal laboratory of the Louisiana Universities Marine Consortium. By arrangement.

MARKETING (MRKT)

Required for a major in Marketing: 3002, 3005, 3008, 3011, 4003, 4006, 4009; Marketing 4010 or 4011; three hours of Marketing electives from Marketing 3004, 3007, 4001, 4010, 4011 or 4092; Management 4013—Total of 30 semester hours.

Required for a minor in Marketing: 3001, 3002, 3008, 4009; six hours of Marketing electives — Total of 18 semester hours.

For Undergraduates Only

3001. FUNDAMENTALS OF MARKETING. 3 cr. Marketing by the firm in a competitive economy at the local, national, and international level. Emphasis on the development, implementation, and control of marketing strategies including market target identification and the design of a marketing mix. Prerequisite: Junior standing. F, Sp, Sum

3002. CONSUMER BEHAVIOR. 3 cr. A study of the contribution of psychology, sociology, anthropology and other behavioral sciences to marketing management. Prerequisite: Credit or registration in MRKT 3001. F, Sum

3004. SALES MANAGEMENT. 3 cr. Organization of sales departments; selecting; training, compensating, motivating, and maintaining sales personnel; budgeting; distribution cost analysis; special problems in managing an outside sales force. Prerequisite: MRKT 3001. Sp

3005. PERSONAL SELLING. 3 cr. The fundamental principles of selling; the economic problems connected with personal selling; an analysis of the product and the market; the interview; and building good will. Prerequisite: MRKT 3001. F, Sp, Sum

3007. RETAILING. 3 cr. Marketing to ultimate consumers. Operation of a retail outlet; store organization, displays, location, layout, purchasing, retail advertising, product analysis, personnel management, store services, and operating controls. Prerequisite: MRKT 3001. Sp

3008. MARKETING RESEARCH. 3 cr. Modern marketing research techniques and their application by management to problems involving marketing strategy development, implementation, and control. Prerequisites: 3001; six hours of Marketing electives; MATH 1016 or consent of instructor. F

3011. ADVERTISING AND SALES PROMOTION. 3 cr. The non-personal promotion strategies of modern business. Consideration of budgets, media, messages, and timing of advertising effort. Prerequisite: MRKT 3001. F, Sp (Formerly MRKT 407)

3030. ENTREPRENEURIAL MARKETING. 3 cr. Marketing during the start up and growth stage of new ventures in a dynamic economy at the local, national, and international level. Emphasis on the application of marketing fundamentals in new growing ventures. Prerequisite: junior standing. (Same as ENTR 3053)

4001. INTERNATIONAL. 3 cr. All phases of marketing as applied in an international operation: research, marketing channels, promotion, financing, pricing, licensing, organization requirements, and methods of coordination. Prerequisite: MRKT 3001. F

4003. SERVICES MARKETING. 3 cr. Study of the special characteristics of service enterprises and the development of marketing strategies for such organizations. Prerequisites: MRKT 3001. Sp, Sum

4006. BUSINESS-TO-BUSINESS MARKETING. 3 cr. Strategies and tactics used in marketing complex technologies and services to industrial firms. Emphasis is given to value and vendor analysis as key elements in business-to-business marketing. Prerequisite: MRKT 3001. F

4009. MARKETING MANAGEMENT. 3 cr. Analysis of actual business situations requiring decisions by marketing executives in the marketing mix and environmental areas of marketing. Prerequisites: Six hours of Marketing above MRKT 3001. Sp, Sum

4010. PROFESSIONAL SELLING. 3 cr. An in-depth study of professional selling. Emphasis is placed on negotiating skills, customer relationship management, and general sales-related topics including sales automation, team selling, conflict resolution, ethical issues, and time/territory management. Prerequisites: MRKT 3001 and MRKT 3005. Sp

4011. INTEGRATED MARKETING CAMPAIGNS. 3 cr. The study of integrated marketing communication campaign strategies used by businesses and non-profit organizations. Students develop advertisements, public relations releases, sales promotion tools, and direct marketing pieces to coincide with their campaign plan. Prerequisites: MRKT 3001 and MRKT 3011. F

4012. DIGITAL MARKETING. 3 cr. A study of digital marketing and its role in e-commerce and marketing communications. Topics include social networks, blogs, branding, online advertising, and e-commerce. Prerequisite: 3001.

4092. TOPICS IN MARKETING. 3 cr. Specialized study of topics in Marketing. Content varies. Prerequisite: MRKT 3001

MARRIAGE AND FAMILY THERAPY (MAFT)

For Undergraduates Only

2010. DATING, MARRIAGE AND FAMILY RELATIONSHIPS. 3 cr. The course will provide an interactional approach to the area of interpersonal relationships found in courtship, marriage and family.

2050. SKILLS FOR MARRIAGE AND COUPLES. 3 cr. Designed to provide students with information and skills to support enduring and satisfying marriage and couples relationships.

3010. FOUNDATIONS OF MARRIAGE AND FAMILY THERAPY. 3 cr. This course is designed to provide students with an understanding of marital and family interaction processes—the patterns and dynamics of interactions with couples and families. We will examine the challenges that people confront to achieve effective relationships.
MASS COMMUNICATIONS (MCOM)

Required for a major in Mass Communications: MCOM 2001; 2010; 3070; 3090; 4009 or 4012; 4071 or 4072; 4081; and COMM 4090; plus one of the following concentrations:

- Digital Media Production - MCOM 3051 or 3052 or 3054; 4010; and 4055.
- Journalism - MCOM 3030; 4030; and 4033.
- Public Relations - MCOM 3060; 3061; and 4060.

Total for the major - 30 credit hours

Required for a minor in Mass Communications: MCOM 2001; 2010; 3030 or 3051 or 3052 or 3054 or 3060; 3070; 3090; 4081 - Total of 16 semester hours.

Mass Communications majors and minors are expected to participate in co-curricular activities within the Mass Communications program.

For Undergraduates Only

2001. MASS COMMUNICATIONS AND SOCIETY. 3 cr. History, structure and practices of media industries and professions, and their roles in society; introduction to issues, vocabulary and technological trends for media producers.

2002. MEDIA PERFORMANCE. 3 cr. The role of the announcer; principles of communication in the electronic media; voice and diction, including foreign pronunciation; techniques for various program types. Lecture and lab. A $50 fee is charged each student to help defray expenses related to this course.

2010. WRITING FOR MEDIA. 3 cr. Introduction to writing for mass media; basic news, advertising and public relations writing for print, broadcast, and online media; AP Stylebook. Includes departmental writing exam required to progress in the MCOM major. Lecture and lab. Prerequisite: ENGL 1002.

3030. NEWS REPORTING AND WRITING. 3 cr. Concepts, theories, and practices of writing news for print and broadcast media, including news judgment, use of sources, organizing information, and copy editing. Introduction to news reporting for print and broadcast. Lecture and lab. Prerequisites: MCOM 2010

3041. BROADCAST PROGRAMMING. 3 cr. Analysis of program forms used in the electronic media, effective program structure, and consideration of the audience in relation to programming. Prerequisite: sophomore standing.

3051. PHOTOCOMMUNICATION. 3 cr. Introduction to photography for print media, using digital technology in news, public relations, and related mass communications applications. Lecture and lab. Prerequisite: MCOM 2010 or permission of instructor.

3052. VIDEO PRODUCTION. 3 cr. Introduction to in-studio video production, including camera techniques and effects, equipment utilization and lighting. Lecture and lab. A $50 fee is charged each student to help defray expenses related to this course. Prerequisite: MCOM 2010 or permission of instructor.

3054. ELECTRONIC MEDIA DESIGN. 3 cr. Graphics, typography, layout, design and related creative techniques for a variety of mass communications applications. Lecture and lab. Prerequisite: MCOM 2010 or permission of instructor.

3060. PUBLIC RELATIONS PRINCIPLES AND CASE STUDIES. 3 cr. Overview of the evolution, structure, principles and practices of the public relations profession, emphasizing human behavior in social situations and the role of public opinion in contemporary society. Prerequisite: MCOM 2010.

3061. PUBLIC RELATIONS WRITING AND PLANNING. 3 cr. Publicity planning, writing for all media, and developing techniques for working with mass media and other publics. Lecture and lab. Prerequisite: MCOM 2010.

3070. MASS COMMUNICATION THEORY AND RESEARCH. 3 cr. Theories and research techniques for the study of mass communications processes and effects, emphasizing methods of audience identification, measurement and evaluation for print and electronic media. Prerequisites: MATH 1011 or higher; junior standing.

3090. PRACTICUM. 1 cr. Supervised, on-campus application of methods and techniques in an area of mass communications. Prerequisite: Completion of 12 credit hours of Mass Communications coursework; approval of advisor and supervisor.

4001. MASS COMMUNICATIONS SEMINAR (non-repeatable) 3 cr. Scholarly approaches to contemporary topics in mass communications. Content varies. Prerequisite: junior standing.

4010. WEB MEDIA DESIGN 3 cr. Exploration and acquisition of interactive web media development techniques. Lecture and lab. Prerequisites: MCOM 2010 and MCOM 3052, or MCOM 3054, or MCOM 3051, or permission of instructor.

4040. MEDIA SALES AND PROMOTIONS. 3 cr. In-depth study of selling for media, from prospecting to servicing accounts, with emphasis on adapting sales techniques to the special needs of print and broadcast media. Prerequisite: junior standing.

4055. MOBILE MEDIA DESIGN. 3 cr. Interactive media publishing, focusing on the establishment of an effective mobile presence through design, development, and management of mobile Web media. Lecture and lab. Prerequisites: MCOM 2010 and MCOM 4010 or permission of instructor.

4091. DIRECTED STUDY. 1-3 cr. Individualized study of selected topics in the field of mass communications. Prerequisites: Junior standing; approval of advisor and directed study supervisor.

For Undergraduates and Graduates

4009. FEATURE AND EDITORIAL WRITING. 3 cr. Researching and writing human-interest features; analyzing political, social and economic affairs and writing opinions; print, Web and electronic media styles and formats. Prerequisite: MCOM 2010.

4012. SCRIPTWRITING. 3 cr. Preparation of scripts for all long-program formats, with emphasis on writing and marketing radio, television, and film drama and documentaries. Prerequisite: MCOM 2010 or consent of department head.

4030. ELECTRONIC NEWS GATHERING. 3 cr. Concepts and practices of news coverage for the electronic media, with special attention to field techniques, visualization and editing. Lecture and lab. A $50 fee is charged each student to help defray expenses related to this course. Prerequisite: MCOM 3030.

4052. ADVANCED VIDEO PRODUCTION. 3 cr. Theory and techniques of video production from conception to completion, for a variety of mass communications applications. Lecture and lab. A $50 fee is charged each student to help defray expenses related to this course. Prerequisite: MCOM 3052.

4060. PUBLIC RELATIONS CAMPAIGNS. 3 cr. Use of research to identify problems and development of strategies to meet public relations needs for actual clients. Prerequisites: MCOM 3061 and credit for or concurrent registration in MCOM 3070.

4071. VISUAL COMMUNICATION. 3 cr. Theories of perception, methods of analysis of visual media, and principles and strategies of visual communication, emphasizing critical thinking about the role and function of media in society.

4072. MEDIA ANALYSIS AND CRITICISM. 3 cr. Critical methodologies and analysis of media content and programming, emphasizing aesthetic, historical, social, cultural, and industrial factors affecting audience response. Prerequisite: junior standing.

4081. MASS COMMUNICATIONS LAW. 3 cr. Legal limitations and privileges affecting publishing, advertising, broadcasting, telecasting; consideration of legal philosophy bearing on mass communications media. Prerequisite: junior standing.
MATHEMATICS (MATH)

Undergraduate Requirements

Required for a major: 1031, 1032, 2002, 2032, 2040, 3086, two additional courses numbered 3000 and above, and two additional 4000 level courses, for a total of 33 semester hours.

Required for a concentration (Mathematics Education): 1013, 1031, 1032, 2002, 2032, 2040, 3003, 3007, 3086, and one hour of mathematics elective. Total of 31 semester hours. (See specific degree plan in the College of Arts and Sciences section).

Required for a minor: 1031, 1032, 2002, 2040, plus 2 courses numbered 3000 or above for a total of 20 semester hours.

Required for a minor (Mathematics Education): 1013, 1031, 1032, 2002, 2032, 3007. Total of 21 semester hours. Teacher certification in this minor area requires 30 credit hours or the Praxis content specialty exam.

A student whose ACT/SAT score places them in developmental English or math must successfully complete the course or courses within the first three semesters of enrollment at the University of Louisiana at Monroe to be eligible to maintain continued enrollment. A maximum of three attempts (including drop "W" attempts) will be allowed for the required course. Students who fail to meet this requirement during this time limit must successfully complete the developmental course at another university or community college before being eligible to return to ULM.

For Undergraduates Only

All students whose placement criteria tests indicate that they are deficient in basic algebraic skills will be required to pass MATH 0093 with a "C" or better before enrolling in any Mathematics course numbered 1000 or above.

Because of substantial overlap in content:

Only one course from the following list may be taken for credit toward graduation: MATH 1012, and MATH 1013; Only one course from the following list may be taken for credit toward graduation: MATH 1014 and MATH 1031.

0093. INTRODUCTORY ALGEBRA. 3 cr. Review of fundamentals; operations and properties of rational and real numbers; solutions and linear equations and applications; graphing linear equations and inequalities in two variables; solving systems of linear equations; exponents and polynomials; factoring polynomials; simplifying rational and radical expressions; solving fractional, radical, and quadratic equations. Three semester hours will be added to the degree program of any student required to take this course. Open only to students whose Math ACT is less than 19.

1009. APPLIED ALGEBRA FOR COLLEGE STUDENTS. 3 cr. Emphasis on applications involving: solving equations and inequalities; function properties and graphs; linear, quadratic, polynomial, exponential and logarithmic functions. Recommended for students who will not take Math 1031. Prerequisite: ACT 19 or higher or successful completion of Math 0093. Students may not receive credit for both Math 1009 and Math 1011.

1011. COLLEGE ALGEBRA. 3 cr. Solving equations, inequalities and systems of equations. Functions and graphs including but not limited to polynomials, rational, logarithmic and exponential functions. Students may not receive credit for both Math 1011 and Math 1009. Prerequisite: Open only to students whose Math ACT is 19 or higher or successful completion of MATH 0093.

1012. TRIGONOMETRY. 3 cr. Trigonometric functions, trigonometric identities and equations, logarithms, vectors, complex numbers. Prerequisite: A grade of "C" or better in MATH 1011.

1013. ELEMENTARY FUNCTIONS. 3 cr. A pre-calculus course emphasizing functions of algebraic, trigonometric, and transcendental nature. This course is designed for those students who intend to enroll in calculus. Prerequisite: A "C" or better in MATH 1011, an "A" in MATH 1009, or a MATH ACT score of 23 or higher.

1014. APPLIED CALCULUS FOR THE LIFE SCIENCES. 3 cr. A study of the concepts of differential and integral calculus with applications from the life sciences. Prerequisite: A grade of "C" or better in Math 1011.

1016. ELEMENTARY STATISTICS. 3 cr. Introduction to descriptive statistics, probability, binomial and normal distributions, hypothesis testing, correlation and regression. Not applicable to a major or minor in mathematics or computer science. Prerequisites: A grade of "C" or better in MATH 1009, 1011, 1013 or 1014.

1018. THE NATURE OF MATHEMATICS. 3 cr. Selected topics from number theory, modular arithmetic, geometry, voting theory, fair division, graph theory scheduling, basic statistics, probability and consumer mathematics. Prerequisite: A grade of "C" or better in MATH 1009, 1011, 1013, or 1014.

1031. CALCULUS I. 4 cr. Functions, limits and continuity, derivatives, applications of the derivative, the integral, conic sections. Prerequisite: A grade of "C" or better in MATH 1013 or permission of instructor.

1032. CALCULUS II. 4 cr. Inverse functions, techniques of integration, applications of the integral, sequences and series. Prerequisite: A grade of "C" or better in MATH 1031.

2002. APPLIED LINEAR ALGEBRA. 3 cr. An introduction to the application of matrix algebra. Emphasis on the application of procedures and algorithms. Prerequisite: A grade of "C" or better in MATH 1031 or 1014. Sp

2032. CALCULUS III. 4 cr. Vectors, lines, and planes, vector valued functions, partial derivatives, multiple integrals, calculus of vector fields. Prerequisite: A grade of "C" or better in MATH 1032. Sp

2040. FOUNDATIONS OF MATHEMATICS. 3 cr. Introduction to logic and proofs, set theory, functions and structures relating to algebra and analysis. Prerequisite: A grade of "C" or better in MATH 1031. F

2050. NUMERICAL FOUNDATIONS FOR TEACHERS. 3 cr. Students will discuss problem solving strategies, and investigate elementary number theory, arithmetic operations and algorithms. Emphasis is placed on applying the processes of problem solving, reasoning, connections, communications, and representation by combining discussion, modeling, manipulatives, cooperative learning and technology. For Elementary Education majors only. Prerequisite: A grade of "C" or better in MATH 1011.

2055. MATHEMATICAL AND STATISTICAL FOUNDATIONS FOR ELEMENTARY TEACHERS. 3 cr. Students will analyze patterns, functions, algebraic underpinnings, and statistics. Emphasis is placed in the processes of problem solving, reasoning and proof, describing and analyzing data, probability explorations, and connections, communications and representation by combining discussion, modeling, manipulatives, cooperative learning and technology. For Elementary Education majors only. Prerequisite: A grade of "C" or better in MATH 2050. (Students may not receive credit for MATH 2055 if they have credit in MATH 2052).

3001. DIFFERENTIAL EQUATIONS. 3 cr. An introduction to ordinary differential equations, emphasizing equations of first order and first degree, linear differential equations of higher order, and applications of equations which arise in geometry, chemistry, and physics. Prerequisite: A grade of "C" or better in MATH 1032. F
3003. ELEMENTARY MATHEMATICAL STATISTICS. 3 cr. Random variables, probability, distribution functions, mathematical models, testing hypotheses, frequency distributions, correlations, regression, goodness of fit, derived distributions, non-parametric methods. Prerequisite: MATH 1031.

3007. COLLEGE GEOMETRY. 3 cr. Selected topics from finite, projective, or non-Euclidean geometries. Advanced topics in Euclidean geometry, including constructions. Prerequisite: A grade of "C" or better in MATH 2040. Sp

3050. GEOMETRY AND MEASUREMENT FOR ELEMENTARY TEACHERS. 3 cr. Students will analyze Euclidean geometry and measurement among and between the English and metric systems. Emphasis is placed on applying the processes of problem solving, reasoning, and proof, connections, communications, and representation by combining discussion, modeling, manipulatives, cooperative learning and technology. For Elementary Education majors only. Prerequisite: A grade of "C" or better in MATH 2055.

3073. NUMERICAL METHODS. 3 cr. Numerical algorithms fundamental to scientific work including discussion or error. Prerequisite: CSCI 2003, a grade of "C" or better in MATH 2002, and MATH 1032. (Dual listed as CSCI 3073).

3080. REAL ANALYSIS. 3 cr. Sequences and series of real numbers and their convergence; continuity, differentiation, and integration of real valued functions of one real variable. Prerequisites: A grade of "C" or better in MATH 1032, MATH 2040.

3086. MODERN ALGEBRA. 3 cr. Axioms and the nature of proof, groups, rings, integral domains, fields, homomorphisms and isomorphisms. Prerequisite: A grade of "C" or better in MATH 2002 and MATH 2040.

4017. ADVANCED REAL ANALYSIS. 3 cr. For the middle-school teacher; number concepts and relationships; geometry and measurement; algebra and algebraic structures. Emphasis is on teaching mathematics at the middle school level. Not applicable toward a major nor minor in mathematics at undergraduate or graduate level. Applies to elementary and middle school certification.

4019. TOPOLOGY. 3 cr. Point sets, axiomatic bases, topology of the line and the plane. Emphasis on connectedness, compact sets and continuous transformations. Prerequisite: MATH 2040 and either MATH 3080 or MATH 3086.

4025. ADVANCED MODERN ALGEBRA. 3 cr. Continuation of Math 1014 or MATH 1031 or permission of the department head and junior standing or above. (Same as Computer Science 4020).

4021. INTRODUCTION TO BIOSTATISTICS II. 3 cr. A continuation of 420. Topics include linear and multiple regression, logistics regression, longitudinal data analysis, nonparametric methods and principle component techniques. Prerequisite: MATH 4020 or CSCI 4020 and junior standing or above. (Same as Computer Science 4021).

4031. FUNDAMENTALS OF HIGH SCHOOL MATHEMATICS II. 3 cr. Emphasis is on teaching at the high school level. Topics include, but are not restricted to, number concepts and relationships, geometry and measurement. Not applicable toward a major or minor in mathematics. Applies to middle and high school certification.

4032. FUNDAMENTALS OF HIGH SCHOOL MATHEMATICS III. 3 cr. Emphasis is on teaching at the high school level. Topics include, but are not restricted to, algebra, algebraic structures, data analysis, basic statistics. Not applicable toward a major or minor in mathematics. Applies to middle and high school certification.

4042. MATHEMATICAL MODELS. 3 cr. University capstone course. Development and analysis of mathematical models for physical, biological, and social science. Prerequisites: MATH 3001, 3003 or approval by department head.

For Undergraduates and Graduates

4001. DIFFERENTIAL EQUATIONS. 3 cr. Series solutions to ordinary differential equations, Laplace transforms, systems of differential equations, numerical methods and applications which arise in geometry, chemistry, and physics. Prerequisite: MATH 3001.

4002. LINEAR SPACES. 3 cr. A study of abstract vector spaces including function spaces, linear transformations, operators, functionals and duality, bilinear and quadratic forms. Prerequisite: MATH 2002, 1032.

4003-4004. MATHEMATICAL STATISTICS. 3 cr. each. Probability, discrete and continuous random variables, expected values and moments, special continuous distributions, sampling, point estimation, multivariate normal, interval estimation, tests of hypothesis, regression and linear hypothesis, experimental design models, sequential tests, and nonparametric methods. Prerequisite: MATH 3003.

4005. PARTIAL Differential EQUATIONS. 3 cr. Fourier series, boundary value problems, partial differential equations, special functions, with an emphasis on applications. Prerequisite: MATH 3001.

4006. THEORY OF FUNCTIONS OF A COMPLEX VARIABLE. 3 cr. Real and complex numbers, differentiation and integration of functions of a complex variable, mapping by elementary functions, transformations, infinite series, and theory of residues and poles. Prerequisite: MATH 2032.

4007. HISTORY OF MATHEMATICS. 3 cr. Selected topics on the development of mathematics as a human endeavor; numeration systems; growth of algebra, trigonometry, geometry, and the calculus; contributions from various cultures; selected biographies of mathematicians. Prerequisites: A grade of "C" or better in MATH 2040 and either MATH 3080 or MATH 3086.

4009. CRYPTOLOGY. 3 cr. Introduction to modern applications of mathematics. Private key ciphers, including shift, affine and vigenere; attacks on these ciphers. Modern public key ciphers including RSA and Knapsack. Prerequisite: A grade of "C" or better in MATH 2040 or permission of the instructor.

4010. INTRODUCTION TO BIOSTATISTICS I. 3 cr. An introduction to the discipline of statistics and its application to problems of biology, including human biology, medicine, and public health. Topics include Bayesian inferences, estimation techniques, hypothesis testing, goodness of fit, and analysis of variance. Prerequisite: MATH 1014 or MATH 1031 or permission of the department head and junior standing or above. (Same as Computer Science 4020).

4020. INTRODUCTION TO BIOSTATISTICS I. 3 cr. A first course in biostatistics. Topics include basic concepts of probability and statistics. Not applicable toward a major or minor in mathematics at undergraduate level. Applies to elementary and middle school certification.

4036. ADVANCED MODERN ALGEBRA. 3 cr. Continuation of Math 3086; Euclidean domains, unique factorization domains, principal ideal domains, Galois theory and related topics. Prerequisite: A grade of "C" or better in MATH 3086.

4048. RESEARCH: ALGEBRA. 1-3 cr. Maximum, 6 cr. Research. Open to advanced undergraduates who are capable of developing a problem independently. Prerequisite: approval of department head. (Formerly MATH 498A)

4050. RESEARCH: ANALYSIS. 1-3 cr. Maximum, 6 cr. Research. Open to advanced undergraduates who are capable of developing a problem independently. Prerequisite: approval of department head. (Formerly MATH 498B)

4060. RESEARCH: TOPOLOGY. 1-3 cr. Maximum, 6 cr. Research. Open to advanced undergraduates who are capable of developing a problem independently. Prerequisite: approval of department head. (Formerly MATH 498C)
MEDICAL LABORATORY SCIENCE (MLSC)

Required for a major: 2001, 3010, 3020, 3021, 3022, 3024, 3025, 3026, 3027, 3028, 3030, 3040, 4010, 4011, 4012, 4022, 4023, 4032, 4033, 4043, 4052, 4053

For Undergraduate Only

1001. PRINCIPLES OF MEDICAL LABORATORY SCIENCE. 2 cr. Orientation to the profession of medical laboratory science, the hospital internship, and the many phases of laboratory science encountered in the medical laboratory.

1012. PHLEBOTOMY. 3 cr. Study of phlebotomy, professionalism, patient relations, basic medical laboratory terminology, types of specimens, specimen collection procedures, complications of venipuncture, adaptations for special limits and special types of patients, special collection techniques, and actual collection of laboratory specimens.

2001. MEDICAL LABORATORY PRINCIPLES AND METHODS. 1 cr. A laboratory course to instruct students in the principles of medical laboratory science and basic laboratory techniques including proper use of the medical microscope, pipetting techniques, blood and microscopic slide preparation, use of the spectrophotometer, safety and infection control techniques, proper use of personal protective equipment, venipuncture, hematocrit, and proper identification of cells and microorganisms with the microscope. Sp, F

3010. URINALYSIS AND BODY FLUIDS. 3 cr. Lecture and laboratory course focusing on the anatomy, physiology, and pathology of the renal system, with emphasis on concepts related to the formation, distribution, and function of urine and body fluids and their physical, chemical, and cellular composition in health and disease. MLSC majors only. F

3020. HEMATOLOGY. 3 cr. A study of hematopoiesis, classification, mechanisms and clinical characteristics of the anemias, leukemias, lymphomas, and other related diseases; the mechanism and specific disorders of hemostasis and a study of the principles of various hematological testing procedures and interpretations and correlation of test results with disease states. Three hours lecture. Prerequisite: MLSC majors only. F

3021. HEMATOLOGY LABORATORY. 1 cr. A laboratory course to accompany 3020 to include procedures for a complete blood count, sedimentation rate, L.E. prep, osmotic fragility, sickle cell testing, coagulation testing, various miscellaneous tests and quality control procedures. Three hours laboratory. Prerequisite: MLSC majors only. F

3022. IMMUNOLOGY. 3 cr. A course covering the principles of basic immunology and the application of clinical immunology in the medical laboratory to include: immunoglobulin structures; antigen-antibody reactions, classification, mechanisms, and clinical characteristics of immune disease; transplantation and tumor immunology; and a study of various serological testing procedures and interpretation and correlation of test results with disease states. Three hours lecture. Prerequisite: MLSC majors only. F

3023. SEROLOGY LABORATORY. 1 cr. A laboratory course to accompany 3022 to include representative tests of all types of serological testing performed in the medical laboratory. Three hours laboratory. Prerequisite: MLSC majors only

3024. CLINICAL CHEMISTRY AND TOXICOLOGY. 3 cr. Study of physiologic limits and composition of various body fluids and their methods of analysis. Three hours lecture. Prerequisite: MLSC majors only

3025. CLINICAL CHEMISTRY AND TOXICOLOGY LABORATORY. 1 cr. A laboratory course to accompany 3024 including qualitative and quantitative analysis of physiologic components and composition of the various components of blood and other body fluids and methods of analysis for toxic substances. Three hours laboratory. Prerequisite: MLSC majors only. Sp

3026. CLINICAL CHEMISTRY AND TOXICOLOGY. 3 cr. Principles of basic clinical chemistry and toxicology procedures applied to enzymes; endocrine function; electrolytes and blood gases; renal function; gastric, pancreatic and intestine function; biochemistry of pregnancy; therapeutic drug monitoring and analysis of toxic substances. Prerequisite: MLSC majors only. Sp

3027. IMMUNOHEMATOLOGY AND BLOOD BANKING. 3 cr. A course in the genetic theory of the human blood groups and the administrative and technical operation of blood banks. Three hours lecture. Prerequisite: MLSC majors only. Sp

3028. TECHNICAL PROCEDURES IN BLOOD BANKING. 1 cr. A laboratory course to accompany 3027, giving practical experience in pretransfusion compatibility testing and basic antibody identification and an introduction to donor screening and component preparation. Three hours laboratory. Prerequisite: MLSC majors only. Sp

3030. MEDICAL MICROBIOLOGY I. 4 cr. The morphology, physiology, and immunogenicity of disease-causing bacteria, methods of solution, identification, susceptibility testing, and control of pathogenic bacteria and diseases. Three hours lecture and three hours laboratory. Prerequisite: MLSC majors only. F, Sp

3031. URINALYSIS. 1-6 cr. Individual investigation of selected problems in Urinalysis. Prerequisites: approval of the program director. F, Sp, Sum

3042. HEMATOLOGY. 1-6 cr. Individual investigation of selected problems in Hematology. Prerequisites: approval of the program director. F, Sp, Sum

3043. IMMUNOLOGY. 1-6 cr. Individual investigation of selected problems in Immunology. Prerequisites: approval of the program director. F, Sp, Sum

3044. BLOOD BANKING. 1-6 cr. Individual investigation of selected problems in Blood Banking. Prerequisites: approval of the program director. F, Sp, Sum

3045. SEROLOGY. 1-6 cr. Individual investigation of selected problems in Serology. Prerequisites: approval of the program director. F, Sp, Sum

3046. CLINICAL CHEMISTRY. 1-6 cr. Individual investigation of selected problems in Clinical Chemistry. Prerequisites: approval of the program director. F, Sp, Sum

3047. TOXICOLOGY. 1-6 cr. Individual investigation of selected problems in Toxicology. Prerequisites: approval of the program director. F, Sp, Sum

3048. OTHER PROBLEMS IN MLSC. 1-6 cr. Individual investigation of selected problems. Prerequisites: approval of the program director. F, Sp, Sum

3049. PARASITOLOGY. 1-6 cr. Individual investigation of selected problems in Parasitology. Prerequisites: approval of the program director. F, Sp, Sum

3050. MEDICAL LABORATORY MANAGEMENT. 1-6 cr. Individual investigation of selected problems in Medical Laboratory Management. Prerequisites: approval of the program director. F, Sp, Sum
MILITARY SCIENCE (MILS)

Required for a minor: 3010, 3011, 3012, 3013, 3014, 4010, 4011, 4012, 4013—Total of 19 semester hours.

For Undergraduates Only

1012. LEARNING TO LEAD. 1 cr. Introduction to the Army fundamentals of leadership and first aid.

1013. BASIC LEADERSHIP LAB II. 1 cr. Practical laboratory of applied leadership and tactical skills taken with MILS 1012. Activities include rifle marksmanship, first aid, rope crafts, physical conditioning, individual tactical skills, and team development skills.

2010. APPLIED LEADERSHIP. 2 cr. The study of leadership principles and fundamentals, team development, and tactical skills. Registration in MILS 2011 required.

2011. BASIC LEADERSHIP LAB III. 1 cr. Practical laboratory of leadership skills to develop individual skills and develop individuals as part of an effective team. Activities include advanced drill, military tactics, communications, land navigation, and basic rifle marksmanship.

2012. LEADERSHIP DEVELOPMENT. 2 cr. The study of land navigation, individual tactical skills, and communications. Registration in MILS 2011 required.

2013. BASIC LEADERSHIP LAB IV. 1 cr. A practical laboratory of applied leadership and military skills to accompany MILS 2012. Activities include rifle marksmanship, first aid, rope crafts, physical conditioning, individual tactical skills, and team development.

2014. CAMP CHALLENGE. 6 cr. A six-week summer camp conducted at an Army post. Provides the student with core training allowing placement into the 3000/4000 level courses. Non-obligatory. Open to students who have not taken all four of MILS 1010, 1012, 2010, and 2012 classes, and who pass a physical examination paid for by ROTC. Prerequisite: Approval of the Professor of Military Science and completion of a minimum of 57 credit hours. To receive credit, the student must enroll in a summer term prior to departure for camp.

3010. LEADERSHIP TACTICS. 3 cr. Military leadership principles, land navigation, small unit tactics, and physical training. Registration in MILS 3011 required.

3011. ADVANCED LEADERSHIP LAB I. 1 cr. Laboratory course to accompany MILS 3010. A practical laboratory of applied leadership that is planned and executed by the MS IV cadets. Activities include drill and ceremonies, land navigation, rappelling, rifle marksmanship, tactics, first aid, water survival, physical conditioning, and communications.

3012. LEADERSHIP AND MANAGEMENT. 3 cr. Military principles, small unit tactics, tactical communications and physical training. Includes participation in a three-day field training exercise. Registration in MILS 3013 required.

3013. ADVANCED LEADERSHIP LAB II. 1 cr. Laboratory course to accompany MILS 3012. A practical laboratory of applied leadership that is planned and executed by the MS IV cadets. Activities include drill and ceremonies, land navigation, rifle marksmanship, tactics, physical conditioning, and communications.

3014. ROTC ADVANCED CAMP. 3 cr. Five weeks of intensified instruction and practical exercise in tactics, leadership, and weapons conducted at an Army post under the control of ROTC instructor personnel. Prerequisites: MILS 3010 and 3012. To receive credit for 3014, the student must enroll in the second summer session prior to departure for camp.

4010. ADVANCED LEADERSHIP AND MANAGEMENT. 3 cr. Study of command and staff activities, customs and courtesies, ethics, platoon operations, oral presentation techniques, and counseling.

4011. ADVANCED LEADERSHIP LAB III. 1 cr. Laboratory course to accompany MILS 4010. A practical laboratory of applied leadership that is planned and executed by the MS IV cadets. Activities include drill and ceremonies, land navigation, rappelling, rifle marksmanship, tactics, first aid, water survival, physical conditioning, and communications.

4012. OFFICERSHIP. 3 cr. Study of administrative skills, military law, responsibilities of an officer, and applied management techniques.
4013. ADVANCED LEADERSHIP LAB IV. 1 cr. Laboratory course to accompany MILS 4012. A practical laboratory of applied leadership that is planned and executed by the MS IV cadets. Activities include drill and ceremonies, land navigation, rifle marksmanship, tactics, physical conditioning, and communications.

4093. AIR ASSAULT SCHOOL. 3 cr. Maximum 9 cr. Directed study at a military installation. Prerequisite: Approval of the professor of Military Science. (Formerly MILS 499A)

4094. AIRBORNE SCHOOL. 3 cr. Maximum 9 cr. Directed study at a military installation. Prerequisite: Approval of the professor of Military Science. (Formerly MILS 499B)

4095. CADET TROOP LEADER TRAINING. 3 cr. Maximum 9 cr. Directed study at a military installation. Prerequisite: Approval of the professor of Military Science. (Formerly MILS 499C)

4096. NORTHERN WARFARE TRAINING. 3 cr. Maximum 9 cr. Directed study at a military installation. Prerequisite: Approval of the professor of Military Science. (Formerly MILS 499D)

4097. MOUNTAIN WARFARE TRAINING. 3 cr. Maximum 9 cr. Directed study at a military installation. Prerequisite: Approval of the professor of Military Science. (Formerly MILS 499E)

4098. OTHER. 3 cr. Maximum 9 cr. Directed study at a military installation. Prerequisite: Approval of the professor of Military Science. (Formerly MILS 499F)

All music majors must pass all common courses and courses specific to their respective concentration, a total of 87 hours, with a grade of "C" or better.

Students enrolled in a Bachelor of Music degree with a concentration in instrumental music education or vocal music education are required to pass parts I and II of the Praxis examination as a prerequisite for student teaching. Students pursuing a concentration in Instrumental or Vocal Music Education should see specific requirements pertaining to teacher education and the Praxis exam in College of Education and Human Development section of this catalog.

Required for a music minor: 1002, 1003, 1004, 1005, 4091, 4092, 8 hours of major or minor performance, and 2 hours of major ensemble—Total of 24 semester hours.

To receive credit for performance courses, students are required to practice a minimum of four hours per week for each semester hour of credit carried; must perform before a faculty committee at each final examination period. Students completing their fourth semester in the major performance area must appear before the music faculty for examination purposes. Instrumental students must perform a "scale jury" in a semester decided by the studio teacher.

Students in concentrations that require credit hours in minor-level performance study must include 4 hours of piano if piano is not the student's major instrument. Courses in performance may be repeated for credit; however, the student must complete the senior year requirements in one major performance area for a degree in music or music education.

Students enrolled in a Bachelor of Music Education degree with a concentration in instrumental music education or vocal music education are not required to enroll in a performance course during the semester in which they student teach.

Students majoring in music with a concentration in music theory and composition must complete by the end of the junior year a composition for their major instrument, a vocal composition, and a fugue. By the end of the senior year they must complete a movement of a sonata for chamber group and a composition for full orchestra or band. Scores and parts of a selected number of these compositions must be permanently filed with the department. Students pursuing this concentration whose major performance area is in voice or an instrument other than a keyboard instrument are required to take their 6 hours of minor performance studies in piano.

Prior to graduation, and preferably during the junior or senior year, each student majoring in Music with a concentration in Music Theatre must successfully perform a significant role in an ULM music theatre production. Students will enroll in MUSC 4008 for three hours of credit during the semester in which they perform the role and obtain a final grade of no less than a "C" to meet this requirement.
All candidates for degrees with a major in music, regardless of the curriculum followed, will be required to pass proficiency examinations in piano and must enroll in piano until the proficiency level appropriate to the major program is passed. Students whose major performance medium is other than keyboard must pass Piano Proficiency VI. Except for those students pursuing a concentration in Piano Pedagogy and those students pursuing a concentration in Instrumental Performance whose major performance area is in a keyboard instrument, the piano sequence MUSC 1015, 1016, 2015, 2016 must be completed before enrolling in private instruction. Permission for exceptions to this may be granted by the Head of the Division of Music.

All music majors must participate in at least one of the major music organizations, band, orchestra, or chorus, on a full time basis, for non-credit, during every fall and spring semester enrolled. Participation in a particular organization must be directly appropriate to the student’s major performing medium. Membership in the various organizations shall be determined by the director concerned. Music majors must obtain a grade of no less than "C" in the course. Music majors with a concentration in music education are not required to perform in a major ensemble during the semester in which they student teach. Qualified non-music majors may participate in these organizations for credit or non-credit and must be approved by the respective director. Qualified students may enroll in more than one ensemble per semester. Students with a concentration in instrumental performance must enroll in four semesters of MUSC 4034 (Chamber Music) for one credit in addition to the major ensemble requirements detailed above.

All music majors must enroll in Recital Class (MUSC 1000/20000/3000/4000) each semester of attendance and obtain a grade of no less than "CR" in the course. Music majors with a concentration in music education are not required to enroll in Recital Class during the semester in which they student teach.

4049. INTEGRATIVE HEALTH PROMOTION FOR PROFESSIONALS. 3 cr. This course explores integrative health modalities that will assist people to address wellness and illness using a variety of strategies. This holistic approach to health promotion combines conventional treatment with clinically proven complementary and alternative therapies. Prerequisites: NURS 2002, or NURS 2005, or NURS 2016. Sum

4051. CRITICAL CARE NURSING: ADULT. 3 cr. The indepth study of critical care aspects of nursing, including support mechanisms. Prerequisite: NURS 4004, 4005, Registered Nurse license, or permission of the Director, School of Nursing. (Formerly NURS 450A)

4052. CRITICAL CARE NURSING: PEDIATRIC. 3 cr. The indepth study of critical care aspects of nursing, including support mechanisms. Prerequisite: NURS 4004, Registered Nurse license, or permission of the Director, School of Nursing. (Formerly NURS 450B)

4053. CRITICAL CARE NURSING: MICU. 3 cr. The indepth study of critical care aspects of nursing, including support mechanisms. Prerequisite: NURS 4004, 4005, Registered Nurse license, or permission of the Director, School of Nursing. (Formerly NURS 450C)

4054. CRITICAL CARE NURSING: SICU. 3 cr. The indepth study of critical care aspects of nursing, including support mechanisms. Prerequisite: NURS 4004, 4005, Registered Nurse license, or permission of the Director, School of Nursing. (Formerly NURS 450D)

4055. CRITICAL CARE NURSING: PICU. 3 cr. The indepth study of critical care aspects of nursing, including support mechanisms. Prerequisite: NURS 4004, 4005, Registered Nurse license, or permission of the Director, School of Nursing. (Formerly NURS 450E)

4056. CRITICAL CARE NURSING: NICU. 3 cr. The indepth study of critical care aspects of nursing, including support mechanisms. Prerequisite: NURS 4004, 4005, Registered Nurse license, or the permission of the Director, School of Nursing. (Formerly NURS 450F)

4057. CRITICAL CARE NURSING: BURN. 3 cr. The indepth study of critical care aspects of nursing, including support mechanisms. Prerequisite: NURS 4004, 4005, Registered Nurse license, or permission of the Director, School of Nursing. (Formerly NURS 450H)

4058. CRITICAL CARE NURSING: PSYCHIATRY. 3 cr. The indepth study of critical care aspects of nursing, including support mechanisms. Prerequisite: NURS 4004, 4005, Registered Nurse license, or permission of the Director, School of Nursing. (Formerly NURS 450I)

4059. CRITICAL CARE NURSING: DIALYSIS. 3 cr. The indepth study of critical care aspects of nursing, including support mechanisms. Prerequisite: NURS 4004, 4005, Registered Nurse license, or permission of the Director, School of Nursing. (Formerly NURS 450J)

4060. CRITICAL CARE NURSING: EMERGENCY. 3 cr. The indepth study of critical care aspects of nursing, including support mechanisms. Prerequisite: NURS 4004, 4005, Registered Nurse license, or permission of the Director, School of Nursing. (Formerly NURS 450K)

4061. CRITICAL CARE NURSING: SUBSTANCE ABUSE. 3 cr. The indepth study of critical care aspects of nursing, including support mechanisms. Prerequisite: NURS 4004, 4005, Registered Nurse license, or permission of the Director, School of Nursing. (Formerly NURS 450L)

4062. COMMUNITY HEALTH. 3 cr. Nursing theory for individuals, families, and groups with a focus on community health. Prerequisites: NURS 4004, 4005; credit or registration in 4063.

4063. COMMUNITY PRACTICUM. 2 cr. Application of nursing theory to individuals, families, and groups in the community. Prerequisites: NURS 4004, 4005; credit or registration in 4062.

4064. NURSING MANAGEMENT. 2 cr. Management theory and principles adapted to nursing; A focus on synthesis of nursing health maintenance, restoration and reorganization. Prerequisites: NURS 4004, 4005; credit or registration in 4065.

4065. MANAGEMENT PRACTICUM. 4 cr. Application of management theory to the delivery of health care in a variety of settings. Prerequisites: NURS 4004, 4005; credit or registration in 4064.

4072. COMMUNITY CONCEPTS. 3 cr. Nursing theory with a focus on community health. Prerequisites: NURS 2004, 2016, 2020, 2080; current RN licensure; credit or registration in NURS 4073.

4073. COMMUNITY PRACTICUM RN. 2 cr. Application of the nursing theory to individuals, families, and groups in the community. Prerequisites: NURS 2004, 2016, 2020, 2080; current RN licensure; credit or registration in NURS 4072.

4074. MANAGEMENT CONCEPTS. 2 cr. Management theory and principles adapted to nursing for the Registered Nurse. Prerequisites: NURS 2004, 2016, 2020, 2080; current RN licensure; credit or registration in NURS 4075.

4075. MANAGEMENT PRACTICUM RN. 4 cr. Application of management theory to the delivery of health care in a variety of settings. Prerequisites: NURS 2004, 2016, 2020, 2080, credit or registration in NURS 4074; current RN licensure.

**OCCUPATIONAL THERAPY (OCCT)**

For Undergraduates Only

1006. PATHOLOGY. 3 cr. Introduction to physical pathological conditions commonly encountered in the practice of occupational therapy. Prerequisites: 2.5 overall GPA (uncorrected). OCTA majors only. Su II

1015. PATHOLOGY. 3 cr. Introduction to mental and developmental conditions commonly encountered in the practice of occupational therapy. Prerequisites: 2.5 overall GPA (uncorrected). OCTA majors only. F

2000. SEMINAR: PROFESSIONAL DEVELOPMENT. 1 cr. Foundations of the professional development of the occupational therapy practitioner, and exploration of personal, individual and societal factors that contribute to the health professional-patient/client relationship. Prerequisite: 2.5 overall GPA (uncorrected). OCTA majors only. Su II

2001. INTRODUCTION TO OCCUPATIONAL THERAPY. 3 cr. History and development of occupational therapy; introduction to the scope, roles, functions and treatment objectives. Prerequisite: 2.5 overall GPA (uncorrected). OCTA majors only. Su II

2004. PRE-CLINICAL LAB. 1 cr. Introduction to the role of the Occupational Therapy Assistant in the clinical setting and exploration of the influence of personal perspectives, social systems, and culture on health, wellness, and occupational performance across the life span. Three contact hours of lab per week. Prerequisite: 2.5 overall GPA (uncorrected). OCTA majors only. F

2005. EVALUATION. 3 cr. Introduction to basic evaluation techniques used in the practice of occupational therapy and the Occupational Therapy Assistant’s role in the evaluation process. Prerequisite: 2.5 overall GPA (uncorrected). OCTA majors only. F

2008. GROUP PROCESS. 3 cr. Basic elements of interactive processes, activity teaching and observation writing. Prerequisite: 2.5 overall GPA (uncorrected). OCTA majors only. Sp

2010. HEALTH CARE SYSTEMS. 3 cr. Introduction to the structure and organization of health care delivery systems and basic departmental procedures. Prerequisite: 2.5 overall GPA (uncorrected). OCTA majors only. Sp

2022. THEORY AND PRACTICE I. 3 cr. Exploration of general treatment concepts and treatment approaches and techniques for the client with physical dysfunction to be performed by the Occupational Therapy Assistant. Prerequisites: Concurrent registration in OCCT 2026; 2.5 overall GPA (uncorrected). OCTA majors only. F

2025. THEORY AND PRACTICE LAB. 1 cr. A laboratory course to provide enrichment to didactic coursework through directed observation and participation in selected aspects of the occupational therapy process. Three contact hours of lab per week. Prerequisite: 2.5 overall GPA (uncorrected). OCTA majors only. Sp

2026. APPLIED LABORATORY. 1 cr. A laboratory course which explores the application of evaluation and treatment techniques used by the Occupational Therapy Assistant. Three contact hours of laboratory per week. Prerequisite: 2.5 overall GPA (uncorrected). OCTA majors only. F

2028. PEDIATRIC LABORATORY. 1 cr. A laboratory course providing an opportunity for manipulation and application of treatment approaches and techniques for the client with developmental dysfunction. Three contact hours of lab per week. Prerequisites: Concurrent registration in OCCT 2042; 2.5 overall GPA (uncorrected). OCTA majors only. Sp

2029. PSYCHOSOCIAL LABORATORY. 1 cr. A laboratory course providing an opportunity for manipulation and application of treatment approaches and techniques for the client with psychosocial dysfunction. Three contact hours of lab per week. Prerequisites: Concurrent registration in OCCT 2032; 2.5 overall GPA (uncorrected). OCTA majors only. Sp

2032. THEORY AND PRACTICE II - PSYCHOSOCIAL. 2 cr. Exploration of treatment approaches and techniques for the client with psychosocial dysfunction to be performed by the Occupational Therapy Assistant. Prerequisites: Concurrent registration in OCCT 2029; 2.5 overall GPA (uncorrected). OCTA majors only. Sp

2042. THEORY AND PRACTICE II - DEVELOPMENTAL. 2 cr. Exploration of treatment approaches and techniques for the client with developmental dysfunction to be performed by the Occupational Therapy Assistant. Prerequisites: Concurrent registration in OCCT 2028; 2.5 overall GPA (uncorrected). OCTA majors only. Sp

2045. THERAPEUTIC MEDIA. 2 cr. Basic techniques and analysis of therapeutic media to be applied in occupational therapy treatment. Prerequisite: 2.5 overall GPA (uncorrected). OCTA majors only. F

2060. FIELDWORK PRACTICUM. 3 cr. An eight-week occupational therapy experience in a ULM-approved setting with clients who have physical, developmental, or psychiatric disorders. Students receive a grade of “CR” or “F.” Prerequisites: Approval of the Occupational Therapy Fieldwork Coordinator; 2.5 overall GPA (uncorrected). OCTA majors only.

2061. FIELD WORK PRACTICUM. 3 cr. An eight-week occupational therapy experience in a ULM-approved setting with clients who have physical, developmental or psychological disorders. Students receive a grade of “CR” or “F.” Prerequisites: Approval of the Occupational Therapy Fieldwork Coordinator; 2.5 overall GPA (uncorrected). OCTA majors only.

PHARMACY

PHARMACY (PHAR)

Doctor of Pharmacy Requirements

Required for a major (PHAR): 3000, 3050, 3085, 4002, 4003, 4007, 4008, 4009, 4011, 4012, 4013, 4025, 4032, 4036, 4045, 4047, 4051, 4054, 5003, 5015, 5074, 5087, 5088, 5089, 6034, 6035, 6036, 6037, 6038, 6039, 6040, and 10 hours of pharmacy electives — Total of 150 semester hours (Pharmacy elective credits must be taken while enrolled in the professional program. A list of approved electives is available in the College of Pharmacy Office or Student and Professional Affairs. Additional courses may be reviewed by the Doctor of Pharmacy Curriculum Committee and recommended to the Dean of Academic Affairs for credit.)

For Undergraduates and Professionals

3001. STRESS AND THE IMPAIRED PROFESSIONAL. 1 cr. A discussion of factors associated with inappropriate responses to stress leading to impairment of health professionals such as alcoholism, drug dependence, and occupational burnout with emphasis on preventative strategies.

3002. MEDICAL ETHICS. 2 cr. The class will address ethical dilemmas the health professionals face in their professional careers. The students will gain keen insight into the problems associated with health care delivery systems and will be prepared to face the ethical problem that will surface with the adoption of reform. Open to majors in the Health Sciences only.

3010. HISTORY OF PHARMACY. 2 cr. An examination of the historical basis of contemporary pharmacy practice.

4004. PUBLIC HEALTH SCIENCE. 2 cr. Development, scope, and methods employed in public health. Principles of biostatistics, epidemiology, environmental sanitation and the study of major health problems are included.

4006. COMMUNITY HEALTH EDUCATION. 2 cr. Development of technologies that facilitate changes in health related behavior that affect individuals, organizations, and social or community systems.

4053. HEALTH CARE SYSTEMS. 2 cr. The organization of health care services in the United States, with emphasis on historical development, present characteristics, and future trends.
For Professionals Only

3085. PATIENT COUNSELING AND COMMUNICATION. 2 cr.
Principles and techniques of communication applicable to pharmacy practice. Prerequisite: Second year pharmacy standing.

4045. PROFESSIONAL PRACTICE LABORATORY. 1 cr.
Principles and techniques of dispensing extemporaneously prepared and prefabricated products, and relevant aspects of contemporary pharmacy practice. Prerequisites: 4032; credit or registration in 4054.

4067. PESTICIDES. 2 cr.
Chemicals and drugs which have important application as insecticides, herbicides, fungicides, and rodenticides. Prerequisite: 4013.

4069. ONCOLOGY PHARMACY PRACTICE. 2 cr.
Appropriate therapy for hematological and oncologic disease states, supportive care, oncologic emergencies and critical care issues, pathophysiology, and the pharmacologic and physiochemical properties of medications. Preparation, distribution and administration of chemotherapy will also be covered. Prerequisites: Third year pharmacy standing.

4087. DISEASE PATHOGENESIS AND PHARMACOTHERAPY III. 5 cr.
The application of pharmacokinetic principles to the safe and therapeutic administration of chemotherapy will also be covered. Prerequisites: Third year pharmacy standing.

4089. INTRODUCTORY TOXICOLOGY. 3 cr.
Survey of the occurrence, properties and harmful effects of natural and man-made toxic substances in personal, occupational and global environments. Prerequisites: Credit or registration in Biology 3011, 3013, and Chemistry 3004.

4096. PHARMACEUTICAL LEGISLATION. 3 cr.
Historical Development of pharmaceutical law and its effect on the practice of pharmacy. Prerequisite: 4054.

5003. PATIENT ASSESSMENT FOR PHARMACISTS. 2 cr.
Utilization of physical assessment findings to evaluate drug therapy needs and response. Prerequisite: Third year pharmacy standing.

5015. CLINICAL PHARMACOKINETICS. 3 cr.
The application of pharmacokinetic principles to the safe and therapeutic management of the individual patient. Prerequisites: 4032.

5024. CLINICAL TOXICOLOGY. 2 cr.
Information on the clinical management of poisonings including the assessment of toxic potential, stabilization of vital function, and specific antidotal measures. Prerequisite: Third year pharmacy standing. (Same as TOXI 424)

5074. PHARMACOTHERAPY FORUM. 3 cr.
Experience in making formal oral and written presentations to peer professionals and assessment of the ability to evaluate and apply the literature. Prerequisite: Third year pharmacy standing. Credit or registration in Pharmacy 5088.

5087. DISEASE PATHOGENESIS AND PHARMACOTHERAPY III. 5 cr.
Pathogenesis, diagnosis and rational therapeutic approaches to treatment of selective disease states in humans. Prerequisite: 4014, 4018, 5086.

5088. DISEASE PATHOGENESIS AND PHARMACOTHERAPY IV. 4 cr.
Pathogenesis, diagnosis and rational therapeutic approaches to treatment of selective disease states in humans. Prerequisite: 4014, 4018, 5087.

5089. RESEARCH METHODS FOR THE PHARMACIST. 2 cr.
Introduction to the design and common statistical analysis of clinical drug trials. Prerequisite: 4025; Third year pharmacy.

6034. ADVANCED COMMUNITY PHARMACY PRACTICE EXPERIENCE. 6 cr.
Application of knowledge skills and attitudes necessary to provide pharmaceutical care in the community pharmacy setting. Experiences include patient triage, disease state management, patient education, follow-up and monitoring as well as medication distribution activities. Fourth year pharmacy standing.

6035. ADVANCED INSTITUTIONAL PHARMACY PRACTICE EXPERIENCE. 6 cr.
Application of the knowledge skills and attitudes necessary to provide pharmaceutical care and manage the pharmacy practice in the institutional setting. Fourth year pharmacy standing.

6036. ADVANCED AMBULATORY CARE PHARMACY PRACTICE EXPERIENCE. 6 cr.
Application of the knowledge, skills and attitudes necessary to provide pharmaceutical care in ambulatory care setting. Activities provide exposure to a variety of disease states, and experiences include patient triage, disease state management, and patient education, follow-up and monitoring. Fourth year pharmacy standing.

6037. ADVANCED ADULT MEDICINE PHARMACY PRACTICE EXPERIENCE. 6 cr.
Application of the knowledge, skills and attitudes necessary to provide pharmaceutical care in acute care settings. Activities provide exposure to a variety of disease states, allowing students to gain experience gathering and evaluating patient data, making therapeutic decisions and monitoring drug therapy. Fourth year pharmacy standing.

6038. ADVANCED SPECIALTY PHARMACY PRACTICE EXPERIENCE. 6 cr.
Application of the knowledge, skills and attitudes necessary to provide pharmaceutical care in specialty setting. Activities provide a focused exposure to specific areas of pharmacy practice and experiences are focused on providing pharmacy care in these areas of practice. Fourth year pharmacy standing.

6039. ADVANCED PHARMACY PRACTICE ELECTIVE EXPERIENCE I. 6 cr.
Application of the knowledge, skills and attitudes necessary to provide pharmaceutical care in various settings. Activities provide a focused exposure to specific areas of pharmacy practice and experiences are focused on providing pharmacy care in these areas of practice. Fourth year pharmacy standing.

6040. ADVANCED PHARMACY PRACTICE ELECTIVE EXPERIENCE II. 6 cr.
Application of the knowledge, skills and attitudes necessary to provide pharmaceutical care in various settings. Activities provide a focused exposure to specific areas of pharmacy practice and experiences are focused on providing pharmacy care in these areas of practice. Fourth year pharmacy standing.

For Professionals and Graduates

4013. PHARMACOLOGY III. 4 cr.
Continuation of 4012 with emphasis on the cardiovascular, renal, and respiratory systems. Prerequisites: 4007, 4012, 4036.

4014. PHARMACOLOGY IV. 4 cr.
Continuation of 4013 with emphasis on the gastrointestinal system, endocrine system, reproductive system, and chemotherapeutic agents. Prerequisites: 4013; credit or registration in 4018.

4019. PHARMACOBIOTECH. 3 cr.
A study of the application of biotechnology to pharmaceuticals including drugs, diagnostics, and vaccines. Emphasis is placed on the techniques of biotechnology, recombinant proteins and peptides, monoclonal antibodies, and physiochemical properties, and metabolism of genetically engineered biopharmaceuticals. Prerequisite: 4008, 4009; credit or registration in 4014; or approval of department head.

4023. MEDICAL IMMUNOLOGY. 2 cr.

4032. PHARMACEUTICS III. 3 cr.
The interrelationship between formulation factors and pharmacokinetic aspects of drug absorption, distribution, metabolism, and excretion. Prerequisite: 4003.

4054. LAW. 3 cr.
Local, state and federal laws, rules and regulations relating to the practice of Pharmacy. Prerequisite: Second year pharmacy.

5064. PHARMACOGENETICS. 3 cr.
This course will provide students with basic concepts in pharmacogenetics and the role of inheritance on inter-individual variation in drug response. In addition, the class will provide students with an appreciation of how pharmacogenetic and pharmacogenomic fields impact pharmaceutical care. Prerequisites: Pharmacy 4011, 4012, and 4032.
4000. MEDICAL MICROBIOLOGY. 3 cr. Discussion of bacterial, viral, fungal and parasitic pathogens and the diseases they cause. Topics include microbial structure, physiology and genetics, virulence factors and mechanisms of tissue damage. Prerequisite: First Year standing. Credit or registration in 4020.

4002. PRINCIPLES OF DRUG ACTION I. 5 cr. This course focuses on the molecular-level composition of living organisms in relationship to the biochemical and molecular biopharmaceutical bases of therapeutic intervention with medicinal substances, and associated foundational concepts of medicinal and pharmaceutical chemistry, pharmacology, and toxicology. Prerequisites: Credit or registration in 4020.

4004. PHARMACEUTICAL CALCULATIONS. 2 cr. Fundamentals of pharmaceutical measurement and calculations. Prerequisite: First Year standing. Credit or registration in 4020.

4008. PHARMACEUTICS I. 3 cr. Fundamentals of physical pharmacy and an introduction to liquid oral dosage forms. Prerequisite: First year standing. Credit or registration in 4020.

4010. INTRODUCTION TO PHARMACY. 1 cr. An introduction to the pharmacist in society, modes of pharmacy practice, historical perspectives, fundamentals of professional responsibility. Prerequisite: First year standing. Credit or registration in 4020.

4012. PATHOPHYSIOLOGY I. 2 cr. Students will be introduced to disease processes at a cellular level. Prerequisite: First year standing. Credit or registration in 4020.

4014. TOP DRUGS AND MEDICAL TERMINOLOGY. 1 cr. Introduction to the origin and definition of medical terms used in healthcare settings. Arranged by body and organ systems with a heavy emphasis on pharmacology. Brand/Generic names, dosage forms, strengths, and therapeutic class of current top 200 drugs are covered. Prerequisites: Credit or registration in 4020

4020. INTEGRATED LAB SEQUENCE I. 1 cr. First in a six-semester longitudinal course sequence reinforcing students’ knowledge, skills, and attitudes necessary for current and future pharmacy practice. Focus on medical terminology, microbiology, drug action, therapeutics, calculations, pharmaceutics, and pathophysiology. Prerequisite: Credit or registration in 4000, 4002, 4004, 4006, 4100, 4012, 4014.

4025. PRINCIPLES OF IMMUNOLOGY. 2 cr. Detailed discussions of the stimulation, production and role of innate and acquired immune responses, health outcomes in immunopathological conditions, and the modulation of immune function using vaccines and other biotechnology products. Prerequisites: PHRD 4000.

4027. PRINCIPLES OF DRUG ACTION II. 3 cr. A continuation of PHRD 4002. Prerequisites: Completion of PHRD 4002.

4029. PHARMACEUTICS II. 3 cr. Fundamentals of drug delivery systems. Prerequisites: PHRD 4008.

4031. PHARMACY PRACTICE ETHICS AND LAW I. 2 cr. Distinguishes ethical from other kinds of issues in pharmacy, identifies options open to a pharmacist faced with an ethical issue. Students will be introduced to administrative law as it applies to the practice of pharmacy.

4033. DRUG INFORMATION RETRIEVAL. 3 cr. Orientation to current drug information systems, appropriate search strategies utilizing primary, secondary and tertiary resources combined with applications of common statistical tests seen in medical literature.

4035. PATHOPHYSIOLOGY II. 3 cr. The student will continue to build on the knowledge from pathophysiology I as complete organ systems are introduced and the impact of diseases on this systems are studied. Prerequisites: PHRD 4012.

4047. PARENTERALS. 1 cr. The course introduces the student to the pharmacuetics and clinical applications of parenterals. Topics include calculations, aseptic technique, and regulations impacting parenterals.

4049. INTEGRATED LAB SEQUENCE II. 1 cr. Second in a six-semester longitudinal course sequence reinforcing students’ knowledge, skills, and attitudes necessary for current and future pharmacy practice. Focus on immunology, drug action, therapeutics, pharmaceutics, law/ethics, Informatics, pathophysiology, and parenterals. Prerequisites: 4020 and credit or registration in 4025, 4027, 4029, 4031, 4033, 4035, 4047.

4050. COMMUNITY INTRODUCTORY PHARMACY PRACTICE EXPERIENCE. 4 cr. The purpose of this course is to expose students to entry-level pharmacy practice through working in a pharmacy practice site. Prerequisite: PHRD 4031.

4052. RESEARCH METHODS AND LITERATURE EVALUATION. 3 cr. Introduction and application of basic concepts of research methodology and design needed for efficient evaluation, utilization and clinical application of medication information available in medical literature. Prerequisites: PHRD 4033.

4054. INTRODUCTION TO COMMUNICATIONS. 1 cr. Orientation to psychosocial and communication principles and techniques with application to professional practice environments and clinical counseling situations. Prerequisites: PHRD 4010, 4031, and 4033.

4056. BIOPHARMACEUTICS AND PHARMACOKINETICS. 3 cr. The study of the interrelationship between formulation factors and pharmacokinetic aspects of drug absorption, distribution, metabolism, and excretion. Prerequisites: PHRD 4040.

4058. NEUROLOGY AND PSYCHIATRY MODULE. 5 cr. Principles of pathophysiology, pharmacology, medicinal chemistry, clinical pharmacokinetics and pharmacotherapy (including both prescription and non-prescription medications) as they apply to neurology/psychiatric drug therapy management. Prerequisites: Second year standing.

4070. INTEGRATED LAB SEQUENCE III. 1 cr. Third in a six-semester longitudinal course sequence reinforcing students’ knowledge, skills, and attitudes necessary for current and future pharmacy practice. Focus on drug literature evaluation, communications, biopharmaceutics/pharmacokinetics, neurologic/psychiatric, and endocrinologic disorders. Prerequisites: credit or registration in 4052, 4054, 4056, 4058, 4074.

4074. ENDOCRINE MODULE. 3 cr. Principles of pathophysiology, pharmacology, medicinal chemistry, clinical pharmacokinetics and pharmacotherapy (including both prescription and non-prescription medications) as they apply to endocrine drug therapy management. Prerequisites: credit or registration in PHRD 4058.

4077. HEALTH CARE SYSTEMS. 3 cr. An overview of the structure, organization, delivery, and financing of the U.S. health care system, managed health care and pharmacy services combined with the role of the pharmacist.

4079. SELF CARE/PATIENT ASSESSMENT I MODULE. 4 cr. Basic patient assessment skills required in the delivery of pharmaceutical care and principles of self care including: determining if self care is appropriate and recommending appropriate self care treatment. Prerequisites: Second year standing.
4081. INFECTIOUS DISEASES MODULE. 6 cr. Principles of pathophysiology, pharmacology, medicinal chemistry, clinical pharmacokinetics and pharmacotherapy (including both prescription and non-prescription medications) as they apply to infectious diseases drug therapy management. Prerequisites: Second year standing

4083. GASTROINTESTINAL, NUTRITION, AND HEPATIC MODULE. 2 cr. Principles of pathophysiology, pharmacology, medicinal chemistry, clinical pharmacokinetics and pharmacotherapy (including both prescription and non-prescription medications) as they apply to Gastrointestinal and Hepatic disease drug therapy management. Nutrition will also be covered. Prerequisites: PHRD 4058

4099. INTEGRATED LAB SEQUENCE IV. 1 cr. Fourth in a six-semester longitudinal course sequence reinforcing students' knowledge, skills, and attitudes necessary for current and future pharmacy practice. Focus on health-care systems, self-care; patient assessment, infectious diseases, and Gastrointestinal/nutritional/hepatic disorders. Prerequisites: credit or registration in 4077, 4079, 4081, 4083.

5000. INSTITUTIONAL INTRODUCTORY PHARMACY PRACTICE EXPERIENCE. 4 cr. The purpose of this course is to expose students to entry-level pharmacy practice through working in a pharmacy practice site. Prerequisites: Second year standing.

5002. PHARMACY PRACTICE ETHICS AND LAW II. 2 cr. This course reviews the principles of ethics as they apply to pharmacy practice. Students will focus primarily on the law as it applies to drugs, medical devices, and the practice of pharmacy. Prerequisites: PHRD 4031

5004. ADVANCED COMMUNICATION. 2 cr. Application of techniques and strategies for patient-centered and colleague-centered communication with an emphasis is on skills that enable development and maintenance of constructive interpersonal relationships in a variety of pharmacy practice settings. Prerequisites: PHRD 4054

5006. PROFESSIONAL PHARMACY MANAGEMENT. 3 cr. Examination of the managerial aspects of pharmacy practice within the health care system with an emphasis on the basic financial, operational, and human resource management, knowledge, and skills necessary for a successful professional practice. Prerequisites: PHRD 4077

5008. SELF CARE/PATIENT ASSESSMENT II MODULE. 2 cr. Basic patient assessment skills required in the delivery of pharmaceutical care and principles of self care including: determining if self care is appropriate and recommending appropriate self care treatment. Prerequisites: PHRD 4079

5010. CARDIOVASCULAR MODULE. 6 cr. Principles of pathophysiology, pharmacology, medicinal chemistry, clinical pharmacokinetics and pharmacotherapy (including both prescription and non-prescription medications) as they apply to cardiovascular drug therapy management. Prerequisites: Third year standing

5020. INTEGRATED LAB SEQUENCE V. 1 cr. Fifth in a six-semester longitudinal course sequence reinforcing students' knowledge, skills, and attitudes necessary for current and future pharmacy practice. Focus on ethics/law, communications, pharmacy management, self-care, patient assessment, and cardiovascular disorders. Prerequisites: credit or registration in 5002, 5004, 5006, 5008, 5010.

5025. PHARMACOECONOMICS AND OUTCOMES. 2 cr. Introduction to the principles and tools of pharmacoeconomics and outcomes assessment that are commonly used to study the impact of pharmaceutical care services on the health and health care of a patient or community. Prerequisites: PHRD 4077 and 5006

5027. BONE AND JOINT MODULE. 2 cr. Principles of pathophysiology, pharmacology, medicinal chemistry, clinical pharmacokinetics and pharmacotherapy (including both prescription and non-prescription medications) as they apply to bone and joint disease drug therapy management. Prerequisites: PHRD 5008

5029. SPECIAL POPULATIONS MODULE. 2 cr. Provides enhanced coverage of pharmacologic and therapeutic issues relevant to populations with alternative pharmaceutical needs because of unique diseases and altered pharmacokinetics and pharmacodynamics outside of the defined normal adult population. Prerequisites: PHRD 4058, 4074, 4081, 5008, 5010 and credit or registration in PHRD 5027, 5031, 5033, 5035, 5037

5031. RESPIRATORY MODULE. 2 cr. Principles of pathophysiology, pharmacology, medicinal chemistry, clinical pharmacokinetics and pharmacotherapy (including both prescription and non-prescription medications) as they apply to respiratory drug therapy management. Prerequisites: PHRD 4058 and 4074

5033. RENAL/urology MODULE. 2 cr. Principles of pathophysiology, pharmacology, medicinal chemistry, clinical pharmacokinetics and pharmacotherapy (including both prescription and non-prescription medications) as they apply to renal and urology drug therapy management. Prerequisites: PHRD 5010

5035. HEMATOLOGY/ONCOLOGY MODULE. 3 cr. Principles of pathophysiology, pharmacology, medicinal chemistry, clinical pharmacokinetics and pharmacotherapy (including both prescription and non-prescription medications) as they apply to hematology and oncology drug therapy management. Prerequisites: Third year standing

5037. EYE, EARS, NOSE, THROAT, AND DERMATOLOGY MODULE. 2 cr. Principles of pathophysiology, pharmacology, medicinal chemistry, clinical pharmacokinetics and pharmacotherapy (including both prescription and non-prescription medications) as they apply to EENT and dermatologic drug therapy management. Prerequisites: PHRD 4081, 5008 and 5010

5049. INTEGRATED LAB SEQUENCE VI. 1 cr. Sixth in a six-semester longitudinal course sequence reinforcing students' knowledge, skills, and attitudes necessary for current and future pharmacy practice. Focus on pharmacoeconomics, bone/joint, special populations, respiratory, renal/urologic, hematology/oncologic, and EENT/dermatologic disorders. Prerequisites: credit or registration in 5025, 5027, 5029, 5031, 5033, 5035, 5037.

5051. AGING AND DRUG USE IN THE ELDERLY. 2 cr. An examination of normative and pathological aging and their effects on drug use and response in the aged population. Prerequisite: Second or third year pharmacy standing

5052. CASE STUDIES IN PHARMACY ADMINISTRATION. 3 cr. Case studies in medication safety, health care reform, drug marketing, pharmacy law and ethics, professional relations, and managerial accounting. Prerequisites: PHRD 4031 and 4077

5053. HERBAL REMEDIES. 3 cr. Study of herbal remedies and phytomedicinals widely used as self-selected products for therapeutic, quality of life, and prophylactic purposes. The course will focus on safety, efficacy, herb-food, and drug-herb interactions, role of pharmacists to properly assist consumers and aspects of marketing regulations.

5054. HOSPITAL PHARMACY PRACTICE. 2 cr. The history of hospitals; organization and administration of patient care facilities; distribution of pharmaceuticals to inpatients; abilities required of the pharmacist; and the many roles of the pharmacist as a member of the health care team. Prerequisite: Second year pharmacy standing

5055. VACCINATIONS. 2 cr. An innovative and active training program that provides the skills necessary to become a primary source for vaccine advocacy, education and administration. Prerequisite: Third year pharmacy standing

5056. NUCLEAR MEDICINE. 2 cr. Handling and storage of radionuclides and their application to pharmacy practice. The official radiopharmaceuticals and non-official radiopharmaceuticals of merit employed in therapy will be considered. Prerequisite: Second year pharmacy standing

5057. PHARMACOCINETICS. 3 cr. The course will provide students with basic concepts in pharmacogenetics and the role of inheritance on inter-individual variation in drug response. Prerequisite: Second year pharmacy standing
6006. ADVANCED ADULT MEDICINE PHARMACY PRACTICE EXPERIENCE. 6 cr. Application of the knowledge, skills and attitudes necessary to provide pharmaceutical care in acute care settings.

6008. ADVANCED SPECIALTY PHARMACY PRACTICE EXPERIENCE. 6 cr. This course allows students to apply the knowledge skills and attitudes necessary to provide pharmaceutical care in the specialty pharmacy setting. Prerequisite: Fourth year standing.

6010. ADVANCED PHARMACY PRACTICE ELECTIVE EXPERIENCE I. 6 cr. Application of the knowledge, skills and attitudes necessary to provide pharmaceutical care in various settings. Prerequisites: Fourth year standing.

6012. ADVANCED PHARMACY PRACTICE ELECTIVE EXPERIENCE II. 6 cr. Application of the knowledge, skills and attitudes necessary to provide pharmaceutical care in various settings.

PHYSICAL SCIENCE (PSCI)

For Undergraduates Only

1001. PHYSICAL SCIENCE I. 3 cr. each. An interdisciplinary approach to physical and chemical laws and principles applied to matter and energy. Cannot be used to satisfy major or minor requirements. Prerequisite for 1002.

1002. PHYSICAL SCIENCE II. 3 cr. each. An interdisciplinary approach to physical and chemical laws and principles applied to matter and energy. Cannot be used to satisfy major or minor requirements. Prerequisite: credit in PSCI 1001.

1003. PHYSICAL SCIENCE LABORATORY I. 1 cr. each. A laboratory course in introductory physical science to accompany 1001. Two hours of laboratory. Prerequisite: credit or registration in PSCI 1001.

1004. PHYSICAL SCIENCE LABORATORY II. 1 cr. each. A laboratory course in introductory physical science to accompany 1002. Two hours of laboratory. Prerequisite: credit or registration in PSCI 1002.

For Undergraduates and Graduates

4092. GENERAL PHYSICAL SCIENCE. 1-6 cr. Maximum, 6 cr. Special topic in physical science for teachers - general physical science. Prerequisite: approval of department head. (Formerly PSCI 491A)

4093. ENERGY. 1-6 cr. Maximum, 6 cr. Special topic in physical science for teachers - energy. Prerequisite: approval of department head. (Formerly PSCI 491B)

PHYSICS (PHYS)

Undergraduate Requirements

Required for a minor: The PHYS 2007/20008 sequence or PHYS 2003/2004 sequence, PHYS 2009, PHYS 2010, PHYS 3003 and 7 additional hours of 3000/4000-level physics coursework. – Total of 18 semester hours.

For Undergraduates Only

1050. INTEGRATED PHYSICS FOR EDUCATION MAJORS. 3 cr. Basic concepts and principles of physics, in particular, force and motion, energy, light, fluids, electricity and magnetism. Personal applications of science, process skills, problem-solving, and discovery learning are also emphasized. Integrated lecture/lab format. For Elementary Education majors only. (Formerly SCIE 101)
2001. DESCRIPTIVE ASTRONOMY. 3 cr. The astronomical universe from a non-mathematical viewpoint. Prerequisite: credit or registration in PHYS 2002.

2003. GENERAL PHYSICS I. 3 cr. This is a trigonometry-based physics class involving the principles and laws of kinematics, forces, energy, momentum, linear and rotation motion, and statics. Selected topics may include fluids, vibrations, sound, kinetic theory, and heat. Prerequisite: MATH 1012 or 1013.

2004. GENERAL PHYSICS II. 3 cr. This is a trigonometry-based physics class involving the principles and laws of electricity, magnetism. Selected topics may include light, electromagnetic waves, radiation, and modern physics. Prerequisite: PHYS 2003.

2007. UNIVERSITY PHYSICS I. 3 cr. This is a calculus-based physics class involving the principles and applications of mechanics, sound, and heat. For students who will pursue science and engineering. Prerequisite: credit or registration in MATH 1031. F

2008. UNIVERSITY PHYSICS II. 3 cr. This is a calculus-based physics class involving the principles and applications of electricity, magnetism, and light. For students who will pursue science and engineering. Prerequisite: PHYS 2007. Sp

2009. PHYSICS LABORATORY I. 1 cr. Laboratory experiments in mechanics, sound, and heat to accompany 2003 or 2007. Prerequisite: credit or registration in PHYS 2003 or 2007.

2010. PHYSICS LABORATORY II. 1 cr. Laboratory experiments in electricity, magnetism, and light to accompany PHYS 2004 or 2008. Prerequisite: Credit or registration in 2004 or 2008.

2020. HISTORY OF SCIENCE. 3 cr. An introduction to the major influences of scientific thought and discovery on the course of history. Prerequisites: 3 cr in introductory science.

2022. MAJORS' INTRODUCTION TO THE PHYSICS LABORATORY. 1 cr. How to use basic scientific instruments, such as the oscilloscope, and department facilities such as the VAX system (Maple) and the photo darkroom. Approval of the department head. Sp

3003. PHYSICAL THEORY. 3 cr. Applications of calculus in physics including vectors, Newtonian mechanics, the work-energy principle, the kinetic theory of gases, RCL circuits, Gauss and Ampere laws, integral Maxwell equations, and introduction to modern physics. Prerequisites: PHYS 2004 or 2008; MATH 1031.

3004. BIOMECHANICS. 3 cr. Principles of mechanics applied to the musculoskeletal anatomy including Applied Statics, Dynamics, Mechanics. Prerequisites: PHYS 2003 and PHYS 2009

3010. DIGITAL ELECTRONICS. 3 cr. Digital electronics including gates, Boolean algebra, combinational logic, binary number operations, flip-flops, latches, and counters. Prerequisite: PHYS 2004 or 2008.

3014. DIGITAL ELECTRONICS LABORATORY. 1 cr. Digital integrated circuits including logic gates, latches, flip flops, decoders, encoders, analog-to-digital conversions, shift registers, counters, multiplexers, ROM’s, RAM’s. Three hours of laboratory. Prerequisite: PHYS 3010 or approval of department head.

3015. MECHANICS. 3 cr. Application of the fundamental laws of mechanics to particles and rigid bodies. Prerequisites: PHYS 2004 or 2008; MATH 1031.

3017. ELECTRICITY AND MAGNETISM. 3 cr. The theory of electricity and magnetism. Prerequisites: PHYS 2008, MATH 1032.

3022. ELEMENTARY MODERN PHYSICS. 3 cr. Introduction to relativity, quantum effects, quantum mechanics, condensed matter, physics, nuclear physics, and high energy physics. Prerequisites: PHYS 2004 or 2008.

3092. THEORETICAL MECHANICS. 3 cr. each. Maximum, 6 cr. Directed study. Investigative and advanced study in theoretical mechanics. Prerequisite: approval of department head. (Formerly PHYS 391A)

3093. ELECTRICAL CIRCUITS. 3 cr. each. Maximum, 6 cr. Directed study. Investigative and advanced study in electrical circuits. Prerequisite: approval of department head. (Formerly PHYS 391B)

3094. MODERN PHYSICS. 3 cr. each. Maximum, 6 cr. Directed study. Investigative and advanced study in modern physics. Prerequisite: approval of department head. (Formerly PHYS 391C)

3095. FLUID MECHANICS. 3 cr. each. Maximum, 6 cr. Directed study. Investigative and advanced study in fluid mechanics. Prerequisite: approval of department head. (Formerly PHYS 391D)

For Undergraduates and Graduates

4001. THERMODYNAMICS AND STATISTICAL MECHANICS. 3 cr. Principles and application of heat transfer and the laws of thermodynamics. Prerequisites: PHYS 2008; MATH 2032.

4005. BASIC PHYSICS LABORATORY. 1 cr. Classical physics experiments in heat and thermodynamics, mechanics, optics, and electricity and magnetism. Three hours of laboratory. Prerequisites: PHYS 3015 and 4001.

4006. BASIC PHYSICS LABORATORY. 1 cr. Modern physics experiments in solid state, atomic and nuclear physics and selected experiments in departmental research areas. Three hours of laboratory. Prerequisites: PHYS 4006.

4009. OPTICS. 3 cr. Principles and applications of geometrical and physical optics. Prerequisites: PHYS 2008 and credit or registration in MATH 2032.

4010. PHYSICS FOR SECONDARY TEACHERS. 3 cr. Elementary concepts of physics applicable to junior and senior high school science courses. Not applicable toward B.S. or M.S. degree in physics. Prerequisite: approval of department head.

4012. MATHEMATICAL PHYSICS. 3 cr. Methods of formulation and solution of problems involving force fields as encountered in physical mechanics and electromagnetic theory. Prerequisite: PHYS 2008; MATH 2032.

4015. MECHANICS. 3 cr. Language and Hamiltonian formulations, vibrational systems, and advanced general methods. Prerequisites: PHYS 3015; MATH 1032.

4017. ELECTRICITY AND MAGNETISM. 3 cr. A theoretical treatment of electricity and magnetism with electromagnetic wave phenomena and Maxwell’s Equations. Prerequisites: PHYS 3017 and credit or registration in MATH 2032.

4021. RESEARCH. 1-3 cr. Research problems that emphasize current progress in physics. Three hours of laboratory work per week per credit hour. Prerequisite: approval of department head.

4024. ANALOG ELECTRONICS. 3 cr. Discrete electronic components and circuits using them including resistors, capacitors, diodes, transistors, and operational amplifiers. Prerequisite: PHYS 2008 and MATH 1032.

4026. ANALOG ELECTRONICS LABORATORY. 1 cr. Basic measurement techniques, filters, power supplies, diodes, transistors, and operational amplifiers. Prerequisite: registration or credit in PHYS 4024.

4033. QUANTUM MECHANICS. 3 cr. The development of introductory quantum theory from a phenomenological point of view with applications to atomic physics and chemistry. Prerequisite: PHYS 3022.

4092. ADVANCED MECHANICS. 1-6 cr. Maximum, 6 cr. for undergraduates; Maximum, 3 cr. for graduates. Directed study. Investigative and advanced study in advanced mechanics. Prerequisite: approval of department head. (Formerly PHYS 491A)

4093. ELECTROMAGNETIC FIELDS. 1-6 cr. Maximum, 6 cr. for undergraduates; Maximum, 3 cr. for graduates. Directed study. Investigative and advanced study in electromagnetic fields. Prerequisite: approval of department head. (Formerly PHYS 491B)

4094. HEAT AND THERMODYNAMICS. 1-6 cr. Maximum, 6 cr. for undergraduates; Maximum, 3 cr. for graduates. Directed study. Investigative and advanced study in heat and thermodynamics. Prerequisite: approval of department head. (Formerly PHYS 491C)
POLITICAL SCIENCE (POLIS)

Required for a major: 1001, 2001, 2002, 3001 or 4014, and 4099. The remaining 21 hours may be taken in the areas of the student's choice. Total of 36 semester hours.

Required for a minor: 1001, 2001, and 12 additional hours—Total of 18 semester hours.

For Undergraduates Only

1001. INTRODUCTION TO POLITICAL SCIENCE. 3 cr. Development of the state; nature and problems of government in relation to the individual; emphasis upon the development of various forms of government.

2001. AMERICAN NATIONAL GOVERNMENT. 3 cr. Consideration of the nature of democracy, civil rights, federalism, the political process, the legislative, executive, and judicial branches, and current problems.

2003. AMERICAN GOVERNMENT. 3 cr. Directed study in political science. Content varies. (Formerly POLS 200A) (Same as POLS 2001.)

3001. RESEARCH METHODS. 3 cr. This course is designed to introduce political science majors to the scope and research methods of the discipline. Prerequisite: POLS 2001 or approval of instructor and department head.

4003. ETHICS. 3 cr. A study of the theoretical foundations of morality with reference to approaches to ethical thought, character, and action. Concepts include good and evil, right and wrong, obligation and rights, responsibility and freedom. The application of these concepts to the working out of particular ethical problems. (Same as PHIL 4003.)

4004. GLOBAL ENVIRONMENTAL POLITICS. 3 cr. Global Environmental Politics analyzes transnational environmental issues, such as climate change, species and habitat loss, water and air pollution, and waste management, from a cross-cultural, multi-disciplined approach with an emphasis on policy development and implementation issues. Prerequisite: POLS 2001.

4007. WESTERN POLITICAL THEORY. 3 cr. A study of political theory beginning with Plato and the ancient Greeks and continuing through the Middle Ages, Reformation, and Enlightenment to Marx, Mills and the modern age. The central questions of political thought are explored e.g., what is the good?; what is justice?; how is political authority acquired?; where does sovereignty reside?; and how do we incur obligations? Prerequisite: POLS 2001.

4021. AMERICAN POLITICAL THEORY. 3 cr. This course focuses on the origin and development of American political thought. Topics include Locke and liberalism, Puritanism and republicanism, Paine and the revolutionary impulse, Founders and Anti-Federalists, Jefferson's agricultural republic, Tocqueville's social America, Jacksonian democracy, Lincoln and Calhoun, populists, progressives and pragmatists, New Dealers and social engineers. Prerequisite: POLS 2001.

4023. AMERICAN URBAN POLITICS. 3 cr. An analysis of the structure and functions of contemporary city governments with considerable attention devoted to basic problems. Special emphasis on local government in Louisiana.

4029. WOMEN AND POLITICS. 3 cr. An examination of the role that women have played in the development of the U.S. political system, including historical analysis of the barriers to women's participation and the impact of politically active women on contemporary issues.

4044. MIDDLE EAST POLITICS. 3 cr. A course that analyzes Middle East politics beginning with World War I to the present. Major issues include the Arab-Israeli Conflict, water policy, oil politics, Arab Nationalism, Zionism. Nationalities and sub-national movements in the regions of Turkey, the Near Middle East, North Africa and the Persian Gulf will serve as illustrative material. Issues such as modernization, democratization, multilateralism, liberalization, terrorism, free-trade and women's rights will be considered. Prerequisite: POLS 2001.

4057. CONTEMPORARY POLITICAL THOUGHT. 3 cr. Political thought of the twentieth century; liberalism, modern totalitarianism, conservatism, Freudianism, existentialism, and democracy.

4063. COMPARATIVE POLITICS OF RACE AND ETHNICITY. 3 cr. International comparative analysis of how political processes both shape and are shaped by racial and ethnic differences, both within and among nation-states. Prerequisite: POLS 2001.

4064. INTERNSHIP IN POLITICAL SCIENCES. 3 cr. May be repeated for a maximum of 6 credits. Field experience under the general supervision of a faculty member and the direct supervision of a professional in the field with academic components including a final paper and presentation. Prerequisite: POLS 2001 (Same as SOCL 4064)

4070. SOCIAL RESEARCH. 3 cr. The formulation of a research problem; ethics of research; development of research design; sampling procedures; collecting and processing of research data. Prerequisite: POLS 1001. (Same as SOCL 4070)

4071. SOCIAL STATISTICS. 3 cr. Statistical procedures appropriate to the measurement and analysis of social data. Prerequisite: POLS 1001 (Same as SOCL 4051)

4092. NATIONAL, STATE AND LOCAL. 1-3 cr. Directed study and/or research in selected areas of government. Prerequisite: Advanced standing, approval of department head, and permission of the instructor. (Formerly POLS 491A)

4093. PUBLIC ADMINISTRATION AND LAW. 1-3 cr. Directed study and/or research in selected areas of government. Prerequisite: Advanced standing, approval of department head, and permission of the instructor. (Formerly POLS 491B)

4094. POLITICAL THEORY. 1-3 cr. Directed study and/or research in selected areas of government. Prerequisite: Advanced standing, approval of department head, and permission of the instructor. (Formerly POLS 491C)

4095. INTERNATIONAL RELATIONS. 1-3 cr. Directed study and/or research in selected areas of government. Prerequisite: Advanced standing, approval of department head, and permission of the instructor. (Formerly POLS 491D)

4096. COMPARATIVE. 1-3 cr. Directed study and/or research in selected areas of government. Prerequisite: Advanced standing, approval of department head, and permission of the instructor. (Formerly POLS 491E)

4097. POLITICAL PROCESSES. 1-3 cr. Directed study and/or research in selected areas of government. Prerequisite: Advanced standing, approval of department head, and permission of the instructor. (Formerly POLS 491F)

4099. SENIOR SEMINAR. 3 cr. A capstone course for the Political Science major. A small, group interdisciplinary approach to relevant issues in Political Science research, writing and presentation. Prerequisite: Junior standing.
4006. POLITICAL PARTIES, CAMPAIGNS AND ELECTIONS. 3 cr.
Political parties, Campaigns and Elections focuses on three closely related topics and phenomena: parties, campaigns and elections in the American context. We will be seeking to understand their parallel, and in some sense, symbiotic development and relationships. We will study the history of party politics in the United States, focusing on change and development in relationship to the dynamic American Republic. Prerequisite: POLS 2001.

4013. CONSTITUTIONAL LAW: GOVERNMENTAL POWERS. 3 cr.
A study of the U.S. Constitution through analysis of decisions of the Supreme Court. The cases demonstrate the nature of judicial function, the nature of the federal system, and the scope and character of the process of the national government. Prerequisite: POLS 2001 or approval of department head and permission of the instructor.

4018. CONSTITUTIONAL LAW AND CRIMINAL JUSTICE. 3 cr.
A study of constitutional law and its applicability in the criminal justice system. Prerequisite: 2001. (Same as CJUS 4018) (Formerly GOVM 4021.)

4020. LOUISIANA GOVERNMENT AND POLITICS. 3 cr.
Development and organization of political processes in Louisiana; contemporary problems of Louisiana state and local governments.

4033. THE JUDICIAL PROCESS. 3 cr.

4041. COMPARATIVE GOVERNMENT AND POLITICS IN LATIN AMERICA. 3 cr.
A comparative survey of governmental institutions and political processes which characterized the Latin American republics from the colonial period to the present.

4050. AMERICAN FOREIGN POLICY. 3 cr.
Major foreign policies, objectives, and commitments of the United States; their political, economic, and military implications. Policy decisions currently confronting the United States in various areas of the world.

4053. INTERNATIONAL POLITICS. 3 cr.
The nation-state system, power politics, processes affecting international relations; sources of tension in international politics and possibilities of their peaceful resolution.

4054. CONGRESS AND THE PRESIDENCY. 3 cr.
A course focused on two of the three major institutional components of American politics. Main topics include the history of the Congress and Presidency (i.e., the two institution’s structural, behavioral and institutional adaptation to a changing America), the internal and external dynamics of public policy production (i.e., how demands arising in the electorate and elsewhere are conveyed to and/or produced within the Congress and the translation of these demands into specific laws and policies), and, the complex interaction between the Congress and the Presidency as different and separate institutions sharing power. Prerequisite: POLS 2001.

4061. INTERNATIONAL POLITICAL ECONOMY. 3 cr.
A course focused on the intersection of politics and economies in relations among actors in the international environment. Main topics include: international trade strategies; the political strategies of transnational firms; assessment of international organization; the role of the United States in the contemporary global economy. Prerequisite: POLS 2001.

4065. GLOBAL DEVELOPMENT. 3 cr.
Cross-cultural exploration of the processes of economic and political development in different regions and countries of the world, including discussion of globalization and its character and effects in geographical and political settings. Prerequisite: POLS 2001.

PORTUGUESE
(PORT)

1001. ELEMENTARY PORTUGUESE I. 3 cr. each.
An introduction to the basic grammatical structures of Portuguese, with the aim of developing an elementary ability to understand, speak, read, and write the language. Language laboratory required.

1002. ELEMENTARY PORTUGUESE II. 3 cr. each.
An introduction to the basic grammatical structures of Portuguese, with the aim of developing an elementary ability to understand, speak, read, and write the language. Language laboratory required.

PSYCHOLOGY
(PSYC)

For Undergraduates Only

2001. INTRODUCTION TO PSYCHOLOGY. 3 cr.
Principles of psychology as a science, characteristics of human behavior and cognitions and a survey of major topic areas including motivation, learning, emotions, and social and biological factors. F, Sp, Su

2003. CHILD PSYCHOLOGY. 3 cr.
Physical, cognitive, psychological, and social development of children up to adolescence. Focus on normal development with attention to deviations from normality. Principles and applications with implications for families and professionals. Prerequisite: PSYC 2001. F, Sp, Su

2005. ADOLESCENT PSYCHOLOGY. 3 cr.
Physical, cognitive, psychological, and social development of the adolescent. Focus on normal development with attention to deviations from normality. Prerequisite: PSYC 2001. F, Sp, Su

2078. DEVELOPMENTAL PSYCHOLOGY. 3 cr.
Human life-span developmental psychology emphasizing an integrative conceptualization of the totality of ontogenetic, behavioral and physiological changes. Prerequisite: PSYC 2001. F, Sp, Su

3001. EDUCATIONAL PSYCHOLOGY. 3 cr.
Application of psychological methods and facts as applied to the teaching of individuals of varying development levels and cultural backgrounds. Secondary and K-12 teacher education majors will complete twenty hours of observation and selected school sites. Prerequisite: PSYC 2001. F, Sp, Su
3003. PHYSIOLOGICAL. 3 cr. Physiological correlates of behavior with special emphasis on the physiology and anatomy of the nervous system as a basis for relating behavior to its physiological components. Prerequisites: PSYC 2001; BIOL 2026 or equivalent. F

3015. LEARNING AND MOTIVATION. 3 cr. Principles of learning and related principles of motivation and memory, with emphasis on scientific method and experimental findings. Prerequisite: PSYC 2001. F, Sp

3016. SENSATION AND PERCEPTION. 3 cr. Human sensory processes and perception, with emphasis on scientific method and experimental findings. Prerequisite: PSYC 2001. F, Sp

3018. PERCEPTION LABORATORY. 1 cr. A laboratory to accompany PSYC 3016. Three hours laboratory.

3019. COMPARATIVE PSYCHOLOGY. 3 cr. The concepts of species-typical behavior and ontogenetic development as illustrated in organisms at various phyletic levels and the application of these ideas to the study of human behavior. Prerequisites: PSYC 2001. F, Sp

3039. INTRODUCTION TO RESEARCH METHODS. 3 cr. An introduction into the basics of scientific research methods with emphasis on the applications of research to psychological and educational topics. Prerequisite: PSYC 2001. F, Sp, Su

3040. PSYCHOLOGY LABORATORY. 3 cr. This course provides research examples designed to give students practice in data management and analysis, as well as report writing using APA format. Prerequisites: Junior or senior status with at least 18 hours credit in the psychology curriculum.

3041. ABNORMAL PSYCHOLOGY. 3 cr. Nature of mental and emotional disorders with their underlying determinants. Prerequisite: PSYC 2001. F, Sp, Sum

3042. SOCIAL PSYCHOLOGY. 3 cr. Psychological factors and influences in social behavior; the individual in social situations; the influence on social environment in behavior and development. (Same as SOCL 4002.) Prerequisites: PSYC 2001, SOCL 1001. F

3043. EXCEPTIONAL CHILDREN AND YOUTH. 3 cr. Legal definitions and clinical classifications of children and youth who vary from normal (mentally, physically, or emotionally). Emphasis on etiology, identification, and educational service provision in multicultural settings. Prerequisite: PSYC 2001, 2003. (Formerly The Exceptional Child.) Su

3044. CLINICAL PSYCHOLOGY AND CLINICAL RESEARCH. 3 cr. This seminar is designed for junior and senior psychology majors to explore areas of clinical psychology in detail, with a special emphasis on the research that supports the many sub-domains of clinical psychology. Prerequisite: junior status or higher.

3046. PERSONALITY. 3 cr. Development, dynamics, and processes in the structure of personality. Prerequisite: PSYC 2001. Students with prior credit in PSYC 4027 are not eligible to receive credit in PSYC 4006. F, Sp, Sum

3047. HISTORY AND SYSTEMS. 3 cr. The evolution of modern psychology from its historical origins in philosophy and the natural sciences to contemporary systems and theory. Prerequisites: PSYC 2001 and six hours of psychology above 3000. F, Sp, Su

4001. LEARNING AND MOTIVATION. 3 cr. Principles of learning and related principles of motivation and memory, with emphasis on scientific method and experimental findings. Prerequisite: PSYC 2001. F, Sp

4011. ADVANCED TOPICS. 3 cr. A study of theoretical issues in experimental and applied areas of psychology. Prerequisite: 12 hours of psychology. F, Sp, Su

4039. STATISTICS. 3 cr. Statistical techniques needed in the study, interpretation, and preparation of educational and psychological research. Prerequisite: junior status or higher; Math 1011 (College Algebra) or its equivalent. F, Sp, Su

4050. EVOLUTIONARY PSYCHOLOGY. 3 cr. Evolutionary origins of behavior are integrated into a framework of ontogeny and physiology, delineating a modern adaptationist approach to psychology. Prerequisites: PSYC 2001, BIOL 2026 or equivalent.

4051. PSYCHOLOGICAL TESTING AND MEASUREMENT. 3 cr. The theory and rationale underlying the definition and measurement of human traits, abilities, and behaviors. Prerequisite: PSYC 4039 recommended. Sp

4098. UNDERGRADUATE PSYCHOLOGY INTERNSHIP. 3 cr. May be repeated for a maximum of 6 credits Maximum 6 cr. Internships provide a sturdy foundation for further study and/or future employment in the field of psychology. Students may enroll once per semester for a maximum of two semesters and earn 3 semester hours each time they enroll. The internship is graded on a credit-no credit basis. Prerequisites: Junior or senior status with at least 21 hours credit in the psychology curriculum and approval from the department head.

4099. ADVANCED GENERAL PSYCHOLOGY. 3 cr. The capstone experience for psychology majors, integrating and expanding upon knowledge gained from specialty courses. Prerequisite: 30 hours in Psychology.

QUANTITATIVE METHODS (QMDS)

For Undergraduates Only

2010. STATISTICS AND QUALITY CONTROL. 3 cr. Hypothesis testing; simple and multiple regression and correlation; forecasting; quality control techniques, chi square and analysis of variance; introduction to non-parametric statistics. Emphasizes statistical analysis using software packages. Prerequisite: MATH 1016 and CSCI 1070. F, Sp, Su

RADIOLOGIC TECHNOLOGY (RADT)

Required for a major: 2000, 3003, 3008, 3009, 3010, 3011, 3015, 3016, 3017, 3018, 3019, 3020, 3021, 3024, 3026, 3027, 3028, 4000, 4005, 4011, 4012, 4013, 4019, 4020, 4025, 4027, 4032, 4035—Total of 69 semester hours.

For Undergraduates Only

2000. FUNDAMENTALS OF MEDICAL IMAGING. 2 cr. An overview of the foundations in imaging sciences and the practitioner's role in the health care delivery system. F, Sp

3003. RADIOGRAPHIC PROCESSING TECHNIC. 2 cr. The fundamentals of processing technics: chemistry, equipment, and methods of automatic processing. Prerequisite: RATE standing. F, Sp
3009. METHODS OF PATIENT CARE. 2 cr. General patient care, principles of body mechanics, and specific nursing procedures related to radiologic technology. Prerequisite: RATE standing. F

3010. PATIENT CARE LABORATORY. 1 cr. A laboratory course to accompany RADT 3009. Prerequisite: RATE standing. F

3011. IMAGING EQUIPMENT AND RADIATION PRODUCTION. 3 cr. Introduction to the systems, components, and processes of x-ray production, x-ray interaction with matter, and radiation protection. Prerequisite: RATE standing. F

3015. CLINICAL RADIOGRAPHY. 4 cr. Sixteen hours per week of supervised clinical experience in an approved medical center. Prerequisites: RATE standing. F

3016. RADIOGRAPHIC PROCEDURES I. 3 cr. The principles and skills involved in routine radiographic positioning to demonstrate the thoracic/abdominal cavities, and extremities and associated girdles. Prerequisite: RATE standing. F

3017. RADIOGRAPHIC PROCEDURES LABORATORY I. 1 cr. A laboratory course to accompany RADT 3016. Prerequisite: RATE standing. F

3018. RADIOGRAPHIC PROCEDURES II. 3 cr. The principles and skills involved in routine radiographic positioning to demonstrate the vertebral column, cranium, gastrointestinal tract, and urinary system. Prerequisite: RATE standing. F

3019. RADIOGRAPHIC PROCEDURES LABORATORY II. 1 cr. A laboratory course to accompany RADT 3018. Prerequisite: RATE standing. F

3020. RADIOGRAPHIC EXPOSURE. 1 cr. Radiographic exposure principles: prime factors, factors influencing radiographic quality, beam restricting devices and attenuating devices. Prerequisite: RATE standing. Sp

3021. RADIOGRAPHIC EXPOSURE LABORATORY. 1 cr. A laboratory course to accompany 3020. Prerequisite: RATE standing. Sp

3024. CLINICAL RADIOGRAPHY. 4 cr. Sixteen hours per week of supervised clinical experience in an approved medical center. Prerequisites: RATE standing. Sp

3026. DIGITAL IMAGING. 2 cr. Systems, components, and processes required for digital radiography and computed radiography; including charge-coupled devices, flatpanel detectors, photostimulable plates, and PACS. Prerequisite: RATE standing. Sp

3027. CLINICAL RADIOGRAPHY. 4 cr. Thirty-five hours per week of supervised clinical experience in an approved medical center. Prerequisite: RATE standing. S

3028. CLINICAL RADIOGRAPHY. 4 cr. Thirty-five hours per week of supervised clinical experience in an approved medical center. Prerequisite: RATE standing. S

4000. RESEARCH METHODS AND INFORMATION LITERACY. 3 cr. Intellectual inquiry, information literacy, and the use of scholarly research methods specific to imaging sciences. Prerequisite: RATE or DLRT standing. F

4005. RADIOBIOLOGY. 2 cr. Fundamentals of radiation biology with special emphasis on clinical aspects, including dosage, common pathologies, and protective measures. Prerequisite: RATE standing. Sp

4011. ADVANCED RADIOGRAPHIC PROCEDURES. 2 cr. The principles and skills involved in advanced radiographic procedures. Prerequisite: RATE standing. F

4012. ADVANCED RADIOGRAPHIC PROCEDURES LABORATORY. 1 cr. A laboratory course to accompany RADT 4011. Prerequisite: RATE standing. F

4013. ADVANCED CLINICAL RADIOGRAPHY. 6 cr. Twenty-one hours per week of supervised clinical experience in an approved medical center. Prerequisites: RATE standing. F

4019-4020. PATHOLOGY. 2 cr. each. A general survey of medical and surgical diseases related to diagnostic radiography. Prerequisite: RATE standing. F, Sp

4025. RADIOLOGIC OPERATIONS. 2 cr. Principles and problems in administrative functions, supervision of radiology departments, personnel guidance, productivity and budget. Prerequisite: RATE or DLRT standing. Sp

4027. ADVANCED IMAGING. 2 cr. Generators, digital image manipulation and controls, digital fluoroscopy, and subtraction radiography. Introduction to Ultrasound, MRI, and Nuclear Medicine image acquisition. Prerequisite: RATE or DLRT standing. F

4030. VASCULAR / INTERVENTIONAL PROCEDURES. 3 cr. Principles and skills involved in vascular / interventional procedures. Prerequisite: DLRT standing. F, Sp, S
