Agenda

GENERAL ANNOUNCEMENTS		
Camille distributed minutes from previous meetings for approval, reviewed progress from last meeting, and explained the goals for this meeting.		
DISCUSSION TOPICS		
M. Camille opened discussion of setting targets for each of the assessment measures included in the plan. Based on previous data compiled by University Planning and Analysis and the Office of Assessment and Evaluation, the following were agreed upon by the members: inquiry to admit ratio for undergraduates should be 3.0; application to admit ratio for graduates should be 2.5; 60% of incoming freshmen will have a 3.5 GPA or higher; 60% of incoming freshmen will be in the 70 th percentile or higher of their high school class; ACT targets will be determined after a peer data set has been pulled from IPEDS; target for % of completers in programs appearing on the state Workforce's Star Job list will be determined after comparison to the %s from other research institutions in LA including LSU, Tech, ULL, and UNO; attitudinal scores from SSI and NSSE will be at or better than the comparison group scores. The plan was updated in draft form online to reflect these metrics.		
CONCLUSIONS		
Members should review prior data for the measures for Goals 2 and 3 to prepare for the process of setting targets or benchmarks.
