Agenda Items:

Item 1: Calendar Protocol and the 2007-2008 Academic Calendar

The protocol was checked by the committee during the assembly of the 2007-2008 academic calendar. One adjustment that was made was to move the residential hall Check-in dates for summer sessions to the day before the start of the session. Other discussion included the positioning of the start of spring classes relative to Martin Luther King Day. The committee agreed that it was not necessary to always start courses after the holiday. In some instances start too late would cause spring to run close to summer.

Item 2: Later Academic Calendars

Some members of the committee volunteered to check the protocol for succeeding academic years. Carolyn Joyce: 2010-2011; Michelle McEacharn: 2012-2013; Carolyn Murphy: 2008-2009; Cori Scroggins: 2009-2010.

Other Business: Summer School

Several members of the committee expressed strong support for converting the summer schedule to a one 10-week semester with the option of containing of mini-sessions tailored to meet needs.

Time of Adjournment: 3:10 p.m.

Respectfully submitted,

Mark Arant, Ph.D.
