

Spring 2023

ONLINE Dual Enrollment course list

ONLINE courses must meet minimum enrollment and are subject to maximum size limits

Textbook and/or Access code information for online courses is noted on each Moodle course page. Students must log in to their Moodle account as quickly as possible once registered to ensure they have the correct textbook and/or access code.

It is the student's responsibility to have textbooks and/or access codes as soon as possible after registration – even if they are paid for by the high school or school district.

Students admitted to ULM for the Dual Enrollment Program may take only those courses on their high school's SACSCOC course list. SACSCOC course lists are sent to each high school's DE Contact individually.
