# List of Programs

On this page, review the list of teacher preparation programs offered by your institution of higher education (IHE) or organization. If you submitted an IPRC last year, this list of programs is pre-loaded from your prior year's report. If your IHE offers both traditional and alternative programs, be sure to enter the programs in the appropriate reports. For the traditional report, list all traditional programs within the IHE. For the alternative report, list all alternative programs within the IHE. You may edit, delete, and insert new rows as necessary.

After reviewing and updating as necessary, save the page using the floating save box at the bottom of the page. The system will automatically total the number of programs for you.

THIS PAGE INCLUDES:

# Program Requirements

## THIS PAGE INCLUDES:

- >> [Admissions](#)
- >> [Undergraduate Requirements](#)
- >> [Postgraduate Requirements](#)
- >> [Supervised Clinical Experience](#)

On this page, review and enter information about the program requirements for admission into the program, program completion, and supervised clinical experience. If you submitted an IPRC last year, much of this page is pre-loaded from your prior year's report. If your IHE offers both traditional and alternative programs, be sure to specify the requirements in the appropriate reports. For the traditional report, provide the requirements for traditional programs within the IHE. For the alternative report, provide the requirements for the alternative programs within the IHE.

After reviewing and updating as necessary, save the page using the floating save box at the bottom of the page.

## Admissions

1. Indicate when students are formally admitted into your initial teacher certification program:

Other

If Other, please specify:

End of Sophomore year, or beginning of Junior year.

2. Does your initial teacher certification program conditionally admit students?

- Yes  
 No

3. Provide a link to your website where additional information about admissions requirements can be found:

<http://www.ulm.edu/prospectivestudents/admissionsreq/>

4. Please provide any additional information about or exceptions to the admissions information provided above:

Students who do not meet requirements for admission into the initial teacher certification program can appeal this decision and be allowed to continue in their coursework for one semester.

## Undergraduate Requirements

Please provide the following information about your teacher preparation program's entry and exit requirements. ([§205\(a\)\(1\)\(C\)\(i\)](#))

1. Are there initial teacher certification programs at the undergraduate level?

- Yes

# Enrollment

THIS PAGE INCLUDES:

>> [Enrollment](#)

On this page, enter the number of candidates for an initial teaching credential who are enrolled in the initial teacher preparation programs within your institution of higher education (IHE) or organization. **Do not** report on the total number of students enrolled in the entire IHE. **Do not** include individuals who currently hold a teaching credential and are seeking additional licenses or endorsements, or individuals preparing for school-based careers other than classroom teachers (e.g., administrators, guidance counselors).

The Department recognizes that in many cases, candidates voluntarily report their race/ethnicity and gender data, and that in some cases, candidates may choose not to report this information. Please report on the race/ethnicity data you have available, though the data may not be complete. It is not expected that the sum of the enrolled students reported by race/ethnicity or by gender will necessarily equal the total number of students enrolled.

If your IHE offers both traditional and alternative programs, be sure to enter the candidates enrolled in the appropriate reports. For the traditional report, provide only the candidates enrolled in traditional programs within the IHE. For the alternative report, provide only the candidates enrolled in the alternative programs within the IHE.

After entering the enrollment data, save the page using the floating save box at the bottom of the page.

## Enrollment

For the purpose of Title II reporting, an enrolled student is defined as a student who has been admitted to a teacher preparation program, but who has not completed the program during the academic year being reported. An individual who completed the program during the academic year being reported is counted as a program completer and *not* an enrolled student.

Provide the number of students in the teacher preparation program in the following categories. Note that you must report on the number of students by ethnicity and race separately. Individuals who are non-Hispanic/Latino will be reported in one of the race categories. Also note that individuals can belong to one or more racial groups, so the sum of the members of each racial category may not necessarily add up to the total number of students enrolled. ## Teachers Prepared

On this page, enter the number of program completers by the subject area in which they were prepared to teach, and by their academic majors. Note that an individual can be counted in more than one academic major and subject area. For example, if an individual is prepared to teach Elementary Education and Mathematics, that individual should be counted in both subject areas. If no individuals were prepared in a particular academic major or subject area, you may leave the cell blank. Please use the "Other" category sparingly, if there is no similar subject area or academic major listed. In these cases, you should use the text box to describe the subject area(s) and/or the academic major(s) counted in the "Other" category.

If your IHE offers both traditional and alternative programs, be sure to enter the program completers in the appropriate reports. For the traditional report, provide only the program completers in traditional programs within the IHE. For the alternative report, provide only the program completers for the alternative programs within the IHE.

After entering the teachers prepared data, save the page using the floating save box at the bottom of the page.

## Teachers Prepared by Subject Area

Please provide the number of teachers prepared by subject area for academic year 2016-17. For the purposes of this section, number prepared means the number of program completers. "Subject area" refers to the subject area(s) an individual has been prepared to teach. An individual can be counted in more than one subject area. If no individuals were prepared in a particular subject area, please leave that cell blank. ([§205\(b\)\(1\)\(H\)](#))

## Teachers Prepared by Academic Major

Please provide the number of teachers prepared by academic major for academic year 2016-17. For the purposes of this section, number prepared means the number of program completers. "Academic major" refers to the actual major(s) declared by the program completer. An individual can be counted in more than one academic major. If no individuals were prepared in a particular academic major, please leave that cell blank. ([§205\(b\)\(1\)\(H\)](#))

Please note that the list of majors includes several "Teacher Education" majors, as well as several noneducation majors. Please use care in entering your majors to ensure education-specific majors and non-education majors are counted correctly. For example, if an individual majored in Chemistry, that individual should be counted in the "Chemistry" academic major category rather than the "Teacher Education–Chemistry" category.

## Program Completers

On this page, enter the total number of individuals who completed the program in AY 2016-17 and the two prior academic years. If you submitted an IPRC last year, the number of program completers for the two prior academic years are pre-loaded from your prior year's report.

A program completer is a person who has met all the requirements of a state-approved teacher preparation program. Program completers include all those who are documented as having met such requirements. Documentation may take the form of a degree, institutional certificate, program credential, transcript or other written proof of having met the program's requirements. In applying this definition, the fact that an individual has or has not been recommended to the state for initial certification or licensure may not be used as a criterion for determining who is a program completer.

An individual cannot be classified as both enrolled and as a program completer at the same time. An enrolled individual is not a program completer. Once an individual has met all the requirements of a state-approved teacher preparation program and becomes a program completer, the individual is no longer classified as enrolled.

After entering the program completers, save the page using the floating save box at the bottom of the page.

# Annual Goals

On this page, review the annual goals in each subject area listed below. If you submitted an IPRC last year, the goals you entered last year are pre-loaded from your prior year's report. Please respond to the questions to report on progress towards the goals, and set new goals for the next academic year.

After reviewing and updating as necessary, save the page using the floating save box at the bottom of the page.

## Annual Goals - Mathematics

Each institution of higher education (IHE) that conducts a traditional teacher preparation program (including programs that offer any ongoing professional development programs) or alternative route to state credential program, and that enrolls students receiving Federal assistance under this Act, shall set annual quantifiable goals for increasing the number of prospective teachers trained in teacher shortage areas designated by the Secretary or by the state educational agency, including mathematics, science, special education, and instruction of limited English proficient students. ([§205\(a\)\(1\)\(A\)\(ii\)](#), [§206\(a\)](#))

Information about teacher shortage areas can be found at <https://www2.ed.gov/about/offices/list/ope/pol/tsa.html>.

Please provide the information below about your program's goals to increase the number of prospective teachers in mathematics in each of three academic years.

### Academic year 2016-17

1. Did your program prepare teachers in mathematics in 2016-17?

- Yes  
 No (leave remaining questions for year blank)

2. How many prospective teachers did your program plan to add in mathematics in 2016-17?

1

3. Did your program meet the goal for prospective teachers set in mathematics in 2016-17?

- Yes  
 No  
 Not applicable

4. Description of strategies used to achieve goal, if applicable:

Faculty and staff within the School of Education have started building relationships with area high schools to recruit math and science candidates.

5. Description of steps to improve performance in meeting goal or lessons learned in meeting goal, if applicable:

6. Provide any additional comments, exceptions and explanations below:

## Academic year 2017-18

7. Is your program preparing teachers in mathematics in 2017-18?

- Yes  
 No (leave remaining questions for year blank)

8. How many prospective teachers did your program plan to add in mathematics in 2017-18?

1

9. Provide any additional comments, exceptions and explanations below:

Currently, the program has admitted one prospective mathematics teacher. The admission deadline has not yet passed, and the goal is to continue with the addition of prospective mathematics teachers.

## Academic year 2018-19

10. Will your program prepare teachers in mathematics in 2018-19?

- Yes

## Assurances

Please certify that your institution is in compliance with the following assurances. ([§205\(a\)\(1\)\(A\)\(iii\)](#), [§206\(b\)](#)) Note: Be prepared to provide documentation and evidence for your responses, when requested, to support the following assurances.

1. Preparation responds to the identified needs of the local educational agencies or States where the program completers are likely to teach, based on past hiring and recruitment trends.

- Yes  
 No

2. Preparation is closely linked with the needs of schools and the instructional decisions new teachers face in the classroom.

- Yes  
 No

3. Prospective special education teachers are prepared in core academic subjects and to instruct in core academic subjects.

- Yes  
 No  
 Program does not prepare special education teachers

4. Prospective general education teachers are prepared to provide instruction to students with disabilities.

- Yes  
 No

5. Prospective general education teachers are prepared to provide instruction to limited English proficient students.

- Yes  
 No

6. Prospective general education teachers are prepared to provide instruction to students from low-income families.

- Yes  
 No

7. Prospective teachers are prepared to effectively teach in urban and rural schools, as applicable.

Yes

No

8. Describe your institution's most successful strategies in meeting the assurances listed above:

There is a deliberate effort to place teacher candidates in classrooms that include special-needs students. The professional program is designed to track student field/clinical placement to assure a variety of school setting experiences. Assuring they have a diversified experience in low and high needs areas, suburban and urban settings. Candidates are also required to indicate on lesson plans how they will provide appropriate accommodations for these students. This is done in collaboration with their classroom supervisors. Recruitment efforts identify high needs areas to prospective students.

## Use of Technology

1. Provide the following information about the use of technology in your teacher preparation program. Please note that choosing 'yes' indicates that your teacher preparation program would be able to provide evidence upon request. ([§205\(a\)\(1\)\(F\)](#))

Does your program prepare teachers to:

- a. integrate technology effectively into curricula and instruction

Yes  
 No

- b. use technology effectively to collect data to improve teaching and learning

Yes  
 No

- c. use technology effectively to manage data to improve teaching and learning

Yes  
 No

- d. use technology effectively to analyze data to improve teaching and learning

Yes  
 No

2. Provide a description of the evidence that your program uses to show that it prepares teachers to integrate technology effectively into curricula and instruction, and to use technology effectively to collect, manage, and analyze data in order to improve teaching and learning for the purpose of increasing student academic achievement. Include a description of the evidence your program uses to show that it prepares teachers to use the principles of universal design for learning, as applicable. Include planning activities and a timeline if any of the four elements listed above are not currently in place.

During their program, our teacher education candidates take an Introduction to Educational Technology course. This course provides instruction in the selection, organization, and integration of technology-based instructional materials into instructional settings and offers laboratory practice for the production of computer-based materials. Also in their professional education courses, students are required to create lesson plans that contain student-centered technology use. Additionally, teacher education candidates create an electronic showcase portfolio, which contain edited video snippets of their teaching and MP3 recordings read aloud and other multimedia projects. There is the expectation of all faculty that technology will be infused throughout the entire teacher preparation program.

After reviewing and updating as necessary, save the page using the floating save box at the bottom of the page.

## Teacher Training

Provide the following information about your teacher preparation program. Please note that choosing 'yes' indicates that your teacher preparation program would be able to provide evidence upon request.  [\(§205\(a\)\(1\)\(G\)\)](#)

### 1. Does your program prepare general education teachers to:

#### a. teach students with disabilities effectively

- Yes  
 No

#### b. participate as a member of individualized education program teams

- Yes  
 No

#### c. teach students who are limited English proficient effectively

- Yes  
 No

### 2. Provide a description of the evidence your program uses to show that it prepares general education teachers to teach students with disabilities effectively, including training related to participation as a member of individualized education program teams, as defined in section 614(d)(1)(B) of the Individuals with Disabilities Education Act, and to effectively teach students who are limited English proficient. Include planning activities and a timeline if any of the three elements listed above are not currently in place.

The ULM undergraduate programs include modules in all pedagogy and methodology coursework that includes strategies and interventions for students with special needs, including students for whom English is a second language. The course that focuses exclusively on special needs is SPED 2002 (Survey of Education of Children with Special Needs) familiarizes students with characteristics of disabilities and accommodation strategies. Students learn about RTI and the referral/IEP process and the role(s) they will play in the process. At the same time students take SPED 2002, they are also enrolled in ELED 3040 (Balanced Literacy) or READ 4019 (Reading for Secondary) or CURR 3002 (Inclusive Instruction for Secondary). These courses and instructors work collaboratively with our PDS to design field experiences in which students provide interventions to students and have opportunities to plan and implement tiered lessons for both special learners and LEP students. Throughout the program, ULM students have opportunities to team teach and to teach individually, preparing them for future interactions with special education inclusion teachers. During student teaching, students have the opportunity to participate with classroom teachers in all collaborative/consultative activities with parents, including IEP meetings. An addition to the curriculum designed to better equip our students to deal with challenging student behavior is SPED 3010, Behavior Intervention.

## Contextual Information

**Please use this space to provide any additional information that describes your teacher preparation program(s). You may also attach information to this report card (see below). The U.S. Department of Education is especially interested in any evaluation plans or interim or final reports that may be available.**

The teacher education programs at ULM offer multiple unique opportunities for the students. All students are assigned a personal adviser upon entry to the program and receive readily available assistance in navigating their program. Undergraduates begin their school-based experiences during their first years in the program and participate in increasingly responsible supervised teaching assignments throughout their coursework. Principals have been quoted saying, "ULM students walk into the classroom on day one knowing how to teach." Academically, the program has been recognized by a national study as ranking among the top ten teacher education programs in the United States for best preparation in math instruction. Classes are small, promoting collaboration among students and providing accessibility to mentoring faculty. The program uses a cohort model once they start the professional segment of the program. This is unique compared to some other programs at other institutions.
