

Pre-requisite Transfer Credit Approval Policy

All prerequisite coursework must be reviewed by a ULM Occupational Therapy Doctoral (OTD) Program Academic Advisor and approved by either Dr. Patti Calk or Dr. Carolyn Murphy. An official evaluation of transfer credit will take place after college transcripts from all schools attended are emailed to Dr. Patti Calk (calk@ulm.edu) and Dr. Carolyn Murphy (cmurphy@ulm.edu), who will then assign the student to an OT Academic Advisor. Catalog description and/or course syllabus will need to be submitted for evaluation to determine if the course meets the pre-requisite requirement.

MOT Transfer Credit Policy

There is no advanced placement or credit for experiential learning. The Occupational Therapy Doctoral Program does not accept transfer credit for occupational therapy coursework from other institutions or programs.

This procedure is posted on the ULM MOT website at [ULM MOT transfer credit policy](#).
