**Drug Information Center**

The Drug Information Center (DIC) at the University of Louisiana at Monroe College of Pharmacy is a resource center dedicated to providing accurate and up-to-date information on medications and their use.

**Mission Statement**

The DIC aims to serve as an information resource center for faculty, students, and healthcare professionals. It focuses on helping meet drug information needs, such as full literature retrieval, critical evaluation of the information, and accurate communication of a drug's effects.

**Operation Objectives**

The core components of the DIC are centered around the services it provides, which include:

- **Complementary and Alternative Medicine**
- **Adverse Drug Events**
- **Drug Identification**
- **Drug Interactions**
- **Drug Literature**
- **Drug Resources**
- **Emergency Drug Information**
- **Travel/Health Information**
- **Toxicology**
- **Therapeutic Drug Monitoring**
- **IV Compatibility**
- **Pharmacy Practice**
- **FDA Approvals**
- **Complimentary and Alternative Medicine**
- **Adverse Drug Events**
- **Drug Identification**
- **Drug Interactions**
- **Drug Literature**
- **Drug Resources**
- **Emergency Drug Information**
- **Travel/Health Information**
- **Toxicology**
- **Therapeutic Drug Monitoring**
- **IV Compatibility**
- **Drug Information Services**
- **Literature Retrieval**
- **Critical Evaluation of Information**
- **Accurate Communication**
