VII. Class Policies and Procedures

At a minimum, all policies stated in the current ULM Student Policy Manual & Organizational Handbook should be followed (see [http://www.ulm.edu/studentpolicy/](http://www.ulm.edu/studentpolicy/)).

A. Textbook(s) and Materials:

B. Attendance Policy:

Class attendance is regarded as an obligation as well as a privilege, and students are expected to know attendance regulations and to attend regularly and punctually classes in which they are enrolled. Failure to do so: (1) may prevent access to the classroom during regularly scheduled times; (2) may jeopardize a student’s scholastic standing; and (3) may lead to suspension from the college or University.
With the following exceptions professors are to determine whether absences are excused or unexcused: 1) Absences arising from authorized trips away from the University or from special duties at the University shall be excused. 2) Absences arising from a student’s confinement in a hospital or other in-patient facility or doctor’s excused absences shall be excused. 3) Absences arising from a death in the immediate family shall be excused. The immediate family is defined as spouse, child, step-child, mother, father, sister, brother, grandmother, grandfather, step-mother, step-father, step-brother, step-sister, aunt, uncle, mother-in-law or father-in-law. In all instances, students are responsible for following the College’s Excused Absence Policy.

C. Make-up Policy:

Each student is expected to complete each assignment at the date and time specified. If a student cannot complete an assigned project due to an excused absence, he/she must speak directly with the course instructor. Failure to complete an assigned project will result in a zero (0) grade for that assignment.

D. Academic Integrity:

Faculty and students must observe the ULM published policy on Academic Dishonesty (see Page 4 in ULM Student Policy Manual - http://www.ulm.edu/studentpolicy/). All professional students shall adhere to the standards set forth in the College of Pharmacy’s Code of Conduct. (http://rxweb.ulm.edu/pharmacy/policies/copcodeofconduct.pdf)

Students are expected to work independently on examinations and assignments unless it is specifically described as a group assignment. Any use of resources other than your own recollection and reasoning ability on an examination is cheating. Inappropriate use of electronic or wireless technology during an examination is considered academic misconduct. Any student suspected of dishonesty will receive a zero (no credit) for the assignment and will be reported to the College’s Ethics and Professional Conduct Committee.

E. Course Evaluation Policy:

At a minimum, students are expected to complete the on-line course evaluation.

F. Student Services:

While students with special needs are expected to meet our institution's academic standards, they are given the opportunity to fulfill learner outcomes in alternative ways. Examples of accommodations may include, but are not limited to, testing accommodations (oral testing, extended time for exams), interpreters, relocation of inaccessible classrooms, permission to audiotape lectures, note-taking assistance, and course substitutions.

_Title IX of the Education Amendments of 1972 prohibits sex discrimination against any participant in an educational program or activity that receives federal funds, including federal loans and grants.
