(1 Live Zoom session at 50 points each)

**Total points for the course**: 300 points

*Quizzes/assignments will be given as deemed necessary by each faculty member. The points available from these quizzes and assignments will be added into the denominator for the total number of points available from the course, and course grade determined accordingly. Grades will be posted within 2 weeks of the due date.

• Quiz dates are scheduled in the course syllabus and will only be changed in the event of University closure.

• Quizzes may be multiple-choice, fill-in-the-blank, short-answer, case- or scenario-based discussion, essay, or any other format deemed necessary by the faculty members and Course Coordinators.

• Quizzes may cover material (readings, outside assignments) not covered in class.

• Quizzes will NOT be returned to the student. All instructors will have copies of the quiz and students’ results, and students may view their quiz results (inc. right/wrong) in instructors’ offices (or by virtual means), at times convenient for all involved. At this time, they may also discuss quiz questions with the instructors who wrote them; however, any official “challenges” of questions must be done in writing. (See below)
• **Quizzes** will be issued using Exam Soft or Moodle; If Exam Soft is used, all students are required to download the quizzes prior to the date of the scheduled quiz. If a student cannot take the quiz on the scheduled date the student must reverse download the quiz to Exam Soft. Under no circumstances should a student open a quiz, except during the scheduled time and at the scheduled location.

• Students wishing to review their quizzes with the course coordinators or with a specific faculty member must do so within 2 weeks of when the quiz scores are posted.

• Problems or issues with a question should be first directed, via e-mail, to the person who wrote it. The course coordinator(s) should be copied on this email, but it is the responsibility of the question’s author to address the concern(s). If the student is unsure which faculty member wrote a specific question, then he or she may ask the course coordinator. In the written challenge, the student is expected to include references or rationale to support their challenge of the question. The challenge will be reviewed by the faculty member, and his or her decision will be shared with the course coordinator(s). Discussion of a dispute will occur only after the written query is submitted. Challenges of test questions for the quizzes will only be considered within 2 weeks of when the test scores are posted.

• In the event that there is an issue with a particular test question, adjustments to scores will be made based on discussions between the test question writer and the course coordinator.

• Mid-term grades will be posted on-line for students to view via Banner. Mid-term grades indicate a student’s status at mid-semester only and do not indicate the final performance outcome of a student.

• Assignments submitted after the due date will not be accepted and will result in a score of zero.

**Grading Scale:**

- 89.5 – 100% A
- 79.5 – 89.49% B
- 69.5 – 79.49% C
- 59.5 – 69.49% D

**g. Emergency Procedures:** Please review the emergency escape plan in the classrooms and hallways of the Bienville building. Move quickly and in an orderly manner to the appropriate stairwell and exit the building. The meeting place for this class will be the far end of the north parking lot between the Bienville building and Broadmoor Blvd. Under no circumstances is the elevator to be used for emergency evacuation. **h. COVID-19:** The University's policies and protocols for responding to the COVID-19 pandemic are focused on maintaining a safe and healthy campus environment. The plans align with federal, state and local guidelines. Safety requirements include good hygiene, including frequent hand-washing, maintaining 6-feet social distancing and wearing a face mask or covering inside all campus buildings and in any area where social distancing is not feasible. The University expects all employees and students to comply with these protocols. Failure to comply with these safety requirements can result in disciplinary action and students may be removed from class and redirected to online instruction.

**i. Federal Regulations require determination and verification of every students’ physical location while enrolled in classes (where they are physically located while taking classes), regardless of the delivery method (on campus, online). At the beginning of every semester and whenever physical location changes, students must update or verify their current location through banner [https://ssb-prod.ec.ulm.edu/PROD/bwgkogad.P_SelectAtypUpdate](https://ssb-prod.ec.ulm.edu/PROD/bwgkogad.P_SelectAtypUpdate). Students should do this by the end of the first week of classes.**

**j. This course may be/is a major requirement for the PharmD degree in Pharmacy. Completion of degree requirements leads to eligibility for professional licensure and/or certification in Louisiana upon graduation. Federal Regulations require universities to provide information to students about the alignment between Louisiana's requirements and those of other states. ULM has created a web page with discipline-specific information containing hyperlinks to Licensure Boards in the United States [https://www.ulm.edu/professional-licensure-disclosures/index.html](https://www.ulm.edu/professional-licensure-disclosures/index.html). Program Directors and/or faculty will discuss this information with you during advising or other program meetings but is also available to answer questions and address any concerns you might have. It is also important to note that licensure or certification requirements are subject to change. Although ULM Program Directors annually review and update licensure information for every state, the faculty recommends that before enrolling in a program and throughout enrollment, students communicate with the applicable state board to confirm understanding and whether upon completion of ULM’s program, they will meet requirements.**
