

The University of Louisiana at Monroe

Purchasing Department

General Procurement &
LaCarte (P-Card) Purchasing Card Training

The Role of Purchasing

The department, faculty or staff member determines the need for a product or service to meet the needs of their department.

The role of Purchasing is to ensure purchases are made in accordance with Louisiana State law and University policy, as well as to ensure competition and provide guidance.

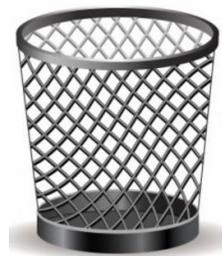

Procurement Process

Specifications should be specific, yet allow competition

“Specification” means any description of the physical, functional, or performance characteristics of an item, OR the nature of a supply, a service, construction job, or a major repair.

Most Common Procurement Approaches

- General Procurement
 - No bid (\leq \$30,000)
 - Bid / Obtain competitive quotes ($>$ \$30,000-\$60,000)
 - Competitive Sealed Bid ($>$ \$60,000+)
- Sole Source / Proprietary
- State Contract
- PPCS Service Contracts
- Request for Proposal (Complex or High dollar)

Small Purchase Thresholds

- ≤\$30,000 – no competition required

- >\$30,000 - \$60,000
3 quotes by telephone, email or fax

- >\$60,000+
Competitive Bid Process

Purchases Exceeding Small Purchase Limit (>\$60,000)

Competitive sealed bid

- Bid must be posted publicly 25-30 days
- Must be advertised in newspaper and posted to LaPAC

Request for Proposal

- Use when price is not the only determining factor or
- For high dollar Complex Services or Service Contracts
- Must be advertised in newspaper and posted to LaPAC
- RFP Process typically averages 12 months – 18 months

Split Purchasing Prohibited

Purchases shall not be artificially divided to avoid the competitive process

Sole Source

One Brand, One Supplier

REVISED STATUTES 39:1597

Completed **sole source/proprietary purchase form** justifying why the purchase must be restricted to one vendor/manufacturer

Firm Quote from the vendor/manufacturer for requested product

Vendor Letter on company letterhead signed by corporate representative (not sales rep) stating that they are the only source for a particular product

A **Published Price List** or Signed and Notarized listing of the manufacturer's prices

Proprietary

One brand, but the manufacturer has chosen to distribute the product thru more than one distributor.

REVISED STATUTES 39:1655

Completed **sole source/proprietary purchase form** justifying why the purchase must be proprietary

Specifications must be exact to that requested

An approved proprietary purchase must be **declared in the solicitation**. Such as: “This Solicitation has been approved as a proprietary purchase and only bidders meeting these exact specifications/brand will be considered for an award”

A Proprietary purchase **must be bid**

State Contracts

Statewide contracts for various commodities have been negotiated to meet the needs of state agencies, as well as to standardize, reduce administrative costs and to consolidate usage for lower prices. If ordering from a [state contract](#), typically no bids are required for purchases over \$30,000.

- Exception: LAPS contracts which may require at least 2 competitive quotes when the price exceeds \$30,000.

Requisition must include:

- State contract number
- Line item number and description
- State contract price

It's a Balancing Act...

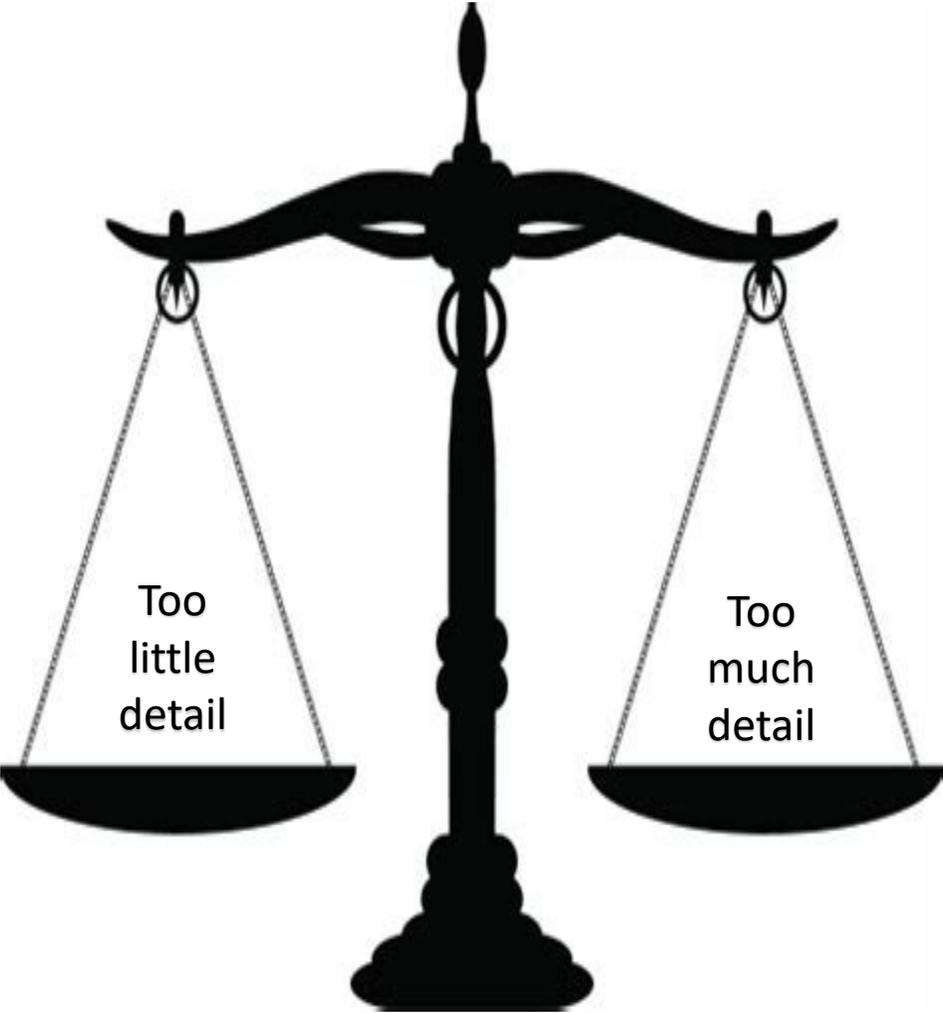

DEPARTMENT:

It's not the right size!

It doesn't have all the features we need!

It doesn't match what we use now!

It won't get here in time!

VENDORS:

Only that brand can meet those specs!

I could bid a lot lower if the specs weren't so restrictive!

I can't bid at all!

I want to protest these specs!

Examples of Split Transactions

- A Cardholder has a single transaction limit (STL) of \$2,500 and wishes to purchase similar or complementing items with a total cost of \$3,000. The sale is divided into two (2) transactions of \$1,800 and \$1,200. This is considered a split transaction to avoid the STL and is not allowed.
- A Cardholder has a STL of \$2,500 and wishes to purchase an item with a total cost of \$3,500. The Cardholder makes arrangements with the vendor to pay \$2,500 one day, and the remaining balance the next day. This is considered a split transaction and is not allowed.
- A Department wishes to purchase an item or complementing items with a total cost of \$4,500. Two Cardholders with a STL of \$2,500 each within the same department use their cards to purchase the item(s) and two transactions occur (one on each card) for the purchase. This is considered a split transaction and is not allowed.

Receipts

- Receipts must be uploaded to Works
- Enter a Description on each Receipt when uploading to Works
- If you misplace a receipt, contact the vendor to get a replacement receipt – this is the fastest and easiest method
- If you cannot obtain a replacement receipt, complete a Missing Receipt Form, which is located on the P-Card section of the Purchasing page: www.ulm.edu/purchasingoffice/pcard.html. Multiple uses of the form in a fiscal year will result in suspension of card privileges.
- Receipts must have detailed purchase information, E.g., date of purchase, vendor name, description of item(s), quantity, unit price(s), total, and NO LOUISIANA TAXES
- For pre-authorized food purchases, a sign-in sheet or flyer must be uploaded and attached along with the receipt.

Returns & Credits

- The Cardholder is responsible for contacting a vendor immediately and arranging a return for replacement or credit
 - Do NOT accept cash or store credit in lieu of a credit back to the P-Card
 - Request credit receipt or slip, upload to the transaction in Works, and attach to Statement
 - In Works, allocate the credit to the same Index and Account as the original charge
 - In Works, use Comments on the related debit and credit transactions to link them together
 - Please note that the credit may appear on a future statement so proper documentation is necessary to make sure the credit is issued and documented fully
