

Students wishing to drop a Chemistry lecture course and continue enrollment in any laboratory for which that lecture is a co/prerequisite must have a passing grade in the laboratory and have maintained attendance in the lecture course (as indicated in University policy) to within one week of the University drop deadline, completing all major lecture examinations given up until the date of withdrawal. The necessary form to make this request follows:

I am currently enrolled in Chemistry _____, Section _____ (lecture) and Chemistry _____, Section _____ (laboratory), during this, the _____ semester.

I wish to drop the lecture course and maintain my enrollment in the laboratory course. I have been made aware of and understand that the lecture course is a co/prerequisite to the laboratory course, and that withdrawing from the lecture at this time may be detrimental to my performance in the laboratory.

Student (Print) _____ Signature _____

CWID _____

The above student has maintained attendance in the lecture course as required by University policy (less than 10% absences) and completed all major class examinations required up until this time.

Lecture instructor _____ Date _____

This student is currently passing the laboratory course listed above.

Laboratory Instructor _____ Date _____

Approved:

School Director _____ Date _____
