Frequently Asked Questions

1. Why would I be interested in running for Staff Senate?

If you are interested in promoting the general welfare of the university, providing input on issues impacting staff and encouraging communication across campus, consider becoming involved as a senator.

Meetings of the staff senate are held once per month during the academic year (August – May). Senate meetings are normally one hour in length. All meetings take place during regular working hours.

Senators are encouraged to become involved in one of several committees that have been established. The work of these committees takes place outside of regular senate meetings. The time required of committee members varies depending on the focus and charge.

2. Who is eligible to run for a Staff Senate seat?

Any full-time, unclassified ULM employee, with a minimum one (1) year of ULM employment as of March 15 of the current year, may run for a Staff Senate seat.

3. When does the one (1) year eligibility begin?

The one (1) year eligibility date is set by March 15.

For example, to be eligible for the current year Staff Senate election, the nominee must have started working full-time at ULM on or before March 15 of the previous year. For the 2022 election, the one (1) year eligibility starts March 15, 2021.

In the event of no one meeting the one-year eligibility requirement, eligibility requirement moves to six (6) month employment as of March 15 of the election year. For the 2022 election, the six (6) month eligibility starts September 15, 2021.

Frequently Asked Questions

4. Faculty are considered unclassified employees, so are faculty allowed to run for the Staff Senate?

Per Article III of the ULM Faculty Senate Constitution:

“Full-time (75% and above) faculty with the rank of instructor or above, excluding administrative officers and budget unit heads at the University, are hereinafter referred to as General Faculty. Membership in the Faculty Senate shall be restricted to General Faculty.”

Any faculty member, not represented by the Faculty Senate as defined in their constitution is automatically represented by the Staff Senate under Academic Affairs.

5. Are any other groups not represented by the Staff Senate?

Yes. The Staff Senate does not cover classified employees, since Civil Service represents classified employees.

The Staff Senate does not represent any ULM administrator who serves on the University President’s Executive Council. Visit <https://www.ulm.edu/president/leadership/cabinet.html> for a list of current Executive Council members.

However, in the spirit of Shared Governance with Civil Service, the Faculty Senate and the President’s Office, a non-voting liaison from each group is invited to Staff Senate meetings. The non-voting liaisons are appointed by their respective groups and are not counted in the number of Staff Senate seats available.
