Five days of fun and educational activities are planned for a STEAM Camp to be held in the ULM Museum of Natural History for students entering the 4th or 5th grades in the upcoming school year. This camp will focus on activities and skills that involve and engage the human brain. Daily activities have been chosen to engage students with hands-on experiments that will foster creativity and develop their critical thinking skills.

Registration will be online. PLEASE EMAIL steam@ulm.edu for more information.
